FRAGMENTS.

ANOTHER "sure cure" appears on the corner.

SUNDAY SERVICES at the Tabernacle commencing at 2 p. m.

DAVID P. RICH has been pardoned out of the Pen by Governor Murray.

THE D. & R. G. Springfield passenger train will discontinue running after to-morrow.

A SPECIAL train from Bingham Canyon will arrive here with a number of Odd Fellows at our about 7.40 this evening.

At the Baptist Church, H. DeWitt, D.D., pastor, preaching at 11 a. m. and 7.30 p. m. Subject at night, "Unpardonable sin."

The laying of gas pipes through the Eagle Gate has somewhat advanced the value of property in that vicinity. Thank you, Mr. Elderbeck.

A new tariff sheet goes into effect on the Deseret Express line on December 1st. Several reductions appear and the sheet is neatly gotten up.

YESTERDAY the Deseret Hospital was the recipient of a fifty dollar check from James T. Little, Esq. The gift was greatly appreciated by the Hospital Association.

ELDER CHAS. W. STANLEY will lecture, by request, on "Home and its Influence," in the Beautiful Tabernacle, to-morrow evening. He left for that place this afternoon.

THE Salt Lake Odd Fellows look for about one hundred and fifty brethren from Ogden to-night. A special train will take them back, leaving the D. & R. depot about midnight.

THE District Telegraph wires have been moved to the Western Union Telegraph office, where the boys in gray, under command of Mrs. Whitehill, will make their headquarters.

FAIRY'S LITERARY JOURNAL, No. 5, Volume 1, is out, and as stated by the News a few days ago, is one of varied interest. The table of contents we have published. Get it and read it.

CONDUCTOR JACOBSON brings the Ty-towns up standing, on the villainous insinuation thrown out by it that the accident at Kays Creek Wednesday evening, was due to the train men being the worse for liquor.

THE Pacific Express Company received a Berkshire pig last evening consigned to Sam G. Adams, Springfield, Utah. It is a fine specimen of swine from Missouri; it leaves for its destination this afternoon.

SANTA CLARA has arrived. If you don't believe it read what B. Y. Hampton, auctioneer, has to say in another place, commencing next Monday evening, at 65 Main Street.

A VARIETY of opinions prevail as to the identity of the genius who provides over the local pages of the Daily Herald just now. On one point, however, all are agreed, and that is that his columns are as tasty as ever.

A BAND of serenaders from the Fourth Ward called on our young friends Mr. and Mrs. W. S. Woolcott, who have recently married, and treated them to some excellent music. We join in congratulations.

THE organ of abolitionists seems to regret that John Ald was not turned in with the roughs of the Penitentiary Wednesday night, and allowed to be maltreated by them. Such chivalry is only found in the breasts of "American gentlemen."

REV. T. C. LEE will deliver a discourse at the Methodist Church on Sunday evening at 7.30, suggested by the late national political struggle. Subject—"God the Friend, and Christianity the Safeguard of this Nation." The public cordially invited. All visiting strangers welcome.

THE last number of the Exponent contains, among other interesting articles, an editorial on "Emily Faithful's Book," in which the writer, Mrs. E. B. Wells, treats, as they deserve, the unfeeling falsehoods the English author has so faithfully copied from anti-Mormon writings and reports.

WE understand the D. & R. G. train dispatcher's office will soon be moved to Pleasant Valley Junction for the winter. The object of this move is to place the dispatchers in the center of their division, which will afford them a better opportunity of handling the power during heavy snow storms. It is not a pleasant place for the dispatchers, but certainly a better place for the train men. Mr. A. L. Horner, Asst. Supt. will continue to make his headquarters with the office.

ARTHUR HOLLES, a cash boy at Walker Brothers, while sliding head-first down a winding stair railing from one of the upper floors last evening, lost his hold and fell a distance of 10 or 12 feet, alighting on his right shoulder and cheek. He was picked up for dead, but found that no bones were broken, though he was seriously shaken up. The boys will doubtless choose a safer method of descent hereafter, even if it be less rapid.

TO the alliterative esophyte, we commend the following cluster of gems used as head-lines in a single issue of our esteemed cotem, the Ogden Herald: "Random References," "Death in Darkness," "A Stranger Smothered by Swallowingstrychnine," "Gambling Gang," "Music in Meeting," "Blackfingery Scorching," "Both Bones Broken," "Wagon a Wager in Wagner's," "A Duo of Dutch Deceivers," "Praiseworthy Project," "Knights of the Knuckle," "Nearly Dragged to Death," "Where Goes Your Wealth?" etc.

LOCAL NEWS.

SUNDAY SCHOOL UNION.

The general officers of the Deseret Sunday School Union will hold their regular meeting next Monday, Dec. 1st, at 2 p. m., at the presiding Bishop's office.

L. W. RICHARDS, Secretary.

Police Court.—B. F. Tolmer paid \$2 for a drunk. John Morris was fined \$2 for careless driving. Two cases of battery against J. H. Ward; he has a hearing on Monday.

T. M. M. L. A.—The officers of the above associations are requested to attend the Sunday School Union, in the Assembly Hall, on Monday evening next, at 7 o'clock, as business of importance will be presented. A representation from each association is desired.

J. H. FELT, Supt.

Reports Wanted.—The owners and proprietors of marble and stone quarries in the various parts of the Territory will confer a great favor on Mr. W. Bredemeyer, by sending in the reports of their properties, according to the blanks he has already sent. In order that they may be available for use as Washington they should be sent in by the 1st inst.

THE MANTI TEMPLE.

A FEW FACTS FURNISHED BY ARCHITECT POLSON.

Brother William H. Polson, architect and superintendent of the temple at Manti, Sanpete County, gives us a few items in relation to that structure, which continues to make favorable progress towards completion. All going well, it is expected to be finished by the spring of 1885. However, this is not a certain estimate, as it all depends on the way in which means are supplied and other favorable conditions.

The walls at the present writing are complete, with the exception of those of the east tower; the west tower is finished, and work will recommence on the east one as spring opens. The building on the north, to be used for heating purposes, has the roof on, and the piping is all laid in the main building except in the third story, to which it will be carried in the spring. The lower part being heated, will enable the work on the interior to continue during the winter.

Three floors are down in the main part, many partitions set, and all the glass is in but that of the west tower. The machinery used is very serviceable, and though not, as reported some time ago, the best in the Territory, is very good indeed. The machine shop will be kept running all winter, and work on the inside will go ahead, but all other labor has been suspended till spring.

THIRD DISTRICT COURT.

PROCEEDINGS BEFORE CHIEF JUSTICE ZANE.

Friday, Nov. 28th, 1884.

In the case of Peter Cunningham against the Union Pacific railroad, for injury returned a verdict for plaintiff in the sum of \$2,000. The defendant was given twenty days from the date of filing a motion for a new trial to file a bill of exceptions and a statement for a new trial.

The case of the people against P. T. Gorman, charged with extortion, was dismissed.

The attachment of W. S. McCormick of 2,000 shares of Bellevue mining stock, the property of O. J. Averill, was released.

The defendant in the case of the city against Louis Ordner moved for a new trial, which motion was overruled, and the court rendered a judgment that Ordner pay fine of \$50 and costs. An exception was taken.

In the case of H. L. Driver against Isaac Wolf, by consent a judgment was rendered for the plaintiff in the sum of \$500 with interest and costs.

The case of "Frank Wright against M. S. Aschheim and others was continued."

A jury trial of the case of A. T. Manning against W. H. Yearian and others was in progress.

A Charming Actress.—The Mill Company which opens at the Theatre Tuesday evening is said to be strong and effective, apart from the interest centering around Mr. Mill himself. Of the leading lady, Miss Adele Paine, the very highest praise is written. Like Mr. Mill she chose the stage in obedience to personal inclinations, and not from necessity, and although she has had thrice the experience of the star, she still retains the ardor and reliance for her work which her from the security of private life to the glare and excitement of the footlights.

She has achieved pronounced reputation in the East, especially in that order of parts calling for the display of pathos, and in the past season her "Ophelia" is said to rank among the best performances of that character now on the stage, particularly in the scene in the fourth act, which she renders with magnificent effect. But in such a role as "Lady Macbeth," where a wider range of faculties are called into exercise, Miss Paine is most effectively displayed. Here all that is pathetic and intense is demanded and Miss Paine rises to the occasion with a strength, discrimination and fire which may well be termed genius.

It is pleasing to note that Mr. Mill himself, recognizing her ability, has advanced her in proportion to her merits. In "Macbeth" she is the star and Mr. Mill and his entire company support her. "Macbeth" will be produced Tuesday evening, "Fools Revenge" Wednesday, and "Hamlet" Thursday.

McKnight's Lecture.—The audience at the Theatre last evening, and the lecture by Mr. James A. McKnight on "United States History," gave general satisfaction. The speaker views were well shown and served to impress vividly upon the mind the many important events in our national chronology.

The landing of Columbus as a starting point, with the colonization by the pilgrims, the war for independence and subsequent incidents made famous by the pen of the historian, were illustrated and the narrative was told graphically by the speaker.

This afternoon the school children of the city were entertained by the pictorial exhibition and lecture, and this evening one more opportunity will be afforded the public of being edified and instructed in like manner.

Sunday School Union Meeting.—The regular monthly meeting of the Sunday School Union will be held in the Assembly Hall on Monday evening, at 7 o'clock, sharp.

The Mill Creek Sunday School will be represented by the Superintendent, and this school will also furnish the singing exercises, including a solo from Anna Murphy new Mackay. One congregational song will be sung, and all are invited to bring their Union books with them.

Prof. Jos. J. Daynes, will render a solo on the grand organ, and the First Ward harmonies band will also discourse some selections.

Elder Wm. M. Stewart, of Draper, will deliver a short lecture on "How to conduct Primary classes," and Elder Karl G. Maeser will deliver the principal address of the evening.

Whitechapel Branch Concert.—We have received from Brother Alex. R. Clark, Secretary of the Whitechapel Branch of the London (England) Conference, a well-written account of a concert in the branch hall, October 1st, in the evening, at which they, those who took part were Madame Cole, Miss Bertha Atkinson, Misses Angie and Alma Cross, Miss Mary A. Nunn, Miss M. Scoble, Mesdames Gill, Garner, Edgley, Rockwell, Chalk, Elders Henry Garner, (branch President) Lowrey, Brady, Denney and Young, (the latter three from Utah) the Brothers Spillman and others. Elder Lund (Conference President) and other Elders from Utah were in attendance, and the affair, which had a benevolent purpose, ended off successfully and happily.

Visit From a Returned Missionary.—This morning we received a call from Elder L. J. Jones, of Taylorsville, Salt Lake County, who returned from a mission to South Wales with the last company of immigrants. He was absent from home 19 months, having come back somewhat sooner than he would otherwise on account of his health failing, being affected by the climatic change, and he reported that persons into the Church, and took much pleasure in his labors.

TERRITORIAL ITEMS.

CULLED FROM LATEST EXCHANGES.

—Sheriff Furey left Wood River for Boise on the 21st, taking with him Wm. Galehouse, who was convicted of robbing the stage above Ketchum, last July. He was sentenced to five years in the Penitentiary at hard labor.

Clary, who was with Galehouse when the robbery was committed, was killed while resisting arrest.

—While unloading machinery at the Anaconda mine, M. T., the other day, the reach of the wagon broke, throwing a heavy casting out of the wagon, which fell on the head of one of the wheelers, cutting it off as neatly as though done by a knife. The animal was immediately put out of misery by being shot.

—It is not generally known that Miss Mabel Bert, of the Grimmer-Davies Combination, is a Montanan. Her parents live in that Territory, and among the most wealthy and prominent citizens. Miss Bert is among the most highly accomplished young ladies of Montana, being a graduate of the principal seminary of Brooklyn, New York.

—Everything, so far as can be learned, says the River Press, M. T. points to the murder of Valentine. Although three weeks have elapsed since the crime was supposed to have been committed, nothing definite is yet known. The party which went out a day or two ago to search for the body found evidence enough to convince them that a crime had been committed, but darkness coming on prevented a complete search. It was to be commenced again to-day. At or near the camp where Stoner and Valentine were known to have been, blood was found and marks indicating that a body had been dragged.

The missing man's tooth brush was also found. The party on whom suspicion is strongly fixed has not been seen for several days. A horse belonging to Mr. Lepley is reported as missing. Although this fact is not proof positive, it is presumptive evidence, following as closely as it does the disappearance of the party suspected.

—The Arapahoes says a writer from the Shoshone Agency, W. T., have about all gone out on what they say will be their last hunt. They intend going into British America and chasing for Buffalo and other game to replenish their empty larder and bellies. In this connection I can say that Indian runners have been sent out to the following tribes to meet on May or June next, to talk over the present treaty, which will expire in about twenty-five years. It was made in '60, and was to run fifty-five years. It is the old Harney treaty made at Horse Creek. They claim the government has not kept the faith, and the council is called to talk over the possibility of making the government for a return of the old treaty, as to live in this way is slow but sure death. The following tribes have been or will be named to appear: Northern Arapahoes, Southern Arapahoes, Bannock, Blackfoot, Cheyenne, Crow, Gros Ventre, Shoshone, Sioux and Ute. The agent of the Shoshone Agency, Mr. Sanderson B. Martin, has been invited by the Arapahoes and Shoshones to be present to protect their interests.

—The fated train, says the Evanston Chief, was the second section of No. 8, eastward bound. Mr. Peter Nelson, a highly esteemed citizen of this city, was the engineer, and Mr. John Middlebrook, fireman, and Mr. J. E. Minnick, head brakeman, all on the engine. At about 12 o'clock on Thursday night two sections of the train took the side track at Bridger to let No. 7 pass westward. The first section got off the rail on the side track, and scattered the ties considerably, but was got on again and run on through, leaving the switch open for the second section to follow. Engineer Nelson and others of the crew of the second section then examined the condition of the side track, and concluding it was not safe, backed the train out and took the main line for the trip not knowing that the first section had left the switch open for them to follow at the east end of the side track. The train had gained considerable headway when the engine struck the open switch and jumped the track. The engine and four cars were wrecked. Engineer Nelson was found mangled and dead under his engine. The head brakeman, Mr. J. E. Minnick, was caught between the tender and box car, and both legs were crushed so badly that amputation is necessary, besides receiving other injuries so severe that it is not supposed he will live. The fireman, Mr. John Middlebrook, escaped with comparatively slight injuries, and it is thought that he will recover.

Bridge Burned.—A private dispatch received this morning states that two hundred and fifty feet of Dale Creek bridge, on the Union Pacific, was burned last night.

Cheap Ride.—We learn that Supt. Arnold will soon have all arrangements completed for the inspection of the box section of collecting fares on the street cars. This change will probably go into effect with the commencement of the New Year, when the fare will be reduced to five cents all round.

Lecture.—On Wednesday next Mr. S. A. Kenner will leave for Ogden, where, by the invitation of a number of prominent citizens of that place, he will deliver an address on the "Utah Situation." Mr. Kenner will also answer the queries propounded by Mr. Randolph Smith during the Delegate campaign. This will, no doubt, be an interesting meeting.

A SPECIAL train, composed of one coach and an engine, left here this morning, over the D. & R. G. for Ogden. W. B. Burdett, receiver, accompanied by C. F. Lander, superintendent of bridges and buildings, and James Hamill, roadmaster, go to inspect the work of the new freight depot at that place, and expect to return this evening.

A NUMBER of Chinamen arrived here on the D. & R. G. passenger train last evening. They have been laboring on the "Little Giant" road. Some have accomplished "heap lot money," and will go to China; others "velly sick can't work," and the remainder failed to satisfy their employers. They have been replaced by an equal number of their countrymen.

We understand the Utah Central and D. & R. G. roads will shortly make a change in their running time for local passenger trains between here and Ogden adding twenty minutes to the present time, this will give us an hour and thirty minutes ride. The through trains will continue to make the run in one hour and fifteen minutes.

SYSTEMATIC GOODNESS.—"When you tie in the morning determine that you will make some person happy during the day. It is easy to do. If you are young you will tell when you are old; and if you are old you will help to make the good deeds of the young." By the most simple arithmetical calculations look at the result. Suppose you tie for ten years, and you make a person a little happier than they would otherwise be, which multiplied by ten years, amounts to ten happy persons in a year, which multiplied by all events for a time.

OWING to Mr. Blaine's recent illness he has concluded not to do any more work on his book until he receives further supply of Yerba Buena Bitters.

THE PAVILION SKATING RINK. This popular place of cheap and healthful amusement continues to be well patronized both day and evening. The splendid Star floor, the choice music by the Opera House Band, the best quality skates, rented so cheaply, and the good order preserved merit the success that the place has achieved. It is patronized by hundreds of the best people of the city, and no objectionable or disorderly persons are permitted to enter or even to stand around the rink.

The proprietors deserve the thanks and patronage of the order-loving and respectable ladies and gentlemen of the city, and we are glad that they receive it.
