BACKACHE.

Mrs. Pinkham speaks earnestly to women suffering from... this discouraging complaint.

Backache is one of the most common of woman's troubles and one of the most wearing.

It is not an acute pain; but a most distressing, wearying sensation, making work almost impossible and indicating disease of the feminine organs.

A common mistake is to treat backache in women with local external applications, calling it "a little spinal irritation" or a "touch of rheumatism."

Do not be deceived; your backache means serious trouble for you unless the cause of it is removed.

All uterine and ovarian difficulties are relieved by Lydia E. Pinkham's Vegetable Compound. Such relief progresses in almost every case to a complete cure.

With relief of these troubles backache disappears.

Mrs. M. E. MILLER, 16 Franklin St., Providence, R. I., writes:

DEAR MR. PINKHAM:—I have been using Lydia E. Pinkham's Vegetable Compound for backache. The pain was something dreadful at times. I could not walk straight. Now I am all right and enjoy good health. I feel like a new woman. You do not know how thankful I am that I have got my health back, and I have you to thank for it. Your medicine is the best that I have ever used. I advise all ladies to try it, and you will find it very satisfactory. I will recommend it to every friend I have.

Mrs. LIZZIE KOEHLA, 579 Tecumseh St., Toledo, Ohio, writes:

DEAR MR. PINKHAM:—I cannot praise your Vegetable Compound enough. For about a year I was sick with the backache. I could not sleep at night, and did not care to live. About two months ago I saw your advertisement in a paper, and thought I would try your Compound. Today I feel like a new person. I am just enjoying my health; never felt so good in my life. I have recommended your Vegetable Compound to many of my friends, who are now using it, and think it is just splendid.

A woman of experience in these matters understands women, and Mrs. Pinkham, Lynn, Mass., has a wider experience than any physician, male or female. She offers you her counsel free of charge, and it is a friendly, sympathetic counsel. No man sees your letter or its answer at any time, and to secure the best advice it is necessary that you should be perfectly frank, this you can be to one of your own sex.

Lydia E. Pinkham's Vegetable Compound A Woman's Remedy for Woman's Ills.

Women who have not had and suspected the necessary treatment for their ailments will do so at the earliest possible moment. An early application of the Compound will save them from the pain and suffering which attend the neglect of their ailments. It is a safe and reliable remedy for all the ailments of women.
