ADDITION TO ACADEMY BUILDING

Bids Will be Opened Friday Night
By the Board of Directors.

FUNERAL OF MISS SCHOFIELD.

County Superintendent of Schools Marries Miss Bessie Severn and Surprises Friends.

Ogden, June 28.—At 4 o'clock tomorrow afternoon the time will have expired for the filing of bids with Architects F. C. Woods & Co., for the erection of the immense addition to the Weber state academy building, which it is estimated will cost in the neighborhood of \$30,000. A meeting of the officers and board of directors of the academy with the architect will be held in the evening, when the bids will be opened and carefully considered. It may be that they cannot arrive at a decision at once, but will take a day or so to consider the bids, etc. They are very desirous of starting to work breaking the ground for the fine structure at once, and though they cannot yet definitely say when it will be completed, every effort will be put forth to have the same ready for occupancy when school opens in September. When completed the academy will have adequate room to accommodate the students for many years, and it will be one of the best and most modern educational institutions in the state. The addition is to be built at the west and south of the present academy building. It will be 90 by 75 feet, and constructed of brick with white stone trimmings, with a balcony with large stone columns similar to those in the front of the old building. It will be two stories with basement. The basement is to be divided into chemical and physical laboratories, and a manual training department. The first floor will be arranged with large hall and classrooms. The second floor is to be used for a lecture and music hall. A circular choir stand, to seat 150 people, will be arranged at one end with space for a large pipe organ to be installed later. There will also be a gallery in this hall, so that it will accommodate a large gathering. The structure is to be heated with steam.

YOUTHFUL TRAVELER DETAINED.
Goldie Harnish, the young 17-year-old girl from Butte, Mont., who was detained Tuesday night by Chief of Police Browning at the request of the Butte city officers for running away from home, was released almost last evening and sent on her way east rejoicing. The girl's half sisters, who are actresses, had her detained, her parents being dead, but as they had not been appointed her guardians, they had no right to have her held, and the Butte officers so wired Chief Browning. The young girl is to be used for a Sylvan Grove, Kan., where she is going to make her home with J. B. Hoyt and wife, who for seven years after her parents' death had her under their care, and she may inherit their property. She is a bright girl, and appears to be a perfect lady.

peacefully to rest yesterday afternoon in the Hooper cemetery. Elder Robert Cox dedicating the grave.

Funeral services over her remains were held at 1 o'clock at the South Hooper meetinghouse, Bishop's Council King presiding. The ward choir rendered a number of selections. Bishop James Woods of Syracuse, and Elder George Bennett were the speakers, both paying a glowing tribute to the memory of the deceased, whom they said was one of the noblest and most faithful Latter-day Saints they had ever met. A wealth of floral tributes and large attendance at the services attested the high esteem in which she was held in the community.

LOSES A FINGER.
William Coffin, an employee in the Southern Pacific shops, while engaged at his work, was caught in the machinery and had his right finger on his left hand almost torn off. He was taken to the Ogden hospital, where the company's physician amputated the finger at the second joint.

LAURITZ FARSE IN JAIL.
Lauritz Farse of Salt Lake City is now in jail for want of \$1,500 bonds to await preliminary hearing before Judge Murphy in the municipal court on the charge of assault with intent to commit murder. His attorney, M. J. Lesinger, entered a strong objection to the heavy bail, but the court refused to reduce it, at least until the preliminary hearing has been had. He hopes to be able to give bail.

SEVERN-PETERSON NUPTIALS.
William N. Peterson, superintendent of the Weber county public schools, surprised his many friends yesterday by taking unto himself a charming young wife in the person of Miss Bessie Severn, a talented young school teacher, who, during the past year, has been teaching in the Plain City school. The wedding was a very quiet one, only the relatives of the contracting parties being present to witness the ceremony, which was performed by Rev. E. J. Goshen of Salt Lake City, at the home of the bride's parents, Mr. and Mrs. Joseph S. Severn, 2225 Jefferson avenue. Mr. and Mrs. Peterson left on the afternoon Los Angeles limited to spend their honeymoon in California. They are both very popular in Ogden, and a host of friends will be pleased to extend congratulations and best wishes.

THE COTTONWOODS MUST GO.
Chief of Police Browning, acting under instructions from the mayor, has issued orders that all cottonwood trees within Ogden City must be removed at once by the owners, otherwise he will have them cut down and tax the costs up against the property owner. These trees have become a nuisance, as in this month they always throw out the cotton which flies all over the city, making it unpleasant.

LICENSED TO WED.
Licenses to wed were granted by the county clerk to the following couples:
William H. Center, 24, and Miss Edna E. Cropper, 17, both of Ogden City.
William S. Sparks, 27, of Salt Lake City, and Miss Lavina H. Coll, 21, of Corinne, Boxelder county.
James M. Christensen, 22, of Clearfield, Davis county, and Miss Evelyn Flint, 22, of Kayville.
Wm. D. Clegg, 27, and Miss Edna M. Carden, 24, both of Ogden.

MONROE.

SUGAR BEET CONDITIONS.
Fine Crop Looked For From 855 Acres Planted in Severn.

Special Correspondence.
Monroe, Severn Co., June 26.—F. B. Good, agent of the Utah Sugar company for Severn county, has the following to say of sugar beet conditions under his charge.

The acreage in the county, planted to beets is as follows: Monroe 382, Auburn 199, Estimore 874, Richfield 704, Joseph 66, Central 641, Annabella 354, Vermilion 39, Venice 29, Glenwood 162, making a total of 3,854, being 40 acres short of what was contracted for. The outlook for a fine crop was never better than this year. Where the seed stand ranges from 50 to 85 per cent perfect and in many parts the whole ground is covered. Many stands promise 25 tons per acre, and the district should yield an average of from 12 to 14 tons per acre. Much improvement could be made on the inferior patches by proper cultivation at the right time.

The weather conditions in the spring left the land mellow so that irrigation was not necessary to bring the beets up. Last year after thinning the beets seemed to stand still, but this season they grew right ahead. The crop will probably bring into the county over \$200,000 and Monroe looks for one-half of that amount.

The grain crops look most excellent. The fruit crop is good, in fact with the exception of the lucern yield the farmers have every reason to rejoice. A heavy second crop of lucern is looked for.

THE FOURTH.

The Fourth of July committee appointed by the town council has arranged a splendid program and the people will enjoy the holiday with their usual zest.

The old brick schoolhouse has been torn down and a new one is under construction. The trustees with their aids are hurrying the matter so that it can be ready to open school on time.

NEW YORK POLICE FIND ANOTHER MYSTERY.

New York, June 28.—The police found another mystery on their hands early today and to add to the chapter of murders yesterday. Thomas Petto was found about 2 o'clock this morning with a pistol wound in his back, lying on the sidewalk on Forsythe street, one of the most densely populated sections of the city. He was alive and conscious but when the police asked him the name of his assailant he pleaded the East Side "Code of Honor" which prohibits a man assaulted from giving any information to the authorities. He declared he would get even, and that there had been "no trouble in which the police had any interest" he was taken to a hospital just a few moments before he died.

The Petto case illustrates one of the most peculiar phases of criminal life on the East Side. "Gangs" are in continual feuds and where murders are frequent but the slayers seldom caught because of the refusal of persons assaulted to assist the police.

GOV. IDE'S REPLY TO ARCHBISHOP HARTY.

Manila, June 28.—The publication in the United States of the letter of Archbishop Harty of Feb. 27 to Gov. Gray concerning the submission to the courts of the question of the title of the San Juan de Dios property led Gov. Ide to give out his reply to Archbishop Harty this afternoon. Gov. Ide took umbrage at this portion of the archbishop's letter:

"Before going to court as a peaceful American citizen I shall have had read and discussed the letter of the archbishop and I shall have made a solemn protest against this attempted confiscation. This protest will go through the archipelago and will reach the White House. It will surely be taken up by the American people. This step has not yet been taken, and time still remains to recall your order."

Gov. Ide's reply states that the matter rests upon two opinions of the attorney-general in 1902, but that no action has yet been taken. The governor says in his reply:

"A portion of your letter produced a painful impression upon me. It was what the people of this island are entitled to know. I agree that if your action should go through the archipelago it would reach the doors of the White House, but I am certain that the result would be far other than the one you had in mind."

Gov. Ide said today that no action had been taken in the matter since his letter was sent, March 2. There had been no official action since the opinions had been given by the attorney-general. Archbishop Harty stated Monday that he had not done anything further and regretted the publication of the correspondence, as he regarded the matter as personal and unofficial. The Spanish claims to property at San Juan de Dios. The hospital is claimed to be the property of the government. It was used by the troops during the occupation of Manila. The claims of the church are based on transfer of the property to the Franciscan friars during the Spanish regime. The American officials claim that the property was supported by the Spanish crown and was given to the government. The controversy between the archbishop and the governor-general was brought about by an alleged order to take the case to the courts. Gov. Ide declares that no such action was taken.

CATTLE THIEVES

Three Convicted at Big Timber and Sent to Penitentiary.

Butte, June 28.—A Big Timber, Mont., dispatch says:
Three men were convicted of grand larceny in the district court this week, and each was sentenced to serve a term of years in the penitentiary at Deer Lodge. John Whitford will serve two years, Walter Whitford, three years, and Jesse Leavane two years. Through the persistent efforts of the local officials a notorious gang of cattletieves, who have plied their vocation in this country for years is now nearly routed. This makes the seventh conviction from this county within the past 18 months for cattle stealing.

JACKSON, MONT., HOTEL BURNED

Butte, Mont., June 28.—A Miner special from Jackson, Mont., states that the Lapham hotel at that place was burned to the ground early this morning. The origin of the fire is unknown but it is surmised that it was caused by the careless handling of an oil lamp. Loss, \$5,000.

NEW YORK LIFE.

Will Comply With Law's Requirement Regarding Policyholders.

New York, June 28.—Gen. Solicitor McIntosh of the New York Life insurance company sent to Samuel Untermyer, counsel for the international

policyholders committee, yesterday a reply to Mr. Untermyer's letter asking that the committee be allowed at its own expense to obtain the stenographed lists of New York Life policyholders when the company has them published. Mr. McIntosh flatly refused to accede to the suggestion.

The New York Life's solicitor declares that his company will "strictly comply with all the features of the late legislation" by filing with the superintendent of insurance at the home office and in each of the various states, territories and countries where the company does business, two lists of policyholders, but adds to do more than this comply with the law would be as unjustifiable as failing to comply with it.

He argues at length that it is unwise to have any publicity given to the lists, saying that the publication under the law which the Armstrong committee got passed will be against the will of a "very large number" of policyholders who are deemed to consider the fact of their insurance in the New York Life a "confidential contract relation," some on account of "family reasons," some for "financial reasons," and still others because of "natural secretiveness."

The trustees of the Mutual Life insurance company held a meeting yesterday and received what is believed to be a final report from the Trustee's investigating committee. The report will be distributed to them by mail. It was not made public. The resignations of Trustees O'Donnell, Mills and Holden, formerly the committee on expenditures, were accepted.

The Story of the White Heart

\$1.84 IN EVERY PACKAGE

We do not mean that \$1.84 in currency is actually enclosed in each package of Pillsbury's Best Breakfast Food—Vitas. But we mean it saves you that much over the ready-to-eat kinds. Besides you get "Pillsbury" quality, and that's always the best. A package containing two full pounds costs 20 cents. When prepared, it makes 12 pounds. The ready-to-serve kinds, containing about 2/3 of a pound to the package cost 15 cents. A full pound would cost about 17 cents. 12 pounds would cost \$2.04. So the difference between 20 cents and \$2.04 indicates the saving when Vitas is used—\$1.84. Use Vitas regularly. Put \$1.84 in the bank every time you buy a package. Vitas is a delicious food, it is the "White Heart" of the Wheat berry—The very life of the grain.

ONE PRICE TO ALL NEVER UNDERSOLD

No Store "Cleans House" so Thoroughly as the Auerbach Store WHICH MEANS THAT NO STORE GIVES YOU SUCH GOOD BARAINS.

We begin tomorrow with the strongest Bargain field we have yet offered our patrons. Every price is an object lesson in true economy. Summer Stocks Must be Cleared. It is a time of the year when cost to us plays but a very small part in making values—a time when the best goods the markets afford are yours at less than manufacturers prices—a time when each department in the store sacrifices self-interest to that of its patrons. Such bargains as we are offering in this sale are impressing themselves upon the public mind. Out-of-town customers should make a flying trip to attend this Great Festival of Bargains.
