The Jap-anese cavalry retreated, unwilling to risk a collision at close quarters. The Russian line encircled one great hill on which was the principal Jap-anese position and like a living ribbon crept toward the summit. Col. Evidence was also in-troduced by the defense to show that the special agents of the land office were instructed to publish in California and Oregon newspapers the boundaries of the proposed forest land reserves. This evidence was put in to answer the charge in the indictment that the de-fendants conspired to bribe the agents of the interior department to learn the location of these reserve lands. Benson was surrendered by his bonds-men and a writ of habeas corpus was secured from Judge Lacombe of the United States circuit court. #### Suit Regarding Fraud in Irrigation Lands Begun.

Chicago, June 7.--Fraud in a con-tract regarding irrigation lands in the Big Horn basin of Wyoming has been charged against F. C. Rutan of this city, in a bill filed here today in the cir-cult court by Duncan C. Plumb, also a resident of Chicago. It is declared that large property interests are threatened with ruin through Rutan's alleged illegal course. W. R. Green of New York City is declared by Plumb to also have been defrauded by Rutan. An infunction is asked-against Rutan's proceeding in the work of developing the 250,000-acre tract the company ex-pects to irrigate in Big Horn country. The court is also asked to force Rutan to assign the alleged fraudulent con-tract to Plumb in trust. The Big Horn Basin Development company, which, prior to the advent of the New York and Chicago men, was controlled by Omaha capitalists, is made defendant with Rutan. So is Solon L. UNION MEN DEPORTED.

Cripple Creek, Colo., June 7 .- Under the regime of hundreds of deputy sheriffs and about 150 militiamen, receiving their orders from Edward Bell, a wealthy mine owner, who succeeded Sheriff Robertson when he resigned under threats of lynching yesterday, this gold mining district passed a comparatively peaceful day. Throughout the day deputies and soldiers searched the hills for union miners, and the sum total of the day's arrests was 19. This swelled the number of men confined in the "bull pen" to considerably over 200, and tonight 24 of them were placed aboard a special train and deported from the district. A guard of deputies rode out of the district with them. The men were residents of the following towns of the district: Cripple Creek, three: Victor, three; Independence, 12: Goldfields, three; Anaconda, two, and Altman, one. They were all active unionists and served as leaders in the strike now pending. Three additional city officials were forced to resign their offices today, namely: Chief of Police William Graham, Night Marshal Fred Hardy and Justice of the Peace Charles Harrington. Sixteen depu-tics, armed with sawed-off shotguns, visited the union store and made a thorough search for weapons. They were rewarded by finding a rifle and shotgun concealed behind a large ice-box. Subsequently they went to union headquarters and overturned every-thing in an effort to find the union records. Their efforts were unavailing. All of the injured in the accident at independence and the rioting in Vic-tor are reported doing well. MEN ARRIVE IN DENVER. Denver, June 8.—The 24 deported un-ion miners from the Cripple Creek dis-trict, exiled since the serious riots in that section, rode into Denver about midnight on a special train over the Denver & Rio Grande. In the rear of the car stood nine guards armed with shotguns and army rilles who had been deputized to accompany them to Den-ver from the gold camp. The miners were unarmed. Nearly all were penni-less. The men were met by about 40 of the delegates to the convention of the Western Federation of Miners and were taken to a restaurant. The miners declare that the Cripple Creek district is no longer safe for un-ion men. "Any one who has an en-emy," said one, "had better get out, be-cause it is impossible for him to be protected there now." The miners assert that when arrested they were searched by guards of the military and Citizens' alliance and their money and valuables taken. I have violated no law, destroyed no property, injured no man. So far as I know every one of the men driven with me from home are equally innocent with myself." The guards who accompanied the evicted men from Cripple Creek re-turned to the district on the next train, which left about an hour later. Reports that an armed mob was gathering at the union depot to meet the trains bearing the deported union-lists caused Chief of Pollee Delaney to order a detail of police to the station.
