Portland, Or, June 22 - On the day that marked the seventieth milestone of his journey through life, his face blanched until the blue voins stood out across his temples; with beads of peraplication glistening on his forchead, with hands clasped and unclasping along the side of the table at which he sat, John H. Mitchell, sentor United States senator from Oregon, today listened to the testimony of Judge Tanner, his life-long friend and law part-

Judg Tanner was not one whit less white or loss agitated, and throughout his testimony his words came hesita-tingly and falteringly and so low that the rhythmic click of the courtroom clock was audible throughout the hour more that it took to give his lest

Judge Tanner teld of having received a telegram from the senator asking him to come or far as Kalama, Wash. to meet him. The judge had taken the train with Binger Hermann and Frank C. Baker, chairman of the Republican state central committee. The senator, he said, was very eager for land-fraud news, and asked if there was any dan-

Judge Tamer testified that he had told the senator that, though it would told the senator that, though it would necessitate perjury, and that he had never done such a thing in his life, he would stand by his partner and do what he could to help him.

He had agreed to destroy the books if necessary, and had called the senator's attention to the clause in the patt-

nership agreements by which the sen-ator was to receive all the fees for work done before the departments. He had changed them and the new agrees ments had been duted back to March 1, 1991, the same us the original, and had been signed by both.

The subsequent letters passing be-tween the two men were also offerd in evidence as tending to show still fur-ther the knowledge of the defendant that he had been violating the law,
