NEW YORK, 23.—At the request of counsel to-day Recorder Hackett deferred passing sentence upon Wm. J. Sharkey, convicted of murder on Saturday, to give time to prepare a motion for a new trial.

The international billiard tournament for the championship of the world at three ball carom game, commenced to-night in Irving Hall. The following players entered for the tournament—Francois Ubassy, Cyrille Dion, Maurice Daley, John Deery, Joseph Dion and Albert Gamier. The game will be 300 points each, played on five by ten calendar bevel table. Each player will play with every other player and the one winning the greatest number of games will be declared the champion. The first game, between Cyrille Dion and John Deery, was played in the presence of the largest and most select audience ever seen at a billiard match in New York. The game was won by Dion in thirty-two innings, Dion scoring 300 to Deery's 136. Dion's largest run was seventy-five, Deery's twenty-five.

The second game, between Francis Ubassy and M. Daley, was the event of the evening. Daley led off with a run of 13; Ubassy followed and scored only one. Then both players made about equal averages for several innings. Daley showed remarkable nerve, playing with a man who has made an average of eighteen in the three ball game. Ubassy made some brilliant shots. Daley turned the first 100 in 16 innings, the game standing, Daley 102, Ubassy 90. In the 18th inning, Ubassy made a run of 47 and elicited loud applause. Daley then by a masterly stroke, got the balls in the left hand corner and made a run of 62. At this stage of the game the wildest excitement prevailed. The game now stood, Daley 176, Ubassy 168. In the 29th inning Ubassy passed Daley, and when the game was called, stood Ubassy 211, Daley 199. After further careful playing on both sides, Ubassy stood 254, Daley 244. Daley then made a run of 28, during which the audience could hardly keep their seats, and parties in all parts of the hall were calling out bets of all sorts on Daley, who was playing by far the best game. Daley subsequently made a run of 19, which left him 299 to Ubassy's 254. Daley subsequently made the other point, winning the game, Ubassy standing 254. They played 39 innings.

Mrs. Waller had her shoulder blade broken.

PHILADELPHIA, 23.—Turners' stables, at Point Breeze Trotting Park, were burned this morning. Of fourteen valuable trotters in the stables, Mattie Lyle and Nettie only were saved.

morning. Mrs. Roberts leaped from the second story window and was killed. Mrs. Bady, niece of Roberts, who also leaped from the window, escaped injury by the fall, but is thought to be fatally burned. A little son of Roberts is seriously injured by a fall down stairs. The fire is thought to be incendiary.

POTTSVILLE, Pa.—The fire in the vicinity of Gilberton last night continues to spread, but has left the railroad and gone into the mountains, where little damage can be done, the coal breakers being lower in the valley.

NEW YORK.—The band of the 108th regt. of Saxony arrived this a.m., on the S. S. *Vandalia*, and were received by the 5th regt. New York National Guard and handsomely entertained.

CINCINNATI.—Five deaths from cholera reported at the health office to-day. Advices from Portsmouth state that this forenoon on the steamer *Potomac* a negro deck hand died of cholera at that place.

SAN FRANCISCO, 23.—The board of supervisors will print to-morrow an order granting the Southern Pacific Railroad Co., the use of a portion of Louisiana St., along the water front of Mission bay, for a term of 25 years.

J. C. Ainsworth, President of the Oregon Steam Navigation Co., has been appointed managing director of the Northern Pacific Railroad on this coast.

Capt. Lewis, of the ship *Crusader*, and his first mate, J. P. Henry, have been arrested for beating and wounding the sailor Nelson. The crew of the vessel are also retained as witnesses. The coroner held an inquest to-day. The post mortem examination showed that consumption was the immediate cause of death. The testimony before the coroner showed a series of barbarous acts on the part of the captain and mates, towards deceased. He was ill, but they beat and kicked him every day, once hanged him over the bows of the vessel, where the water was sometimes over his head. Off Cape Horn the mate slung him overboard into the water in the same manner. Soon after that he was confined to his bed till he died.

The effect of the recent persistent raids on the Chinese have resulted in closing nearly all the houses of Chinese prostitution in their quarter of the city.

The *Juniata* will sail to-day in search of the *Polaris*. She is manned by 130 men and carries two light guns. She has 361 tons of coal and an abundance of provisions, as it is intended that she shall supply both the *Polaris*, if found, and the *Tigress*, which will follow the *Juniata* on July 4th. Besides her own launch which carries thirty-five men, the *Juniata* carries a large steam launch for seventy men, all the parts of which are duplicated, so that a second may be constructed if necessary. The *Juniata* will stop at St. John's for coal on the way to Disco, where it is expected the *Polaris*, or tidings of her will be found.

The Board of Health is busy providing against a visit of cholera. The streets are being disinfected, residents in damp cellars are compelled to find less unhealthy homes, and owners of houses occupied by the poorer classes are instructed to abate existing nuisances and take precautions against the occurrence of others.

EVANSVILLE, Ind., 24.—Thirteen cases of cholera are reported here the last two weeks, seven fatal.

CHICAGO.—The weather is extremely hot. The thermometer to-day marks 94 in the shade.

A Washington special to the *Tribune* says the investigation which has followed the passage of the Montana war claim in the Treasury Department uncovers some of the operations of the old Indian ring. It is alleged that some time since M. H. Insley, desirous of securing an Indian contract, sought the influence of Mrs. Anna Sackett, the mother-in-law of the late commissioner of Indian affairs. The Parker contract was secured and in addition an appointment for Insley.

The fleet drawn up at Spithead, consisted of forty-four vessels, the finest and largest in the British navy, comprising the entire channel squadron, with numerous additions, and nearly all the great iron-clads. The Shah arrived at Portsmouth at noon, and was received with cheers by the immense assembly in and around the depot. The royal yacht *Victoria* and *Albert* was waiting and the Shah immediately embarked, accompanied by the Prince of Wales, Prince Alfred and the Czarowitch. The yacht steamed slowly out of the harbor, and arriving in front of the fleet was greeted with salutes from the iron clads. The Shah took a conspicuous position on the yacht, surrounded by princes.
