

BURLINGTON TRAIN HELD UP

Two Men Did It at Homestead
Near Butte, Montana.

IT WAS A DOUBLE HEADER.

Accounts as to Amount of Booty Obtained Vary. Big Reward Offered For Arrest of Robbers.

Butte, Mont., Feb. 12.—The Burlington express No. 5, eastbound, was held up a little past midnight on the Northern Pacific tracks, eight miles east of this city, near Homestead, by two men. They covered the sides of the train with their guns, uncoupled the engine and mail and express cars and ran them ahead of the train about two miles. The operator at Highview says that he heard two explosions and it is believed the bandits attempted to blow the safe to pieces. The trainmen of the passenger train after the robbery, hastened back toward Butte and met an oncoming freight train, of which the engine was uncoupled, ran to the engine and the train was held up. The passengers and mail cars were left on the scene and a special train. The railway officials have asked the penitentiary officials at Deer Lodge for their bloodhounds and Officer McGarvey, Sheriff Quinn and Officer McGarvey, with a posse, when about a mile and a half out of the city were met by Division Superintendent Boyle who was a passenger on the train held up. The superintendent Boyle rushed to the front of the train when it was stopped by the robbers, but refrained from shooting because of fear of hitting the trainmen. Superintendent Boyle says he saw the bandits return after they had left the engine with the cars and remount their horses. They proceeded in the direction of Butte. He could not see them until they were within two miles of Butte. He engaged them with a Savage rifle, but the range was too great and the shots proved ineffective. Every officer in the train was called to South Butte and all approaches to the city are carefully guarded. Sheriff Quinn and McGarvey are scouring the country and a fight is believed to be imminent. Word has just been brought in that the robbers are near the race track just below the city.

The robbers fired two charges of dynamite, blowing the safe to pieces and wrecking the express car. The safe, according to the railway people, contained nothing. The holdup is evidently the work of novices.

Word has been received from the depot that a special train has left Deer Lodge for the penitentiary bloodhounds. The officers fear that the men might run into the mountains, which are but a short distance from the city.

The train was a double-header and the engines and the mail and express cars were run about 600 feet ahead of the rest of the train.

In a few moments after the train was stopped there were two explosions of dynamite which wrecked the express car. The roof was blown off, but no persons injured.

Later reports of the robbery as to the amount of booty secured by the robbers vary. The express messenger refuses to give out anything definite other than that the robbers secured a sum in the neighborhood of \$200.

From another source comes a report that the plunder will amount to several thousand dollars at least. It is also said that several of the mail pouches were rifled.

A railway mail clerk, whose name cannot be ascertained at present, was shot by the holdups though not seriously hurt.

When the express messenger realized that there was a holdup he tossed a package of money that he held in his hand upon a rock above his head, and the money was probably saved. This fact will not be definitely known, however, till an opportunity is given for a search of the wrecked car.

BIG REWARD OFFERED.

Helena, Mont., Feb. 12.—The Northern Pacific Railway company has offered a reward of \$5,000 for the arrest and conviction of the five men who are said to have held up the Burlington express just east of Butte, Tuesday morning. The company will pay the reward for the entire gang or \$1,000 for each member convicted.

Alice Freeman Palmer Eulogized.

Chicago, Feb. 12.—The life, character and works of the late Mrs. Alice Freeman Palmer, president of Wellesley college, were eulogized at a memorial service in her honor at Pullerton hall, Art Institute. The memorial was presided over by Prof. J. Laurence Laughlin. President James B. Angell of the University of Michigan paid an eloquent tribute to her memory.

Others who spoke were Mrs. Adeline Emerson Thompson, Miss Marian Talbot and Prof. William Gardner Hale.

Chicago Shipbuilders Strike.

Chicago, Feb. 12.—With the exception of the chief engineers, a member of the Marine Engineers' union and a few others, all of the employees of the Chicago Shipbuilding company have gone on strike in support of the machinists. Although 1,200 men are idle in the big South Chicago plant, the trades, including blacksmiths, boiler-makers, steamfitters, woodworkers, engineers, and others, have not yet joined the strike.

The machinists ask for nine hours of work a day and the payment of the union wage scale.

Capt. Overton in San Francisco.

San Francisco, Cal., Feb. 12.—Capt. Winfield S. Overton of the artillery corps, who has been appointed by the war department in charge of the submarine defenses of the artillery district of San Francisco, has arrived from Winchester, N. Y., where he has been taking a special course in the torpedo school of that place. He will enter on his duties at once.

MORMONS IN POLITICS.

Subject Caused by Morgan, De Pew and Patterson.

Washington, Feb. 11.—Upon the conclusion of morning business in the senate today a house bill was passed extending the homestead laws of Alaska.

The statement was then taken up and Mr. Morgan resumed his remarks in his favor.

Turning up the subject of "Mormonism" in politics, Mr. Morgan referred to the letter of Mr. Smoot as a matter of fact, and said he would like to see the man who would try to make the "Mormon" Church, because religion is in this country by the Constitution, to be free and intended to be protected.

Mr. Morgan then continued his remarks and said that the head of the "Mormon" Church, who is the spiritual and temporal ruler of the "Mormon" people, was in a position to say to the

leaders of both political parties. "What will you do to protect Mormonism?" If there is any fault-finding in the world, he said, it is the judgment at election time of the political leaders of any party.

"If that is true," interrupted Mr. Patterson of Colorado, "why did the Republican party two years ago make a greater bid for the Mormon vote than did the Democrats?"

Replying, Mr. DePew said both parties made every possible bid, but the "Mormon" trusted the Republicans, which caused laughter. He characterized the anti-polygamy section of the statehood bill as a sham, and said there had been no proposition from the Democratic side to strengthen it.

Mr. Teller said that if a day be set when a vote could be taken the Democrats would all join in strengthening the provision referred to.

Mr. DePew had not concluded when, at 4:10 p. m., the senate went into executive session, and at 4:55 adjourned until tomorrow.

THE LUNCH QUESTION.

How a Big Chicago Firm Solved It.

So many employees "bolt the lunch" and eat what they should not, that they soon show the effect in nervousness and dyspepsia. This has attracted the attention of managers of the big stores and shops. In one Chicago firm an experiment on some of the girls resulted in a complete solution of the question. The woman that made the experiment tells the tale as follows: "About a year ago I became alarmed at the state of my daughter's health. She was employed by a big firm here and for some reason steadily lost flesh, grew very nervous and had no appetite and could not sleep.

"Questioning her I found she ate but little lunch, for at that busy hour she was seldom served promptly and the time being short she just bolted the food and rushed back. She ate very light breakfasts and I could see she suffered from lack of nourishment. I felt responsible for this and finally got her some Grape-Nuts for breakfast.

"I also got a neat leather case holding two pint flasks. One I filled with milk, the other with cold Postum Coffee which had been properly made. She also carried a package of Grape-Nuts. The Postum she drank led with a dash of lemon. She followed the Grape-Nuts with some fruit and this made up her lunch.

"In spite of the warm weather she improved greatly in two weeks' time. She gained in flesh, her nerves were steady and she slept sweetly at night. She never felt the old weakness or hunger.

"In a short time a few other girls in the office tried it and the effect was so marked upon all that still others were persuaded. Presently a room was cleared out and the one hundred and odd girls were served daily with Grape-Nuts and Postum. It was a revolution but the manager saw the good result and adopted the plan, greatly to the benefit of the health of the employees and at a saving in expense." Name given by Postum Co., Battle Creek, Mich.

PAVING PEOPLE MUST FORFEIT

City Council Stands by Board of
Public Works.

ABOUT WOMEN IN SALOONS.

Chief Paul Removes Officer Fitzmaurice—More Saloonkeepers to Show Cause for Offenses Committed.

The city council at its adjourned meeting last night voted to concur in the recommendation of the board of public works in imposing a penalty of \$7,500 upon the Alcatraz Asphalt Paving company for failure to complete the paving within the time specified in the contract. The final estimate due the company of \$15,342.11, which is the balance due less the penalty, was ordered placed on the appropriation list to the credit of the company.

WOMEN IN SALOONS.

Councilman Black introduced an amendment to the liquor ordinance which provides that a bartender of a saloon shall be held liable and be prosecuted for allowing women in saloons and wino rooms during hours when they are prohibited by the ordinance from visiting such places. The amendment was passed, and now the bartender can be held liable in conjunction with the proprietor of the saloon.

The back ordinance was amended so that now hacks, vans and other vehicles are prohibited from standing within 10 feet of any street intersection.

NEW PAVING PETITION.

A new petition for the paving of South Temple street from the west side of State street to the east side of Tenth East street was submitted to the council. The petition contains the names of 46 abutting property owners, representing 4,084.75 front feet, being more than the necessary one-third required for such petitions. Among the names on the petition are Senator Thomas Kearns, Mrs. Susan B. E. Holmes, David Keith, the Alta club, Mrs. Mary Judge, M. H. Walker, the University club, Henry Dinwoodey, and many other prominent citizens. The petition was referred.

OFFICER REMOVED.

Chief Paul sent in a communication removing P. H. Fitzmaurice "for the good of the service," and appointing

Nick Gulbransen in his stead. The matter was referred to the police and prison committee.

TWO MORE OFFENDERS.

The proprietors of the G. and G. saloon, on Second South street, and the Green River saloon, under the St. Elmo hotel, were cited to appear before the council next Monday night and show cause why their license should not be revoked for violating the saloon liquor ordinance. The action was taken upon recommendation of Chief Paul.

The resolutions, heretofore submitted, in connection with Patrolman Heath's bravery in the fight with the three bandits about 10 days ago, were adopted by the council.

LIBERTY PARK GREEN HOUSE.

It was decided to award the contract for the construction of the Liberty park green house to Lord, Burnham & Co., for \$5,000, that being the recommendation of the board of public works and the committee on public grounds.

LAWLER AGAIN TURNED DOWN.

George Lawler, by his attorneys, W. T. Gunter and S. P. Armstrong, presented a petition asking that the city refund to him the \$70 which he paid for a liquor license. Lawler was refused a license and his saloon on Commercial street was closed at the instance of the city council. He had paid into the city treasury the full amount for one quarter's license, all of which was refunded to him except the sum of \$70, which was retained for the time he operated without a license. Lawler contends that, as his license was refused the full amount should have been refunded to him. He therefore asked that the city refund the balance. The petition was denied.

In the committee meetings the waterworks bill introduced into the state senate by Senator Hembarger was discussed at considerable length and continued until next Wednesday evening for further consideration. Thomas and Fernstrom both strongly opposed the measure.

LADY ON EDITORIAL STAFF OF LEADING RELIGIOUS WEEKLY

Sends the Following Grand Testimonial to the Merits of Cuticura Remedies in the Treatment of Humours of the Blood, Skin and Scalp.

"I wish to give my testimony to the efficiency of the Cuticura Remedies in what seems to me two somewhat remarkable cases. I had a number of skin tumours—small ones—on my face which had never given me serious trouble; but about two years ago one came on my throat. At first it was only about as large as a pinhead, but, as it was in a position where my collar, if not just right, would irritate it, it soon became very sensitive and began to grow rapidly. Last evening it was as large, if not larger, than a bean. A little unusual irritation of my collar started it to swelling, and in a day or two it was as large as half an orange. I was very much alarmed, and was at a loss to determine whether it was a carbuncle or a malignant tumor.

"My friends tried to persuade me to consult my physician; but, dreading that he would insist on using the knife, I would not consent to go. Instead I got a small bottle of Cuticura Resolvent and a box of Cuticura Ointment. I took the former according to directions, and spread a thick layer of the Ointment on a linen cloth and placed it on the swelling. On renewing it I would bathe my neck in very warm water and Cuticura Soap. In a few days the Cuticura Ointment had drawn the swelling to a head, when it broke. Every morning it was opened with a large sterilized needle, squeezed and bathed, and fresh Ointment put on. Pus and blood, and a yellow, cheesy, tumorous matter came out. In about three or four weeks' time this treatment completely eliminated boil and tumor. The soreness that had ex-

tended down into my chest was all gone, and my neck now seems to be perfectly well.

"About five or six years ago my sister had a similar experience. She had two large lumps come under her right arm, the result of a sprain. They grew rapidly, and our physician wanted to cut them out. I would not listen to it, and she tried the Cuticura Remedies (as I did a few months ago) with magical effect. In six weeks' time the lumps had entirely disappeared, and have never returned.

"I have great faith in the Cuticura Remedies, and I believe they might be as efficacious in similar cases with other people, and thus save much suffering, and perhaps life. I have derived so much benefit from the use of them myself that I am constantly advising others to use them. Recently I recommended them to an office boy for his father, who was disabled with salt rheum. The man's feet were swollen to an enormous size, and he had not worked for six weeks. Two bottles of Cuticura Resolvent and two boxes of Cuticura Ointment worked a perfect cure. You never saw a more grateful man in your life.

"I am very much interested in another case where I have recommended Cuticura just now. My housemaid's mother has a goitre which had reached a very dangerous point. The doctors told her that nothing could be done; that she could live only two or three weeks, and that she would die of strangulation. She was confined to her bed, and was unable to speak, when her daughter, at my suggestion, tried the effect of the Cuticura Ointment and Cuticura Resolvent. Strange to say, she was very shortly relieved of the most distressing symptoms. The swelling seemed to be exteriorized, and she is now able to be around her house, and can talk as well as ever.

"It seems to me that I have pretty good grounds for believing that Cuticura Remedies will prove successful in the most distressing forms of blood and skin humours, and if you wish to use my testimonial as herein indicated, I am willing that you should do so, with the further privilege of revealing my name and address to such persons as may wish to substantiate my statements by personal letter to me."

carpenter, Dewsbury, who died on 21st July, 1841. It was stated that under this will a sum of \$120,000, was paid into the Postoffice Savings bank, and this had now accumulated, with interest, to \$224,114. 7d. There was no next of kin forthcoming, the persons entitled having left the district many years ago for Utah, in America.

"His honor ordered costs to come out of the estate, not only for the Dewsbury county court proceedings, but also for the probate proceedings, and directed the registrar to advertise for next of kin, and also empowered Messrs. Chadwick & Sons to continue their inquiries, with a view of ascertaining the person or persons properly entitled to the amount stated in the application, less the solicitors' costs."
