

missed that a large manufacturing plant of some kind will be established at American Falls. Some persons think it will be a flouring mill, others that a sugar factory will be built as soon as the irrigation work is completed in the spring.

The Newell school expects to give a Christmas entertainment, the object being to raise money to buy books for the school library. In the beginning of the school year, the children are badly handicapped in the higher studies by their lack of general information, due to there being no library from which to obtain books and it is to fill this great void that the entertainment will be given.

The weather has been very cold; it would warm up to almost fall weather and the next day the thermometer would drop far below zero.

Mrs. Louise Walker came from Rockland to American Falls to look for the men of Mr. George Lancer; one of her little girls is sick with the scarlet fever. The coal famine has broken; and still there are people who grumble at paying the price for the best grade of coal and getting half slack and coal dust.

Mildred Palmer is still very ill.

HAPPENINGS AT SHELLEY, IDA.

Special Correspondence.
SHELLEY, Bingham, Co., Dec. 2.—Johnson & Lundell Mercantile Co. has moved into the new building with a fine display of goods, and the building certainly is a credit to the town of Shelley.

Two hundred and twenty-four car loads of beets have been shipped from this station to the Idaho Falls sugar factory, which will bring to the farmers of this vicinity in the neighborhood of \$22,000.

A considerable amount of grain and hay has been shipped this fall; also some potatoes. The potato crop has been scarce here, owing to the early heavy frosts, which damaged fully 50 per cent of the crop.

Theodore C. Shelley, daughter of Bishop John F. Shelley, was married last Wednesday to John Harvey Melville of Sevier Co., in the Salt Lake temple. The wedding reception was held at the home of the bride's parents on Nov. 30. About 125 people were present, who were all treated to a bounteous wedding supper.

Mrs. Pearl Oiler and George Howard Lawrence were also married in the Salt Lake Temple last Wednesday, both of whom are well respected young people of this place.

There have been two snow storms in this week, which left about six inches of snow on the ground, and a good many snow drifts. Sleighing is now in order.

Mr. and Mrs. James Jacobson will celebrate their crystal wedding on the 2nd of December, it being 15 years since they were married.

The health of the people in general is very good. All the typhoid patients are able to be around again.

FRANK LEE LOST IN THE MOUNTAINS

Special Correspondence.

FORIN, Bingham Co., Idaho, Dec. 1.—The teachers of the district school invited the people of the ward to the schoolhouse yesterday, where all were very agreeably entertained by the children. The entertainment was followed by a feast of good things, which showed that prosperity prevails. A spirit of enjoyment and thanksgiving seemed to rest on all present.

Albert Ross returned last night with very sad news from a hunting trip. He and Frank Lee went back into the hills about 70 miles and last Monday they went out from their camp together. Towards evening a fierce storm came up. When not very far from camp they somehow got separated. Mr. Ross went into camp, thinking he would find Mr. Lee there. Not finding him, there he shot off his gun and made all the noise he could, but got no response. He searched for three days and nights, without sleep, to return home last night, very much discouraged and down-hearted.

A party was immediately got together to go in search of the missing man, and started for that purpose during the night hours. Another party started today for the same purpose.

It looks as though winter has set in for good. There is plenty of snow for sleighing, although it is hardly sufficient for hauling loads on sleighs.

Some citizens have just sold a batch of red clover seed to the Vogel Seed company of Salt Lake City, they being the highest bidders. The growing of clover seed is just in its infancy in this section of country; but it has proven a success to those who have commenced it.

RAILROAD AT MALAD'S DOOR.

Special Correspondence.

MALAD CITY, Dec. 7.—The work on the railroad is progressing rapidly. The track is laid to within two miles of Malad City. Over 100 men are at work there. The depot is nearly completed.

The homes of Mr. Ralph J. Harding and Mr. George Richards were made happy by the arrival of a new boy and girl respectively.

This week the Kempton Comedy Ko. play at the opera house.

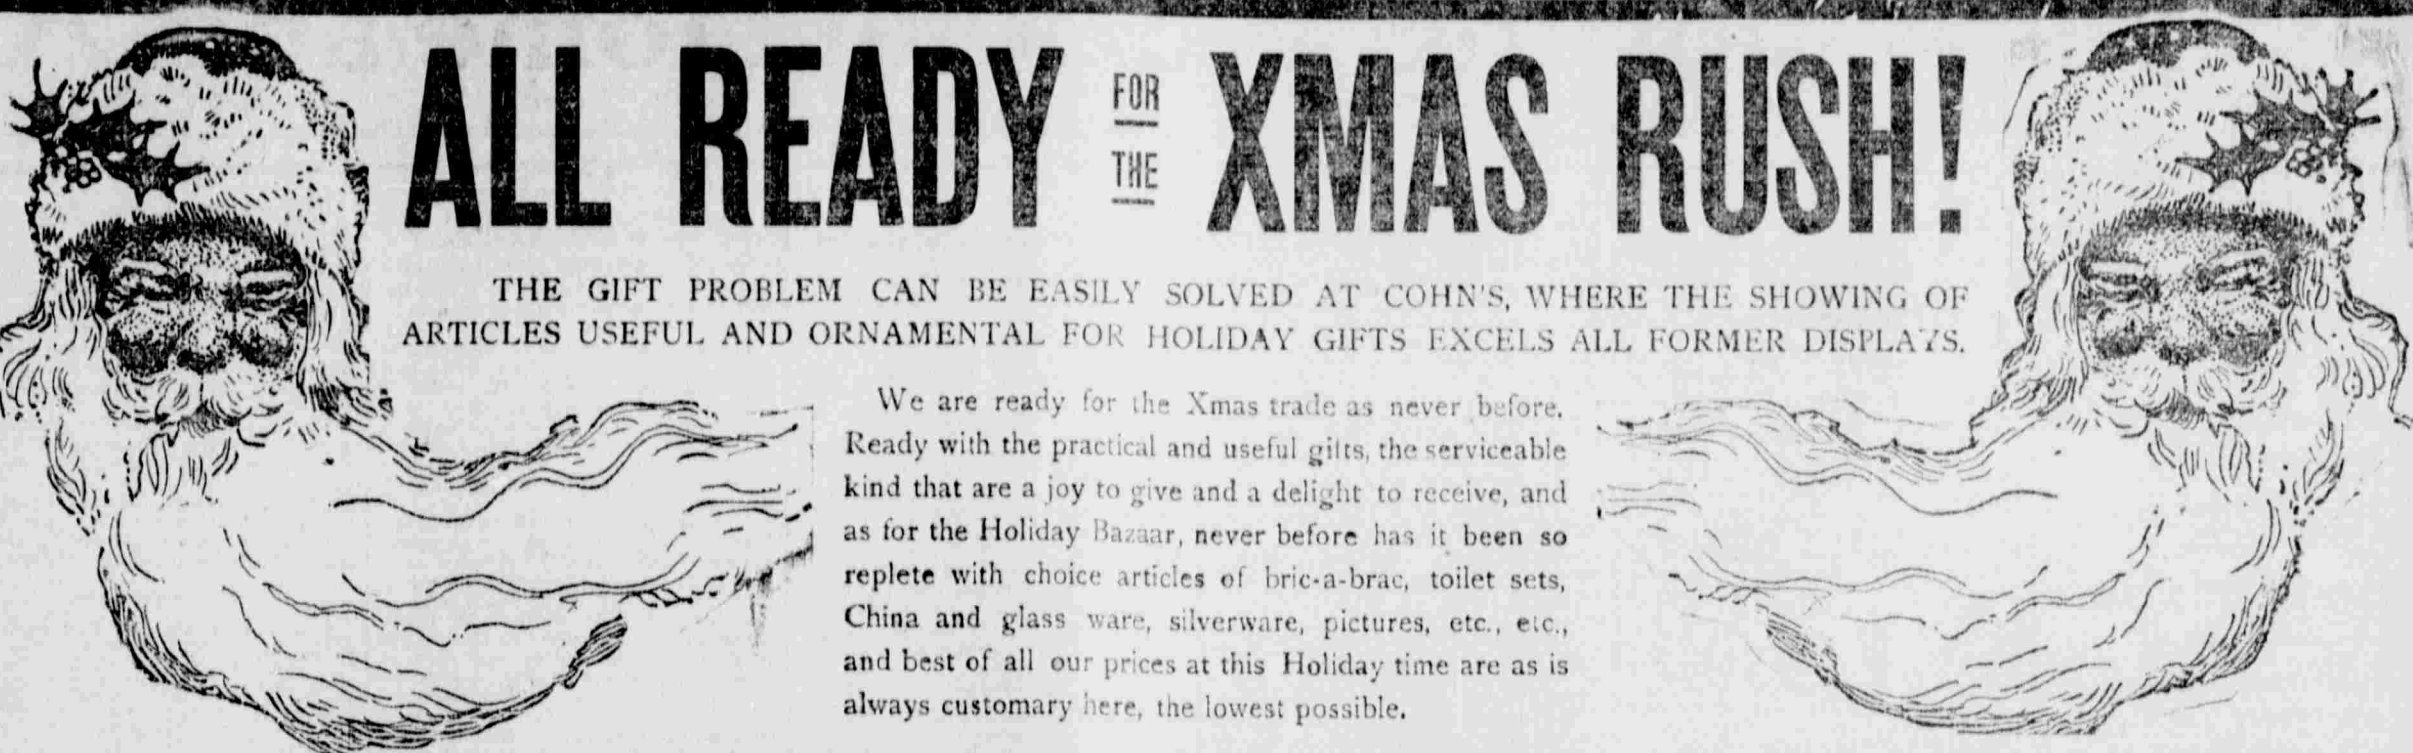

On Friday night the superintendent of the Malad Sunday school gave a social to the Sunday school teachers at the home of the superintendent, William H. Palmer. An excellent program consisting of songs, recitations, readings and speeches was the feature. Games were indulged in and refreshments were served. A special quartet consisting of the superintendent, bishop and S. S. secretary, rendered a number of choice selections.

Mr. Wanggaard, the sixth grade teacher of the district school, is still ill with typhoid fever. Dr. Ray is in attendance.

To draw the fire out of a burn, heat a cut without leaving a scar, or cure boils, sores, tetter, eczema and all skin and scalp diseases, use Dr. Witt's Witch Hazel Salve. A specific for piles, get the genuine. No remedy causes such speedy relief. Ask for DeWitt's—the genuine—Sold by F. C. Schramm, druggist, where the cars stop.

VERY LOW EXCURSION RATES FOR CHRISTMAS HOLIDAYS
