## SUFFERINGS END IN DEATH

Mrs. S. P. Draney Succumbs to  
Injuries From Fire—Close  
Of Heroic Life.

BRAKEMAN FATALLY INJURED.

J. W. Montgomery Crushed Under En-  
gine at Montello—Funeral of G. A.  
Craythorn and Little Son.

Ogden, June 24.—Mrs. S. P. Draney, who was burned so severely Friday afternoon at her home in Plain City, Weber county, was relieved by death yesterday afternoon of her terrible agonies. Although everything that loving hands and medical skill could do was done for her relief, it was all of no avail, her injuries were too severe to survive. Mrs. Draney was a most faithful mother, whose life was devoted to the proper training and education of her family. Four years ago her husband was killed by falling from a tree at Plain City, and since that time she has had the family responsibilities which she was most dutiful in. She was a faithful Latter-day Saint, and was a lady of most noble traits of character. She was one of the most useful women in Plain City, was president of the Relief society there, and very energetic in her labors in that capacity. She is the mother of 15 children, 8 of whom are still living, 4 married sons and 4 unmarried sons, the youngest, aged 4 years, was born after the death of his father.

To the entire community her death comes as a sorrow, especially under the sad circumstances of her accident. She was fifty years of age. The funeral services will be held this afternoon at 4 o'clock at the Plain City meetinghouse. Interment will take place at Plain City.

FATHER AND CHILD BURIED.  
Funeral of George A. Craythorn and Little Son.

Ogden, June 24.—Much sympathy is felt by the community for Mrs. George A. Craythorn of South Hooper, in the sad bereavement which came to her home in the death of her husband and little nine-months-old son, who were yesterday afternoon laid to rest in the same casket, the little babe being clasped in its father's arms. It was one week ago last Saturday that Mr. Craythorn came to Ogden to get medicine for the babe, and received injuries in a runaway that resulted fatally last Thursday, and on Saturday morning, the little child who had been ill for several months, closed its eyes in death. The great throng of relatives and friends who assembled at the South Hooper meetinghouse yesterday afternoon at the funeral services which were commenced at 2 o'clock, and the many beautiful floral tributes, were evidences of the deep sorrow felt in the sad deaths and the universal sympathy extended to the young wife and mother. Bishop Gilbert Parker was in charge of the services. Appropriate

Bebee, a mining engineer of Wells, Nevada, who came to Ogden last week for the benefit of his health, died Saturday afternoon at the hospital from an affliction of the heart from which he had long suffered. Craver and interment will take place in Ogden.

BOY ASSAULTED.

Josiah Heath was placed under arrest yesterday morning by the police on the charge of assault and battery. He had been drinking some and, according to the information furnished the police, quarreled with a boy named Brinkhoff whom he struck over the head with a lantern, inflicting a gash over his left eye, which was dressed by Dr. Osgood.

BRAKEMAN CRUSHED.

J. W. Montgomery Falls Under Moving Engine and Fatally Injured.

Ogden, June 24.—J. W. Montgomery, a Southern Pacific freight brakeman, met with injuries Saturday afternoon at Montello, which the attending physician says will prove fatal. Montgomery was on duty with a westbound freight train, and had gone up to the station a short distance along the track while waiting for a train to pass. A switch engine was passing going towards his train which he believed to be on board, but slipped in some way from the running board and fell beneath the wheels, which crushed his hands and feet terribly. He was brought to Ogden as quickly as possible and taken to the hospital, where Dr. Perkins dressed

the injuries, but he had become so weak from the shock and loss of blood that little hope for his recovery is held out.

JAMES CARTER OF WYO. FOUND.

Supposed Victim of Fool Play Turns Up at Leamington.

Special Correspondence.

Provo, June 24.—James Carter, the young man who disappeared from his home in Fairview, Wyoming, and who was believed to have been killed, has been found at Leamington where he was working on McIntire's ranch. His uncle, S. K. Roberts, of this city, left for the ranch last night and this afternoon his wife received a telegram saying: "Found Jim; he is all right, but won't come back." Mr. Roberts will be back tomorrow and Mrs. Roberts thinks he may persuade young Carter to come with him, but however this may be the fact that he is alive is the important thing. The young man's mother, Mrs. Dolly Roberts Carter, will arrive here this evening. She was telephoned to in Salt Lake that the boy was alive, and it is needless to say that a great load was taken off her mind as she has been nearly distracted since his disappearance. She, however, has maintained that he was alive and would be found but this was believed to be a hallucination on her part by her neighbors in Wyoming.

City Marshall Henry of this city is the party who was mainly instrumental in locating young Carter. Last week he received a letter from Mrs. Samuel Cox of Robinson which stated that from the account of Carter's disappearance and the description published in the papers she believed he had been at her house and had worked some time on the smelter being built by Jesse Knight in Tintic. Mr. Henry went over and found that the supposed Carter had gone to Leamington. He notified Mrs. Roberts of this and was himself going down to investigate this morning, but Mr. Roberts arrived from Wyoming last night and when his wife gave him the information he at once went to Leamington.

DEATH OF MRS. DIXON.

Mrs. Mary S. Dixon of the Third ward died yesterday from general debility, after several months' illness. Mrs. Dixon was born in Hull, England, Oct. 3, 1831, and came to Utah at an early age and married Henry A. Dixon, since deceased, in Salt Lake City, living there until 1878, when she came to Provo with her husband, who came here as secretary of the Provo Woolen Mills company. Mrs. Dixon was a devoted wife and mother and a faithful Latter-day Saint. She leaves six children and six grandchildren. The funeral will be held tomorrow (Tuesday) in the Third ward meetinghouse, beginning at 2 o'clock. Millennial Star, please copy.

Mrs. Susannah Smith of the Third ward died Saturday night at the age of 78 years. The remains were sent to Draper for burial yesterday by G. H. Berg & Son.

RAILWAY TRAVEL.

Appeal to President and Governors for Greater Safety.

Kansas City, Mo., June 23.—President Roosevelt and the governors of several states have been asked to aid the National Union of Railway Trackmen in a campaign for greater safety in railway travel. J. L. Sheppard of Fort Scott, Kan., secretary of the organization, yesterday sent out a letter addressed to the president and several governors, in which he says: "If we can obtain the co-operation of all who should be interested, we will have a safe condition for railway travel in our country as prevail in Europe. We certainly should have either government or state inspection of railway tracks. Some one should be held responsible to the people for keeping the tracks in proper repair, and properly patrolled."

"It is a curious condition of affairs, but it is true. We have state inspection of factories and mines, for beer, barbers, pharmacists and dentists. There is state control over the product of the busy bee, and the farmer who raises wheat must pay a state inspection fee before he can market his grain. But there is no law that is observed that provides for the inspection of railroad tracks."

THE YELLOW RACES.

Gen. William Booth Impressed With Their Potentialities.

London, June 23.—Gen. William Booth, head of the Salvation Army, has returned to London after his trip to the orient, greatly impressed with the potentialities of the yellow races. During the course of an interview here today he declared that the Chinese and Japanese would completely capture eastern trade and commerce.

"There are features about the Chinese and Japanese," he said, "that are bound to make them the conquerors of the world, but they will do it peacefully."

Gen. Booth declared that the Japanese had not the remotest desire for a conflict with any nation, but that if it were necessary they would fight to retain what they have. Japan, he said, is no longer trammelled by the old ideas of the degrading character of trade. It is

only a question of time when her industries will be tutored by the most expert direction and augmented by the finest machinery, and he could not see what can prevent her from producing articles of the finest manufacture at the cheapest prices.
