**Local and Other Matters.**

FROM WEDNESDAY'S DAILY, JUNE 27.

**Cedar.**—This morning we had the  
pleasure of a call from Bishop Henry  
Lunt, of Cedar City, Iron Co.

That settlement of little more  
than a hundred families, is flourish-  
ing like a "green bay tree."

The sheep-shearing for the season  
is just completed, resulting in a  
wool crop of probably from 30,000 to  
40,000 pounds.

The field crops never looked bet-  
ter than now, without any grass-  
hoppers yet to molest them, or  
make the people afraid of losing them.

However, there will be little or  
no fruit, that product having been  
all but extinguished by the frost.

The rabbit plague, which has  
heretofore proved greatly destruc-  
tive to field vegetation, has almost  
disappeared. Where there were  
hundreds, scarcely half a dozen can  
be seen. They have been dying off  
late by thousands. The cause of  
their taking off is said to be their  
having worms or grubs, which are  
found to abound in their carcasses,  
as soon as they expire. This thin-  
ning out of these little animals ap-  
pears providential.

A steam saw-mill, located fifteen  
miles east of Cedar, and which is  
supervised by Brother Thomas  
Walker, is in full swing, turning  
out a good article of lumber.

Families are forming into little  
squads and going into the moun-  
tains to carry on dairying.

A tannery is about to be estab-  
lished in connection with the co-  
operative mercantile store.

**Fort Hall Indians.**—The Cor-  
inne Record of June 26 has the re-  
port of an interview with Mr. G.  
W. Hawkins, from the Fort Hall  
reservation, concerning the com-  
plaint of Major Jim, the Bannack  
chief, against the Indian Agents at  
Fort Hall and Lemhi, to the effect  
that they robbed the Indians of  
provisions and blankets. Jim says  
that Danielson, agent at Fort Hall,  
and Fuller, agent at Lemhi, sell  
good horses from the reservations  
and put poor ponies in their place,  
also cut the Indians' blankets, and  
sell half of them.

Mr. Hawkins is represented as  
saying that rations were recently  
drawn at Fort Hall for 1,300 to  
1,500 Indians, though he did not  
believe there were more than 500  
there now, and somebody had the  
advantage of those extra rations.  
The appropriation for those Indians  
is \$45,000. The Indians leave the re-  
servation, because they do not like  
Danielson, the agent. He not  
only cuts their blankets in two,  
giving them one half, but also gives  
them short rations. Some of those  
Indians have gone to Brigrum, many  
to the Nez Perces country, and  
others have come into northern  
Utah. A year ago Major Danielson  
killed his own cattle for the Indi-  
ans, and drew the pay therefor,  
which was against the regulations,  
and it was generally thought he  
made a good thing of it. Mr. Haw-  
kins thinks a little investigation  
would result in Major Danielson's  
dismissal. Most of the Indians are  
so disgusted with him that they  
will not stay on the reservation.

**The West.**—On the 5th instant,  
Messrs. C. R. Savage and Fred.  
Lambourne took the advice of the  
lamented Greeley and went west.  
They don't appear willing to ad-  
here to the counsel of the late jour-  
nalistic philosopher, and keep go-  
ing west, for, after an absence of  
three weeks, they came east again,  
getting home yesterday.

They visited Lakes Tahoe, Cas-  
cade, Fallen Leaf and Donner, and  
the most lovely points attainable  
in the Sierras.

At San Francisco they visited all  
the art galleries, upon the beauti-  
ful works displayed in which Fred.  
feasted his eyes.

They called at Sacramento and  
visited the Crocker private art gal-  
lery, the finest private collection  
of art specimens in the United  
States.

They called at an address given  
in the NEWS, and were there de-  
lighted to find Elders Job Smith,  
Rodney C. Badger and Samuel H.  
B. Smith. Meeting was held, at-  
tended by about twenty members  
of the Church, and a good spirit  
prevailed.

Elders Job Smith and S. H. B.  
Smith purpose going to San Fran-  
cisco, to labor in and around that  
city, while Elder Badger will re-  
main and labor in the Sacramento  
district.

Mr. Savage states that San Fran-  
cisco is in a very bad way, being  
afflicted with very dull times,  
thousands of unemployed people,  
and consequent crowded streets  
and empty stores.

The road between Ogden and  
San Francisco is lined with tramps  
of every character, shade, grade  
and color, walking, jumping trains  
being shoved off and jumping  
ag-ain.

**City Council.**—The Council met  
last evening, Mayor Little presid-  
ing.

Petition of John P. Thompson  
and others, asking that the first  
street east of the old city wall, 19th  
Ward, be opened; referred to com-  
mittee on streets and alleys.

Petition of W. Smith, asking re-  
mittance of dog tax; not granted.

The committee on finance re-  
ported having examined and found cor-  
rect the Auditor's report for the  
quarter ending May 31st, 1877. Re-  
port adopted and Auditor's exhibit  
ordered printed.

The committee on claims re-  
ported having examined and found cor-  
rect the report, for the quarter end-  
ing May 31st, 1877, of the Super-  
visor of streets, recommended its  
acceptance and that \$2,439 59 be  
appropriated to balance the Super-  
visor's account; adopted.

The committee on public grounds  
were entrusted with the duty of  
securing ground for a hay and wood  
market.

Council adjourned till next Tues-  
day evening, at seven o'clock.

**Tried for Polygamy.**—Last even-  
ing we met Brother S. R. Parkin-  
son, of Franklin, who was in town  
on business for the flourishing co-  
operative store in that city.

Brother Parkinson was indicted  
some time ago by the grand jury of  
the Third Judicial District, Idaho,  
for bigamy, under the Territorial  
Statute. His trial took place at  
Malad on Monday, the 18th inst.  
All the "Mormon" jurors were ex-  
cused because this was really a  
polygamy case, though called by  
the name of bigamy. District At-  
torney Ensign conducted the pro-  
secution and Judge Higbee ap-  
peared for the defence.

The proof of the marriage of the  
defendant to more than one woman  
was sought to be established by in-  
direct evidence, and several wit-  
nesses were examined with the  
view of proving that defendant was  
the reputed husband of more than  
one wife and father of several chil-  
dren by each. But counsel for the  
defence showed that the prosecu-  
tion had failed to prove any mar-  
riage at all.

Judge Prickett instructed the  
jury that it was necessary in a trial  
for bigamy, to prove that defendant  
was actually married to a second  
wife during the life of the first, and  
as no positive evidence had been  
adduced of even the first marriage,  
they must return a verdict of "not  
guilty."

Their verdict was rendered ac-  
cordingly and defendant was dis-  
charged.

Judge Prickett's impartial course  
and ruling were approved by all  
classes of the community, "Mor-  
mon" and "Gentile."

**Waning.**—The strawberry and  
cherry season is waning. But rasp-  
berries and currants are to be relied  
upon a while longer.

FROM THURSDAYS DAILY, JUNE 28.

**Threatening.**—Gusty, dusty, and  
cloudy to-day.

**From North.**—Presidents B.  
Young and John W. Young, and  
Elder Brigham Young, Jr., came  
down from Logan yesterday.

**Springy.**—Now that irrigation is  
fairly under way, the water is  
springing up as usual in South  
Temple Street, along the Stringam  
Block.

**Not Yet.**—The Union Pacific  
Railroad Company have not yet  
commenced to work their Grass  
Valley coal mines, but it is expect-  
ed they will shortly.

**Fined.**—Yesterday P. O'Toole,  
one of the cloth peddlers arrested  
for doing business without first  
obtaining a license, was fined \$99,  
by Justice Pyper. His attorneys,  
Tilford and Hagan, gave notice of  
an appeal to the District Court.

**Biting Frost.**—On Monday morn-  
ing there was a keen frost through-  
out Summit County, which gave  
the potatoes a hard nip, doing con-  
siderable damage to that crop.  
Wheat was not affected by it.

Crops generally never looked bet-  
ter in that part of the Territory.

**Operation.**—On Tuesday, Jorgen  
Johnson, of Richmond, Cache  
County, had a thumb amputated,  
at the second joint, by Dr. P. L.  
Anderson, of Ogden. The necessity  
for the operation ensued from an  
injury received by the patient sev-  
eral months ago, and which had  
not received the skillful attention  
necessary. So the Junction states.

**Celebration.**—We are requested  
to remind leaders of Sunday School  
and Ward choirs of the necessity of  
attending assiduously to the train-  
ing of the children in the rendition  
of the songs to be sung at the Jub-  
ilee on "Pioneer Day." Superin-  
tendents can obtain music cards 5,  
6, 7, and 8, on application.

**Mexican Mission.**—Elders Trejo  
and Garfi, of the Mexican Mission,  
are at Hermosilla, where they  
have recently baptized five persons,  
besides a goodly number of others  
being convinced of the truth of the  
gospel.

They are meeting with opposition  
of the most bitter and determined  
description, but feel encouraged in  
their labors, by reason of the  
blessings of the Lord. The people  
in that part of the country where  
they are laboring are much excited  
because of their presence.

**Unexpected Demise.**—This morn-  
ing Brother Henry Grow received  
a dispatch from Huntsville, Ogden  
Valley, stating that his daughter-  
in-law, Elizabeth Grow, wife of his  
eldest son Charles, had died. The  
dispatch gives no details, but it is  
believed her death must have been  
very sudden, she having been in  
robust health last week, when last  
heard from by her friends here.

Deceased was about twenty-nine  
years of age, and leaves a family of  
six children.

**To Lake Side.**—We are requested  
to state that the postponed Ladies'  
Excursion to Lake Side will come  
off on August 9th, for certain,  
weather permitting. Tickets which  
were procured for June 27th will be  
available then.

We have received, from Mrs. E.  
Davis, a statement of reasons for  
the postponement, which lack of  
space makes it inadvisable to pub-  
lish. We may say, however, that  
they appear reasonable and satis-  
sfactory.

**A Walker Mill.**—The Deer Lodge  
(Mont.) New North-West of June  
52 says—

"There has been considerable  
talk at one time and another about  
Walker Bros. bringing up a mill  
from Utah to erect at Butte for the  
working of Alice ores, but we have  
heretofore been unable to trace it  
to responsible sources. We now  
learn positively that the mill is to  
be erected. The Walker Bros. have  
determined to remove a 15-stamp  
mill owned by them in Utah to  
Butte, replacing much of the worn  
machinery with steel. Mr. Daly,  
Superintendent, on Tuesday signed  
a contract with Roach & Lavelle  
for the mill lumber and it will prob-  
ably be completed early this sea-  
son."

From Echo.—Judge Asper, of  
Echo, Summit County, is in town.

**Disagreeable.**—The breeze to-day  
has been warm, unpleasant, "nas-  
ty."

**Got Back.**—Bishop E. F. Sheets  
returned last evening from a visit  
to Rabbit Valley. He passed  
through Sevier and Sanpete Val-  
leys, where crops look well, but are  
not so forward as in this part.

**Little Colorado.**—We received  
a call last evening from Brother  
Soren Erickson, of Grantsville, who  
had just arrived from a visit to the  
new settlements on the Little Col-  
orado, Arizona.

He went by the new route from  
St. George, leaving the latter point  
late in March, and arriving at the  
settlements in April. He found  
grass abundant and water scarce.

When he left the settlements on  
the river, on the 14th of May, the  
crops were looking splendid. At  
Allen's camp about nine miles of  
water ditch had been made, and  
about five miles each at Captain  
Lot Smith's and Captain Ballinger's.

Brother Erickson is confident  
that it will be a good country, made  
so by persistent efforts of the Lat-  
ter-day Saints. The aid of a good-  
ly number more of that class of  
people would be of great benefit to  
that region.

**Missionary Work.**—We have  
seen a letter from J. Z. Stewart,  
written at Elizano, Texas, June 16,  
to a friend in this city.

He and other Elders had traveled  
considerable, and had several times  
been exposed to danger from hostile  
Indians.

After baptizing a number of peo-  
ple at Tubac a priest went over  
there and made matters pretty hot  
for the Elders, creating great preju-  
dice against them, by promulgat-  
ing the most outrageous lies. Some  
of the people, however, maintained  
a friendly attitude.

Elder Stewart and his brother  
proceeded to San Xavier. There  
again prejudice and ill-feeling were  
stirred up to boiling heat by priest-  
ly lies and influence.

Several Mexican families received  
the testimony of the Elders, and  
others state that they are ready to  
be baptized as soon as they see a  
prospect of gathering to one of the  
settlements of the Saints, being un-  
able to face the persecution and op-  
position they would have to meet  
were they to obey the gospel and  
remain any length of time where  
they are.

Elder Stewart and his brother ar-  
rived at Elizano, Texas, June 13th,  
where they were kindly received  
by Mr. J. W. Campbell and family.  
There are several people in that  
part of the country who intend be-  
ing baptized, by whom the arrival  
of the Elders had been anxiously  
looked forward to for some time.

**Riotous Conduct.**—Col. John A.  
Nelson and a number of other resi-  
dents of Park City were arrested  
and brought to town yesterday, on  
a charge of riotous conduct and in-  
timidation.

Their examination, in accordance  
with the complaint, was commen-  
ced to-day, before United States  
Commissioner E. T. Sprague.

The trouble is all about some  
land, upon which the parties  
charged with the misdemeanor had  
built and otherwise improved. A  
gentleman by the name of Nims,  
of what was known as the Marsac  
Company, claims the ownership of  
the land in question, and through  
his agent, Mr. E. W. Thayer, had  
notified the occupants to pay rent,  
or buy, with the alternative of  
moving off.

This action raised a great hue and  
cry and hubbub; a meeting was  
called, of the citizens, and a large  
committee from it waited upon Mr.  
Thayer, those composing it deport-  
ing themselves in a rather violent  
and threatening manner toward  
him.

A large number of witnesses in  
the case were examined to-day.  
The proceedings were in progress  
this afternoon.
