

## ROMAN CHURCH HAS NEW HEAD.

(Continued from page one.)

As insuring the continuance of the recent policy of moderation followed by the holy see in its relations with France and other Catholic countries. What was most feared was the election of one who might adopt a policy antagonistic to the government of France, thereby increasing the difficulties of the present governmental policy against the congregations and possibly threatening the existence of the concordat.

Although little is known of Sarto's political tendencies, he is considered to be one likely to avoid conflict and to continue the policy of Pope Leo and Cardinal Rampolla. The officials here recall Sarto's taciturnity, his aversion to the king and queen of Italy at Venice, which removed much of the friction hitherto existing, and led to a warm friendship between Sarto and King Victor Emmanuel. This incident is considered an evidence of his conciliatory disposition and the likelihood of no material change taking place in the policy of the Vatican.

### WASHINGTON ADVISED.

Washington, Aug. 4.—The Washington government has been advised of the election of the new pope by the cablegram received from Mr. Liddings, the American chargé d'affaires at Rome, yesterday.

"Cardinal Sarto elected pope. Aged 68."

### NEWS IN ENGLAND.

London, Aug. 4.—News of the election of Cardinal Sarto as pope reached England through an Associated Press dispatch from New York. The information was communicated to the Catholic church authorities and Mr. John, who is in charge of church affairs here pending the appointment of a successor to Cardinal Sarto.

"I am glad the election is over and the suspense ended, Cardinal Sarto is a man of whom I have heard much and who is probably a man of many useful years to live. He is active and energetic."

To the Catholics of London the election was a great surprise. The first question asked, not only by laymen but by high church dignitaries, was "Who is Sarto?" Books of reference were quickly hunted up in order to ascertain knowledge of the career of the new pontiff.

This afternoon a cable dispatch was received at the archbishop's house from the college at Home formally announcing the fact of the election. The churchmen at Westminster expressed the opinion that the new pope is a quiet ecclesiastic who has not mixed much in politics and probably will pursue a policy of harmony and conciliation.

The few who are acquainted with him say he is highly esteemed by the Italian government and was a close friend of King Humbert.

### ACCEPTABLE TO GERMANY.

Berlin, Aug. 4.—The election of Cardinal Sarto as the new pope was made known here at 1 o'clock this afternoon through the newspapers, which were eagerly read. The foreign office at that hour had no confirmation of the news, but regarded it as probable. It has been learned that Sarto had strongly increased his vote yesterday. Replying to the question whether the election was acceptable to Germany, a representative of the foreign office answered:

"Unqualifiedly so from an official point of view. Sarto is a mild, unassuming man, and has never been active politically."

In other quarters it was remarked that Sarto was the only Italian cardinal whom the king of Italy respected. His repeated visits to the king and his aversion to politics are regarded as an auspicious sign for the triple alliance. Germany is also fully satisfied that Sarto does not aspire to the restoration of the temporal power of the papacy. The officials think that the German emperor will be well pleased with the election, and believe that the emperor received Sarto in audience while visiting the king of Italy.

### GIBBONS BLOCKED RAMPOLLA'S PLAN.

Berlin, Aug. 4.—A dispatch to the Lokal Anzeiger from Rome asserts that Cardinal Gibbons played the chief part in frustrating the election of Cardinal Rampolla.

### CONCLAVE DISSOLVED.

Rome, Aug. 4, 7:35 p. m.—The conclave has dissolved. The cardinals have returned to their various apartments in Rome.

### THE CIRCUS TOMORROW.

The Ringlings will show at the Fair Grounds—Other Place Too Small.

The Ringlings will show at the Agricultural Park Grounds tomorrow instead of at Eighth South and Fourth West as was originally intended. The change was made necessary today from the fact that it has been discovered that the grounds formerly chosen are not large enough to accommodate the tented village that will be in town bright and early tomorrow morning.

### THE LINE OF MARCH.

Following is the line of march for the morning parade: Start from the Fair Grounds at 10 o'clock; pass up North Temple street to Fifth street; thence south to Second South; thence east to Main; thence north to Third South; thence east to State; thence north to Eagle Gate on State; thence west on South Temple to the Pioneer Monument; thence south on Main to First South; thence west to Fifth West; thence north to North Temple; thence west to the Fair Grounds.

The Ringling circus train will probably be the longest that ever pulled into Salt Lake. It will come in five sections as there are 87 cars to handle. The first section will convey the commissary department, the canvas men, and all the mechanical trappings for the big White City, the Butterfield show which will greet the curious public. The second section, which will bring in nearly all of the 65 horses, will be used one way and another by the circus. Nearly 300 of these are performing animals of superior breeding and great cost. The draught horses are fine specimens, and are valued in part from \$500 to \$1,000. The menagerie department, consisting of 108 cages, dens and lairs, comprise the third section. Among of extreme rarity in this department of the show are two giraffes, rhinoceros, and horned horse, and a nursery of newly born wild animals, including the precious curiosity of a real baby elephant. This little mite of wild animal creation is a American born, not quite four months old, and is now a robust youngster who promises to upset the generally accepted theory that elephants cannot be reared in captivity. The last section at the great train will be composed chiefly of Pullman sleepers, in which are housed the 300 or more ring performers. Ringling Brothers and their family travel in a luxurious private car, attached to the end of the train. Performances will be given at 2 and 5 p. m.

### HEALTH BETTER IN UTAH.

Dr. Beatty Gets Favorable Report From Over State.

months. However, the continued hot weather is unfavorable to infants, and is affecting the general energies of adults. Smallpox, like the pox, is ever present. In July, 1933, there had 40 cases, and in June, 1932, there had 100 cases. Over the state, the secretary of the board concludes, there must have been 200 to 300 cases during the month just passed. There is less trouble from this source in the summer because, from the temperature, it is necessary that people open their windows and doors, and this secures a free circulation of air, and consequently better hygienic conditions. But when cold weather comes, people shut their doors and windows, and then there is less circulation of air, and consequently greater danger of the spread of the disease.

Diphtheria and scarlet fever have decreased, but a season of typhoid fever has set in, which the state board is trying to circumvent. Dr. Beatty strongly advises boiling all the drinking water in localities infected or supposed to be infected, and he says that the reported efficacy of lemon juice in water supposed to contain typhoid germs is all talk. There is nothing to it. Lemon juice will not kill or counteract the fever germs. The only thing to do is to boil the water, then it is absolutely safe.

## WILL TEST THE CITY ORDINANCES

Their Validity to be Inquired Into By Local Attorneys.

### STEPS WERE TAKEN TODAY

Matter Submitted to Judge Lewis by C. S. Kinney and Soren X. Christensen—Test Cases.

A test will be made in the district court of the validity of the revised ordinances of the city of 1932, since Judge Tanner has held in the poll tax case that the ordinances are invalid and not in effect. The steps taken today by Attorneys C. S. Kinney and Soren X. Christensen will secure an immediate decision by Judge Lewis of the district court as to the validity of the city's ordinances and particularly those relating to criminal proceedings.

The attorneys today filed with the clerk of the court petitions for a writ of habeas corpus for the release of Fred "Reddy" Gallagher, the two city prisoners who are now serving terms of 75 and 90 days respectively in the county jail for battery. Both men were convicted and sentenced by Judge Diehl of the city court. Both petitions are practically the same excepting the name of the defendant, the substance and language of the petition and commitment. The petition alleges in each instance that the defendant was convicted of violating a city ordinance, by the city court, and was sentenced to imprisonment in the county jail, which said sentence is in violation of law, there being no ordinance in law authorizing the conviction and imprisonment of a prisoner convicted in the city court.

Judge Lewis this morning granted the petition in each case and issued writs of habeas corpus for the release of the two men. The state board of education at its meeting yesterday laid out arrangements for the county teachers' examinations to be held throughout the state on Aug. 27, 28 and 29, and the examinations for state teachers' certificates and diplomas will be held in this city, Logan and Mant on Sept. 1, 2 and 3.

The board granted certificates and diplomas as follows: State teachers' high school diplomas—Estelle K. Watson, Valentina Murphy and Mary E. Connelly, Salt Lake; grammar grade diplomas—Lottie R. Paulsen and Martha R. Cooley of Ogden; state certificates—Clara E. Cooper, Marion Van Cott, Doreen Coburn and Amy Bowman, Salt Lake; temporary high school certificates—O. Garrett, Salt Lake.

An adjournment was taken by the board until Thursday, Aug. 6, at 10 o'clock a. m.

### SUICIDE BY HANGING.

Disappointed in Love James Archibald Takes His Own Life.

(Special to the "News.")

Logan, Aug. 4.—Word came from Clarkston to the effect that James Archibald committed suicide there yesterday by hanging. It appears that the young man, who is 26 years of age, had suffered a disappointment in love and becoming despondent, he sought this means of ending his misery. His dead body was found suspended from a beam in his father's granary.

### COURT NOTES.

Suit has been filed in the district court by the Copper Belt railroad company against Stephen Hays et al., to condemn a right of way over a portion of the Remann place claim, owned by defendants, located in Bingham, where plaintiff operates its railroad.

The case of Jacob and Susan Forks against the Horn Silver Mining company has been transferred from the Fifth district court, Beaver county, to the Third district court. The action was brought to recover damages alleged to be due for the death of plaintiff's son, Nels Torko, who was killed in defendant's mine on July 12, 1929.

Suit for divorce was filed in the district court today by Louisa R. Hurd against Byron E. Hurd on the ground of non-support. They were married in this city on Aug. 12, 1902, less than a year ago.

### ARRAIGNMENT TOMORROW.

It was stated late this afternoon that in all probability Mrs. Hodge would be arraigned before Judge Diehl tomorrow morning.

### INTERNAL REVENUE.

Report of Commissioner Yerkes Contains Interesting Figures.

Revenue Collector Callahan has received a copy of the annual report for the fiscal year ending June 30, 1933, of Commissioner of Internal Revenue Yerkes, which contains some interesting figures. The total amount of revenue taxes collected by the United States and territories during the year was \$23,750,282.47, which is a record for the United States.

The total amount of taxes collected in this district, which includes Utah, Montana and Idaho, was \$18,353,325.27. The collections of the district for the previous year amounted to \$17,057,572.29, the increase being due to the fact that the tax laws were changed in 1932, and the collections for the year were increased by the new laws.

### SHOOTING ACCIDENT.

Charles F. Neelen Loses His Left Hand While Going Hunting.

A bad accident occurred yesterday near Pocat, by which Charles F. Neelen, of this city, lost his left hand. The young man is an employee of the telephone company and with his mother and two small brothers was en route by wagon to a point on the Weber river, where he expected to spend a few weeks fishing and hunting. The accident was caused by the discharge of a .24-cal. Remington-Union City rifle, which was being used by Neelen as he sat on the wagon seat at the time of the explosion his hand was above the muzzle and the full force of the bullet struck the palm of the member off, and caused a flow of blood which it was quite difficult to stop. However, the wound was bound and the sufferer proceeded to Park City, where Dr. Wilson and LeCompte amputated all but the thumb and forefinger. The party then took train for this city.

## MULVEY HOLDS THE STAKE.

Will Pay \$1,000 to Any Man Who Will Successfully Loop the Loop.

The offer of \$1,000 made by Chas. G. Kilpatrick, the one-legged cyclist, to be presented to any man in Salt Lake who may successfully loop the death-trap loop at the Salt Palace by or before Thursday, has been productive of considerable mulling on the part of local cyclists, who feel that an easy means has been opened to them for securing a large sum of money in a comparatively short space of time.

Kilpatrick's offer was made last night after a race on a bicycle track for the purpose of raising money for the relief of the poor. Kilpatrick, who is a young man, is a native of Utah and is a member of the Salt Lake cycling club. He is a well-known cyclist and has won many races. He is now a member of the Salt Lake cycling club and is a well-known cyclist. He is a well-known cyclist and has won many races. He is now a member of the Salt Lake cycling club and is a well-known cyclist.

By way of truly Kilpatrick extracted from a roll of cash a one hundred dollar bill which he offered the man if he would ride the loop tonight. But the man's response was that he would not ride the loop tonight, but he would ride the loop tomorrow night. ## MEETING OF STATE TEACHERS

City Supt. Christensen Announces A Slight Change.

Will Be Held Oct. 6 To 8.

Henry R. Patterson, a Noted Educator and Lecturer of Michigan, To Be in Attendance.

City Superintendent of Schools Charles Christensen announced today that the dates for the state teachers' association to be held in this city have been changed from Oct. 1, 2 and 3 to Oct. 6, 7 and 8. The change was deemed advisable as it would allow better opportunities for the teachers to attend. State Superintendent Nelson will recommend that the various county institutes be held here on the day following the association meeting. It is expected that the attendance at this meeting of the association will be the largest in its history.

Arrangements have been completed for the attendance of Mr. Henry R. Patterson, of Michigan, a noted educator and lecturer. He will deliver three public lectures on the evenings of Oct. 6, 7 and 8, his subjects being for these respective dates: "Made in America," "The Schools and the Labor Problem," "Nancy Hanks and the Nineteenth Century." During the session of the association he will deliver three lectures on subjects of particular interest to teachers. Mr. Patterson is said to be one of the most interesting and forceful lecturers in the United States.

### SCHOOL CHILDREN.

New Census Shows a Total of 15,987 as Against 15,665 Last Year.

The work of canvassing the returns made to the board of education by the school census enumerators, appointed a couple of months ago, was completed late this afternoon. The final figures show that there has been an increase in the school-going population (children from 6 to 18 years inclusive) of 512. The total number is divided between the sexes as follows: Boys, 7,886 and girls, 8,101, making a total of 15,987 as against 15,475 for last year.

### MUSIC TEACHERS.

All who desire to consult the list of the representative professors and music teachers of Salt Lake should read the "Musicians' Directory" in the Saturday "News."

The local signal corps will hold an election for captain and junior first lieutenant Thursday night next. Captain Green, of the local signal corps, is the only candidate for captain. He is a well-known signal corpsman and has won many races. He is now a member of the Salt Lake cycling club and is a well-known cyclist.

There is no more delay in receiving structural steel for the Federal building as the shipments are being steadily and regularly received from the Minneapolis office. Over River West is asked for two photographs monthly of the building as it goes up for the use principally of the local signal corps. The building will be up to the second floor the last of the month. The heaviest work is with setting the steel beams. It is in the clear, and the stone work quite massive.
