SECRETARY WILSON

The people here have a cordial welcome for line. James Wince, U. n.,
secretary of agriculture, if for the other
resons then that he is giving to buduties of his office that personal and
practical shourt which makes him
familiar with the needs of various
parts of the country, and thereby adds
to he qualifications as a official.
We believe he is the first eccusivy if
agriculture in come to the case while
ha differ, and no direct butness connectes with his department, which is
intimately associated with the welfare
of a west counter of people in the part
of the norther.

Electricity Witcom to interested in the lifter of the suit and is described of duing all in the power is producted the expectation of duing all in the power is producted to a production of the expectation of the expectation of the expectation. That is in the purpose of the visit west, Washwest in government can do for the good of the farmer, gardeness, orchardled of subvirtables, in whitee to see done. It is giving particular attention in the engar need in whitee to see done. The legislary particular attention in the engar test in the last of the country sound life in the engage of the country sound in the engage of the country sound in the engage of t

claimed a room in the claim will find a much pleasure to the left here as the people feet innered and complimental in having him wome, and forther, that he will be gratified with the equivilian of such knowledge as will give him a clear comprehension it he aims and prospects of the respleasure.
