Interesting News Notes from Eastern Utab. Special Correspondence.

Vernal, Uintah Co., Feb. 28 .- The continued warm weather has brought us spring in earnest. Already plowing has ley. Even in the mountains the snow is settling fast, but thawing there hasn't yet commenced.
Mr. Sawyer of the Dyer Mine was in

town last evening, having just come down from the mine. He reports the snow about one third deeper than last season. The smelter has shut down for the season after quite a successful run. The ore they have been handling this time is quite a low grade so that not nearly so much bullion has been run out out still sufficient to net the company a handsome sum. Bee men are commencing active oper-

ations and anticipate an exceptionally big run for this season. The sum realized for the honey crop bids fair to be-come an important factor in the finances of our county. The fame of our honey is already widespread.

which there have been no less than six within the last ten days. Yesterday the funeral of Mrs. Bridges, an old lady, was held in Vernal. The Bridges family came to this county about a year ago.

There bids fair to be a lively stirring up among the saloon keepers of Vernel judging from rumors that are quite prevalent. Sunday drunks are be ing more and more frequent and are in fact a disgrace to our community. The charges against the town marshal are the forerunners of these events. A committee is at work making a thorough investigation and it is rumored that some sensational developments are sure to follow. President S. R. Bennion arrived here on Monday night after the
