SENATOR'S DAUGHTERS ON U. S. PAY ROLL.

Senator Jeff Davis of Arkansas, it is acknowledged, did nothing more than was within his legal rights when he appointed his two pretty daughters, Lina and Bessie, to position in the federal service. Every minority member of the senate has the appointment of one clerk and one laborer, and the thrifty senator simply seized the opportunity to get the money into his own family by making Miss Bessie Davis, the "clerk," his private secretary, and Miss Lina Davis, the "day laborer," his stenographer.

The salary of the private secretary of Senator Davis is \$1,800 per annum, while the salary of a "day laborer" is \$900. A few days ago the senator displaced his daughter, Miss Bessie, and gave the place to Henry Stewart, of Camden, Ark., who is a son-in-law of H. B. Smeed, a state politician.

MADAME LAURENCE FIELDER  
DISCUSSES AMERICAN FLIRT.

Madame Laurence Fielder, a distinguished French authoress, now in the United States on a mission from her government to study the conditions of the working classes, takes exception to the criticisms recently passed upon American women by M. Alexander Ular, of Paris, editor of Le Petit Journal. Mme. Fielder says M. Ular does not really understand his subject, and has formed his opinions on only superficial study. She declares it is impossible to judge all American women by one individual, and says the true American woman is a composite of all the races flocking here from Europe, with the very best attributes of all those races uppermost in her makeup, and consequently, she is the modern type of the very best femininity. Mme. Fielder, discussing M. Ular's charge that American women are flirts, admits the soft impeachment, but points out that flirting in France and America are two very different things. The French flirt, she says, breaks hearts; the American flirt frequently heals them. Mme. Fielder is certain that in American woman is certainly man's goddess, and deserves the position.

You don't really know what's good until you use Ghirardelli's Ground Chocolate

If you will drink Ghirardelli's Ground Chocolate with your meals every day for three months, in place of coffee or weak tea, you will find it a most refreshing and healthful substitute. The headache which you have almost come to consider inevitable and from which you secure only temporary relief by drinking more coffee, will entirely disappear and instead of arising in the morning feeling nervous and irritable, you will feel fresh and bright. You will find a clear brain and strong muscles. There is no drink so refreshing, strengthening or sustaining as a cup of Ghirardelli's Ground Chocolate. It is the original ground chocolate and is vastly superior to the out-of-date cake chocolates. The exclusive Ghirardelli process of preparation effects a thorough blending of the chocolate and sugar, and produces a most delicious flavor while rendering the chocolate easily digestible. It is also the most convenient form of chocolate, as it may be prepared instantly by the mere addition of boiling milk. Ghirardelli's Ground Chocolate will also be found superior to cake chocolates for cakes, puddings, candies, etc., etc., on account of its more convenient form as well as its delicious flavor.

Mrs. Thornton N. Motley, has departed for the south with her 15-year-old son, C. Merton Haley, in tow.

The chief cause of the family's anger seems to be the seniority of the bride. She declares she will not give him up.

"I am going to Chicago to meet my mother and tell her about my wedding," said the bride today. "My mother can prove that I am not 30 years old, as they say, I am only 28 years old."

The bride is the daughter of the late James W. French and a niece of Gen. J. C. M. Pennington, of East Eighty-second street. She was born in a Texas army post and has spent most of her life in army quarters the world over.

# Newbro's Herpicide

IS PRAISED BY

## PAULA A. EDWARDES

Paula A. Edwardes, the well known theatrical star, writes as follows:

"I am charmed with Newbro's Herpicide. It is a refreshing hair remedy, producing a beautiful luster and a luxuriance of growth; at the same time keeping the scalp free from dandruff. Very truly yours,  
(Signed) PAULA A. EDWARDES,  
New York City.

Good results from the use of Newbro's Herpicide mean as much to one person as to another, but on the other hand, the fact that leading theatrical stars prefer Newbro's Herpicide is an important point in its favor. Professional people have an inclination and an opportunity—not enjoyed by others—to discriminate in their choice of toilet remedies and their opinions should not go unheeded.

The extraordinary success of Newbro's Herpicide is due to the simple fact that it kills the dandruff germ. While other remedies treat the disease that results in hair loss, Newbro's Herpicide destroys the cause of the disease, after which nature grows the hair, if it is not too late.

Chronic baldness cannot be cured, but before the hair follicles are too badly diseased, one can, by careful treatment and intelligent sanitary care, keep down and ultimately destroy the tiny vegetable growth (dandruff germ) whose continued presence in the sebaceous glands of the scalp means hair destruction.

Ladies become enthusiastic over Newbro's Herpicide, because it brightens up the hair and keeps it light and fluffy.

Stops itching of scalp almost instantly.

Guaranteed under the Food and Drug Act June 30, 1906, Serial No. 915. Two Sizes, 50c and \$1.00 at drug stores. Insist upon Herpicide. Send 10c in stamps for sample to The Herpicide Co., Dept. L, Detroit, Mich.
