HORSE AND BUGGY RECOVERED

Stolen Outfit Located at Echo and Thief Captured at Evanston, Wyoming.

PEOPLE TAKEN IN BY A CROOK

Father Coming After Body of Deceased Fireman—Planting Mill Burglarized—Woodmen Elect Officers.

The horse and buggy which was stolen from Nelson & Fell Saturday last was recovered yesterday at Echo by the constable of that place. Although there was but one man in sight when the horse was hired at the stable, three appeared in the buggy when it was driven into Echo. At that place the thief traded the rig for a horse and saddle and rode away, presumably to Coalville. It is believed that the robbery of the grocery at Coalville Sunday night was the work of this trio of hard characters. Sheriff Bailey and Deputy Belnap were both in Morgan county yesterday working on the case. Belnap went to Evanston Monday night to work along the road this way, while Bailey was working east from Echo.

Word was telephoned last night from Evanston to the sheriff's office here that the thief had been captured at that town by Sheriff James of that county. Wyoming, and that Sheriff Bailey and Deputy Belnap would arrive in Ogden with the prisoner this morning.

PLANTING MILL BURGLARIZED.
Some time during Monday night burglars entered the Eccles planting mill and carried off about \$50 worth of valuable saws. The thieves had no difficulty in getting into the place and in making away with their plunder, but may have some in disposing of the tools.

COMING AFTER BODY.
The father of William Bartlett, the man who was killed by the blowing out of an arch line in an O. S. L. engine at Farmington, has telegraphed that he will come to this city and take his son's body back home.

TAKEN IN BY A CROOK.
Some time ago a number of Ogden people subscribed through a traveling solicitor for "The World Today," and paid the supposed agent \$1, for which they took receipts. The magazines have not appeared and one of the subscribers, James W. C. W. Baker, evening, wrote Page Co., Chicago, on whom the receipts were drawn, but received no reply. The receipts were signed with the name of S. M. Longworth.

BRIEFS AND PERSONALS.
P. D. McGill has been remanded to jail in default of \$200 bond to appear and answer a charge of grand larceny referred by his former partner in the shoe business.

The case of W. R. Gourlay, proprietor of the Utah park theater, charged with violating the Sunday closing ordinance by giving a show last Saturday evening has been continued in the municipal court to Friday morning.

John Bowman, son of Mrs. William Norman of Utah, suffered a fall from a horse yesterday in South Weber, which resulted in his receiving a broken leg. He is now in the hospital and the boy's father states that the injury was not due to being in the jump, and it is up to leave the boy disabled for a long time.

A fire alarm was sent in yesterday morning from the First National bank building, caused by a blaze in the store-room in the basement of the building.

HELD FOR ASSAULT.
John Anderson was given a preliminary hearing before Judge Howell yesterday on the charge of assault with a deadly weapon. The complaining witness, Peter Johnson, and other witnesses testified that last Thursday night in the North Star saloon on lower Twenty-fifth street, Anderson and Johnson entered into a dispute, that after quarreling for a short time their words led to blows, and Anderson, in the midst of the fight, pulled his pocket knife and slashed Johnson several times about the face and head, cutting deep gashes. The testimony appeared to show that Anderson had no provocation to assault his companion with a knife, and the court bound him over to answer to the charge to the district court, under \$250 bonds, which he was unable to furnish, and was therefore turned over to the custody of the sheriff.

Vinol is the Only Cure for Stomach Troubles. Her Letter Published for What It Is Worth by Druehl & Franken.

Mrs. Frank Mann, Vendome Hotel, Seattle, Wash., Director of Washington Lyric association, writes: "After suffering for a long time, and being unable to keep any medicine on my stomach, I was induced to try Vinol. I want to say that it is the best medicine I have ever seen for dyspepsia and all stomach troubles. It induced a splendid

did appetite and entirely cured me. Vinol is certainly a good liver oil preparation, for while the disagreeable taste of cod liver oil is entirely eliminated, it seems to retain all the life-giving elements, it purifies and enriches the blood, tones up the stomach and adds new life and vigor to failing health and energy. I cannot recommend it too highly."

We guarantee Vinol is the best remedy for stomach troubles, because where old-fashioned cod liver oil, emulsions and sickening drugs upset and damage digestion, Vinol finds a welcome and readily assimilated by the weakest stomach.

As Vinol contains in a concentrated form all of the healing and strength creating elements of cod liver oil, actually taken from fresh cod livers, but without oil or grease, it has genuine vital principles, enabling it to heat and tone up the irritated, worn, tired stomach.

We wish every person in Salt Lake City suffering with severe stomach troubles would try Vinol, on our guarantee to return the money if it fails. Druehl & Franken also Smith Drug Co., druggists.

GOOD HEALTH RECORD.

The health officer of the city reports only one contagious disease for the month of November. Lehi is one of the healthiest towns in the state. This is due in a great measure to the excellent artesian well water we have and the care the people take in keeping

their lots and surroundings in a sanitary condition.

The lower county road has been graded and gravel hauled thereon, putting it in first class condition for winter.

MISS JULIA A. IVERSON DEAD

Esteemed and Popular Young Woman Passes Away in Bloom of Youth.

Special Correspondence.

Salem, Utah Co., Dec. 5.—The funeral services over the remains of Miss Julia A. Iverson were held in the meeting-house at 2 o'clock today. Her sudden and untimely death is keenly felt not only by the people of Salem, but by the inhabitants of the surrounding settlements, where she was so widely known.

All recognized in her a loving and obedient daughter, a faithful sister, and a valiant worker in the many positions in which she has been placed in the ward; in fact, she was an ideal young woman, against whom no one was ever known to speak an ill word. The large doctor from the high eastern and love in which she was held by all. Old and young alike vied with each other in paying a tribute of respect to her memory.

The following speakers eulogized the sterling traits and noble virtues of the deceased, and offered the following words to the bereaved: Pastor Charles D. Evans, Elders James L. Brown, John L. Hayes, Chas. H. Wentz, R. J. Nuttall, J. S. Taylor, Peter O'Brien, Geo. Gardner and C. L. Olsen.

Beautiful music was rendered by the choir. The opening prayer was offered by Counselor W. Panter, and benediction was pronounced by Edwin Benning of the stake presidency. A very large cortege followed. The remains to their final resting place.

NEPHL.

ERROR IN ELECTION RETURNS

Miss Louisa Chappell Should Have Received Certificate—Irrigators Meet.

Special Correspondence.

Nephel, Utah Co., Dec. 5.—The annual meeting of the shareholders of the Nephel Irrigation company was held this afternoon, when the annual report was read showing that the company was in a fair condition financially. During the last year considerable work has been done at the head works to improve the flow of water. The report was accepted and the following gentlemen were elected to act on the board for the ensuing year: R. H. Evans, J. E. Irons, Geo. R. Howard, Roscoe E. Grover and J. W. Brough.

ERROR IN ELECTION RETURNS.

It has been discovered that the official returns of the recent election are not correct, as made by the county commissioners at their last session, in the instance when they declared that Mr. R. T. Cowan was elected over Miss Louisa Chappell by 5 votes, for the office of county recorder. The mistake was made in the Levan precinct in the totaling of the rolls. Mr. Cowan was credited with ten more than was cast for him. Miss Chappell's counsel is preparing to contest the election of Mr. Cowan in the courts.

Funeral services over the remains of the late Louis Chapin, who died at his home in this city on Dec. 3, were held from the stake tabernacle at 11 o'clock today.

NORTH OGDEN.

SHOCKING ACCIDENT.

John S. Chadwick Crushed on an Inverted Harrow and Severely Injured.

Special Correspondence.

North Ogden, Weber Co., Dec. 5.—One of the most distressing accidents that have occurred in this place for years happened last Saturday to one of our most highly respected citizens, John S. Chadwick. It appears that he and his little boy, Joseph, were endeavoring to unload a horsepower, the weight being too great for the limited help, it gave way, crushing him down with its full weight on an inverted harrow. Several of the teeth pierced his body in different places. Dr. Driver was summoned at once, and did what he could to relieve his suffering, and finally summoned assistance with the result that the patient was removed to the hospital to undergo an operation.

The foregoing is certainly a very unfortunate in the line of accidents during his life, having been carried home a number of times in a helpless condition.

A Seventies' Theological class has been organized with B. F. Blyskal, David E. Randall and George E. Brown as local members of the council in charge. Joseph B. Wallace, secretary, and F. W. Ellis, musical director. Meetings are held each Monday evening.

A meeting is called for next Friday evening of all the Priesthood, to consider the testimony of interest to the ward.

Our postoffice is again changing hands. At this time Amanda Ellis succeeds Geo. S. Dean. The office is in the Mercantile establishment of J. H. Marshall & Co., on Washington avenue.

We at last have a coal yard in North Ogden, running in full blast.

BEAVER.

FARMERS ENTHUSIASTIC.

Much Interest Taken in Institute—Dairying and Dry Farming for Beaver.

Special Correspondence.

Beaver City, Beaver Co., Dec. 4.—The farmers' institute of Beaver county, closed last night, at 10 o'clock after three long sessions yesterday. The forenoon session was devoted to talks from local men on farm methods, crops and soils of the different parts of the county. After which Dr. Witsoe discussed the various problems from a scientific standpoint. Many questions were answered and much discussion

was had on the topics before the institute.

In the afternoon Prof. Clark discussed dairy problems and advised the farmers to procure cattle of a milk strain, and to go into the dairy business in dead earnest. He said that in all of his travels through the United States he had never found a better dairy country than the Beaver district, due to the excellent pasture lands which abound here and to the abundance of lucern hay raised here every year. He told the farmers that they were doing them selves an injury to raise hay and ship to the shipping camps and other places. They should ship nothing from their farms but the finished product.

Dr. Witsoe, took up the question of dry farming, and gave the history of the same, the successful experiments which had been made and the amount of grain fed reduced to this kind of crop. He held that dry land farming could be done on thousands of acres of land situated in Beaver county, and advised the farmers to get together and experiment, if not alone do it as a union of farmers for their own satisfaction.

Many questions were answered and much enthusiasm was manifest on this subject.

In the evening a social was held at which a splendid program was rendered and a talk from each one of the professors was given.

The people feel that this institute is just what the farmers needed, and that they can go to their farms with renewed energies and accomplish something more than a little experience.

AMERICAN FORK.

EDUCATIONAL CONVENTION.

U. Y. C. Faculty, Orchestra and Brass Band capture the Town.

Special Correspondence.

American Fork, Utah Co., Dec. 5.—The U. Y. C. University held a very successful convention here last Saturday for the benefit of the Alpine stake of Zion. Sessions were held in Science hall in the afternoon and evening. The faculty, orchestra, choir and brass band, about 75 strong, captured the town.

The brass band, with colors flying, serenaded the town, being driven through the principal streets behind two pairs of beautiful horses, belonging to Mr. A. Chipman.

At the afternoon session some good musical lectures were delivered by Professor Brimhall, Prof. Keeler and Eastwood, with readings, instrumental and vocal music, before an appreciative audience.

At 7 p. m. Science hall was again crowded to its utmost and all the students of the school were present for two hours a beautiful program of short speeches, by Prof. Hinkley and Brimhall, solos and quartets and instrumental music held the vast congregation almost spell bound.

The young people present were certainly entertained and many resolved to attend the splendid school in the future.

From 9 to 11:45 all the people here, together with about 250 more of the university students who came over on a special train, enjoyed themselves in the social dance in the Apollo hall.

The visitors returned to Provo by special train, leaving here directly after the close of the party.

Much good will certainly be the result of this convention and our already large roster of students from the Alpine stake will be increased very materially.

William Merrill, charged with forging a postoffice money order at the Thermopolis postoffice.

In the case of Mrs. Minnie Knifong, assistant postmaster at Lander, who was charged as accessory in the postoffice embezzlement case, no bill was found, and she was ordered discharged and her bondsmen released.

In the case of Milton Hardisty, charged with unlawfully appropriating government property at the forest reserve near Pinedale, no bill was found, and he was discharged and his bondsmen released.

The grand jury, after filing its report, was thanked by Judge Kiser for the work done and was discharged. The testimony showed that Mrs. Knifong was in no way to blame for the Lander postoffice shortages. She had remained reticent in the matter in order to shield her brother-in-law, Smith, but he attempted to shift the responsibility on to her. Smith will be tried at this time of court.

Harry Brennan and Ed. Thorpe will also be tried at this time.

RAYMOND, CANADA.

FARM INTERESTS FLOURISH.

Weather Warm and Pleasant—Building Operations.

Special Correspondence.

Raymond, Canada, Nov. 25.—The sugar factory is still making a splendid crop. The best crop has been expected, but where the crop received proper attention the yield was good and the future in beet culture is bright. The warehouse at the mill is now full of sugar.

The flouring mill is doing a good business, but there is no surplus of grain. A greater acreage of winter wheat is planted than ever before, and the fall planting last year produced a good crop. Some are planting spring wheat now, that will freeze up in the ground and come up early in the spring, claiming that this will then produce a much better crop than the wheat planted in September as the dry season affects it.

The weather is still quite pleasant and plowing is still going on. This will assist some people to know that no frost to speak of has come yet. The first hope is to get a better crop a nearing completion. The roof is now being put on. Silver's home is just completed and he is having an artesian well driven. The people are watching with interest the progress on it. They got a small flow but are going down deeper in hopes to get a better and more permanent flow. If artesian
