3:35 p.m.—The mob is still defying the police, who have not yet been able to disperse them. When driven from one street they invariably congregated upon another, leaving the police to do their work over again. This continued during the afternoon and it was nearly dark before the people finally dispersed. All the saloons on the East side have been ordered closed until the difficulties are settled. It is the intention of the police to use every effort to quell the disturbance. The situation has become precarious and trouble is expected at any moment. It is stated that Bishop Borgess is convinced that the deposed priest, Father Kalosinski, is inciting these disturbances, and under no circumstances will he allow the priest to be reinstated. The Bishop's secretary says all trouble has been traced directly to Father Kalosinski, whom he considers the originator of all the different moves of the rioters.

SAN FRANCISCO, 26.—In the United States Circuit Court, this morning, Judge Sawyer rendered a decision in favor of the plaintiff in the suit of Sharon vs. Hill, brought to declare void the alleged marriage contract.

The action was brought by William Sharon against Sarah Athea Hill to declare null and void the contract upon which Superior Judge Sullivan granted the defendant a divorce from plaintiff a year ago.

The decision, after stating the evidence in the case, covers 1,781 pages of legal cap, written with a type-writer, and refers to the refusal of defendant to produce the alleged marriage contract before the Examiner and her

WASHINGTON, 27.—Mr. Bigelow's letter to the President declining to accept the office of Assistant United States Treasurer of New York, will not be given out for publication at present.

Col. Lamont said to-night: "Mr. Bigelow's declination to assume the great responsibilities of the office and its duties, was because of its being not congenial to his tastes."

WASHINGTON, 27.—The *Sunday Capital* says: A bill is to be introduced to Congress to lend the name of Government to the International Exposition, which is to be held in Chicago in 1892, to commemorate the four hundredth anniversary of the discovery of America.

Chicago people are a good deal interested in this enterprise, and are going to push it with the energy that has made that city famous. The Exposition will be planned after that of Philadelphia and similar legislation is desired, except that no financial aid or guaranty is asked from government, the people of Chicago agreeing to foot all the bills.

The revenue cutter has returned from the Quilleyute country where the Indians were reported in insurrection. No trouble had occurred except that some settlers had tried to drive the Indians off the land on which they lived, to which the natives objected. Officers in charge of the troops state that the Indians require more protection than the whites in that neighborhood as they are badly imposed on. A reservation should be set apart for the use of the Indians at Quilleyute and whites kept from settling within its bounds.

KANSAS CITY, 27.—On Christmas night, at Little Rock, Mo., Frank Vaughan was married to Eliza Swope. Immediately after the ceremony, while Vaughan and his wife were standing at the window they were fired at from the outside, the ball grazing Vaughan's head. It was thought the shot was fired by Abraham Nave, a cousin of the bride, who had threatened that if she did not marry him he would shoot the man she should marry. Last night Nave visited Vaughan's at Argentine, Kansas, and said reports of the Christmas affair worried his mother, and asked that Vaughan and his wife accompany him to his home and deny that they suspected him. That morning they started on horseback. When half the journey was completed, Nave rode up in a buggy and shot Vaughan dead, then rode home, and upon the approach of the officers killed himself by shooting.

CHICAGO, 27.—Seventy-five or a hundred representatives of the socialistic element of Chicago held their usual Sunday meeting to-day and occupied an hour or so in discussing the "need of socialism." Contrary to the expectations of a good many people in the city, yesterday's dynamite sensation was not touched upon and very few inflammatory expressions were indulged in.

There was a large attendance at a mass meeting of the Central Labor Union held to-day, at which a number of anarchists were present. George Schilling delivered quite a lengthy address on the advantages of the eight-hour system and Paul Grattken speaking on the same subject, took occasion to refer to the anarchists as injuring the chances of the eight-hour law through their extreme views on labor questions. Anarchists present greeted this remark with hisses, but were allowed to remain, after a discussion as to the advisability of turning them out of the meeting. Among others the following resolution was adopted:

Resolved, That this meeting condemns the hypocritical and unfriendly position taken by the anarchists with regard to the eight hour demand of the

proletarians and in consequence hindering the accomplishment of their purpose. No further light has been thrown on the mysterious attempt to blow up Judge Trees dwelling.

SAN FRANCISCO, 27.—Pursuant to instructions from the Secretary of War in Washington yesterday, orders were issued to troops A and K, Second Cavalry, to proceed to Arizona. They are dispatched to protect the Indians on the San Carlos reservation from a threatened attack by whites. Major Gordon will command the cavalry. The date of their departure will not be fixed until a dispatch is received from Gen. Crook indicating the point in Arizona for the troops to take up position.

Mrs. Elliott F. Shepard, daughter of the late Wm. H. Vanderbilt, arrived home this morning on the steamship *Servia*, her presence being necessary to probate her father's will. The necessary legal steps can now be taken without further delay.

WASHINGTON, 28.—In response to urgent telegrams from Senator Fair, the Secretary of the Treasury has decided to send a search party after the missing whaler *Amethest*, supposed to have been cast away in Behring's Sea. Telegrams were sent to Commander Hooper, of the revenue steamer *Rush*, and Commander Realy, of the *Corveta*, at San Francisco, directing them to confer together with a view to the selection of one of these vessels to undertake the search. It is believed that the steamer will be ready to sail in four days after the selection is made.

The *Rush* is a new vessel, comparatively speaking, but the *Corveta* is in good repair, and only last summer returned from a cruise through the waters where it is supposed the *Amethest* was cast away. From advices received from San Francisco, it is believed that it will not be possible to force a passage further north than Seal Islands, between 150 and 200 miles north of the Aleutian Islands, and well up into Behring's Sea. The relief steamer will put in at Unalaska for coal and such stores as may be needed.

CLEVELAND, Ohio, 28.—At noon today an unknown woman jumped from the third floor of the Tracy Block, in Monumental Park, to the street below. Her skull was crushed and she was terribly injured otherwise. The room from which she sprang was occupied by David Eckhart, a Broadway coal dealer. Eckhart left the room at 6 o'clock this morning, but the woman evidently remained in bed until a few minutes before she made the dreadful leap. She did not dress herself, but wrapped a blanket about her person, and stepping to the window sprang through it head first. The woman was taken to the hospital.

WASHINGTON, 28.—No determination has yet been reached in the matter of filling the prospective vacancy in the New York sub-treasurer's office that will occur upon the expiration of the action of the commission on Dec. 31st. It is rumored around the Treasury Department that Treasurer Gordon would go to New York and care for the office until a permanent appointment could be made.

CHICAGO, 28.—The police furnish details of an extraordinary piece of vandalism occurring in the St. Elizabeth Roman Catholic church, corner of State and Thirty-first streets. Unknown persons entered the church several nights ago, tore down and completely mutilated sixteen oil paintings which were on the wall, tore down all the figures in the niches, went into the sanctuary and threw vestments around and spilled wine found there over them. Passing into the school room the desks were overturned, books strewn around and the walls bespattered with ink. No cause is assigned for the wreckage and no arrests have been made.

## FOREIGN.

PARIS, 24.—The Chamber of Deputies has adopted the Tonquin credit by a vote of 284 to 270. It is rumored that owing to the closeness of the vote the Cabinet has resigned.

ROME, 24.—The Pope gave a Christmas reception to-day to the Cardinals of Rome. He complained of the present trying position of the Pope in Rome and said it would ever be so until Rome was given back to the Vatican. His Holiness in an encyclical letter proclaims 1886 a year of jubilee.

PARIS, 25.—The vote on the Tonquin credit is virtually a defeat of the government. Twenty-four conservatives, who would have opposed the credit having been deprived of their seats. A cabinet council has been summoned for to-morrow. The ministers will perhaps retain their portfolios until after the meeting of Congress to elect a President of the Republic.

PARIS, 26.—The majority of the newspapers here protest that the Brisson ministry will resign after the session of the chambers is renewed, in favor of De Freycinet.

Ferry writes to *Le Temps* that in the debate on the Tonquin credit Thursday, Clemenceau misrepresented him by reading only a portion of a dispatch sent by him to Baron De Courcy, French Minister to Germany, in reply to a dispatch from the latter, conveying an offer made by Bismarck to act as mediator between France and China. Ferry says if the whole dispatch had been read, it would have been shown that the dispatch was written before the disaster to the French troops at Lang Sou.

It is generally understood that the Brisson Cabinet will resign and that De Freycinet will form a ministry after

the re-election of Grevy as President of the French Republic, which now appears certain. Grevy will mark his re-election by proclaiming amnesty to all political offenders.

LONDON, 26.—A despatch from Paris says that the premiership of Brisson is collapsing. A number of his former staunch supporters are deserting him.

LONDON, 27.—The *Economist*, referring to the political situation, says: The Tories and Liberals have drawn nearer together and have resolved to reject the crude proposal for an independent Irish parliament. The British Parliament is still master of itself. Parnell has undertaken a hopeless and impossible task in attempting to make 85 members dictate to 504 members.

CORK, 27.—All efforts to harmonize the differences between the Cork Steam Packet Co. and the Cattle Dealers Association have failed. The disagreement between the representatives of the two bodies on the 23d inst. culminated in a meeting in this city today of the cattle dealers, during which a strong protest was made against the action of the steamboat company. A considerable amount of capital was represented at the meeting and resolutions were adopted favoring the organization of an opposition Steam Packet Company. Acting thereon, it was also decided to immediately issue a prospectus with that in view.

DUBLIN, 27.—Evidences of more than ordinary bad feeling among the local factions in Ireland have forcibly shown themselves recently, and continue to give municipal and police authorities very great concern. An example of the increasing irritation manifested itself yesterday when a house in Cregagh, Limerick, occupied by a man named Blake was besieged by his political opponents. The assault seems to have been expected. The friends of Blake were not slow in rallying to his defense. They immediately engaged in a desperate conflict with the besieging party, women as well as men, took sides in the battle, and sticks, stones, guns and pistols were handled with savage earnestness. It was fully two hours before the police, who were called upon to disperse the crowds and arrest the rioters, succeeded in restoring order. The latest accounts record at least 20 persons, including several women dangerously wounded in the battle. The police, who were not at first able to command peace, were reinforced. As soon as that fact was evident the rioters gave way and with their augmented strength the police succeeded in making a large number of arrests.

LONDON, 27.—Albert Girdwood, wool broker, Tanfield, Edinburgh, has suspended payment. His liabilities are believed to amount to £150,000.

LONDON, 28.—It is stated here that Russia and Austria are secretly arming and that both of those countries have sent orders to England for large quantities of stores for their respective armies.

PARIS, 28.—M. Grevy was re-elected President of the French Republic today in joint vote of the Senate and Chamber of Deputies acting as the National Assembly. The balloting was carried on amid great excitement. Only five members of the right cast ballots. Grevy's total majority was 135.

The space reserved for visitors in the Chambers was crowded long before the hour appointed for the election. The streets in the vicinity were also thronged with people. Proceedings in the Chamber began at 1.15, amid considerable excitement. The President of the National Assembly was unable to preserve silence. Members of the right became so turbulent that the President threatened to suspend the sitting. Members of the right then asked for time to speak before a vote was taken, and their request being refused several of them tried to gain the tribune. A fight ensued between a member of the left and one of the right, and several blows were exchanged before the combatants could be separated by their friends. A lull in the demonstration then followed and the balloting took place.

## CORRESPONDENCE.

### FROM A MISSIONARY IN ENGLAND.

Showing up one of the Methods of the Female Anti-Mormon Missionary Teachers sent to Utah

MOORSIDE, Swinton,  
Near Manchester,  
Dec. 11th, 1885.

Editor *Deseret News*:

On the 15th of April, 1884, I left Salt Lake City for a mission to Great Britain, in company with some fifty other missionaries and visitors to the "Old World," and after a pleasant trip both by land and water, arrived at Liverpool on the 3d of May. I was assigned to the Leeds Conference, under the direction of Elder C. H. Rees, where I labored with much satisfaction until the 25th of May, 1885, when I was appointed to travel in the Manchester Conference.

I have enjoyed my labors here very much, especially in the summer, while preaching in the open air, in company with Elder E. T. Woolley. I held fifty meetings last summer, mostly in the Manchester Conference. We received a great deal of opposition, from both priest and people, and were driven out of one place, still we received no personal injury, although if words could have done any harm we would have been drowned, kicked and pelted

with mud. The Elders are all feeling well in this Conference notwithstanding the hard times in England, and are adding to the fold of Christ.

In the district where I am now laboring, there is a sister living who has a husband in Fairview, Sanpete County. For some reason or other she did not emigrate when he did, but correspondence has been kept up between them ever since, although some years have elapsed since he left England. A few months ago a daughter, residing with her mother, wrote to her father, and addressed the letter as her mother had all previous letters, to John Briggs, Fairview, Sanpete County, Utah—and after a delay of ten weeks received the letter enclosed. I thought it a matter worthy of being published in your paper, and leave it with you to do as you see proper. If missionary teachers or their friends are allowed to open letters with impunity, there are many others that may lose track of their relatives and friends. The mother and daughter feel very bad over the affair, as the mother is in very poor health, and of course not being able to hear from the husband and father makes matters worse with them. He always has answered promptly before, and both he and his mother are well known in Fairview, his mother having lived there for many years.

Trusting you will publish the doings of "a missionary teacher," and by so doing perhaps find the whereabouts of John Briggs. I remain your Brother in the Gospel of Christ.

W. C. B. ORROCK.

THE LETTER.

EPHRAIM, Sanpete Co., Utah,  
Nov. 3, 1885.

My Dear Little Girl:

Your letter was lifted and opened by an acquaintance of mine—named Briggs—but he is not your father. I tried to look him up, for your letter touched my heart. Can hear of no one of that name in Ephraim. I hope and pray your father has not become a Mormon and claimed the right to take another wife. Such is the rule in Utah. Ask God to help you; He alone can. Go to Him, as a little child to its father, and He may bend a listening ear. I am a missionary teacher. Your letter fell into my hands and I feared that you and your mother would wonder why it received no answer. May God bless and keep you, and restore your father to yourself and your dear mother. Never come to Utah as a Mormon. It is a dreadful delusion.

Your friend, hastily,  
L. C. REA.

### STANFORD'S BEQUEST.

SENATOR LELAND STANFORD has been lauded to the skies through the press of late for his unprecedented generosity and public-spiritedness in endowing a university in California with real estate and money variously estimated in value from \$15,000,000 to \$20,000,000; but if the following be true, which we find in an eastern exchange, the generosity of his motives is rather questionable:

"A California gentleman and a lawyer who is now in Washington, says that he has examined the papers conveying this alleged bequest, and he has found that the generosity connected with it is not of that lavish character which has been so picturesquely described in the laudatory articles of the high-flavored California newspapers. He says that in the State of California they have a law which provides that the State can accept bequests from private individuals for certain purposes of charity or public benefit, and that such bequests when accepted are free from State taxation. Senator Stanford made this bequest to the State, but coupled with it certain conditions. He stipulated that he should have the election of a trustee or a director who should have absolute control of the bequest, its investment, and who should decide what should be done with its income. This director was to have absolute control of everything relating to this fund. The senator further provided that the bequest might be revoked at his pleasure. The State accepted it, subject to the conditions. Then Mr. Stanford named himself as the director. He by doing this has placed his \$15,000,000 under cover safe from taxation, while he remains in absolute control of it. Whenever it pleases him to put this money back into his own pocket he can so do. This is very nearly the same kind of bequest that is given by the ingenious youth on the 1st of April, who leaves a pocket-book on the sidewalk with a string attached to it, which he safely works in the security of some hidden place."

### California Syrup of Prunes.

The best physicians state that great injury often results from a wrong use of violent purgatives. They frequently injure the delicate membranes of the stomach and other organs, thus producing disease, and in some cases even death. Their harsh action is usually followed by re-action, and the victim has to use them in increasing doses, until, in many cases, his health is ruined. Syrup of Prunes, the new fruit laxative, is mild and effective, never gripes, and is safe. Sold by Z. C. M. I.

The most efficacious stimulants to excite the appetite are *Angostura Bitters*, prepared by Dr. J. G. B. Siebert & Sons. Beware of counterfeits. Ask your grocer or druggist for the genuine article.

### Nature's Own Laxative.

Indigestion and biliousness are the most common of all human ailments. A natural flow of bile from the liver is essential to good health. When this is obstructed, the food does not digest properly, the blood—the very life of the body—becomes impure, and this leads to many and often serious resulting disorders. It is well-known that nature has provided a natural and harmless laxative in a common California fruit—the prune—and this is made the basis of the new and wonderful remedy known as Syrup of Prunes. Sold by Z. C. M. I.

Pneumonia has been conquered at last by Red Star Cough Cure. Twenty-five cents.

### A WALKING SKELETON.

Mr. E. Springer, of Mechanicsburg, Pa., writes: "I was afflicted with lung fever and abscess on lungs, and reduced to a walking skeleton. Got a free trial bottle of Dr. King's New Discovery for Consumption, which did me so much good that I bought a dollar bottle. After using three bottles, found myself once more a man, completely restored to health, with a hearty appetite, and a gain in flesh of 48 lbs."

Call at Z. C. M. I. Drug Store and get a free trial bottle of this certain cure for all Lung Diseases. Large bottles \$1.00.

B. H. Douglass & Sons, Capsicum Cough Drops are manufactured by themselves and are the result of over forty years' experience in compounding cough mixtures.

### SUCCESS.

The sale of Syrup of Figs is simply immense. Everyone is taking it, and it is the best medicine ever used. Children cry for it on account of its pleasant taste, and grown people who have used it once never take any thing else. Unlike other remedies for biliousness and constipation it never loses its power to act, and it always leaves the organs on which it acts stronger than before. Besides, one feels fresh and bright and realizes that it is Nature's own true laxative. Z. C. M. I. Drug Store, Wholesale Agents, Salt Lake City.
