EASTERN DISPATCHES.

WASHINGTON, 19.—It is understood that the majority of the judiciary committee will report a resolution, referring to the question involving the transfer of land from the State of California to the central branch of the Union Pacific, the central branch of the Union Pacific, and the St. Joseph and Denver City Co's, back to the department of internal revenue, for the reason that the House did not send the Judiciary Committee to select persons and papers. The minority will recommend the passage of a resolution that the assignment of the Hannibal and St. Joe Co. to the central branch of the Union Pacific be not binding on the United States, and that the latter company are not entitled to any of the lands claimed by it, and that the Department of Internal Revenue has no protection of the lands which it claims.

A New York special reports the discovery, in Broome County, of a vein of gold, very pure, by workmen engaged in sinking a coal shaft.

A Chicago special speaks private advices from Rome says that at the consistory of the Roman Catholic church to be held at the Vatican this month, at least twelve or fifteen new cardinals will be elected. There is very good ground to doubt that Archbishop McCloskey will be one of them, and eleven names are mentioned, of expectant recipients of the cardinal's hat. These being the Archbishop Manning and the Archbishop of Munich, Cologne, Michlin, Dechamps, Posen and the P-trarch of Lisbon who makes an excellent claim to the dignity by virtue of a privilege accorded by Clement Eleventh. To these are added the names of four high officials to the former papal government: Rundi, prefect of police, Negroni, Minister of Justice, Infante, Vice-Minister and Denoberto. Archbishop Spaulding, of Baltimore, would no doubt have been made a cardinal, but for his death. That increases McCloskey's chances. His friends here regard the election as unquestionable.

A Washington special states that the bill reported by the Senate finance committee for the relief of Chicago, was not, as stated, the same as the "Free Press" Case. The former bill, providing for a money subsidy, but a bill naming the special articles to be admitted free of duty, such as marble, lumber, nails, glass, etc., and other materials used for building.

LONDON, 19.—Gladstone entertained Minister Schenck at dinner, on Saturday.

MADRID, 19.—The Ministry had resigned, Sagasta will probably be entrusted with the task of forming a new ministry. There is considerable agitation.

THE MORMON TRAILS.

U. S. District-Attorney Gates of Utah has arrived in town to consult with the President and Attorney-General with regard to further legal proceedings against the Mormons. Mr. Ester's solution of the polygamy problem is as follows: He recommends that the Act of Congress passed March 3, 1876, forbidding the Mormon people to marry more than one wife, be repealed, and that all the indictments now pending under the Territorial statute for "lewd and lascivious cohabitation" be abandoned, and no further prosecutions instituted for past offenses, but that the Mormons be given to understand that any person who in future contracts a polygamous marriage shall be punished. The murder cases, he thinks, should be prosecuted. He also suggests that the message by Congress of a law authorizing the appeal of criminal cases from the Supreme Court of Utah to the Supreme Court of the United States. If this were done, he says, Brigham Young would object to the repeal of the act prohibiting violating the statute in question, and a case could be made up and a decision handed from the Supreme Court during the present term. The Estates of deceased Mormons are disposed of through Delano Hopper, who is authorized of being admitted as a State tax collector.
