## THIRTY THOUSAND SIGN PETITIONS

From All Over the State Come Signatures for Prohibition in Utah.

SEEMS TO BE UNANIMOUS.

Resolutions Are Still Being Passed—Letter From a Boy—Who Pays the Revenue?

The names of over 15,000 more people petitioning the present legislature to grant them prohibition, have been received at the local headquarters since last Saturday. The total number of petitioners at present is nearly 30,000. From Cache county came a petition together with a letter stating that over 95 per cent of the people had signed their names to the appeal. At a convention of the Sunday school workers of Nebo stake, held at Payson, Sunday, a resolution favoring state-wide prohibition was presented and adopted, without any discussion or plea being made. The convention represents over 400 officers and fully 5,000 pupils of the Sunday schools. The above information would indicate that the people are informing themselves on the matter, and are determined to have their wishes known.

As an indication of the effect the appearance of drunkenness has upon the child the following letter received from an 11-year-old boy living in this city, is reproduced:

Salt Lake City, Jan. 16, 1909.  
Dear Sir:—I think men should not drink whisky because they come home and abuse their families and they spend for whisky what ought to be used for their family and home. Once while I was upon Seventh East and Third South I saw the patrol come up and get a man, then afterwards I found by his mother who was about 85, that while she was in on the bed that he came in drunk and pushed her down and nearly broke her ribs and her hand was cut when he had pushed her through the window, and she said that he was a very good man when he was not drunk and she said that she was afraid that he might sometime kill her.  
WILLIAM HOOK, Aged 11 years.

The prompt action of the "News" in exposing the activity of the liquor dealers in going around with petitions representing themselves to be friends of the movement for prohibition, has had a salutary effect. The letter written by Mr. Mulvane, president of the Typographical Union of the city, to the National Bank of the city, and published in the "News" apparently has been a bomb in the camp of the brewery interest. The statement that prohibition killed business wherever it has been adopted, is forever shattered by the letter of Mr. Mulvane. As an indication of the "revenue" which the saloon pays to the community, the saloon owner stated that he "had taken" over \$5,000 clear, during the holidays. His pro rata of license for this length of time was \$25. The question prohibitionists are asking is: "Where did the \$5,000 and the \$25 come from?"

**BARBER USES A HAMMER.** Stranger Who Insults Woman Gets Prompt Treatment.

There was considerable excitement on Main and Second South streets last night, caused by a fight between Geo. Tostevin, a barber, and a stranger who could not be located after the fight. The mixup was caused by the stranger making an insulting remark to Mrs. Tostevin who, with her sister, was standing on the sidewalk near the entrance to the barbershop. Mrs. Tostevin was waiting for her husband, when a stranger walked up to the woman and made some insulting remarks. Mrs. Tostevin called to her husband and he rushed out of the barbershop armed with a hammer. He lost no time in taking after the stranger and the latter knocked Tostevin down. The barber was not to be outdone, however, and landed a blow with the hammer on the stranger's skull. The latter went down and out and then bystanders interfered. No arrests were made.

**A MATTER OF CHOICE.** Really, as a matter of choice, you would rather have ten persons deposit \$1 each than one person \$10; or ten persons deposit \$100 each than one person \$1,000; or ten persons deposit \$1,000 each than one person \$10,000.
