OCTORED WITHOUT RELIEF PERUNA SAVED HER.

Mrs. Thomas Hover, R. F. D. No. 1 Montague, Mass. writes: "As I doctored over a year without any relief and kept getting worse, I gave up all hope of ever getting well again. I was all run down, could eat scarcely anything. I was nervous and had such terrible pains in my right side and shoulder.

"I happened to see one of Dr Hartman's booklets and wrote to him for advice, and followed it as he said. "I cannot express how grateful I feel for Dr. Hartman's kind advice and Peruna.'

The music committee, through its chairman, Prof. McClellan, has secured the services of Fred Graham, who acts as secretary in looking after the details for the committee. Both McClellan and Graham promise that on the morning of Monday, Aug. 9, when this great national affair opens, that nothing will remain undone in the way of music, although there yet remain many de-tails to be worked out. A big task for the committee has been the arrauging of music for the "greetings" which take place at the Tahernacle Tuesday night, Aug. 10, and for the eight campires which take place at the Assembly hall and the Armory, the first four nights of the encampment. Northwest. An additional couple of Pullman cars have been secured for the special train which is to carry the Tabernacle choir on its trip to Seattle. To date nearly 100 applications for berths have been

turned in to the secretary, George C. Smith, at the presiding bishop's office, his week. Arrangements have been made with he Oregon Short Line and the Northern Pacific to make the tickets good for 30 days to such as do not wish to return with the choir which under present arrangements will leave Seattle after the steamer trip on Sunday, Aug. 29, for home. Any of the members of the choir or their friends who accompany them on the special may return via San Francisco, providing arrangements are made with the railroad company prior

to the special train leaving Salt Lake for the northwest. The railroads have conceded this upon the payment of \$23 in addition. These two points make the trip more popular than ever and it is safe to say that the secretary will at the last have to refuse to book the

tardy ones who failed to get their reservations during the coming next 10 days. The special train will pull out of Salt Lake Saturday, August 21, at 8 p. m., from the Oregon Short Line depot and will arrive at Boise about 9:30 the next morning. Here a stop will be made and the excursionists will take in the sights prior to the sacred concert at the Pinney theater in

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and there-fore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally it, doses from 10 drops to a teaspoonful. Its acts di-rectly on the blood and mucous sur-faces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. STEAMBOAT COMING.

Arrangements have been made for having on hand some of the old time buckers. Steamboat, the fire-eating buckers. Steamboat, the infe-eating bronco, who has been known to throw every man that ever cast a leg over him, with the exception of Dick Stan-ley, will be here with renewed/ vigor. Archbishop wasn't injured last year Archobshop wash't injured last year at Cheyenne when he kicked the mov-ing picture machine to pieces, and will be spur proof as usual. Oscar Gray will bring on Red Eyed Charlie and Winnamuca Dick, the latter a shifty roan with nasty habits. Bear River, the fostst running hucker even under the fastest running bucker ever under saddle, will share the honors with Beaver and Red Bird. Sad Eyed Liz has a local reputation in one part of Idaho and her owner says that she was built for the professional class.

PLENTY OF PRIZES.

Five thousand dollars in prizes has been hung up and no one will be able to take away the money without a fight. Besides the regular roping and fight. Besides the regular roping and riding events, and the Indian entries, great interest centers around the La-dies' cow-pony race for a purse of \$50 and the Ladies' relay race for \$500. The wolf roping event is calculated to arouse no end of enthusiasm. Custer's last charge will be given for the evening performances follow:

Nor for Joella Irmin, who won out at Cheyenne last year in the ladies' cow-pony race. Miss Mattie Pawson of Chey-enne, Mrs. C. A. Clayton of the same place, Miss Cressie Dearborn of Ft. Collins, Miss Clara Minor of Greely. Miss Jessie Evans of Longmont, and Mrs. Maj. Myton of Salt Lake, besides a number of local girls, particularly from Logan and Provo, have all en-tered for the above mentioned two events.

INDIAN RACES.

The different Indian races will be featured in the program. And it is ex-pected that some of the redskins will make their pale-faced brothers ride the make their pale-raced brothers ride the tails off if they want to win. The In-dians will come arrayed in paint and feathers, with squaws, tepees and papooses. For straight bareback riding these "First Americans" can't be exthese "First Americans" can't be ex-celled. Among their number are two or three squaw-men, who combine all the fearlessness of the white together with the agility and suppleness of the darker race.

The entire retinue of the show, numbeing close to 1,000, will be part of the Wizard of the Wasatch parade which is to be held on the evening of the 9th. The typical cow-puncher is as much given to show with his red bandana around his neck, his wonderful chaps, his quirt, spurs, and rope as is the Indian with feathers and paint, and no sooner was it learned by them that there was to be a parade than they in-sisted on being in the big walk around. "We'll herd them alt fellers in pink pajamas right," said one of the men from the plains who is already in town, "and if the Wiz, don't like the celebration that is bein' pulled off fur his benefit, we'll start one of our own."

ELLERY'S BAND AT SALTAIR.

The first concert at Saltair by Elery's famous Italian band will be given next Tuesday evening. The entire program is one of high order, many of the numbers being favorites among local musicians. The concerts will be given in the main pavilion. In addition to a concert each evening, there will be an afternoon program each day after Fuesday. For Tuesday evening, the following program will be rendered:

knife bucks and go through the usual contortions of a broncho which does not want to be conquered. While all this was going on many children were play-ing along the street, and that some of

them were not badly hurt or killed out-right is little short of marvelous. Mothers are frightened, fathers are angry to the point of physical remon-strance, complaints galore are made but the din and danger continues. The police have been called upon sev

eral times to see that the law is obeyed but they have done nothing. Residents say that if something is not done at once to stop the dangerous and unlaw-ful practise they will take a hand in the matter and put a stop to it.

While absent from her home for but a few minutes yesterday, Mrs. Sarah B. Dailey of 338 north Ninth West street, was robbed of \$140, which she had secreted in the pocket of a dress hang-ing in a closet In reporting the loss to the police Mrs. Dailey said she had

gone across the street to call upon her sister for a few minutes. That was the only time she had been absent from the house during the day, but when she went to the closet later to secure the money she found it gone. She was unable to give any clue to the thief.
