Last Night's Dispatches

CONGRESSIONAL.

SENATE.

Board of Transportation—Appointments.

WASHINGTON, 27.—On motion of McCreery the credentials of McMillan, as senator from Louisiana, were re-committed to the committee on elections.

The committee on banking and currency to-day added to the bill pending before them clauses looking to the resumption of specie payment.

The President sent to the Senate to-day the following nominations: Edwin M. McCook, of Colorado, to be Governor of Colorado; John W. Jenkins, of Virginia, to be Secretary of Colorado; T. B. Searight to be Surveyor General of Colorado; Albert G. Colemell, of Ohio, to be consul at Ancona.

Sumner's Civil Rights Bill.

Sumner's bill, supplementary to the act to protect all citizens of the U. S. in their civil rights and to furnish means for their vindication was taken up.

Terry, of Conn., moved to refer the bill to the judiciary committee.

Sumner opposed the reference and said he could see nothing in it but a mode of opposition by delay. The bill should have been acted upon the first day of the session. It was the darling desire of his soul to have this great question closed now, so that never again in our legislation such a word as white or black should appear, but that legislation should be only for citizens.

Frelinghuysen, a member of the committee, thought he could assure Sumner that if the bill was referred to the judiciary committee, it would be perfectly reported back within two weeks.

On this assurance Sumner was willing to consent to the reference.

Edmonds, Stewart, and Morrill, of Me., favored the reference, and the motion to refer was agreed to.

Election of Presidents—National Banks.

The joint resolution proposing an amendment to the Constitution, making the election of the President by direct vote of the people, and abolishing the office of Vice president, being next on the calendar, Sumner, who introduced it, spoke briefly in its favor.

Merton said the committee on elections was considering the subject and would report soon.

The resolution was referred to the committee on elections.

The bill to authorize the organization of national banks without circulation was then taken up.

Morton offered, as an additional section, his bill authorizing the national banks that have received their capital stock to withdraw their proposition bonds upon reducing their own circulating notes, and depositing a legal proportion of lawful money in lieu thereof.

Thurman opposed the bill. He did not think Congress had power to charter banks in this way without limitation.

Bayard offered an amendment to strike out that part of the bill which authorizes the organization of banks without circulation upon depositing with the treasurer of the U. S. $10,000 in registered bonds, so that the bill would only authorize the national banks already organized without circulation to withdraw their bonds in excess of $10,000, and the national banks to withdraw their bonds on deposit as security for their circulating notes, in amounts of ten thousand dollars, upon returning the comptroller of the currency lawful money to be deposited in the treasury of the U. S. for the redemption of an amount of the circulating notes of such banks.

HOUSE.

West Virginia Election.

WASHINGTON, 27.—The House resumed consideration of the West Virginia contested election case, and at the close of the debate which has occupied the House nearly a week, voting commenced and the resolutions of the minority of the committee which declared Davis and Hogan, chosen at the August election, duly elected, were adopted, and they were sworn in. The only deviations from a strict party vote, were those of Magee and Waddell, democrats, who voted with the majority, and Banning, Bradley, Poland, Smith, of N. Y., Thomas, of N. C., Williams, of Mich., and Woodford, republicans, voted with the democrats for a majority (?) report, which denies the legality of the August elections.

EASTERN.

Don't Want More Paper Money.

NEW YORK, 27.—A petition numerously signed by prominent bankers and merchants of this city, and to be presented to Congress tomorrow, says any additional issue of paper money, either directly by the government, or indirectly by the national banks by authority of the government, would be injurious to the interests of the Union.

A Thieving Sexton—Cause of Agassiz' Death.

A. W. Muerer, sexton of Trinity church, was arrested to-day and held to bail for alleged complicity in a number of thefts by one McKee, of Brooklyn. The stolen property is said to have been found in the church.

BOSTON.—Wyman has concluded the autopsy of Prof. Agassiz, and reports that the cause of his death was disease and obstruction of the arteries of the brain. The greatest weight of the brain is estimated at 56.5 averdupois ounces.

Public Buildings Appropriations.

WASHINGTON, D. C., 27.—The House committee on appropriations to-day perfected the bill directing the Secretary of the Treasury until otherwise provided by law, to make no payments out of the unexpended balance of appropriations heretofore made for the purpose of sites and for the erection of public buildings by the supervising architect of the treasury department for any of the following purposes and objects—to pay for any site or extension of site purchased which has not been executed or proceedings for condemnation which are not completed; to pay for any work or materials for the erection of any building upon which work is not already begun or contracted for; to pay for the sale or demolition of any building or any site where work has not been commenced. Until provided for by law, the Secretary shall make no contracts for the purchase of any new site, nor for material or labor on any building not actually commenced. All sums heretofore appropriated for buildings, to purchase sites, etc., which are made unwarrantable by this act are covered into the treasury. The Secretary is authorized and directed to suspend work on any building already commenced, whenever in his judgment such suspension can be made consistently with public interest.

No Louisiana Message—Convertible Bonds—Volunteers and Bounty—Railroad Commissioners.

A full cabinet meeting this afternoon discussed in all its phases the subject of the President sending a special message to Congress regarding affairs in Louisiana, and it is understood that the conclusion reached was, that there has been no such change in affairs in that State within the past year as to require any special communication to Congress.

The House judiciary committee has not yet considered Judge Durell's case, the evidence not having been all printed yet.

The committee of ways and means to-day, by an almost unanimous vote, disagreed to Kelly's bill for convertible bonds. It will be presented in the House, however.

Senator Buckingham introduced a bill to-day, providing that every volunteer accepted by the War Department under proclamation of May 3, 1861, shall be paid the full bounty of one hundred dollars promised thereby.

In the Senate, Cameron, from the committee on foreign relations reported back the bill to pay the French spoliation claims.

Senator Morton, in his speech on his proposition to create a board of railroad commissioners, took substantially the same ground and raised the same arguments embodied in the report of the House committee on railroads and canals, submitted by McCrary last week.

Big Flood.

OSWEGO, N. Y.—There is the most extensive flood known for twenty years in the Oswego river. At Fulton the lower portion of the village was completely submerged on Monday night, thirty families were driven from their homes, and many more this morning have been carried in boats from the second stories of their houses, while in other places men are seen wading waist deep with the female members of their household on their backs. The damage to property is great.

Judge Waite Resigns—Women Rejected by Missouri.

CINCINNATI, 27.—Judge Waite to-day resigned the presidency of the Ohio Constitutional convention in a brief but graceful speech, after which a recess of ten minutes was taken to allow the members individually to take leave of him, and a committee was appointed to draft an appropriate resolution.

Rufus King of Cincinnati, and Lewis D. Campbell are mentioned in connection with the vacant presidency of the convention.

JEFFERSON CITY, Mo.—The house to-day, after a spirited debate, defeated the bill to allow women to be elected to office under the school laws, by a vote of 30 yeas to 75 nays.

WESTERN.

Death of John Foley.

SAN FRANCISCO, 27.—John Foley, manager of the Atlantic and Pacific Telegraph Company in this city, died to-night, after a lingering illness.

FOREIGN.

GREAT BRITAIN.

Lowe's Address—Gladstone and his Ministry—German Sympathy Meeting.

LONDON, 27.—Lowe, in his address to his constituents, a portion of which was telegraphed this morning, deals largely with local topics. He says an increase in the expenditures had always attended the conservative administration. Disraeli, when in power, never had a large surplus himself, therefore he is welcome to dispose in imagination of the accumulation of others. Progression in England is ever the result of harassing legislation, but an adherence to customs would stereotype barbarism.

The *Times* says the simple truth is the ministry was unable to withstand the annoyance caused by its repeated defeats since the beginning of the recess, and it determined to win the country by a bold dash, and promised reduced taxation.

A large and important meeting was held at St. James Hall last night. The object was to express the sympathy of Englishmen for the German Government in its struggle with the ultramontane party. Letters supporting the purposes of the meeting were received from the Archbishops of York and Canterbury, and 237 members of Parliament. Speeches were made by Newdegate, Peel, Chambers and others.

Dr. Livingstone.

Herr Brenner, the German explorer in Africa, in a letter to Dr. Petermann, of Gotha, dated Zanzibar, says Livingstone died Aug. 15. This date differs from that of previous reports, but all doubt has been set at rest by an official dispatch received by the Government today from Zanzibar, which states circumstantially that Livingstone died in Lobisa, after crossing the marshes with water for hours above his waist. The sufferings of his whole party were terrible, and ten of them died in consequence. The members of Camaron's expedition were suffering from fever and opthalmia, but would await the arrival of the Docter's remains and bring them to Ujiji. From the latter place they would be conveyed to Zanzibar, where it was expected they would arrive next week.

The Parliamentary Election.

The Conservatives have nominated two candidates for Parliament from Greenwich. Preparations have been completed for an immense mass meeting at Blackheath tomorrow p. m., when Gladstone will deliver an address. It is expected that fifteen to twenty thousand persons will attend.

AUSTRIA.

Going to Rome.

VIENNA, 27.—It is rumored that the Emperor of Austria will soon visit Rome.
