THE EVENING NEWS.

LOCAL AND OTHER MATTERS.

THEATRE.—Another large house was in attendance at the Theatre last evening to witness the second performance of La Grande Duchesse. We regret that on account of the number of pieces they wish to produce they are compelled to withdraw this favorite opera. To-night being the last performance of La Grande Duchesse we would advise all who have not seen this opera to go to-night. The singing of "The Sabre of her Sire" by Miss Emma Howson and company is alone worth the price of admission. The performance to-night commences with the sparkling comedetta of After the Masque, Miss Clelia Howson as Cleopatra and Mr. John Jerome as Anthony. To-morrow night there will be an entire change of programme.

A VOICE FROM JERUSALEM.—Many inquiries have been made from time to time of us, and doubtless of others, for a pamphlet, entitled, "A Voice from Jerusalem, or a sketch of the travels and Ministry of Elder Orson Hyde, Missionary of the Church of Jesus Christ of Latter-day Saints, to Germany, Constantinople and Jerusalem, containing a description of Mount Zion, the Pool of Siloam, and other ancient places," with many other matters of interest. The pamphlet was published by Elder Hyde, about the time of his return from that mission in 1842, and has been out of print many years. All who then read it can easily recall the vivid impressions made upon them by its perusal. Everything pertaining to the Holy Land is invested with a fascinating charm to the Latter-day Saints; the work of God in the past in that land, the mission of Jesus and the many bright and glorious predictions of the prophets concerning its future in the last days, cause the Saints to feel an uncommon interest in everything pertaining to it. Elder Orson Hyde went there under peculiar circumstances. He was one of two Apostles chosen by the Prophet Joseph to take a mission to Jerusalem; John E. Page was the other. But Bro. Hyde had the journey to perform alone, which he did successfully, and returned to the joy and satisfaction of his brethren and friends.

Thinking the demand for this little work is sufficient to warrant him in republishing it, he has concluded to issue a small edition, providing he can receive a sufficient amount of subscriptions. No family should be without it. Subscriptions will be received at this office on behalf of President Hyde, and, should there not be a sufficient number subscribed for to warrant its re-publication, the money of those who subscribe will be returned to them. The price will be fifty cents per copy.

THE UTAH CENTRAL RAILROAD.—We clip the following from yesterday's *Daily Telegraph* regarding the commencement of work on the Utah Central Railroad, near Ogden:

"The work of grading in this district commenced on the west bank of the Weber river yesterday, and there is every reason to believe, from the spirited manner in which the work has been taken in hand, that the Utah Central Railroad will be open for passenger traffic early in October next. The residents of the northern settlements of Utah may count upon riding from Ogden and intermediate points, to Salt Lake City, to attend the October Conference, in the cars. We say God speed the good work.

"Since the above was in type, we understand that to meet the demand for work, it has been determined to let out an additional five miles of grades on the Utah Central to the citizens of Weber County, thus making a total of fifteen miles of road bed that will be graded by them.

"We learn that Captain Green Taylor, of the fourth district, established his grading camp on the line of the Utah Central Railroad about noon yesterday. He claims that his was the first camp on the ground, and confidently told our informant that he and his stalwart party would finish their contract this week."

THE CROPS ON THE MUDDY.—The Deseret Telegraph line brings us the information that at St. Joseph on the Muddy the wheat and barley crops are harvested; the yield is good.

MORONI.—Elder John Kirkman called at our office this morning he states that the people are prospering at that place. The Co-operative Institution there declared a quarterly dividend on the 13th ult. It amounted to 100 per cent per year. This result is very satisfactory when it is taken into consideration that the goods are sold at reasonable prices. Prospects for a heavy crop of grain are good. The Female Relief Society has entered heartily into Home Manufacture.

VIRGEN CITY.—Brother J. L. Workman, of Virgen City, who has been in this city for a short time past, received word two or three days since that the grasshoppers had eaten all the field crops in the neighborhood of Virgen city, and had commenced on the peaches; still the settlers were hoping to raise half a crop of fruit, and a late crop of corn.

Bro. Workman informed us that there is a good day and Sunday school, and an excellent Female Relief Society in the settlement; that the range affords excellent fodder for the cattle; that co-operation was about to be commenced; that the health of the people is good, and notwithstanding the ravages of the "hoppers," they feel well.

ROCKVILLE.—We learn through a correspondent at Rockville that the first annual meeting of the Female Relief Society of that settlement was held on the 16th ult. The report of the society showed that the ladies comprising it had been very energetic in their labor of love, and had been enabled to do much good. They had made during the year 120 yards of cloth, besides quilts, coats, pants, vests, hose, &c., having also a balance still in the treasury after having relieved the wants of the needy. The officers are Mrs. Clarissa Terry, Presidentess; Mrs. Eliza Smith and Mrs. Emeline Winsor, counsellors; Mrs. Eliza Smith, secretary, and Mrs. H. H. Brundage, treasurer. With the rest of their sister societies we bid them God speed.

THE RAILROAD NEWS DEPOT.—Friend Dwyer is in constant receipt of every periodical of value published in this or any other country. His enterprise deserves—as we hope it will win—success, for he has been persevering in his efforts to establish this business, and expresses his determination not to vend among our people the licentious and corrupting literature which finds too ready sale throughout the country. He keeps on hand the following leading publications: *Harper's, Godey's, Appleton's, Overland, Atlantic, Demorest's, Frank Leslie's, Putnam's, Packard's* and other magazines; the *Galaxy Onward, Hearth and Home, American Agriculturist, Harper's Weekly* and *Bazaar, Frank Leslie's Illustrated*, also the *Illustrated London News, News of the World* and *Lloyd's Weekly*; besides many others of minor note.
