

N. G. U. WILL CAMP AT AMERICAN FORK

First Orders to That Effect Will Issue From Headquarters This Evening.

SITE A DESIRABLE LOCATION.

Specialty to be Made of Camp Kitchens—Every Hour to Count for Good of State Militia.

The first orders for the next annual encampment of the state national guard will be published this evening. The encampment last year was held in Wyoming, near Cheyenne, and the experience proved of doubtful satisfaction as far as the Utah troops were concerned, owing to the distance, and difficulty of reaching the location from Salt Lake. This year, the encampment will be held at American Fork, near Utah Lake, a central location, and yet sufficiently distant from this city to ensure entire attention to the work in hand.

Adjutant General Wedgewood will issue the following order this evening, relative to the encampment:

ENCAMPMENT ORDERS.

The companies of and attached to this command will report for field instruction Aug. 25, 1907. The companies in Salt Lake City will be assembled at the armory at such a time as to enable them to entrain at the D. & R. G. depot, at 8:10 a. m. Maj. W. E. Williams will command and will issue all necessary orders and instructions for assembly of troops.

Company B, Ogden, will assemble in time to entrain at the Union depot at 7 a. m. Upon arrival in Salt Lake, the company commander will report to Maj. Williams.

Company F, Mantel, will entrain at Sanpete Valley railroad depot at 7:10 a. m. The company commander will report to Major Fred Kammerman.

Major W. E. Williams will have charge of the train from Salt Lake. He will detain in command at American Fork, and after putting baggage on wagons, will march troops to camp.

Major Fred Kammerman will have charge of train from south, and will detain likewise. Captain Earl V. Smith, quartermaster first infantry, is detailed as camp quartermaster. He will be assisted in his duties by the battalion quartermaster, who will report to him by letter at once.

Lieut. Wm. E. Kneass, battalion adjutant, is detailed as camp commissary.

Each company and the signal corps will forward a detail of four enlisted men to pitch camp. These men will report for duty on Aug. 24. Company commanders will receive transportation and instructions as to the time of departure for their detail from the camp quartermaster.

The messing of the command will be by company. Company commanders will take immediate steps to secure the necessary cooks for their command. Each mess will be in direct charge of a commissary officer who will be held responsible for the proper cooking of the ration and that the kitchen is kept in a sanitary condition.

The personal baggage of officers and the field desks of companies only will accompany the troops—all others will be shipped in the camp equipment.

EVERYTHING READY.

Colonel Plummer called attention this morning to the fact that when the troops reached the site of the encampment, they would find the tents pitched, and everything in readiness for occupancy, as the detail referred to in the above orders would go down the day ahead and attend to everything. There would be a place for everything, and everything in its place.

Regimental Adjutant Webb has also prepared a notice to company commanders, stating, "I am instructed by the regimental commander to call your attention to the paragraph relating to the commissary. He desires that the company kitchens be conducted in the best possible manner, and under strict sanitary conditions, and all be kept neat and clean. The rations should be especially cooked so that there be no waste. You are to have a cook, and if it can be included in the allowance of \$4.50 per day, a helper. The ration should consist of wholesome food. It will be well to secure kitchen arrangements at once. The uniform for officers will be khaki, with leather leggings, tan shoes, and campaign hat."

A MODEL CAMP.

It is evident from the careful preparations being made that the encampment at American Fork is to be a model one, and everything done right up to regulation shape. All the officers from the colonel down are taking a keen interest in the occasion, under the experienced direction of the adjutant general. More attention will be paid to the culinary department this year than ever before, and the troops will be taught how to maintain and conduct model

When occasion demands the higher sort of confection,

kitchens. This feature has of late years been made a specialty with the eastern state guards. Quite a number of regimental commands, like the New York Seventh, have had special kitchens built in their armories, and the Seventh compels every soldier in the regiment to cook for his comrades, so that, if he does not prepare the food suitably, he is sure to hear a roar from the mess tables. The result is that he puts in his best likes, and by the exercise of proper intelligence and care, learns how to cook acceptably. The result is that the Seventh is not only what the late General Penrose called them, "A regiment of officers," but it is also a regiment of very acceptable cooks. As far as circumstances will allow, this same policy will be observed at the Utah encampment. Colonel Plummer and his staff propose to make every hour of the encampment tell for the military good and benefit of every man there.

DEATH OF MRS. AUSTIN.

Estimable Utah Woman Succumbs to Attack of Heart Failure.

(Special to the "News.") Lehi, Aug. 8.—Charlotte Elizabeth Butt Austin, wife of City Councilman Parley Austin, died at her home in this city at 10 o'clock this morning, of heart failure. She was a woman highly respected by all who knew her, and was a loving wife and mother. She was born in Cleveland, Ohio, 41 years ago, came to Utah in 1882 and was married in 1884. Funeral services will be held in the new tabernacle on Sunday at 12 o'clock.

ANOTHER DOUBLE PAGE.

C. Clyde Squires Secures Central Position in "Life" for Drawing.

The current issue of Life contains a double page drawing by C. Clyde Squires entitled "You're the Only Girl I Ever Loved." The drawing is made with brush and pencil and is reproduced in half-tone of the finest mesh. The principal figures are a loving pair, surrounded by shadows of maidens the man has loved in other years. As he whispers the message which comprises the caption, the shadow faces are shown in various expressions of surprise, indignation, and resentment.

Mr. Squires, who is here spending the summer, has received a letter from Life explaining that this drawing will go into the Life calendar for 1908, and will be sold in proof form at twice the standard price for proofs. Mr. Squires received the highest price for this yet paid him, and it is the fifth double page to be printed within the year, with a number of others already contracted for.

Scribner's Magazine has noticed the work of Mr. Squires and has sent a letter to him requesting him to call on the art editor, and assuring him a cordial reception. He has recently had a drawing accepted by Harpers, and two are soon to be printed in the Woman's Home Companion.

SENTENCED TO OGDEN.

Arabella Brown, a colored woman well known to the police of Salt Lake and Ogden, appeared before Judge Diehl this morning on the charge of drunkenness. She has been away from town for a year and a half and lost no time in explaining that fact to Judge Diehl, but she was careful not to state that she had just completed a term of 120 days at Ogden.

"Ah, just come ter town to git some things an' Ah goes an' sits drunk," explained Arabella. Judge Diehl then sentenced the woman to go back to Ogden at once.

SALT LAKE DOES NOT FEEL STRIKE

One Boiler Maker Remains at Work in Local Shops.

OFFICIALS ARE DISGUSTED.

Pocatello, Ogden, Sparks and Evanston Workmen Walk Out in Sympathy With Coast Union.

Salt Lake is not affected by the boiler-makers' strike on the Southern Pacific and allied lines. Officials of the Oregon Short Line say there is one repair man here and he is at work as usual.

Work for the Southern Pacific, Union Pacific and Oregon Short Line is done in the Ogden shops, and while 24 men have gone out, repair work is going on as usual, as the strikers' places have been taken by apprentices and helpers.

Thirty men are out at Sparks; 50 are out at Pocatello (Oregon Short Line shops); and a few men have gone out at Evanston. The places mentioned are the larger shops are located. The general walk-out has been called in sympathy with the Los Angeles union.

WALK-OUT HALF HEARTED.

Harriman officials have little left to offer as to when or how a settlement will be effected. The story coming from the Union Pacific officials on the coast does not place the strikers in a position which arouses the sympathy of their employers. The men themselves are said to be out simply in obedience to the order, and have no desire to feel it wise to desert their benches. Pocatello boiler-makers are reported to have told J. F. Dunn, the Oregon Short Line superintendent of motive power, that they have no desire to strike, and are ready and willing to work if strike orders are withdrawn. The other division points report similar attitudes upon the part of the boiler-makers.

CAUSE OF THE TROUBLE.

According to the local officials of the Oregon Short Line the trouble arose over the discharge of three men at Los Angeles. It seems that a half dozen men complained that the shop-foreman was severe and strict. E. E. Calvin, general manager of the Southern Pacific, sent his motive superintendent down to Los Angeles to investigate. At a meeting 25 men said they had no complaint to make against their employer; he knew his business and wanted good work, they explained. Under this showing the three men who were discharged for inefficient work were not reinstated and then the strike began. It since has been spreading over all Harriman lines, and the coast has been invited to join in the strike. The strikers are half hearted and rather inclined to be impatient at having their bread and butter taken away because of the discharge of three men out on the coast, about whom they know nothing. This, at least is the view held by Harriman officials who have gone into the strike proposition thoroughly.

INSANE WOMAN ARRESTED.

Mrs. Erickson, an insane woman, was taken into custody at 4:30 this morning by Officers Lyon and Davidson at 331 North First West street. The unfortunate woman was creating a disturbance and was sent to police headquarters. She was quickly taken to jail by the officers and will probably be committed to the state mental hospital.

REGULAR GRIND IN DIEHL'S COURT

Larceny, Battery and Robbery Cases Receive Attention From His Honor This Morning.

John Ingsam, charged with the larceny of some clothing belonging to one McNulty, was tried in Judge Diehl's court this morning and was found guilty. The court imposed a sentence of 75 or 75 days.

Onie Giggins, a colored man arrested on the charge of battery upon his wife, who is a white woman, is in jail in default of \$100 bonds, fixed this morning. Giggins married the woman in Wyoming and came here a day or two ago. It is alleged that last night he gave her a severe beating. He will be tried next Monday.

The case against George Spencer, a barber arrested on the charge of failure to take out a license, was dismissed this morning as Spencer has complied with the law.

May Stewart, charged with grand larceny, pleaded not guilty and the case was set for the 26th. The bail was fixed in the sum of \$500.

HYRUM COWLEY COMMITTED.

Judge Armstrong has committed Hyrum Cowley to the State Mental Hospital at Bingham. Cowley has been employed as a miner at Bingham and formerly resided in Logan. He has been confined in the mental hospital before.

BANKRUPT PETITION FILED.

In the federal court yesterday afternoon a petition was filed by creditors of Frank L. Lumley of Eureka asking that he be declared a bankrupt. It was set forth that Lumley owes over \$1,000 and has no means of paying, which he has confessed in a written statement to his creditors. The people asking for the appointment of a trustee are the Herald Publishing company, the Nelson-Judson Drug company and the Keely Ice Cream company.

GET TEN DAYS IN JAIL.

For attempting to take a photograph of a woman while she was changing her robes in a bathing house at Saltair, Harry Archer, Archie Parr and Wallis Richardson were yesterday afternoon fined \$10 each by Justice Dana T. Smith. They were charged with malicious mischief, and in lieu of paying the fine each of them was given a jail sentence for 10 days, or until the fine is liquidated.

MRS. DAVIS WANTS DIVORCE.

An action for divorce has been filed in the district court by Lucy B. Davis against R. B. Davis on the ground of non-support. They were married in Eureka on Oct. 30, 1901, and it is al-

leged that for more than a year past defendant has failed to support plaintiff.

SUIT TO RECOVER \$800.

Ann H. Perry has filed suit in the district court against John A. Rees, administrator of the estate of Mary Ann Rees, deceased, et al., to recover \$200 as the purchase price of lot 15, block 1, Ontario subdivision. It is alleged that plaintiff sold the property to Mary Ann Rees in 1896 but the purchaser has not paid for it. She now asks that she have judgment for that amount with interest and that the property be sold to satisfy the claim.

ALSO WANTS ALIMONY.

Mrs. Sue Horton filed suit for divorce in the district court today against Ira C. Horton on the ground of desertion. The complaint alleges that they were married at Rochester, Minn., on March 10, 1897, and have four children and that defendant deserted plaintiff on May 1, 1902, and has ever since lived apart from her without any sufficient cause. Plaintiff asks for a divorce, for the custody of the children and for \$25 per month alimony.

AT THE RESORTS.

Picnic at Liberty Park.—The Danish brotherhood (Hogs Head) and their friends are holding a picnic at Liberty park today, for the benefit of their free library. A good program of sports, music and dancing is being rendered, and all visitors are made welcome.

Scientist Sunday School Picnic.—One hundred and sixty-three pupils of the Christian Science Sunday school, besides a large number of teachers and friends, were served with delicious refreshments at the annual picnic of the school held at the bower at Liberty park yesterday. The tables were arranged in the form of a hollow oblong, and were covered with snow white linen and adorned with beautiful floral decorations. During the preparation of the table, Miss Woodmansee, superintendent of the Sunday school, temporarily supervised the operations of a miniature railroad and merry-go-round, both of which were free to the children. At 3:30 the repast was served, accompanied by orchestral music, and when all was over it seemed like enough still remained to duplicate the feast.

PERSONALS.

Rev. H. P. Hanson of Denver is visiting in this city, with his son A. J. Hanson of Indiana avenue.

John Strickley has returned from a two weeks' trip to Minneapolis and St. Paul. He says that part of the country is very prosperous.

W. H. Snodaker, general agent of the Illinois Central at San Francisco, is in this city.

W. A. Tooley, buyer for the Los Angeles Packing company at Los Angeles, is in the city.

LATE LOCALS.

Examiners in Session.—The state board of examiners was in session today passing upon claims against the state.

Juvenile Court Commission.—A meeting of the state juvenile court commission was held in the governor's office this afternoon at which routine business was transacted.

City Board Meets Today.—The city board of education met this afternoon at the office of O. W. Moyle for the purpose of completing the list of teachers for the various city schools. Another matter considered at today's meeting was the building of a drain from the Poplar Grove school to Jordan river.

Prof. Done to Make Address.—William Done, private secretary to Gov. Cutler, has been placed on a program for an address at the dedication of the memorial to Deacon John Doane, founder of the Doane family in America, at Eastham, Mass., on Aug. 21. All the descendants of the family are invited to attend the exercises which will be quite extensive and will cover a period of two days. The subject of Mr. Done's address is "Deacon John Doane."

The regular meeting of the Thirtieth quorum of seventies will be held Monday evening, Aug. 12 at 8 p. m. in the Twentieth ward meeting-house. It is urgent that all members be present. O. C. BEEBE, Secretary.

SLAUGHTER OF JEWS WAS HORRIBLE.

Tangier, Aug. 9.—Horrible details of the slaughter of Jews, the maltreatment of women and the pillage and burning of shops at Casa Blanca are told by passengers who arrived here last night by steamer from that port. They say that after the bombardment of the place began, the Moorish soldiers and the Arabs revenged themselves upon the inhabitants, plundering, killing and burning on all sides. They sacked the custom house and burned a large part of the city, whose streets are filled with decomposed bodies.

Among the Jews killed was a man under the protection of the British consulate. His sisters were assaulted and carried off by Moors.

Many feats of heroism both by French and Spanish sailors are recounted.

DESTRUCTIVE FIRE AT ROYAL CAFE

Loss of \$8,000 is, However, Fully Covered by Insurance—Roomers Lose Apparel.

Defective wiring is believed to have been the cause of a fire at the Royal cafe on south Main street at an early hour this morning. The loss is estimated at \$8,000, of which \$6,000 is to the building and \$2,000 to the contents. The alarm came in by telephone at 3:10 this morning and was quickly responded to. Although the flames had obtained considerable headway in the rear part of the building they were soon under control. Roomers above the cafe lost considerable wearing apparel and the cafe will be out of commission for a few days.

DRIVER INJURED.

During the fire Frank Angell, driver on the chief's buggy, was slightly injured by a fall of about 20 feet. Angell was at the end of a line of hose when the ladder slipped and he was thrown to the ground. His left ankle was badly wrenched but he is still on duty.

George Mueller, proprietor of the cafe, states that the loss is covered by insurance as the policy calls for \$15,000.

MASSACRE IN CELEBES.

Britavia, Island of Java, Dutch East India, Aug. 9.—A detachment of infantry, commanded by two lieutenants, has been massacred by rebels in the Mori district of the island of Celebes. The victims including convicts, numbered 45.

NEW CARS FOR SUBWAY.

New York, Aug. 9.—It is announced that one result of the investigation of the local railroads by the public service commission which is being conducted by William Ivin, as counsel, will be an order to the Interborough-Metropolitan company to change the type of car in the subway. Cars with side doors, it is stated, will be ordered and it is expected they will do away with the crude stations now so much complained of. The innovation will cost \$1,000,000 or more. While much of the testimony brought out at the hearing is chiefly of local importance, there are occasionally some developments of more than passing interest. One of these is that the 40 per cent of the cars run upon the local roads there are strap hangers. Another interesting point brought out was the reading by Mr. Ivin of a portion of the incorporation act of the Manhattan.

ENGLAND FROM MOTOR-CAR.

Scores of American-owned motor cars are speeding up and down the highways of England this month, carrying family parties—"pops," "moms," and their sons and daughters—on the now fashionable "automobile tour of rural England."

Wealthy Americans who have been or are going by car through England may be found in the lobbies of every fashionable hotel in London. It is the craze of the moment. The wealthiest bring their own cars or send them over by cargo steamer. The car awaits them at Plymouth, Southampton or Liverpool, and the voyagers travel a round about route to London by way of Devonshire or the Lakes. At 2 o'clock yesterday morning an American millionaire, accompanied by his married daughters and a friend, arrived at the Carlton, having come up from Plymouth after such a run through the west country.

After reaching London the rich American spends a couple of weeks in making day excursions from the metropolis, and then makes up the itinerary of a long tour through Scotland and Ireland. Several such tours have been ruined by the rain of the past week.

For a whole-hearted admirer of rural England and its people one need go no further than the Carlton, where Mr. and Mrs. Henry Steers and their sons are staying. They brought with them from New York a magnificent 60-horse power car, and the voyagers have spent a couple of pleasant weeks making short trips in and about London and the south of England. Going to Paris they found France less enjoyable than England, and are spending another six weeks in this country.—London Daily Mail.

You can look into the Shoe proposition thoroughly and you will find that if you have been wearing "Money Back Shoes" you have had comfort and satisfaction. The clearance prices on all Summer Shoes and Oxfords are very interesting to lovers of high grade footwear. \$2.95 for all \$3.50 and \$4.00 lines. \$3.95 for all \$5.00 lines, \$4.95 for all lines up to \$7.50. Pump's in all leathers and canvas Oxfords go at \$2.65 for all \$3.50 and \$4.00 lines, \$3.65 for all lines \$5.00 and up, a good time to get the "Money Back" Shoe Habit. DAVIS SHOE CO.

NOTICE.

Bids will be received at the office of the Utah Real Estate Association, 18 W. 3rd South St., Salt Lake City, Utah, for furnishing said Association with baled timothy hay, salt alfalfa, and baled straw, same to be delivered at the Fair grounds during the Fair, Sept. 30, to Oct. 2.

Bids must state price per ton, as the amount to be used cannot be determined until the close of the Fair, however, the approximate amount needed will be 15 tons of alfalfa, 23 tons of straw, and 10 tons of timothy.

Bids will be opened Monday morning, Aug. 19, 1907, at 10 o'clock.

HORACE S. ENSIGN, Secretary.

Many well known eastern Chocolate Manufacturers do not make as fine a grade as McDonald's Dutch Chocolates. They charge more, for McDonald's Dutch Chocolates are only 30c and 60c—but the quality is there, noticeable every time comparison is made.

FIGHT IS ON FOR NEVADA TRADE

Santa Fe Railroad Through its Connections Proposes to Give Clark Road Run for Business.

THE GAUNTLET THROWN.

Traffic Manager of Southern Line Gives Out Statement of Plans Of His Road.

The cat is out of the bag. Differences between the Salt Lake Route were described months ago by the "News" and while all those likely to be posted preferred to keep mum at that time, enough was learned to make it plain that the Santa Fe and Salt Lake Route would sooner or later throw down the gauntlet and fight in the open for the business of the mining camps of Nevada. The Santa Fe has stepped out first with a declaration of defiance, although, of course, it is built of nice sounding English. To compete with the Clark road and others operating through Nevada the Santa Fe is arranging an agreement with the Tonopah and Tidewater (Borax Smith's) line to connect the supply centers of the coast directly with the mining camps in the Sagebrush state.

SANTA FE'S POSITION.

The Santa Fe's position is defined in a statement made by its assistant traffic manager. He is quoted as saying: "We are figuring on traffic propositions to connect San Francisco, Oakland and other shipping points in this part of the state directly by rail with Rhyolite, Goldfield, Greenwater and other Nevada sections. We are preparing rates in conjunction with the Tonopah and Tidewater, with which we connect at Ludlow. When the scheme is perfected it will be submitted to the interstate commerce commission for approval. This arrangement will open up a large section of Nevada's rich mining country to San Francisco, giving this more chance than ever to get some of this business. The Clark people say fornia over all other points, and will go into effect within 60 days."

CLARK PEOPLE NOT WORRYING.

Local officials of the Salt Lake Route do not seem to be worrying about the Santa Fe's avowed determination to enter the field for Nevada business. The Salt Lake Route explains that it has no cause for worry. It will meet any or all rates put into effect by the new competitor. This done, distance and time between the coast markets and the Nevada camps are the only considerations. The Clark people say they have as short a line into Goldfield and the other camps as the Santa Fe can get by connecting with the Tonopah and Tidewater at Ludlow and assert positively that business for this end of the line can not be touched as they have distance, time and everything else in their favor.

SALT LAKE UNAFFECTED.

This means that Salt Lake jobbers
