Interview with Kellogg. NEW YORK, 18 .- The Times' spe-NEW YORK, 18.—The Times' special from New Orleans, dated to-day, gives a report of an interview with Kellogg, in which he asserted that the secret of the whole movement to dispossess him is the desire of the McEnery party to secure the patronage attached to the gubernatorial office; he insists that the opposition have not been misused, that they have as fair a chance at the elections as the republicans, the elections as the republicans, that he has never done them any wrong nor stolen anything, as charged by them, and declares that he experiences such upreasonable opposition and such violent hatred, that were he not in a measure tied to the State he would resign, he would not remain in so enerous and unthankful an office. He hoped there might be no more trouble, but he greatly feared the passions of the mob have been so excited that they cannot be controlled.
