WASHINGTON, 18.—Capt. Chas. C.
McConnell, Fifth Artillery, was re-
lieved to-day because of disability
incurred in the service.

The Commissioner of the General
Land Office to-day denied the applica-
tion of Peter Sherbrook, of Cali-
fornia, for the survey and patent to
certain tracts of land within the city
limits of San Francisco.

The count of cash in the Treas-
ury will be finished to-morrow.
The counting committee will then
examine the books and accounts.

The Commissioner of Internal
Revenue has decided to redeem
stamps and return them to owners
with the word "redeemed" imprinted
on each check, and all checks and
drafts bearing two cent internal
revenue stamps which remain un-
used on July 1st. The checks and
drafts then can be used in the regu-
lar course of business.

A report has been received by the
National Board of Health, that the
cholera which prevailed in an alarm-
ing extent in China some time ago had disap-
peared. A report has also been received
that smallpox is raging in Rio de
Janeiro.

Second Comptroller Upton has
rendered a decision on the question
of longevity pay allowance in the
army, which is in effect that these
allowances are to be computed from
the dates of acceptance of the ap-
pointments, and not from the dates
of the appointments.

The amount of bonds redeemed
under the circular in regard to re-
payment of bonds embraced in the
one hundredth call, is \$4,518,850.
This call was for fifteen millions,
and the Treasury circular authoriz-
ed prepayment of the entire amount
on or before to-day. The call will
may be met.

Postmaster General Gresham to-
day directed that in making post-
office appointments in Mississippi, the
recommendations of ex-Con-
gressman Chalmers shall be given
no greater weight than may be pro-
perly attached to them, and recom-
mendations of a private character.

An order was issued yesterday to
appoint Samuel Grigg, to a \$1,000
clerkship in the Post Office De-
partment. Grigg was recommended by
a member of Congress from Iowa.
To-day when that gentleman ap-
plied to take the office, he was in-
formed that his residence was Iowa,
to which question he replied in the
negative, adding that he lived in
Virginia. The matter was referred
to the Postmaster General, who de-
clined to make the appointment, on
the ground that the Virginia quota
is now filled, and that he did not
think it proper to appoint a resident
of Virginia to the State of Iowa,
notwithstanding the application was
endorsed by an Iowa Congressman.

The National Academy of Scien-
ces to-day elected Prof. C. M. Marzani
president, to fill the vacancy caused
by the death of Prof. Rogers.

The status of the late Prof. Henry,
which is to be used in the new
Western Union Telegraph Company,
was placed in position in the grounds
of the Smithsonian Institution this
afternoon.

It was expected that Herr Most
would meet the delegates of the Fed-
eration of Labor at their hall last
night, for the purpose of an inter-
change of views on the labor ques-
tion. This meeting did not take
place. Most waited at his hotel to
be sent for by a committee, but a
stormy debate took place in the
Federation, starting from the Book-
binders' Union, some of whom
feared that questions of dynamite
and violence might be brought up
should such a meeting take place.
The discussion ended in a stormy
session, caused by the outspoken ex-
pressions of Know-nothingism, Herr
Most being German and the Federa-
tion of Labor being about equally
divided between native-born and
foreigners. After their adjournment
at the hall, the president and the
rest of the delegates visited Most at
his hotel, where they were already
assembled a committee from the
"Arbeiter Verein." A delegate from
the Bricklayers' Union moved that
the assembly consider itself a
meeting of individual workmen, not
representing any union or socie-
ties. This was carried, and Herr
Most was requested to state his
views on the labor question, which
he did in a ten minutes' speech, de-
livered in English.

John A. Walsh was on the stand
in the Star case to-day, and was
asked by the prosecution to state
his testimony in the Star case, and
the arguments will probably begin to-morrow.

Boston, 18.—At the Tewksbury
examination, refused to answer
the name by which he was
known in New York, when counsel
demanded it, to inquire into his
character for veracity. In the course
of the controversy the Governor
this investigation would interest the
entire country where there were in-
stitutions like Tewksbury and ought
to be held. It already is.

The chairman said the Governor's
remark that another five to four
vote would hand this committee was
handed down to the country by its
right to seven vote, was highly im-
proper, and he hoped no more politi-
cal allusions would be made by any
of the counsel.

The Governor said he had as little
respect for the chairman's opinion
as the latter had for his, and he had
no respect for the chairman's de-
cision. Being asked if Miss Bowen
would be present to-morrow, Gov.
Butler said that she was not pre-
sent, her testimony could be taken
from the record. Adjourned.

Chicago, 18.—Daniel R. Donohoe,
the man arrested Monday night by
detectives Elliott and Wales, on
suspicion of having robbed Nicholas
Sullivan, a late arrival from Arizona,
of a watch and chain worth about
\$1,000, a diamond stud, valued at
\$1,000, and \$2,700 in certificates of
mining stock while the couple were
on a spree together, was brought
before Justice Wallace this morning
for trial, but the case was continu-
ed until April 20th under bonds of
\$2,000, which Donohoe failed to
furnish.

Philadelphia, 18.—At the grand
examination to-day, Cashier Walter
testified that his predecessor, Ben-
jamin B. Riley, embezzled \$28,914.
Riley was discharged. He began to
reimburse to the trust, and after he
did his administration continued

payments. They ranged from \$31

to \$45,416 in single payments. When
Riley was trustee he furnished all
the whisky consumed at the office,
and Wm. L. Hirst and Richard
Ludlow attended to the legal busi-
ness of the trust while members,
and were paid the same.

New York, 18.—James Rosedale,
agent of the Philadelphia Charitable
Society, and the party of Arabs
traveled on the steamer City of
Vienna, about to sail. All were
taken to the Toombs here. An Arab
woman said 115 sovereigns belong-
ing to her had been given Rosedale
by the organized charities of Phila-
delphia to engage their passage to
Europe. They agreed to give Rose-
dale \$50 for his services. When the
ship was about to sail, he handed
them all fifty sovereigns, hence
the outcry. Rosedale says he was
to receive \$100 for his services, and
said he retained only ten sovereigns,
and fifteen cents for his share. He
was held for examination.

New York, 18.—The gamblers of
this city are dismayed. Acting on
the advice of Recorder Smyth that
he could establish gambling ap-
paratus, and under warrants issued
by that magistrate, Inspector Byrnes
made another raid upon seven gam-
bling houses, and seized all the gam-
ing paraphernalia had been re-
moved. In two the furniture was
seized, lay-out, roulette wheels and
other articles of value were cap-
tured. The reputed owner of this
game is Charles Read, who is in
Europe, at a game said to be con-
ducted by "Al" P. Thompson, at 14
Fulton street, more furniture was
seized. All was taken to police head-
quarters at 228 Fifth avenue, 61
West Thirty-first street, 100 Broad-
way, 1 Park place, and 100
Thirty-second street. Not the
slightest trace that the places had
ever been used for gambling pur-
poses was found. Inspector Byrnes
says he intends to follow the gamblers
until they are cleared out. He guaran-
teed that there was not a game open in the
city. He guaranteed that the places
were left bare. Captured property
valued at \$150 has been broken.

Lincoln, Neb., 18.—The Supreme
Court granted stay of execution in
the case of Matt Zimmerman, the
desperado who figured in the no-
torious murder of three men at
Madison, Kansas, and who was
captured when his partner Dick Bel-
mont was killed, created such a sen-
sation. Zimmerman was to have
been hanged on Saturday. When
the stay was granted, the Kansas
County's excitement and indigna-
tion will be intense. It is the ad-
joining county to Adams, where the
Mach murders were lynched.

Little Rock, 18.—To-day, in the
United States Court, ex-United
States Marshal, J. T. Brown, Jr.,
was convicted of perjury, having
previously been convicted of for-
gery.

New York, 18.—The police raided
seven policy shops, and arrested the
owners. The police hired men to
buy slips.

Waco Tex., 18.—Suit was filed in
the District Court of this county to-
day by J. B. Stuart against the
Western Union Telegraph Company
for \$25,000 damages. It is based
upon an alleged failure of the tele-
graph company to deliver promptly
messages from a plaintiff's driver
brother at Marshall, Texas, desiring
him to come to him, alleging that
the message was given to the oper-
ator at Marshall, Tex., and was not
delivered to him at Waco until the
morning of the 5th.

Buffalo, 18.—The common council
committee, including into the coun-
cil, by a majority of 10, Fred
Busch, guilty of the most reckless
mismanagement, bringing about a
waste of \$50,000 of the public
money. The report charges
perjury, and the charges of
perjury were made to the grand jury.
There is much indignation against
Busch.

Death and Disgrace.

Wheeling, W. Va., 18.—Special
intelligence from Huntington, W.
Va., says the largest fire in the
history of the town occurred this
morning, destroying \$50,000 worth
of property, with small insurance,
rendering homeless 15 or 20 families,
and leaving but four buildings
standing. In a block 120 feet square
the roof fell in, burying five fire-
men, but they were extricated with
only a few bruises except one man,
who was seriously injured. The fire
is supposed to have originated from
Kennel's livery stable. The Conti-
nental Hotel has been thrown open
to those who lost their homes.

A fire this morning
destroyed the village of Oakville, on
the lake shore, 30 miles from here.
The fire brigade from here went out
by special train, but got there too
late to save the village. The loss
will amount to \$100,000 or more.
The inhabitants are flocking to the
city by hundreds, many of them
with their families, and the village
is in a state of confusion. The fire
brigade all were drunk and helpless.
Otherwise the fire might have been
controlled in its first stages. In-
surance.

Matamoros, Texas, 18.—Reports
have been received of a terrible
flood in Yahuahua River; it rose so
rapidly that the people fled in se-
rue. Six were drowned, and much
property and stock swept away.

Dubuque, 18.—Dispatches received
here from Menominee, Wis., say
that the rise of the Mississippi
River is unprecedented, and that
much damage has been done. The
river is two feet above the highest
previous rise at mark. At Menom-
inee, the water cut its way
around the dam, doing a good deal
of damage to mill and store. Scott's
dam on Lightning Creek and
Rever's dam on Hay River, are
washed away.

At Cedar Falls, six miles above
here, the whole country is flooded,
and great damage has been done.
The middle dam on Menominee
River is partially washed away. At Down-
sville, 12 miles below Menominee, the
dam is partly washed away, and the
old and new dams and boarding
house have come down the river.
The devastation there is the great-
est of any point on the river. The
Chippewa River railroad is badly
damaged the whole length of it. It
is thought it will be two months be-
fore the trains are again running.
The flood seriously affects a large
portion of the lumbering district of
Wisconsin.

set of any point on the river. The

Chippewa River railroad is badly
damaged the whole length of it. It
is thought it will be two months be-
fore the trains are again running.
The flood seriously affects a large
portion of the lumbering district of

New York, 18.—The crew of the
schooner Mary J. Russell, with
which the steamer City of Meridio
was in collision, arrived to-day. The
Russell, four hours after the collision,
sank to the top of the cabin house,
whereon all found refuge until res-
cued.

Minneapolis, 18.—Iron Mountain
Michigan dispatch: No bodies have
been found yet, but a coat and pair
of mittens were picked up recently.
There was probably lightning in the
boiler house to dry at the time
of the cave in. Some of the buried
machinery is being uncovered. The
electric lights from Minneapolis mine
are being used to facilitate work at
night. Pumps from the Chapin
mines are being placed in position
for use in case the rescuing party
meets with water.

Oakbrook, Wis., 18.—The schedule
of assets and liabilities in the as-
signment of S. B. Paige was filed to-
day. The assets are put in on lands
in Lincoln, Langdon and Douglas
Counties, Wisconsin, property in
Davenport, Iowa, in Oakbrook, plus
lands in Minnesota, and sundry ac-
counts and other items. Value of
assets not computed. The liabil-
ities are divided between forty cred-
itors, and amount in total to \$3-
6800.

Cleveland, O., 18.—Coletown
special to the Leader: A Pan
Handle railway train collided with
another near town to-day, and Wm.
Russell, one of the oldest conductors
on the road, was crushed against a
heavy bar in such a manner that his
head was cut off, and his body other-
wise shockingly mangled.

The Railroads.

Boston, 18.—President Perkins,
of the C. & Q., informs the Ad-
ministrator of the proposed purchase
by his road of the Hanibal & St.
Joseph road was consummated this
evening in a conference between
Perkins and the Administrator. The terms
given by him, are thorough, and in-
sisted upon by his people.

The C. & Q. will guarantee all
bonds of the Hanibal & St. Joseph
Railroad Company and purchase
preferred stock at par with its 3 per
cent. debenture bonds and common
stock at 42, the price paid John H.
Duff, president since the purchase,
and that of that purchase; payment
for this will also be made in 8 per
cent. bonds.

New York, 18.—The executive
committee of the Stock Exchange
listed five million collateral trust
bonds of the Union Pacific Railroad,
three millions of Oregon Short Line,
and about twenty-two million com-
mon and preferred stock and bonds
of the Chicago, St. Louis & Pittsburg
Railroad.

Railroad Commissioner Fink an-
nounces that as some of the rail-
roads insist upon a reduction in
rates on grain and on after to-morrow,
rates on the eighth class will be on
a basis of 25 cents per hundred
pounds from Chicago to New York.
Rates on all other classes, unchanged.

Toronto, 18.—It is understood the
rupture of negotiations between the
Trunk and Canadian Pacific rail-
ways is connected with the con-
struction of the Central Ontario &
Quebec railway, the Ontario & Que-
bec being prepared for track laying
in the vicinity of the city.

Little Rock, 18.—Under an act
passed by the Legislature during re-
construction, Phillips, Monroe, St.
Francis, Jefferson, Chicot and other
counties issued bonds for various
purposes, some for \$100,000, others
for \$50,000. The Supreme Court of the
State in the Jefferson county case
declared the act unconstitutional;
to-day the U. S. District Court de-
clared an opinion that the counties
owe the debt and must pay the
bonds.

Chicago, 18.—A representative of
the Peabody Coal Company is in the
city to-day for the purpose of estab-
lishing a ticket office for the new
Chicago, St. Louis & Pittsburg Rail-
way, formerly Columbus, Chicago &
Kansas Central. The intention is
said to be to make it a competing
trunk line between Chicago and
New York via Pittsburg, to operate
outside of the pool.

Commissioner Fink has issued a
call for a meeting of the General
Managers and General Passenger
Agents of the trunk lines, to be
held at New York, April 25th, to
take final action in regard to the
differential rate agreement, and for
the establishment of an Eastern
passenger pool. At the same meet-
ing the General Managers will con-
sider questions in freight freight,
covering dead and live freight, the
reorganization of pools, etc.

Chicago, 18.—Thirty-six million
five hundred thousand dollars worth
of stock was voted on to-day by sup-
porters of the Vanderbilt ticket at
the election for directors of the
New York Central & Hudson River
Railroad
