THE MOST SUCCESSFUL REM-EDY ever discovered, as it is certain in its oth day of at the Cornects and does not blister. Also excellent at the Cornects

FROM COL. L. T. FOSTER. Youngsrown, Ohio, May 10th, 1880. Dn. B. J. KENDALL & Co., Gents:-I had a cry valuable Hambletonian colt that I prized Dm. B. J. KENDALL & CO., Gents:—I had a very valuable Hambletonian colt that I prized very highly, he had a large bone spavm on one joint and a small one on the other which made him very lame; I had him under the charge of two veterinary Surgeons which failed to ours him. I was one day reading the advertisement of Kendall's Spavin Cure in the Chicago Express. I determined at once to try it and got our druggists here to send for k, they ordered three bottles; I took them ad and thought I would give it a thorough trial, I used it according to directions and the fourth day the colt ceased to be lame and the lumps have disappeared. I used but one bottle and the colt's limbs are as free from lumps and as smooth as any horse in the state. He is entirely oured. The cure was so remarkable that I let two of my neighbors have the remaining two bottles who are now using it: Very respectfully.

L. T. FOSTER.

Mendall's Spavin Cure

Is sure in its effects, mild in its actions as it does not bilster, yet it is penetrating and powerful to reach every deep seated pain or to remove any bony growth or other enlargements, such as spavins, splirits, curbs, ringbones, callous, swellings and any lameness and all enlargements of the joints or limbs, or for rheumatism in man or for any purpose for which a liniment is used for man or beast. It is now known to be the best liniment for man ever used, acting mildly and jet certainly in its effects. Send address for illustrated circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualited success to our knowledge, for beast as

il as man.

Price 21. per bottle, or six bottles for \$5. All

ILDEAS, CONTRACTOUS AND MANUFACTONERS Taylor, Romney & Armstrong,

- October 6, 1882,

The choir sang: Come Holy Ghost our hearts inspire. Prayer Elder Lorenzo Snow.

ELDER W. WOODRUFF and the farther we are off from Him the less our faith will be and the more likely weare to go into darkness. It'requires faith inGod to endure the tribulations through which the Saints are called to pass and to believe that all things

will be fulfilled spoken of by the Prophets. There are tens of thousands who know that this is the work of God. There is no power beneath the heavens that can prevent the purposes of God being accomplished; What is the matter with the world and the cause of its opposition to this work? It simply arises from the fact that God has set His hand to build up His kingdom and that is the reason why the ministers of religion and others fight it as they have done from the beginning. He then testified to the good counsel that Joseph Smith and Brigham

Young had always given to him and to others. He testified that neither President Young nor any of the leaders of the people had anything to do in the massacre at Mountain Meadows, but he heard the report of John D. Lee who never intimated that he had taken any part in the dreadful deed, and he also heard President Young condemn the act and express deep sor-row that so much innocent blood

and been shed in this Territory. The Elders of Israel have never been in-structed to take life or the property of others but to become saviors of men upon Mount Zion, and they had never been counseled to do any act which would not bear the light of heaven and the records of the

Elder Woodruff spoke of the pow-er and influence of tradition with which so many of our people have had to contend. The God of heaven looks to the Elders of this people to aid and assist Him in carrying out his purposes. The Elders should be awake to the responsibilities that rest upon them at the present time. He re erred to many of the sayings of the Prophet Joseph and the reverble to the prophet that the prophet the prophet that the prophet th lations that came through him. If we did not build up this kingdom we should be rejected ourselves. He had no doubt about the ultimate triumph of this work, neither had he any doubt about the fulfillment of these revelations that God has given through His servants in these days. He spoke of the new birth of all who embrace the Gospel, which takes away the fear of death. He also related a few incidents in his own experience. The work that the Elders of this church are called to perform is such that if faithfully

done, will entitle them to glory, bonor and immortality in the world He then spoke with regret of the curse our Government is now taking in sowing seeds that will bring a harvest of trouble, and if they did not repent, they would reap anguish and death. Referring to the increase of evil in the world, he said he was 20 years old before there ever was a murder committed in the State where he was born, and now every daily paper teems with the re-cital of every kind of evil commit-ted in the land. He exhorted all to faithfulness, and prayed that the Spirit of God may be with the Elders of Israel during the Confer-

ELDER LORENZO SNOW.

Spoke of the invaluable aid of the Holy Spirit in the imparting of true intelligence to the human mind. Hely Spirit in the imparting of true intelligence to the human mind. He read extracts from the Book of Esther, and related the particulars of the conspiracy against the Jews in the 127 provinces of Media and Persia, and their salvation wrought out through faith, fasting and prayer, and the diligence and self-sacrifice of Queen Esther. He showed that in the providences of God described in the Bible, Testament and Book of Mormon, there is a striking analogy between the special deliverances that God effected for His people anciently, and those that have been made manifest towards the Latter-day Saints in our day. And that would also be the case in the future. Wherever danger has appeared imminent towards the people of God, either in ancient or in modern times, some means have been manifested just in time to avert the impending evil, But in order to secure these deliverances the people of God either in ancient or in modern times, some means have been manifested just in time to avert the impending evil, But in order to secure these deliverances the people of God either in ancient or in modern times, some means have been manifested just in time to avert the impending evil, But in order to secure these deliverances the people of God must be found in the discharge of God mu

means have been manifested just in time to avert the impending evil. But in order to secure these deliverances the people of God must be found in the discharge of those duties required at their hands. He spoke of the experience of some of the ancient worthies, and the power with which they were inspired. Some people thought that this work would be overthrown, but all faithful Saints that keep the commandments of God know to the contrary. The knowledge of the principles of the Gospel which we have received fills us with hope and faith in reference to the future of this work. He Spoke of the, manifestation of a resurrected being to John the Revelator while on the Isle of Patmos, and a similar manifestation to Joseph Smith and others in the and a similar manifestation to Joseph Smith and others in the Kirtland Temple, which constitute testimonies that God lives and has an oversight of His people, that the world are ignorant of. A knowledge of those principles that come from the eternal worlds, will snable men and women to stand firm and steadfast to the faith of the Gosrel. Let this people be the Gospel. Let this people be united one with another, and keep the commandments of God, and He will turn the hearts and the feelings

of the rulers of the nations to be favorable towards us; and cause the chains and fetters that are new sought to hind us, to be broken Let us therefore humble ourselves before God, and seek carnestly His

Holy Spirit, and He will deliver us from every evil. The choir sang an anthem,

"Sing to the Lord in Joyful Strains." Adjourned till Friday morning, Benediction by President Joseph F. Smith.

Preparing Plants for Winter.

It is a great mistake to delay the work of preparation for winter until it is suggested by cool nights or a warning given by blighting frosts. When a plant has been taken from a When a plant has been taken from a pot and planted in open ground it and strong.

As a dressing nothing has been found so affectual, or desirable.

Dr. A. A. Hayes, State Assayer of Massachusetts, says of it: "I consider it the best preparation for its intended purposes." be cut away to a considerable ex-Said the Church of Jesus Christ of Latter-day Saints was organized 52 years ago, on the 6th of last April, and since that time it has furnished a grand school for the Elders of Israel to be educated in, not only in doctrine but in the principles of government. The Priesthood is one of the most delicate and important gifts that was ever conferred upon man on the earth. There are many called and but few chosen. Many have been called not only to the Aaronic but the Melchisedec Priesthood. The Prophet Joseph organized the Church in 1830 and the world have been afraid of it ever since. He organized it by revelations with and likewise the top or foliage must be correspondingly reduced. Novices often fail at this point, for they dislike to part with any of the new growth, and set the plant in a pot unpruned, and expect, what is not possible, that it will flourish. Cut back root system and branch system equally is the rule. Plants when thus transplanted need to be favored by being kept in the shade and sheltered from the drying winds until they have made a good start in the pots. Many of the house plants are kept in their pots during the summer and they will need repotting, or the pot washed and the surface soil replaced Said the Church of Jesus Christ of tent and likewise the top or foliage since. He organized it by revelation. He had no power to accomplish what he did except on the principle of revelation. The inspiration of Almighty God is the only power by which any of us in our day can do anything towards the building up of the kingdom of God All that was ever spoken and placed on record by the ancient prophets and patriarchs was under the influence of the Holy Ghost, and all their prophecies, if they are not full water around the edge and office. their prophecies, if they are not ful-filled, will be fulfilled in the due time of the Lord. Adam spoke by the Holy Ghost, and his words will be accomplished. God will not dis: appoint the expectations of His Saints. He has set His hand to carry out the great programme of ting earth. All the necessary pots, the last days. The nearer we got to soil, etc., should be obtained now, the Lord the more faith we have, needed at any time during the winter.—American Agriculturist for October.

### He Didn't Know.

A Western Congressman who was on his way home stopped off at a small town inOhio for several hours, and while there was approached by a farmer who asked: "What's wool going to be worth

"Indeed, I do not know." "Wheat going to be higher?"
"I can't say."

"Do you look for any rise in oats or 'taters?" "I have not given them "Well, do you think we'd betier hold on to corn and hay fur a spell

ment?"

hands of men who can't even tell whether cranberries will turn out half a crop or buckwheat sell at 50 cents or \$5 a hundred! Good day, sir! No wonder this country is wrong side up half the time!"

There was a time when rheumatism was a troublesome disease to tor, is doing excellent work. Cleans cure. St. Jacobs Oll has changed the best and threshes faster than

## THE CASE

Competitors!

Ahead of all Other

BALT LAKE CITY, .
August 12th, 1882. T. W. Lowell, Esq., Dear Sir .- The J. I. Case Agitator we bought of you last season is the best machine we ever saw or used; it will thresh more grain and thresh it better and cleaner than any other machine we have ever seen, and we can confidently recom-

mend it to any persons wishing to purchase a good Thresher. Yours, etc., G. W. LUFKIN, W. A. BARRON,

ASHLEY'S FORK, UINTAH Co., Feb. 26th, 1882.

John W. Lowell, Dear Sir .- The Agitato Separator and Woodbury Power that we bought of you, we can truly say give entire satisfaction. It beats anything that we ever saw to thresh and clean. We have run seven different kinds of machines, but this is the a champion. The cleaning and the separating are perfect. We have not had a man find fault with it yet, and we believe that the people here will tes-tify to our statement as being the "I can't advise you, my friend."
"You are in Congress, ain't you?"
"Yes, sir."
"And you help run the Government?"
"To some extent."
"And this 'ere country is in the lands of men who can't even tell."

"And this 'ere country is in the lands of men who can't even tell."

"Yours truly."

Yours truly, GEORGE BROWN S. J. CAMPBELL WM, P. REYNOLDS ROBERT BODILY. CEDAR CITY, Sep. 23rd, 1881.

John W. Lowell, Dear Sir.-Our machine, Agitaany Thresher we ever saw. We remain, CORRY & HUNTER.

LEHI, Utah County, February 7th, 1882. To John W. Lowell, Esq., Dear Sir .- As our opinions have often been asked about the merits of

the Agitator Threshing Machine we purchased from you last fall, we take pleasure in sending you the following as our experience with it. To answer the numerous inquiries, and perhaps others who would like to know, we recommend the following points of superiority over all other machines we are acquainted with-1st.-Lightness of draft. Our team of five span of average native horses and mules, being fully equal to the work, and without crowding

or hurrying them, they gave us all the speed and power we needed. 2nd.—Thorough threshing and pleaning, and that without extra effort on our part; such a thing as the sieves being crowded or clogged, or requiring the attendance of one person at the tall end of machine having never occurred or been needed. 3rd.—Lightness of wear. After having thereshed 18000 bushels of grain, lucern seed, etc., the general wear on the machine being scarce-

4th.—Lightness of running ex-penses. By comparing notes with our friends of other machines, we find ours have not exceeded half of

We also consider the capacity for threshing in quantity, superior to other makes of machines. Although the farms here are small, necessita-ting a great deal of moving, and often to distant points, yet we threshed as high as 800 bushels per

day.

We also consider the Straw Stacker, End Shake, Elevator principle and many other points are all worthy of notice and examination of any and all persons who may contemplate purchasing a machine.

CORRY & HUNTER. I also take the liberty to refer thresher men to the following reliable people who have purchased the Agitator Machines: Messrs. Robbins & Simmons,
