MEXICO.

Earthquake—A falling meteor.

CITY OF MEXICO, 6, vice HAVANA, 14.
The Committee has just received a telegram from General U.S.A. of Mexicogold Barracks, Texas, congratulating them on the completion of the telegraph line between Mexico and Camargo.

A meteor fell in Jalisco, followed by a heavy earthquake.

FRANCE.

French Military law.

PARIS, 14.—By the new military law everybody serves compulsorily three years in the regulars, afterwards in the reserves.

Arrangements are being made for representation exhibitions in London and Florence.

Favre has returned from Ferrières, the result is unknown.

Bismarck is threatening to refuse obedience to the authorities, and a crisis therefore is imminent to-morrow.

The Parisian deputies will only allow the removal to Versailles provisionally.

Bismarck has informed Thiers, that being embarrassed in organizing, politically and commercially, the ceded provinces, owing to the determined resistance of the inhabitants, and on the representation that German commerce will be damaged by competition with Mulhouse manufacturers, he would abandon Alsace and Lorraine if the indemnity is increased one and a half millions.

An inveterate dram-drinker being told that the cholera with which he was attacked was incurable, and that he would speedily be removed to a world of pure spirits, replied: "Well, that's comfort at all events, for it's very difficult to get any in this world."

DEMOCRATIC

Democratic gains—Sentenced to be hanged—Fitzkins condemned.

NEW YORK, 15.—The Tribune, this morning says, "The Republicans, in New Hampshire, yesterday, seem to have lost the Governor and all the Congressmen, the Council and probably the Senate, while the House is only claimed for the Republicans, by a majority of ten to twenty, in a body of over 300; and that, on the vote from 165 towns, the Republican gain, on the last year's vote, is 980, while the Democrats gain 3,436, a net Democratic gain of 2,556." The Tribune then adds that New Hampshire has not become Democratic. This vote means, mainly, if not wholly, Republican apathy, born of over confidence and the continuous triumphs of sixteen years; and Republican dissatisfaction, engendered by local quarrels, liquor, and the unwise and untimely Summer trouble. The World has some special news from New Hampshire, which sums up the result in that State, yesterday, as follows:—

The Democrats have elected the Greenback and Railroad Commissioner, to a certainty, and probably three Congressmen, and a majority of the State Senate. The House Representatives are in doubt.

Judge Blatchford has appointed Kenneth G. White Master in Equity, in the suit between the Erie Railroad and the English stockholders. White has ordered Fish to turn over the 60,000 English shares of stock.

The World says it is a fact, we are reliably informed, that troops, numbering nearly, if not quite, 1,000 men have been held in readiness, at Governor's Island, in this harbor, ever since the San Domingo Commission left to take up their residence there. In the event that the Commissioners should telegraph that Cahal resisted their movements, or in the event that Hayti should undertake to interfere with Baer, while the Commissioners were on the Island.

The Tweed Testimonial Association dissolved and \$8,000, which it received from the public, was turned over to the erection of a statue to Senator Tweed, to be returned to the subscribers.

The members of the Republican Executive Committee met last night, Horace Greeley presiding. There was a formal discussion upon the election of the State Committee held, during which, very strongly opposing opinions were ventilated. The appointment of permanent officers was next taken up. Several names were proposed and met without coming to any conclusion.

Charles Farde, lately admitted in the United States Circuit Court, of burning the ship Robert Edwards at sea, on the 20th of June last, was this morning sentenced to be hanged on the 12th of May next.

Charles Meredit and Fred Allen, his associates, who pleaded guilty, are sentenced to the U.S. penitentiary for ten years, and are to be held in confinement.

CHARLES, 15.—The Jury in the Fitzkins case, came into court this morning, at 9 o'clock, and rendered a verdict of guilty of robbery in the first degree. The court immediately sentenced the prisoner to twenty years imprisonment in Clinton prison, being the full extent of the law. The prisoner's counsel will prepare a bill of exceptions, and apply before the court and bring the matter before the general term of the Supreme Court for review.

CHARLES MEREDITH AND FRED ALLEN.

CHARLES, 15.—The Concord, New Hampshire, newspaper, thus sums up the issue of the Republican defeat: Had Charles Meredit not been forced from his place as chairman of the Senate committee on foreign relations, the Republicans' vote would have been larger; but the San Domingo scheme had been left to the operation of natural causes, instead of being pushed with inexorable persistency, it would have been larger; had Congress succeeded in restoring our commerce to the extent and importance it had before the rebellion, it would have been still larger; but the standard Grant bill, however wise and just to themselves, was discreetly deferred until popular understandings had grown up to them, it would have been larger; and had all these causes of embarrassment been withheld, we might have carried the State by nearly the usual majority, in spite of the Democrats forced into the party, by the forcing upon it of unpopular nominations made in packed caucuses.
