LOCAL AND OTHER MATTERS.

COLORADO MINERS.—We have received a "Conversational Lecture on Mines and Mining in Colorado," by Amasa McCoy. The lecturer treats upon numerous matters connected with the subject, and makes very hopeful of a great future for Colorado. The lecture is printed in beautiful style.

WICHITA BISON.—The Cleveland (O.) "Herald" thinks that the "Mormons" are not unlikely to enter upon another exodus, and that there is no more likely place for their destination than the "Western Islands." Well, the "Mormons" are not gone yet.

WANTS IT STOPPED.—The Cincinnati "Gazette" stopped, and says the "Times" of that city, it will not be able to do so from that position. The "Gazette" has taken a sensible stand in that matter.

THE BITTERNESS.—In a dispatch from Salt Lake to the New York "Herald" it is stated that the Deseret "Herald" is "very bitter against the press all over the Union on account of its curiosity to know Brigham's whereabouts." The statement, like many others, is probably false. The bitterness, if any, is not on our side. While private individuals or the public at large can manifest all the curiosity they please regarding "Mormons," we consider it our right, and shall exercise it right, to gratify our own.

In our judgment will best promote the public weal, seeking no odds of anybody.

CONFIDENT.—The "Junction" is still confident on the up-question—the assembly hall, Council chamber, and other buildings, used, and supposed to be used.

Prof. O. Pratt was to lecture in the Tabernacle last evening.

A new Mormon had been exhibited in the Tabernacle Hall.

A boy who had been working for Mr. Timms, at his mill on Rock Creek, was sent to him to be sold, and he sold him to the mountains a day and a half for him, but unsuccessfully.

The selling "without license" game was in operation at Ogden as well as here.

The missionaries had arrived safely although, An assay, by Mr. V. M. Howell, of one from a new discovery, returned \$100 to the ton.

John Majors, five years old, was accidentally shot in the arm by John Anderson, ten years old, Nov. 18th. Wound doing well.

We call the attention of our lady friends to the grand show window at the Eagle Emporium, and at the magnificent show of dress goods and other articles there displayed, suitable for the coming holiday and festive season. Our courteous and obliging salesmen will be pleased to be pleased to show them their stock and offer every inducement possible to purchasers.

Miss May—A number of prescriptions received by the Chamber of Commerce for the year of 1870, now up to \$80,000.

SENSIBLE.—Mrs. Julia Ward Howe very sensibly recently advised "never be afraid of the hand of God; who created and controls, it is not the hand of man that evidences that they should not have it."

A CHRISTIAN WIFE FOR VENGEANCE.—A western paper indulges in the following concerning a Utah institution:

"We hope that it is foreordained of God that the diabolical spot of polygamy shall be wiped out of the earth. We hope that the day will come when all, air-free love, will be dispensed with, and their kindred schemes and aims and evils."

The Banner of Light thus takes to task the excessively virtuous but uncommonly irate westerner.

"If this Christian wish for vengeance on other Christians were literally carried out, there would be little more than a mere fragment of any city or church in our country left. It is further said that it is not conceivable that such an event as this writer speaks of would be the judge of other Christians, nor even of the Latter-day Saints, who live in accordance with their Biblical practices and precepts."

The Banner further says that "we are no apologist for polygamy," but we notify our editorial brethren that he hits both (it and the "Good" ones) and asks, "Can we expect the moral sense of our countrymen, that they are in line with us?"

A GOOD WOMAN.—The Ogden "Standard" receives a letter from Rev. C. A. Bateman, Indian Agent for Nevada. The Rev. gentleman says that "the women of the country are highly of the people of Utah, and that he cannot endorse the 'peculiar institution,' yet he saw so much to admire and praise in Utah that he says he will always speak a good word for the 'Mormons.'

PLACID NEWS FOR TWO DAYS.—The "Utah Daily Times" thinks something is really out of gear in mundane physical affairs, judging by the following from that paper of Nov. 17:

"All the rain which has been denied to us seems poured in fury on the Celestial Kingdom. The terrible inundations continue, and the loss of one thousand lives reported in one town, besides hundreds and square miles of land and people inundated in the north of Chile, and the recent earthquakes in South America, and coal mines still on a burn in England—truly, this is pleasant news indeed."

PROVO, NOV. 22.—The jury in the case of the Sureka Mining Company, vs. W. S. Woodward, was seated this morning and the examination of witnesses commenced.

Two of plaintiff's attorneys are chosen to a large number of the witnesses, but they are not called to give evidence.

It appears from this, hence we may expect a verdict a little before Christmas.

SALT LAKE CITY.—New County Head Open.

MANTI, NOV. 22.—The work of the new county head, Justice of the Peace, and Sheriff, is now in progress.

SALT LAKE CITY.—Plenty of weather.

PARK CITY, NOV. 22.—It has been raining constantly with heavy winds for forty-eight hours. It is very cold and raw. Many miners and settlers are in the mountains, on their return from other valleys.

ONE IN EACH STATE.—The New York Standard thinks the crusade will cause no trouble, but the wives, to be the soft, fearless. The Standard is liberal enough to suggest that, however, a slight fear of wives is absolutely necessary for the welfare of the Mormons, the law might be abrogated so as to allow one wife in each State." That would do very well for a beginning.

HUXLEY ON SPIRITUALISM.

The following letter has been published lately for the first time:

SIR.—I regret that I am unable to accept the invitation of the Council of the American Society to co-operate with a committee for the investigation of "Spiritualism" in this country. In the first place, I have no time for such an inquiry, which would involve much trouble, and unless it were unlike all inquiries of that kind, I have known, much annoyance. In the second place, I take no interest in the subject. The only case of "spiritualism" I have had the opportunity of examining into myself, was as gross an imposture as ever came under my notice. But suppose the phenomena to be genuine, they do not interest me. Many one would follow me with the
