STATE CONFERENCE.

Held in the Assembly Hall, Saturday, Jan. 7, 1893.

Conference re-assembled at 2 p.m. The choir sang, "The Time is Nigh."

Prayer was offered by Elder Horace... Singing, "My soul is full of joy and peace."

President Joseph E. Taylor spoke of the great responsibilities devolving upon the Priesthood.

The organization of the Melchizedek Priesthood was very complete in the State, but the Quorums of the Lesser Priesthood were not as general as could be desired.

There being but two quorums of Priests and four quorums of Teachers in the State, it was desirable to have one of each of these quorums in every ward as far as their numbers would justify it.

Deacons quorums were very generally organized in the State, but he feared there was not that interest taken by the Bishops in the young men ordained to this calling that there should be.

He would suggest that a special effort be made to bring a split of life into the boys, for if they were set on the right road in their early youth the experience would thus be gained of a lasting to them.

He thought that the Bishops should visit the Saints at their homes, thus becoming familiar with them and drawing the people near to them, and had been attended with success in other places.

He thought that where children from eight to fourteen years of age were using tobacco and other stimulants, it was an evidence of their parents' neglect, for they should be under their direct supervision at that age.

It was suggested that the constitution of the ward should be re-examined, and that the duties of the ward should be clearly defined.

Elder A. K. Thurbur spoke of the importance of teaching the young men to be industrious, for if they were to be honest and industrious they would be prepared to withstand temptation.

Notwithstanding the many temptations to which they were subjected, he was pleased to state that there was a great improvement among the youth in the State from which he came.

Elder J. W. Murdock said, there was only one way of salvation, and that was to receive a reward according to his own acts.

The Latter-day Saints were called to be a stumbling block, and not a stumbling block, and to be a stumbling block, and not a stumbling block.

President Elias Smith advocated a more strict surveillance of the young by their parents.

He would also call attention to the fact that the night they fell free from restraint and were led into temptation.

The High Priest's quorum was composed of "boys" of the age of sixteen to twenty years, and were generally good men, but many were giving way to indulgence in intoxicating liquors.

They would do well to feel that such a course would not only ruin their health, but would also ruin their souls.

In conclusion, he referred to the growing scarcity of men who had passed through the early scenes of the Church.

Adjourned to meet on Sunday, January 8th, at 10 a.m.

Prayer was offered by Elder St. John Peterson.

Christianity a Broken Man.

The bent and dejected figure of an aged man...

He had seen the old man in some of the streets, pacing along alone in thought and pursuing the same absent-minded, mechanical tramp up and down that he had seen in the streets of London.

Mrs. F. Haskell, No. 43 Boston street, Salem, Mass., writes: I have been afflicted with rheumatism for a long time, and have tried many remedies, but have not found relief. I have heard of Dr. Price's Cream Baking Powder, and have tried it, and it has cured me. I can now do my usual work, and I feel much better than I have for many months.

DR. PRICE'S BAKING POWDER. White or large Baking Powder are largely adulterated with Alum and other hurtful drugs. THE CONTRAST! While our Baking Powder are largely adulterated with Alum and other hurtful drugs, Dr. Price's Cream Baking Powder has been kept unchanged in all its original purity and strength. It has received the highest testimonials from the most eminent chemists in the United States, who have analyzed it frequently. There are no powders that bear higher chemical tests, nor any that show so good results by the TEST OF THE OVEN. It is a pure Fruit Acid Baking Powder, Made by STEELE & PRICE, Chicago, Ill., & St. Louis, Mo. Manufacturers of Lupaiva Yeast Gum, Dr. Price's Special Flavouring Extracts, and Dr. Price's Unique Perfumes.

On the stand were Jesse N. Smith and H. Hatch, of the State President, and other leading authorities. President Smith offered the dedicatory prayer. After the prayer the Bishops made a report of their various work, which showed the people to be enjoying good health and were generally alive to their duties.

2 p.m. President Smith made a few remarks upon local matters.

After which the statistical report of the State was read by the clerk.

Elders Bushman and Tenney addressed the conference on a variety of interesting subjects, the latter speaking at some length upon his recent missionary labors in the State of Minnesota.

Sunday, 25, 10 a.m. Counselor L. H. Hatch gave some valuable instructions in relation to the duties of the Saints, and more particularly those who held responsible positions, that they should magnify their calling.

Apostle Brigham Young spoke of the importance of the Saints in the world, and of the wickedness of the nations, and the condemnation that we were under in harboring wicked-ness and wicked men, and associating with them.

Pres. Jesse N. Smith made some timely remarks in relation to our associating with the wicked, and taking of their sins, that we should be watchful and vigilant, and see that we did not invite those into our midst who were not worthy.

2 p.m. After the opening exercises the Sacrament was administered to the congregation.

The report of the Sunday School, and report of the Primary Association was read, after which the General and Local Authorities were sustained by vote of the Conference.

Remarks were made by Elders Ferron, Ellsworth and Apostle H. Young, which were good and timely, he latter speaking upon the subject of the United Order, and also showed how we failed in not observing it more fully than we do.

Pres. Jesse N. Smith spoke upon the same subject and showed the necessity of observing it in every case. He stated that the Taylor Ward had been divided, the upper part being organized as the Forrest Dale Ward, and Wm. Ellis ward was appointed President of the latter.

Conference adjourned to meet at St. John on the last Saturday and Sunday in March, 1892.
