DON'T LET MOTHER DO IT.

BY CARRIE ALTON.

Daughter, don't let mother do it!
Do not let her slave and toil,
While you sit, a useless idler,
Fearing your soft hands to soil.
Don't you see the heavy burthens
Daily she is wont to bear
Bring the lines upon her forehead—
Sprinkle silver in her hair?

Daughter, don't let mother do it!
Do not let her bake and broil
Through the long, bright Summer hour;
Share with her the heavy toil.
See, her eye has lost its brightness,
Faded from the cheek the glow,
And the step that once was buoyant,
Now is feeble, weak and slow.

Daughter, don't let mother do it!
She has cared for you so long;
Is it right the weak and feeble
Should be toiling for the strong?
Wa-en from your listless languor,
Seek her side to cheer and bless,
And your grief will be less bitter
When the sods above her press.

Daughter, don't let mother do it!
You will never, never know
What were home without a mother,
Till that mother lieth low—
Low beneath the budding daisies,
Free from earthly care or pain—
To the home so sad without her
Never to return again.

CONGRESSIONAL.

HOUSE.

Sargent moved to suspend the rules and pass the bill to provide that the public lands of California shall not be excluded, as mineral lands, from pre-emption or homestead entry, except where *bona fide* mining claims exist: rejected.

The Ku-Klux bill will not be reported now unless the committee so instructs.

The bill granting the right of way to the Utah, Idaho and Montana railroad passed under the suspension of the rules.

EASTERN DISPATCHES.

CHICAGO, 28.—Charles Retticker, a California boy, attempted at Dexter Park to-day, to ride two hundred miles in twelve consecutive hours. On the 174th mile the horse bolted, jumped the rail, and threw Retticker with such force that he was taken up insensible. He now lies very low, though his physician has hope of his recovery. In the hurdle race on the same track, shortly afterward, one of the horses fell and killed himself, and injured the rider it is supposed fatally.

WASHINGTON, 28.—The Red Cloud delegation had an interview with the President to-day, who proposed to them to move to the Cherokee country.

The defeat of the Ku Klux bill in the House has had an important bearing on the question of the final adjournment of Congress. The understanding had been that if the vote disclosed a majority in favor of the measure, the Senate would not act on the concurrent resolution for a final adjournment on the 3rd of June, but allow Congress to adjourn to-morrow, to be recalled by proclamation to a new session of unlimited time. So large a Republican vote against the bill, however, has changed the programme.

BOSTON, 28.—The reported wholesale destruction of the Newfoundland sealing fleet is discredited here. A St. John's letter, by last mail, says twelve vessels were lost and missing, but two or three of the latter are now out so long as to be given up. The crews of all the vessels known to be lost were saved, except forty-five out of sixty men of the brig *Huntsman*.

NEW YORK, 28.—A representation of the Newfoundland firm of Havre & Co. confirms the Boston dispatch in reference to the exaggerated reports concerning the sealing fleet disaster. He says the report is entirely false in respect to all but three vessels; and that he has advices of the safe return of most of the fleet.

It now appears that thirty persons were more or less injured by the explosion of the tug *Epsilon* yesterday.

Christian Trefesez to-day stabbed his wife, her paramour and himself; it is thought he will die.

It is estimated that forty thousand men are engaged in the strikes. All are quiet and confident of success.

EUROPEAN.

LONDON, 28.—There was a sensation in the House this evening caused by Tom Hughes in opposition to the usual motion for the adjournment of parliament for the Derby day, which occurs to-morrow. On rising he was greeted with ironical cheers and laughter. He vigorously denounced the English race courses, as having introduced the most corrupt and insidious system of gambling that ever disgraced any country. While opposed to horse racing, he believed that boat racing, cricket and other salutary competitions of human strength and pluck, ought to be encouraged. The motion to adjourn till Thursday was carried by 212 to 58.

WESTERN DISPATCHES.

EUREKA, 28.—Geo. W. Cassidy has purchased the interest of his partner, Fred Elliott, in the *Sentinel*.

The tunnel locations under the new Congressional mining law are the rage.

The Eureka consolidated smelting works are producing twenty tons of bullion per day, and the Richmond ten tons. Several new furnaces are projected.

THE LOST CUNARDER.—The *Tripoli* was a staunch vessel, seven years old, and measured 2,100 tons, being one of the smallest steamers in the line, which now numbers twenty-six vessels. This is the first accident that has occurred to the Cunard line during the last twenty-eight years. In 1844 the company's steamer Columbia went ashore on the coast of Nova Scotia, but her machinery and the hull of the vessel were saved, we believe. It will thus be seen that the Cunard line has been a very fortunate one; and there is not, probably, another instance in the history of oceanic steamship lines of so many thousands of trips being made without loss or accident as exhibited by this one.—*Ex.*

A SHIP CANAL across the peninsula of Florida is proposed. The route is up the St. John's river for 127 miles, then up the Ocklawahe river for 60 miles. At this point a ship canal for the distance of forty miles must be cut through the swamps to the Amaxura river at a spot 35 miles from its mouth, where it empties into the Gulf of Mexico, near Cedar Keys. By this route 650 miles will be saved on the voyage between the mouth of the Mississippi and the Atlantic ports. As the trade of 1871 between the ports on the Gulf of Mexico and those on the Atlantic coast amounted to 800,000 tons, it is believed that a handsome revenue would be derived from the proposed canal.—*Washington Star.*

MORE WAR MATERIAL FOR SALE.—The Secretary of War has received the authority of Congress to sell such portions of clothing in Quartermasters stores as he may deem advisable. There are now in store $13,000,000 worth of clothing, the care of which costs $150,000 per year. There are rubber blankets enough on hand to supply all prospective demands for one hundred and thirty years to come; rubber ponchos and artillery jackets for eight years, and blouses for forty years.—*Washington Star.*
