The board of the Desert News is at No. 40 Twenty-fourth street, where all advertisements should be sent. The News is published every day except on the same terms as in Salt Lake City.

OGDEN NEWS.

OGDEN, FEB. 16, 1901.

NEIGHBORS HAVE TROUBLE.

Thomas Marley Shoots at Mrs. Coffin—Fortunately Misses Her.

When Mrs. Coffin was in the street, she was shot at by Thomas Marley, who was in the street with her. The shot was fired from a revolver, but fortunately missed her.

A NEW DEPARTURE.

A New, Effective and Convenient Cure For Catarrh.

Of catarrh remedies, there is no end, but of catarrh cures, there has always been a great scarcity. There are many remedies to relieve, but very few that really cure.

The old practice of snuffing salt water through the nose would often relieve and the washes, douches, powders and enemas in common use are very little, if any, better than the old-fashioned salt water douches.

The use of inhalers and the application of salves, washes and powders to the nose and throat to cure catarrh is more reasonable than to rub the back to cure kidney catarrh. Catarrh is just as much a blood disease as kidney trouble or rheumatism and it cannot be cured by local treatment any more than it can be.

To cure catarrh, whether in the head, throat or stomach, an internal antiseptic treatment is necessary to drive the catarrhal poison out of the blood and system, and the new catarrh cure is designed on this plan and the remarkable success of Stuart's Catarrh Tablets is because being used internally, it drives out catarrhal infection through action upon stomach, liver and bowels.

Wm. Zimmerman of St. Joseph, relates an experience with catarrh which is of value to millions of catarrh sufferers everywhere. He says, "I neglected a slight nasal catarrh until it gradually extended to my throat and stomach and liver became affected, but as I was able to keep up and a day's work I let it run along until my hearing began to fail me and then I realized that I must get rid of catarrh or lose my position as I was clerk and my hearing was absolutely necessary."

Some of my friends recommended an inhaler, another a catarrh salve, but they were no good in my case, nor was anything else until I heard of Stuart's Catarrh Tablets and bought a package at my drug store. They benefited me from the start and in less than four months I was completely cured of catarrh although I had suffered nearly all my life from it.

They are pleasant to take and so much more convenient to use than other catarrh remedies that I feel I cannot say enough in favor of Stuart's Catarrh Tablets."

A little book on cause and cure of catarrh will be mailed free by addressing F. A. Stuart Co., Marshall, Mich., and the tablets are sold by all druggists in the United States and Canada.

four daughters and eight sons, six of whom survive him. The funeral services will be held in the Lehi meeting house Saturday next at 1 o'clock.

UNIQUE BALL.

Last evening under the auspices of the M. I. A., a grand ball was given in the City Pavilion, which was a novelty to most of those attending, being the first of its kind ever held in Lehi. It was a draw and weigh party, the young ladies' names being placed in a box, and at 10:30 the young men drew from same and whosever's name appeared on the card was his partner. The young lady was then weighed and her partner paid at the rate of one-half of one cent per pound all over and above one hundred pounds in addition to the regular admittance fee, then the young lady took her partner to supper at her own expense. The dance was a great success in every particular, and all enjoyed themselves immensely.

NEPHI.

Death of Henry Goldsborough and Mrs. Sisson C. Chase.

Special Correspondence.

Nephi, Utah Co., Feb. 15.—The many friends of Henry Goldsborough were pained to learn of his death, which occurred at the home of his daughter, Mrs. David Ockey, in this city at noon today. "Ockey" Henry, as he was familiarly called, was one of the best known characters in southern Utah. For many years he was the proprietor of the Goldsborough House, at that time the leading hotel of this city.

His son, C. Chase, who has been sick for the last two months, died at her home today. She was an estimable young lady, and leaves a husband and two small children besides a host of friends to mourn her early death.

MONROE.

Sad Demise of Elder Robert M. Shimmin.

Special Correspondence.

Monroe, Sevier Co., Feb. 13.—We are very sorry to record the death of Elder Robert M. Shimmin, who died on the 11th after months of sickness. He was born at Nephi, Utah, April 24, 1865, but came to this place when a young boy.

Last April he went to Canada for the purpose of making money, but failing health compelled him to return home in September. Diabetes had set in and kept up its continuous inroads until it caused his death. A young wife and three small children are left to mourn his death.

A very large cortege followed his remains to the cemetery.

NORTH OGDEN.

Further Particulars Ament the Death of Young Thomas Brunker.

Special Correspondence.

North Ogden, Weber Co., Feb. 13.—Thomas Brunker (whose death by accident in the Ogden canyon Feb. 8th was given in the papers at the time), was principally raised in North Ogden by a widowed mother—Agnes—Valerian Brunker, his father, Henry Brunker, having died in 1892. Thomas was born March 4th, 1886, and was a little short of 15 years at the time of his death.

He removed to Liberty ward in 1898. He had just returned the night previous from Idaho, and on the morning of the accident was going to Ogden, riding with a milkman to Ogden Valley creamery, where he changed to a load of hay as stated in the papers, from which the accident occurred as they rode down the canyon.

The annual meeting of the ward, held recently, showed the finances of the ward to be in excellent condition and elected as a board of directors for the ensuing two years, James Ward, James Storey, N. H. Barker, J. W. Gibson, N. Montgomerie, J. S. Chadwick, Elijah Shaw, F. W. Ellis and Joseph Orton.

MANITI.

Comics Suppressed—Fire Limits Defined—Putting in Electric Lights.

Special Correspondence.

Maniti, Sanpete Co., Feb. 15.—The city council passed an ordinance giving our city a fire limit. The part of the city included in this is on Main street, from Third North to Second South, and running east and west one-half block from Main. This ordinance compels the putting up of good fireproof buildings, and prohibits the storing of combustible material within these limits.

ELECTRIC LIGHTS.

The stringing of wires on the poles for the electric light plant is finished, and the men are now wiring the houses, so it will be but a short time until we have our town lit up by electricity.

The assembly hall in the South ward is completed with the exception of the painting of a curtain for the stage. The Mutual Improvement Association

of both wards are graded and are proving successful beyond expectations.

Next Wednesday evening a dancing party will be given in the Tabernacle in honor of the marriage of Miss Christine Peterson to Leroy Larsen, both respected young people of Maniti.

LECTURE BY DR. TALMAGE.

On last Wednesday evening Dr. Talmage gave a lecture in the Tabernacle to a good sized assembly. His subject, "Failure and Success," was highly educational as well as interesting to all.

A PLEASING INNOVATION.

Yesterday was Valentine day, and something unusual happened here. Not one mock valentine was on sale at any store or shop. The Ladies' Literary club here are to be thanked for this. They pleaded with all the merchants not to sell them, and bought up all the old stock and destroyed it. Today not one was seen anywhere, and for this time at least the ladies have succeeded in suppressing that base and corrupted notion of sending out such trash. Compliments are due the ladies from all parents here for the interest shown in behalf of the young of the community.

LOGAN.

Sudden Death of Mrs. Mary Ann Maughan.

Special Correspondence.

Logan, Cache Co., Feb. 15.—This morning at 10:30 the spirit of Mrs. Mary Ann Maughan, one of the pioneers of this valley, passed from this mortal sphere. Mrs. Maughan took sick several days ago upon hearing of the death of her friend and neighbor, Mrs. Delia Nebeker, and she did not survive the shock. She was 84 years old and the first settler of Cache. She was universally beloved, and died in full faith of the Gospel.

MINER-THOMPSON WEDDING.

At high noon on Thursday Miss Lillian Miner and Mr. Alvin H. Thompson were united in marriage, the bride's father, Judge Aurelius Miner, performing the ceremony. The couple left the same afternoon on their honeymoon, which will include a trip to the Pacific coast and the Hawaiian Islands.

ELSONORE.

Demise of Two Veterans, Mrs. Elizabeth Shaw and M. M. Anderson.

Special Correspondence.

Elsonore, Sevier Co., Feb. 14.—Mrs. Elizabeth Shaw, 78 years of age, died the 11th of this month, and was buried on the 10th. Sister Shaw was born in Glasgow, Scotland, April 22, 1821, emigrated to the United States in 1855, and emigrated to Zion in 1865. She leaves four children to mourn her departure; two children and her husband survive her on the other side. She had ever been a faithful church member and did much good in her day for the cause.

Mrs. Mariane M. Anderson from Kanab, mother of Sister Woodward, came here to her husband on a visit about a month ago. She then had a touch of the s. p. She took sick with pneumonia, which ended her career on the 11th inst. On Wednesday funeral services were held at 1 p. m., after which she was taken to Kanab to be interred by the side of her husband. Bishop J. I. Jensen, S. Sorenson and State President Seegmiller were the speakers at the funeral.

OUR NEIGHBORS.

POCATELLO, IDAHO.

Death in a Mouth Organ—Diphtheria Fatality—Death of Mrs. R. Clark.

Special Correspondence.

Pocatello, Idaho, Feb. 14.—On Saturday, Feb. 9th, a boy was born to Mr. and Mrs. Levi Hawley. Mother and child doing well.

Samuel Cox and family are quarantined on account of diphtheria, which has broken out in a malignant form. Mrs. Rebecca Clark, mother of Daniel and David Clark, died in full faith of Jesus Christ, Saturday, Feb. 10th. She was born in Staffordshire, England, April 19, 1819. Remains were taken to Logan, Utah, for interment.

AUTHORS OF NOTE.

Gossip of the Writers Whose Books We Admire.

It used to be said that poets should be young and writers of fiction middle-aged—that the former might have fire and the latter reflection.

However, lots of young people like Miss Runkle and Miss Johnson are now writers of fiction—Miss Runkle is said to be only 19—and at the age of 78 Sir Lewis Morris is just publishing a new book of verse.

Morris is not a metrical heavy-weight, but he is understood to be Queen Victoria's favorite poet, as Marie Corelli is her chosen novelist.

As an instance of a young fiction writer, consider William Stearns Davis, aged 23, just graduated from Harvard.

Between his 10th and 18th years Mr. Davis was an invalid. He could not study much or play at all. Living in the house of his grandfather, an old-fashioned college president, he learned the Bible and Greek and Roman history. And he wrote five historical romances, all boyish.

Improved in health, Davis entered Harvard. He wrote "A Friend of

STOCKHOLDERS' MEETING.

AURORA MINING AND MILLING COMPANY. The annual meeting of the stockholders of the Aurora Mining and Milling Company for the election of directors and for the transaction of such other business as may properly come before the meeting, will be held at the office of the company, No. 20 N. Main Street, Salt Lake City, Utah, on the first Monday (4th day) of March, 1901, at 12 o'clock noon.

JAMES D. STILLING, Secretary. Salt Lake City, Utah, Jan. 25, 1901.

STOCKHOLDERS' MEETING.

Of the Bullion-Buck & Champion Mining Company.

NOTICE IS HEREBY GIVEN THAT THE annual meeting of the stockholders of the Bullion-Buck & Champion Mining Company will be held at the company's office, Room 20, Templeton Building, Salt Lake City, Utah, on Monday, March 4, A. D. 1901, at 10 a. m., for the purpose of electing officers and directors for the ensuing year and for the transaction of such other business as may properly come before the meeting.

By order of the Board of Directors. Salt Lake City, Utah, February 15, 1901.

Caesar" in his sophomore year, when he was 20.

In a review of Mr. Foley's "Jeffersonian Cyclopedia," the London Academy remarks: "Under his (Jefferson's) rule, slavery was abolished."

Too bad it wasn't!

What the Academy had in mind was the abolition of the slave trade.

Is it generally known that Humphrey Ward, besides being the fortunate husband of Mrs. Humphrey Ward, is also the author of a number of popular novels, and is one of the most successful writers of the world?

As a leading editorial writer on the London Times Mr. Ward is indeed a power, besides having an enviable social position among people of real importance. But these facts place him in a position of no small importance.

Mrs. Ward's literary method is simple. She always takes pains to write just as well as she can, without mannerisms and with utmost attention to detail. She knows Italian and Italian literature, and she writes in Italian, and that is why her "Eleanor," besides being the most notable novel of the year, is also a valuable treatise upon new Italy and its hopes.

A magazine editor, supposed to be Edward W. Bok of the Ladies' Home Journal, remarks on the new book: "There are two kinds of celebrities to choose from; first, celebrities by nature, as Tolstoy, Mark Twain, Balfour, Li Hung Chang, Queen Victoria, and second, those who are celebrities by the way of being. For instance, Admiral Dewey, when he was in Manila, was for an article telling how he destroyed the Spanish squadron, and what his presidential aspirations were."

Is it doubtful if an article from him on these subjects would bring \$200. Minister Conger's account of the siege of Pekin will undoubtedly bring him a fabulous price from the editor of the magazine who is lucky enough to obtain it. But after his time has expired, and he has retired to the obscurity enjoyed by an ex-President of the United States, who will care to hear about the gallant repulse of the Boxers?"

The Rev. H. D. Rawnsley, in the most recent book about the Tennysons, quotes an old servant's memory of the laureate's youth.

Mr. Haiford, he was a "dacious one. He used to be walking up and down the carriage drive hundreds of times a day, shouting, hallooing and preaching, with a book always in his hand; and such a man for making sad work of his clothes!"

One of the strangest things in modern literature is the case of Joseph Conrad. He has spent a lifetime at sea, dealing without gloves with rough men and trying situations; now, on land, he has written a book, "Lord Jim," which is compared for its keen and mastery by Lewis Morris to the work of Henry James.

Sailors often make good story tellers but more often, like Mr. Bullen, they rattle sea tales rather than metaphysical novels.

Miss Mary Johnston, author of "To Have and to Hold," writes with some care, using a pencil and soft sheets of paper. After the copy is corrected it is copied upon the typewriter. This is again carefully corrected, and from this final draft a clean copy is made for the publisher.

Neither by her or anyone else is a successful novel "dashed off"—New York World.

SAY "NO" and stick to it, if a grocer urges you to take something "that's the same as" or "as good as" Pearlina. A washing powder sold by "substitution" is open to suspicion. Even if it costs a few cents less, will that pay you for the damage that may be done? If any one thing has been proved about Pearlina, it's the fact that it is absolutely harmless. Isn't that enough to make you insist on Pearlina?
