

ANNUAL MEETING OF OARSMEN.

National Association Scullers Will
Explain Violation of Rule.

SOME MAY BE SUSPENDED.

Two Are Charged With "Professionalism"
and May Lose Their Amateur
Standing if Found Guilty.

New York, March 12.—At the annual meeting of the National Association of Oarsmen to be held at the Marlborough hotel on Saturday at three p. m., the scullers will be called upon by the association to explain violations of amateur rowing rules. They are Edward Ten Eyck, John Rumohr and S. C. Titus. Mr. Ten Eyck will be asked to explain why he did not go aboard to race when the association ordered him to do so. If the reasons given by the Massachusetts club are not satisfactory he will probably be suspended. Messrs. Rumohr and Titus are charged with professionalism and if proved guilty will forfeit their amateur standing. The place for holding the national regatta will also be selected.

AFFAIRS OF SARATOGA.

Three Supplementary Nominations
in the Special Received to Date.

New York, March 12.—H. D. McIntyre, secretary for the Organized Saratoga Racing association, says that three supplementary nominations have been received to date. These with the original thirteen subscribers and the later addition of August Belmont's entry to the race makes seventeen nominations. The new entries are those of J. B. Haggit, captain S. S. Brown and Michael Murphy. The race is in the nature of private sweepstakes of \$1,000 each, half forfeit, each subscriber to have the privilege of naming their horse. May 1st, one of the three to start on payment of the full subscription, the race to be at five and a half furlongs, for two year olds, at weight for age. The subscriptions already received appear to guarantee that the special will have a value of more than \$10,000 a side from the plate.

Will Attend Cyclist Union.

New York, March 12.—Chairman Bachelier, of the N. C. A. board of control will attend the annual meeting of the Interstate cyclist union to be held this year at Alexandria, Italy, while in Europe Bachelier will arrange for the appearance in this country of a number of foreign champions.

SPORTSMEN PURCHASE LAND

Denver Syndicate Secures 4,000 Acres
Near Mouth of Bear River.

Yesterday afternoon a deal was consummated by which a Denver syndicate secures 4,000 acres of land near the mouth of Bear river, where a game reserve will be established. The Davis property of 2,000 acres was purchased for \$6,000, and the other 2,000 were secured from the Union Pacific. An elegant club house is to be constructed and fitted up in first-class style. It is expected that fully \$20,000 will be expended on the club house.

JACK MEINEKE RETURNS.

Says Park City Team Will Incorporate
Next Friday.

Jack Meineke, manager of the Park City baseball team, returned from Park City last evening and brings the news that the club will incorporate next Friday with a capital of \$1,000. On Friday evening a meeting will be held at which the officers will be elected to serve for one year. Meineke says that the outlook is all that could be desired, and he is sure of putting a first-class team in the field. He has signed Fred Caine for third base, and both will return to Park City Friday. Caine is the Short Lines third baseman of last season and is a good man for the position.

BASEBALL LEAGUE OUTLOOK.

Situation is Unchanged and No
Chance of Immediate Organization.

Judging from the present outlook the Utah Baseball league, of which so much has been written and said, will not be organized at least within the next ten days. The managers of the various teams are at present in conference with players and until the teams are fully organized, it is not likely that the league will be materialized. At present "The Railways" are figuring on uniforms and their trade mark, and the management hope to have the team fully organized and equipped in a short time.

NO MEETING HELD.

Council Compelled to Give Right of
Way to State Senate.

The Senate has been occupying the City Council chamber during its session, and as the time is drawing near when the State's law-makers will have to adjourn, they are compelled to hold night sessions in order to finish up the business now before them. On this account the City Council found itself last night without a room to meet in upon arriving at the city and county building. The council of the city of education was suggested, to which they repaired. However, it was found there were not enough desks to go around, and no ink or pens were at hand. All conceded that the city fathers could not do business without writing material, so a motion was made to adjourn until next Friday night, and the city recorder was instructed in the meantime to get the room in shape. This agreed to, most of the people in attendance and the councilmen wended their way home again.

After the adjournment some of the members gathered around Mayor Thompson and discussed the subject of his veto of selling to the Eighth ward Relief Society the strip of land adjoining their meeting house. Mr. Thompson, of course, stood on his veto, but it was stated that he offered to contribute \$100 toward the purchase of the land by the society if its fair cash value be given. Acting Bishop McAllister, with some of his ward people, were present to enter into further negotiations if the matter should have come up last night. They feel, inasmuch as the property joins their meeting house and part of the buildings which used to belong to the ward, constituting the old meeting and school house jointly, are on it, that they should have the land.

TWO NOTED FOREIGNERS WHO ARE ON THEIR WAY TO AMERICA.

On the steamer Majestic, due in New York about next Thursday morning, are two distinguished foreigners who are coming to pay a visit. One is Signor Marconi, who expects to conduct wireless telegraph experiments on some of Uncle Sam's warships. The other is the Rev. F. B. Meyer, known as "the Moody of England." He is a celebrated evangelist and will hold revivals in Atlanta, Louisville, Richmond, Cincinnati, Chattanooga, Omaha and Allegheny.

THE MINISTERS PROTEST.

Clergymen Petition the Governor to Veto
Evans Bill.

Many Fearful Conclusions Drawn by
the Salt Lake Preachers' Association.

With all of the pressure that has been brought to bear upon him Governor Wells has not been induced to break his reticence as to the course he will pursue in regard to the Evans bill. Yesterday afternoon he was waited on by a committee representing the Salt Lake Ministers' association, consisting of Heva, Leitch, McNiece, Brown and Bagby, who presented him with a petition drawn up by the association, praying him to veto the much-mooted measure. The executive received the paper very courteously, but did not allow himself to be betrayed into any expression as to what he would do.

YOUNG GIRL'S SAD PLIGHT.

Her Mother Dies and Her Ruin Speedily
Accomplished.

Another sad case of neglect and villainy came to light last night when Officers Lincoln and Pack arrested W. P. Gardner and Jack Ryan in a rooming house in company with a young girl named Kate Knox. An effort will be made to secure a home for the girl, and it is likely that the men will be charged with criminal assault.

Family Leave Today.

President George Q. Cannon was considerably improved in health this morning, and accompanied by his wife, his son Preston J. Cannon, and two young children, left for the Pacific coast. It is expected they will remain for the next few weeks. During the winter season President Cannon always feels much better at sea level, and it is hoped that a sojourn there will speedily restore him to his wonted vigor.

Remarkable Cures of Rheumatism.
The editor of the Vindicator has had
occasion to test the efficacy of Cham-
berlain's Pain Balm twice with the
most remarkable results in each case.
First, with rheumatism in the shoulder
from which he suffered excruciating
pain for ten days, which was relieved
with two applications of Pain Balm,
rubbing the parts afflicted and realizing
instant benefit and entire relief in a
very short time. Second, in rheuma-
tism in thigh joint, almost prostrating
him, with severe pain, which was re-
lieved by two applications, rubbing with
the liniment on retiring at night, and
getting up free from pain.
