and me, "said be, "inst makes four and four somment to fall is not a small affair. It means—to work years of means—to work years to grow means to fall it is not a small affair. It means—to work years to grow means to have a few spare coins hid by in the later where of tense what it makes to have a few spare coins hid by in the date where of tense in the spare is the sactor while the satter while years to grow make years to grow the satter while the satter while years to grow make years to grow the satter while the satter while years to grow make years to grow the satter while the satter make and forth, but work also would have kept his blood in circulation, and in addition would have brought that warm his blood he was oblined from a still high the blood work there was to be deme on that spire!

Of course it was dangerous work Jean knew that, but he knew his fallen away place by peece.

What a lot of work there was to be deme on that spire!

Of course it was dangerous work Jean knew that, but he knew his trailed, and had always replied that minings to do so without it conting the mining to do so without it control work the sattle was the done on the summit of this spire had been blown down them the control will give me the work that is to be done on the steeple.

Jean Remard had an inepiration; Jean Remard had an inepiration; while the control work in the control w

said he to Jean, "but I will me give you a cent."
The slatter found this too little and gave by the affile, hesping, however, a gradge against the cure.
At about this epoch there was a change in the mayorality of Gre-noullaville. The new magistrate in-surgurated his rule by asking the cure to require the flag, covered with reat, which crowned the steep's.
"But, Monsterr le Maire," objected the cure, "you do not ask me if I have the money to pay for this work."

the cure, "you do not sak me if I have the money to pay for this have the money to pay for this have the money to pay for this work."
"Do not bother yourself shout that, Monsieur is Cure," replied the mayor; "Newy were the flar crysmitted, and the monicipality shad pay."
"Newy were the flar crysmitted, and the monicipality shad pay."
"Newy well then same you wish it, replied the cure, some too happy it."
"You shad the cure, some too happy it."
"You to his principles, the cure best down the principles, the cure best down the principles, the cure best down the principles, the cure best making his bergain with down the card, and when it were concluded, the priest added, "And it is well understood that putting back the coxis is included in the bargain."
"Oh, no." and Jesus, "that is not understood that putting back the coxis is included in the bargain," and size, the coxis has to be put much higher than I mount to paint the flar. Plaining the coxis is a peritous job—so peritous that it is any life you are asking me to the putting that it is any life you are asking me to the putting that the the later of the putting that for the love of Good."

"Do you say maness only for the love of Good, Monsieur to Cure! I consent to replace the cock, but you will add fifty frames to your price it is worth that."
"Tirry frames "Grief the putter!"
"But if a effort to go a for steps lighter."
"But if misferture bufalls me, de-"

higher."
"But if misfortune befalls me, do you think you, for the love of God, will care for and bring up my children."

nt". Commel come! No more talking give you ten frame." Ah. Monshour in Chre, you take nations of my poverty. You know not surn a living and so you get

got down.

"That is true," and the priest, "litmit is true," and the priest, "litmit be treaght desem, but who will do it?

"That, Monsieur le Core, is your business. Get worksteen from the city, "fly or muse, to make at what me countries of what was your purpose," the countries of what was your critical with the curs, besiden that the curs, the countries of the priest had possed in the village that the priest had possed in the village that the priest had possed in the village that the priest had possed in the waste countries only the countries of the priest had possed for initially and fostings of aversion for him developed in the treases of his partialences.

A subscription was opered for the crystage of the titler, and the state day lot frames were paid in little not tick, A mas had gone to the city, but they asked 200 frames, and the curs from that the countries were held in front of the countries were held in front of the countries of the titler, and the state being still supposed from the steeper for the consider, and ill Greenwilleville joined in the last prayers for Jeans Research.

ed.

to inter the body it had to be been from its lofty perch. The settleme of the slater this time of great decision. They would the body, and if necessary if force the curve broadly to go

move the body, and it increasing would force the circultural to go and gift in. When that pursua left the church he found himself confronted by a threatening crowd.

"No, Monaiour in Cure. He shall not stay up there. It is no entrage?

"My good friends I am quite of your sponious, so get him down?

"You shall go yourself since your replace to pay some one cles to go," and already the most melacious the midderest inction, pursued the cure backward toward the chargh. Theoremstry alarmed he at length exclaimed.

"It is impossible, I do not know how to elimbour rods. I'll pay! I'll pay?"

how to climb on rocks. I'll pays I'll pays' [Wey!]

They ask 100 frames to come from the city, crosel the mes or all solar. Yokin—but I'll give them?

"Shop! sept? crisel a voice. "I'll do the lob for 118 fruncs." and a most correct, the says isward the cury through the amazed villagers.

"Jean Bearn!" Jean Remind!"
beins from their lip.

If was indeed Jean. He explained in a few sough line is the high planned to trick the cury, who meant to get jet.

kneed she found a adverting specimen there.

"Please, undern, be begins, with much search; "I sur most shreed; could you give use a bite to eat?
"My peer fellow," said the lady kindly. There nething in the longe to a very amal quantity of tree!

"Oh, modum," exclaimed the di-gisted traum," if there is anything I date on it is clear, genuesius of facilities? by "Shall bayes the heed of the lady-hery it is," and the handed him a piace of perigled rays bread him a piace of perigled rays bread that would have hand the digistion of a beau member.

Then she softly closed the door.— Dirrol Free Press.

Your druggist does not spread his plasters or gela-tine-coat his pills. He knows that such work is better done

that such work is better done in a factory.

Some fry to make an Emulsion of cod-liver oil; but they cannot make one like Scott semulsion—they if find it out some day.

There is no secret in what it is made of; there is a knack in making it. That knack is Scott's Emulsion.

There is a book on causeur, average that you ought to read. Shall we send it? Free,
