LOCAL AND OTHER MATTERS.

THE LINGARDS. — The very talented members of the Lingard dramatic troupe made their first appearance at the Salt Lake City Theatre last night, and met with a reception at which, great as is their reputation, they must have felt flattered, for the theatre was well filled with a fashionable and highly appreciative audience. The first piece played was the comedietta of "Who Shall Have Him," the principal characters being sustained by Mr. Lingard and the lady members of his troupe. The piece was rendered in a brilliant and finished style; the ladies and gentlemen acquitting themselves in a manner worthy of their reputation.

The second portion of the programme,—the character sketches of Mr. Lingard, was the feature of the entertainment last evening, and the wonderful versatility and skill of this gentleman evinces the consummate artist, and must be seen to be appreciated. His "Captain of the IX," "Par Excellence," "The Young Lady of the Period," "The Young Old Maid," as well as his personations of Horace Greeley, Ben Butler, Louis Napoleon, King William, President Grant and others, were marvels of art, and the various changes were made in an almost inconceivably rapid manner. His representations of these living celebrities were so accurate that they were instantly recognized by the audience, and the artist was loudly cheered. The performance concluded with the fine old comedy of "Naval Engagements," which was very neatly and cleverly performed.

To-night the bill comprises "Delicate Ground," more character sketches by Mr. Lingard, and "Little Toddlekins;" and as the stay of this very clever company is, on account of engagements made ahead, necessarily limited to one or two nights here, all who admire first-class art sketches and and dramatic impersonations, should be sure to attend, for the equals of the Lingard Troupe are not likely to visit our city again in a hurry.

CAMP MEETING YESTERDAY.—Probably nearly three thousand people were in attendance at the meeting last evening, the large tent being filled to the utmost of its seating capacity besides a number of people who stood around its margin. The audience, as at all the previous meetings, was respectful, orderly and attentive. The Rev. Mr. J. E. Searles, of New York, was the first speaker, and he was followed by the Rev. Mr. Inskip.

THE AUSTRALIAN MISSION. — By courtesy of President George A. Smith, we are permitted to extract the following from a letter to him from Elder Robert Beauchamp, written at Sidney, New South Wales, May 2nd: "Satan and his servants have been very busy and persecution very strong. It is quite a common thing for employers to discharge from their service any person, male or female, known to be a 'Mormon.' We have many men who have been in one employ for years who have been discharged from this cause; and there are hundreds whom I could baptize at once were it not that they are afraid of losing the means of supporting themselves and families. The spirit of persecution keeps the Saints very poor. Religious matters, which were in quite a torpid state previous to my arrival, are now all bustle and fermentation. Instead of meetings being held only twice on Sundays, they are convened three times on Sundays and every evening during the week, besides morning prayer meetings. The priests and others go from house to house villifying and lying about the Saints. I am sometimes asked for a miracle, and I point to these facts, for nothing but a miracle could induce the parsons around here to earn their salaries by downright hard work. The newspapers are also constantly vending the most unreasonable lies concerning us.

About a dozen Saints will leave for Utah by the next mail steamer for California. There is a few others who will have to stay some time longer in order to dispose of their property. A considerable number are saving means to emigrate and will, doubtless, soon be able to gratify their desire to gather with the Saints."

NEW STORES.—The work of tearing down the small buildings occupying the ground between the jewelry store of C. C. Asmussen and Dwyer's news depot, is progressing, and their places will soon be filled by six handsome two storey stores, which will be occupied, respectively, by Messrs H. Dinwoody, Calder Brothers, George W. Davis, C. M. Donelson, H. E. Phelps, and the Thirteenth Ward Co-operative.

HORRIBLE.—The Petaluma, Cal. *Crescent*, a few days since contained the account of the brutal murder of a Miss Daniels, by a man known as Austrian George, who seized the poor girl, while walking with some companions, and cut her throat, almost severing the head from the body. The murderer escaped. Public feeling, however, ran high against him, and a diligent search was commenced, which the *Crescent*, of last Friday, says was successful, the wretch being captured at a point about fifteen miles from Oroville. He was taken to the house of a Mr. A. J. Rindle for trial, upon reaching which he gave up his knife. When his captors were about to bind him, he drew a revolver and attempted to shoot himself, but failing in his effort he broke loose and ran, and was shot dead. His body was taken to the cabin at Cherokee Flat, in which he resided before the murder, and so great was excitement among the citizens that a proposition to burn the body met with general approbation. The cabin was torn down, the body placed in the midst of the materials in a standing position, and a can of oil was thrown over the whole, when the mass was fired and reduced to ashes.

FROM WALES.—We are in receipt of a letter from Elder Ieuff John, written at Merthyr Tydvil, Wales, under date of May 26th, from which we extract the following.

"I arrived here five days ago, having been eighteen traveling days from home, and we had a prosperous and successful journey.

I am appointed to labor in Wales. Brother Edwards will be released from Merthyr to return home; Brother Caleb Parry will be released from the Monmouthshire and will preside over the Birmingham Conference. The Merthyr, Swansea and Monmouth Conference will be all consolidated and one President have charge of the whole.

I find that things have greatly changed during the last ten years in this land, not only among the Saints but also among all classes, religiously and every other way. The love of money increases, and the love of God and a desire to know and serve Him is on the decline. Religion among the different sects, has been reduced to a cash valuation. I thank Heaven for our peaceful homes in the mountains, where we are comparitively free from the evils that afflict society.

The Elders from home, whom we found here, are full of the good spirit, and are performing good works."

DAVIS COUNTY.—Elder William Morrison, writes from Richfield, under date of the 30th ult. "that the bridge over the Sevier River, for which an appropriation was made by the Legislature previous to the abandonment of Sevier Valley in 1867, is being finished, under the direction of the County Court, as per instructions of the Territorial Road Commissioner. The general prospects for crops, in the county are excellent."

"THE EXCELSIOR CHOIR," is the title of a very neat, well-printed, eight-page monthly, devoted to church music, edited by Carl Bund, and published at twenty-five cents a year. The June number, received this morning, contains several pieces, with words, some arranged for four voices, others for three. It is a beautiful and an exceedingly cheap work, and seems as though it might be of very great use to choirs, and be worth to them ten times as much as the price of subscription. Address Carl Bund, Editor Ex. Choir, care of Root and Cady, Chicago.

Special Notices.

Address of Church Emigration Agent.—Mr. William C. Staines, Box 2607, New York.

Incense and clear starching, by Mrs. Harriet Elms, South Temple St., between West Temple and First West Sts., first door west of Hon. W. Woodruff's. tf.

NEW REFORM.—The introduction of Soda Water and Sarsaparilla, by Day & Co., has done more in the way of a Temperance Reform than all the lectures that have been delivered in the country. The natural condition of man is a thirsty one, and it has long been an established fact that water will not quench thirst. The question then arises, can we find a substitute as harmless in its effects, and more delicious in taste than anything yet discovered? We find it in Day & Co.'s Soda and Sarsparilla. If every one would sign the Pledge and drink nothing but this Celebrated Beverage, much degradation, misery, shame and crime would be prevented in the world. If any one doubts the truth of our remarks let them step into the first place they come to and try it. It will vouch for itself. sn(170)tf

Notice to Consumers.—The increasing popularity of Dooley's Yeast Powder has induced a certain firm who manufacture a Baking Powder to copy verbatim, our advertisements, simply substituting their name in place of ours. While this proves the standard excellence and worth of our Yeast Powder it is calculated to deceive the consumers, and reflects the character of the parties, as well as the goods which they are endeavoring to force upon the unwary. Be sure that you call for Dooley's Yeast Powder, and take no other. Dooley & Brother, Proprietors, 69 New Street, New York.
