

A FEW DOSES END KIDNEY MISERY AND MAKE LAME BACKS FEEL FINE.

Out-of-order Kidneys are regulated and Bladder Trouble Goes.

A real surprise awaits every sufferer from kidney or bladder trouble who takes several doses of Pape's Diuretic. Many in the back, sides or loins, sick headache, nervousness, rheumatism, lame back, heart palpitations, dizziness, sleeplessness, inflamed or swollen eyes, lack of energy and all symptoms of out-of-order kidneys simply vanish.

Uncontrollable urination (especially at night), smarting, offensive and discolored water, and other bladder miseries, end.

The moment you suspect kidney or urinary disorder, or feel any rheumatism, begin taking this harmless medicine, with the knowledge that there is no other remedy, at any price,

made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pape's Diuretic, which any druggist can supply.

It is needless to feel miserable and worried, because this unusual preparation goes at once to the out-of-order kidneys and urinary system, distributing its cleansing, healing and strengthening influence directly upon the organs and glands affected, and completes the cure before you realize it.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence.

Only curative results can come from taking Pape's Diuretic, and a few days' treatment will make any one feel fine. Accept only Pape's Diuretic—anywhere in the world.

OLD BANK SUED FOR BIG AMOUNT

Keyser Investment Company
Charges Fraud Against Commercial National.

GROWS OUT OF NEW CHARTER

Complaint Says Old Stockholders Were
Shut Out of New Concern
When Formed.

The A. Keyser Investment company makes charges of fraud against the Commercial National bank, its officers and directors, in a complaint filed this morning in the Third district court and demands \$100,000 as damages. It is alleged that when the charter of the Commercial National bank expired that under the act of Congress pertaining to national banks that J. H. Cosgriff, president of the bank, secured another charter under the name of the Commercial National bank.

After the new charter was obtained, it is alleged that the officers of the company transferred all the assets, including securities, savings and commercial deposits to the new bank which was organized, valued at \$2,000,000. The officers of the new bank refused to allow the Keyser Investment company and a number of other stockholders, who are not named in the complaint, to subscribe for stock in the new bank. It is set forth that the Commercial National bank, which had been in existence for 20 years, had developed and built up a trust fund valued at \$2,000,000, and was a paying investment to stockholders. The investment company maintains that by being "frozen out" on the new bank that it and other stockholders in the old bank have been damaged in the sum of \$100,000.

PIGS IS PIGS

And Hammers and Cushions Also Figure in Divorce Action.

Mrs. Emma Morton charges her husband, Daniel H. Morton, whom she is suing for divorce, with deception, in an affidavit filed yesterday in the Third district court. In dividing up the property, Morton told her that he only had two pigs and gave her one of them. Now she discovers that Morton had three pigs and she wants another. He is cited to appear before Judge Morse next Friday afternoon to show cause why he should not be punished for contempt of court.

The affidavit further states that Morton has refused to give her two cushions and a stone hammer which she wants. They were married here on Nov. 2, 1898. Mrs. Morton charges her husband with cruelty. He is 55 years old and a Civil war veteran. They have no children and live at Murray.

LEFT HER NEW YEAR'S DAY.

Mrs. Della Batten charges her husband, James M. Batten, a motorman, with desertion in a complaint filed yesterday in the Third district court. They were married in Omaha, September 1, 1887 and Batten left her last New Year's day in destitute circumstances. They have four children and Mrs. Batten asks for \$50 alimony and the custody of the children.

UNIVERSITY NEWS

Providing the weather permits the U. team will be out to practice both this evening and tomorrow afternoon preliminary to going to Logan to play the A. C. All indications are that there will be big crowd behind the team for the north on the day of the game and Logan will be en fete in consequence.

The athletic council met this afternoon to elect a treasurer and assistant manager. The matter of going to Golden, Colo., to play the miners on Oct. 25 will also be debated and decided upon at the meeting.

The campus rules committee again is in evidence and is taking up the matter of correct sartorial adornment for the students. It is anticipated that an edict will shortly issue that freshmen must wear caps, that they must not wear trousers that are rolled up nor high boots. The preparatory students also will be required to appear on the campus without any head gear at all save that provided by nature, and, in fact, every class will have distinguishing marks.

WAR ON HOUSE FLIES.

Prof. J. Z. Brown Urges a Vigorous Fight Against Germ Carriers.

The principals of city schools met yesterday in the office of Supt. D. H. Christensen and listened to an address by Prof. John Z. Brown of the medical department of the University of Utah, who advocated the carrying of the fight against the fly into the schools, and through the schools back into the homes.

Prof. Brown said the only way to get

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running ear or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

rid of the fly is to educate the people to see the danger of the fly as a carrier of infection. People ought to be compelled to screen their houses and thus keep the flies out, and dairymen ought to be watched to see that their milk is at all times kept out of the reach of flies. He declared that had milk and flies are responsible for most of the typhoid. He referred to the well known qualities of milk as a carrier of disease, and also commented on the conditions of the slaughter houses, which should also be kept clean and free from flies. He thought it would be a good thing if the citizens would occasionally visit the dairies and slaughter houses, as it might compel the owners to be more careful. He advocated boiling all water and milk and washing vegetables and recommended the city a new milk ordinance compelling milk men to bottle their milk.
