Copper Shares.

Safest Investment, Largest Dividends.

A portion of the full paid and non-assessable capital stock of the Boston & Texas Copper Company is offered for sale at \$100 per share (par \$100 for Treasury purposes), and is recommended as a safe and highly profitable investment.

The company controls twelve thousand acres of rich copper land in North Texas which is also valuable for farming and stock raising purposes. The tract is some 25 miles long and about three miles wide. It is equivalent in size to five hundred acres of rich farming land.

The property has been developed extensively to begin producing at once, large quantities of the richest copper ore (40 to 70 per cent), taken out and marketed, and inestimable quantities of copper ore and slag running from 10 to 15 per cent, copper content. (Copper and slag and other great dividend property are working on a 10 per cent basis.)

The property is within 15 miles of a railroad and fuel and water are available. The area is well watered and the surface is a level, and the ore is rich and concentrated in copper ore, which is a fact of great importance in the mining industry.
