PRESIDENT DECIDES MATTER.

Endeavor Was Made to Have All Bids Rejected and Advertise for New Proposals.

Washington, Jan, 27.-Following a conference at the White House tonight. It was officially announced that the contract for building the Panama canal would be awarded to William D. Oliver, who, with Anson M. Bangs, was the lowest bidder in the recent competition. provided that within the next 10 days he associates himself with at least two independent contractors whose skill and experience, combined with his own, shall cover the entire field of the work to be performed under the contract. The official announcement tonight

confirms the Associated Press statement of last Friday night. President Reosevent then took the position that since Mr. Oliver had met all the re-quirements of the government, it would be unjust to reject his bid of 6.75 per cent of the construction of the canal.

mine Mr. Onver and more an event outrements of the government, it would be unjust to reject his bid of 6.75 per cent of the construction of the canal, of even to require him to submit a new bid for the contract. Mr. Oliver had informed the president that it was his desire to submit an independent bid for the work, and that when the catait com-mission officials informed him that it would be necessary to form a partner-ship with some other financially re-sponsible contractor, they even went so far as to suggest that he enter into an agreement with Anson M. Bangs of New York City. Mr. Oliver said that after receiving this suggestion from Chairman Shonts, he visited the war department and was informed that Mr. Bangs would be entirely satisfactory to the government. Mr. Oliver toil the president that with this assurance as to ine reliability of Mr. Bangs, he imme-diately entered into an agreement with the New York Contractor. Powerful influences were brought to begive all bids and advertise for new proposals, but the president insisted that Mr. Oliver should be given a rea-sonable time in which to make a satis-factory arrangement to substitute some other contractor or group of contract-crs to take the place of Mr. Bangs. At the Write House conference on Satur-dayinght, the friends of the McArthur-filiesple syndicate argued that the con-tract figure should be increased to 9 per cent of the total cost of construction, and that the contract he awarded to oliver, McArthur and Gillesple. This suggestion, however, did not meet with the approval of the New York firm, who insisted that they could not under-take the work for less than 12.50 per cent of the total cost, the figure men-tioned in their original bid. The presi-dent, Seey. Taft and the canal com-mission officials then decided to award the contract to Mr. Oliver, provided he counsel to the canal commission, were in conference with the president, for two hours tonight and the whole mat-ter was again gone over. "The foregoing action is taken in conformity with the expressed wishes of both Mr. Oliver and the McArthur-Gillespie syndicate that the contract should be let, and in view of the fur-ther statements of the spokesman of the McArthur-Gillespie company to the president that if the commission could close the contract with a satisfactory and responsible association of contrac-tors at a rate as low as that proposed by Mr. Oliver, it should feel at liberty, so far as they were concerned, to do so."

GOV. SWETTENHAM HAS TENDERED HIS RESIGNATION.

Kingston, Jun. 27.—It is understood that Gov. Swettenham tendered his resignation to Lord Elgin, secretary for the colonies, a few days ago in conse-quence of the Admiral Davis incident and his inability to solve the problem created by the earthquake. On Satur-day the governor visited the tempo-rary offices of the municipal council and informed the vice chairman, who is act-Tary offices of the municipal council and informed the vice chairman, who is act-ing in the absence of Mayor Tait, who is injured, that the government had de-cided to relieve the people of Kingston from all rates and taxes for a period of 15 months, beginning the 1st of Jan-uary. This announcement has been received with gratification by the resi-dents of the city, who will be encour-aged to start the work of rebuilding as early as possible. The Most Reverend Enos Nuttall, archbishop of the West Indies, in an in-terview said that the municipal coun-cil was unable to deal with the present extraordinary emergency and should

He also deciared that in addition to the generous contribu-tions from the United States, Canada and elsewhere, it was absolutely peces-sary to obtain an imperial grant and a large imperial loan to rebuild Kingston, more particularly in view of the stit-tude of the English fire insurance com-panies, which have disclaimed all lia-bility for losses sutsalned in the earth-quake and fire.

cols. The Associated Press some days ago requested both commissioners to au-thorize the publication of a summary of the results of the negotiations. The American commissioners pre-pared such a summary, and it was dis-cussed and modified in a session of the joint commission. In its final form, it is as follows: The sessions of the commissions have been harmonious from the start, and nothing occurred at any point to interfere with the cordial and friendly relations originally established. These sessions have been largely devoted to an interchange of information as to the customs methods of the two coun-tries and the reasons therefor. No commercial treaty has been negotiated because the American commissioners had been given no authority to make such a treaty; but in the course of the proceedings there had been established to the reichstag and the American congress be given. "So far as both governments are con-contend the ommercial greement the preparatory work has been done.

but the understanding is such that if the two governments shall desire to en-ter lito a commercial agreement the preparatory work has been done. "The members of both the German and American commissions feel very strongly that even if no commercial agreement or treaty should follow, the interchange of views and information has been of the utmost value in alding a continuance of the friendly commer-cial relations between the two nations." The foreign office will issue an an-nouncement tomorrow identical with the foregoing. Following diplomatis usage, the American commissioners felt that the details of the results reached ought to be laid before Presi-dent Rooseveit first, while the German commissioners did not desire them pub-lished until after the reichstag elections and the re-ballots, which in many dis-tricts will not be finished until Feb. 5. It will do no harm to add that the commissions arranged a plan which, with the approval of President Roosev-veit and the reichstag, will avoid tariff hostilities: and, as alluded to in the foregoing authorized summary, a basis for a long-term arrangement to the mutual agreement of both peoples was fully considered.

A FREE SYNAGOGUE.

Movement to Establish One in New York Formally Launched,

York Formally Launched. New York, Jan. 27.—The movement to establish what will be known as a "free synagogue" was formally launched to-day at a meeting in the Hudson thea-ter, at which the founder. Rabbi R. S. Wise, formerly of Portland, Or., deliv-ered the first of a series of addresses. He referred to his call to occupy the pulpit of a New York synagogue, which was not acceptable, he said, because certain restrictions were put on him. Dr. Wise declared that the suspicion that the ministry of both the Christian and Jewish religion was controlled and owned by the rich, and that the minis-ters thereof were mere "lackeys of the ters thereof were mere "lackeys of the wealthy," was partially, at least, borne out by the conduct of the ministers themselves.

themselves. "The average minister," he'declared, "is a tolerated social necessity, who prefers peace and servility to strife and freedom. Even if the Jews would not observe this Sabbath it would still be the duty of this synagogue to proclaim the message to them on the one day in the week when it is possible to reach them. If we must sacrifice the form of the Sabbath we will conserve its of the Sabbath we will conserve its substance."
