

# WEEKLY BUSINESS REVIEW OUTLOOK

Local Commercial Conditions Continue to Show a Healthy Tone.

## SATISFACTORY TRADING.

There is no Doubt Regarding the Continuance of the Prosperous Conditions Prevailing Generally.

Local commercial conditions for the week continue about the same, and with a generally healthful feeling all through the business community. In banking conditions have been normal, with clearing house balances carried over less than they were a year ago. Bank officers agree that business for the month just closed was more satisfactory than the January of 1906, by considerable. Rates continue the same, 1 and 8 per cent, with loans made in moderate amounts. The weekly Wall Street confidential letter, dated Jan. 28, says: "After a very sharp decline at the beginning of the week, stock exchange transactions were only three-quarters as large as in the previous week and much smaller than in the first week of January. This decline in prices took place in spite of money market rates being distinctly weaker at the beginning of the week. Money advanced again later on, however, on the uncertainty whether the \$30,000,000 of government deposits, which were lodged with the banks last September, were to be returned to the treasury by the Sec. Shaw leaves office early in March or not. This might cause some disturbance, as in spite of the large liquidation in the stock market, loans increase week by week and railroad and industrial corporations bring new issues of notes on the market nearly every day. There is no doubt regarding the continuance of the prosperous conditions prevailing throughout the business world, but general trade has outgrown the railroad facilities; and in order to cope with this problem, the railroads have to get additional capital for betterment purposes and for the increase of carrying facilities; but these extensions are obtained at a time when the cost of material and wages of labor are so high that without an increase in freight rates the railroads would not be able to show increased net earnings. On the other hand, it is hardly likely that freight rates will be advanced at the present time, when the agitation against corporations is so severe. In fact, the increase in expenses generally is shown already in the present time by the gross earnings of the railroads continuing large, while the net earnings are continually shrinking. On the other hand, securities prices have already had a very heavy fall and severe liquidation has taken place in our market, eliminating weak elements, and an upward reaction

## BRICK SITUATION.

The brick situation continued to improve. Manufacturers report no more complaints, as the winter weather has reduced building to its lowest terms for the time being, and brick orders are being rapidly filled. The Consolidated Wagon & Machine company will pay a 2 per cent special dividend on both common and preferred stock on Feb. 5. The Idaho Sugar company has declared a dividend of 1 1/2 per cent, payable at the end of March, and it is believed that Western Idaho may start dividends in the near future. The announcement is made that the Sumpter Valley Railroad bonds will all be quickly taken. The latest quotations are as follows:

## CONSTRUCTION OUTLOOK.

The principal item of construction at present is the clearing away and excavation of the new Burlington corner where Architect Dart and the contractor are making things lively. John Sharp is also pushing ahead with his apartment building at E. 2nd and Temple streets, and active preparations are making for clearing away the buildings on the site of the proposed passenger station for the Gould lines. Then the weather has been favorable for cellar excavation and laying of cellar walls, so there has been considerable doing, notwithstanding the time of year.

## WHOLESALE DRY GOODS.

In the wholesale dry goods trade, jobbers continue to report failure to get goods from the east—such goods as ginghams, sheetings, prints, etc., and there is no telling when these can be secured. In the mean time the drummers are out on the road with samples of new fall and winter goods, and are cashing in on the coming summer shipments in full products. Among these buyers are A. Woodruff, manager of the Z. C. M. I. wholesale dry goods department. As an instance of the delays of shipments from the east, it may be stated that ginghams ordered 18 months ago have as yet failed to materialize. The situation is reported in staple condition forcing advances, and resulting in enormous sales of print goods. Cutting and buying of prints is being done at advanced prices, but fall cotton dress goods are being offered at favorable prices. Reports also state that heavy goods do not command the wide margins of profit prevailing in print cloths, and finer yarn products; nevertheless, the demand for blankets, domestics, flannels, etc., is very brisk for the time being. The active division of the market has been print goods, and in this is included fine prints offered in wash goods departments. The situation in staple prints is considered remarkable. Large quantities of them were bought in October and November in anticipation of a raise in values, and have been advanced at the present time by the retailers, beginning in December and continuing up to date. Some printers have no goods at all for quick delivery, and those who have are selling a very large business. A large foreign demand is expected in American cuttings in China, India, the Red Sea territory and in South America. The time to purchase one at greatly reduced prices, Mehesy the Furrier, Knutsford.

## Mrs. Cora B. Miller Makes a Fortune

Started a Few Years Ago With No Capital, and Now Employs Nearly One Hundred Clerks and Stenographers.

Until a few years ago Mrs. Cora B. Miller lived in a manner similar to that of thousands of other poor women of the average small town and village. She now resides in her own palatial brownstone residence, and is considered one of the most successful business women in the United States.

Mrs. Miller's New Residence, Earned in Less Than One Year.

Several years ago Mrs. Miller learned of a mild and simple preparation that cured herself and several friends of female weakness and piles. She was besieged by so many women for a remedy that she decided to furnish it to those who might call for it. She started with only a few dollars' capital, and the remedy, possessing true and wonderful merit, producing many cures when doctors and other remedies failed, and she began to grow rapidly as she was several times compelled to seek larger quarters. She now occupies one of the city's largest office buildings, which she owns, and employs nearly one hundred clerks and stenographers are required to assist in the great business.

## Million Women Use It.

More than a million women have used Mrs. Miller's remedy, and no matter where you live, she can refer you to ladies in your own locality who have used it and will tell you a sufferer that this remedy really cures women. Despite the fact that Mrs. Miller's business is very extensive, she is willing to give aid and advice to every suffering woman who writes her. She is a generous good woman and has decided to give away to every woman who writes her a box of her remedy absolutely free.

Every woman suffering with pains in the head, back and bowels, bearing down feelings, nervousness, creepiness, desire to cry, hot flashes, weariness, or piles from any cause, should send address to Mrs. Cora B. Miller, 2822 Robison, Ind., and receive by mail (free of charge) a plain white envelope, also her valuable book, which every woman should have.

Remember, this offer will not last long, for thousands and thousands of women who are suffering will take advantage of this extensive, and it is being cured. So if you are suffering from any ailment, do not wait another day, but send your name and address to Mrs. Miller at the above address before the \$10,000 worth is all gone.

# Cartier's Downy Chocolates

The real estate market has not been marked by any special features, and it is evident that there will be nothing suggestive of the spectacular before spring. A noteworthy feature, however, not only of the week just passed, but of the month of January, has been the purchasing of building site lots. This month a considerable number of attention from real estate men, prompting the belief that it presages the greatest amount of building the city has ever seen. The attention of dealers has been called to the fact that their efforts to advertise the commercial attractions of the city is bringing in more people from the east than the housing accommodations of the town can care for; but they say their efforts will be made more now with a view to encouraging the building of homes, so that the increase in the population and the increase in the number of dwelling accommodations. Members of the Real Estate association are confident of their ability to raise the demand for a short time with which to commercially advertise the town.

## BRICK SITUATION.

The brick situation continued to improve. Manufacturers report no more complaints, as the winter weather has reduced building to its lowest terms for the time being, and brick orders are being rapidly filled. The Consolidated Wagon & Machine company will pay a 2 per cent special dividend on both common and preferred stock on Feb. 5. The Idaho Sugar company has declared a dividend of 1 1/2 per cent, payable at the end of March, and it is believed that Western Idaho may start dividends in the near future. # Humphreys' Seventy-Seven Cures Colds and Grip

First Aid to the Injured. First aid to the injured is not more important than the first and especially the prompt treatment of Grip; "Seventy-seven" taken early, it cuts it short; taken during an epidemic, it pre-occupies the system and repels the invasion; taken while suffering, quick relief is given. The long continued weakness and despondency caused by the Grip, finds no better remedy than "77."

## First Aid to the Injured.

The long continued weakness and despondency caused by the Grip, finds no better remedy than "77."

## Colds which are obstinate, that "hang on" and do not yield to treatment, find relief from "77."

"77" fits the vest pocket.

At Druggists, 25 cents or mailed. Humphreys' Homeo. Medicine Co., Cor. William and John Streets, New York.

## BUSINESS NOTES.

An upward trend continues to be displayed in nearly all local commercial stocks. The advance has been steady since the first of the year and stocks of local interest have been steadily disposed of. The Consolidated Wagon & Machine company will pay a 2 per cent special dividend on both common and preferred stock on Feb. 5. The Idaho Sugar company has declared a dividend of 1 1/2 per cent, payable at the end of March, and it is believed that Western Idaho may start dividends in the near future. The announcement is made that the Sumpter Valley Railroad bonds will all be quickly taken. The latest quotations are as follows:

## FOR RHEUMATIC SUFFERERS.

The quick relief from pain afforded by applying Chamberlain's Pain Balm makes it a favorite with sufferers from rheumatism, sciatica, lame back, lumbago, and deep seated and muscular pains. For sale by all druggists.

## IF YOU ARE NOT

Already one of the fortunate owners of one of Mehesy's choice furs now is the time to purchase one at greatly reduced prices. Mehesy the Furrier, Knutsford.

## COTTON EXCHANGES.

House Interstate Commerce Committee Will Report in Favor of Investigation.

Washington, Feb. 1.—By unanimous vote the house committee on interstate and foreign commerce decided today to make a favorable report for an investigation of the cotton exchanges of the country. This is an amended form of the Livingston and Burleson resolution and extends the investigation to cotton exchanges dealing in futures. Representative Levering, who will report the bill for the committee, said today that the New York cotton exchange is the two principal ones dealing in futures, but that the Memphis and St. Louis exchanges also have some dealings of that sort. The resolution as it will be reported follows: "Resolved, That the secretary of commerce and labor, through the bureau of corporations, be, and is hereby requested, to investigate the causes of the fluctuations in the price of cotton and the difference between the market price of investigation shall be conducted with the particular object of ascertaining whether or not said fluctuations in prices have resulted in whole or in part from the character of the contracts and deliveries dealing in futures, or are the result of any combinations or conspiracies which interfere or hinder commerce among the several states and territories or within foreign countries."

## MAY BE COFFEE

That Causes All the Trouble.

When the house is afire, it's like a body when disease begins to show, it's time to talk but time to act—delay is dangerous—remove the cause of the trouble at once. "For a number of years," says a Kansas lady, "I felt sure that coffee was hurting me, and yet, I was so fond of it, I could not give it up. I pattered with my appetite and of course yielded to the temptation to drink more. At last I got so bad that I made up my mind I must either quit the use of coffee or die. "Everything I ate distressed me, and I suffered severely almost all the time with palpitation of the heart. I frequently woke up in the night and with the feeling that I was almost gone—my heart seemed so smothered and weak in its action that I feared it would stop beating. My breath grew short and the least exertion set me to panting. I slept but little and suffered from rheumatism. "Two years ago I stopped using the old kind of coffee and began to use Postum Food Coffee, and from the very first began to improve. It worked a miracle. Now I can eat anything and digest it without trouble. I sleep like a baby, and my heart beats full, strong and easily. My breathing has become steady and normal, and my rheumatism has left me. I feel like another person, and it is all due to getting coffee and using Postum Food Coffee. For I haven't used any medicine and now would have done any good as long as I kept drinking with coffee." Name given by Postum Co., Battle Creek, Mich. "There's a Reason." Read the little book "The Road to Wellville," in pkgs. All grocers.

# SHEEP OF IDAHO FOR CALIFORNIA

Two Trainloads Hauling 6,000 Head Arrive in Los Angeles And En Route.

## BRYAN WAS CITY'S GUEST.

All the Important News of the Week In "The City of the Angels" and Southern California.

## Special Correspondence.

Los Angeles, Jan. 21.—Once more Idaho sheep are finding a ready market in southern California and this week alone an excess of 50 cars loaded with 6,000 or more sheep were delivered for slaughter at the Swift, Cudahy and Los Angeles Packing company yards. Incidentally 10 cars loaded with Idaho hogs reached the local market and found ready sale at the same time. While California, and particularly certain sections of the southern portion of the state are noted for sheep raising, the packers here admit that sheep from the intermountain country are by far the best. Stockmen of the Gem state will find little difficulty in disposing of sheep here this year, and at prices, too, that will make it an object to ship. This is the first time in two years that a similar demand has existed in California.

## AUSTIN ARE SHIPPING.

The heaviest shippers to date have been Austin Bros. On Tuesday of this week a trainload of 25 cars of sheep and three car loads of hogs arrived here. The sheep, 4,000 in all, were in charge of A. W. Ball of Lincoln, Idaho. The sheep were loaded at Nampa and Lincoln. A second trainload of 18 cars from Idaho Falls and vicinity arrived yesterday.

## THE CALIFORNIA MARKET IS JUST BEING OPENED UP.

Said Mr. Ball, "Not in two years has there been such a strong demand for our stock as now."

The Idaho and Nevada stockmen arriving report similar conditions existing.

## BRYAN WAS WELCOME.

Three champions arrived here last Monday morning from the north on a belated train. They were William Jennings Bryan, champion presidential aspirant; Jack O'Brien, champion light heavyweight, and Ah Wing, champion knight of the squared arena of the Mikado's domains. The first named citizen came to talk and the other two will remain awhile and fight.

But seriously speaking, Mr. Bryan with his customary broad smile and magnetic personality, was given a warm welcome ride and citizens made it clear here that public ownership was still his idea of corruption cure. Among other things he criticized the present administration and the Japanese school question, declaring that the treaties should not override the Constitution. Mr. Bryan, accompanied by his wife, left for Salt Lake City yesterday afternoon. The Los Angeles limited, over the Salt Lake Route.

## BUST ALL THE TIME.

Mr. Bryan's itinerary here follows: On Monday afternoon he was given an automobile ride to the city. In the evening he lectured at Simpson's auditorium for the benefit of the Newsboys' home. Tuesday in the rain was devoted to a day trip to Catalina Island. Tuesday evening the Bryan banquet at Levy's cafe smashed all dollar-a-plate precedents. It was a \$5 per plate feast, and gold coin was hailed with as great expert as silver. The function was non-political.

## COMPETING GAS COMPANY.

It has been decided definitely to organize a competing independent gas company here with a capitalization of \$100,000. A winner for the contest will be employed to lay out a plant to cost \$5,000,000. The report of the gas investigation committee was submitted to the council last Monday afternoon. Members of the committee kept their promise that the report should not be a whitewash.

## HE LIKED THE JOB.

Carter H. Harrison, three-time executive of Chicago, who is spending the winter in Pasadena, announces here that he has accepted the nomination in Chicago. He says he will accept the nomination at the hands of the Democratic party for a fourth term, if the trick can be turned without contest on his part.

## BISHOP CONATY THERE.

The Knights of Columbus held their annual ball, at which more than 400 covers were laid. On the dancing floor the best in Catholic society was represented, and the soft glow of the colored lights, over the banquet tables shone upon many of the most beautiful women in Los Angeles. Bishop Conaty was one of the guests and delivered a short address. He is a native of Pasadena, a suburb of Los Angeles, decided this week to put in the field an anti-administration ticket, and the following men have been named, with their consent: Thomas Early for mayor, H. C. Hotelling for councilman at large, Tom A. Webster for councilman from the First ward, E. A. Winner for councilman from the Fifth ward.

## VOLUNTEERS ARE COMING.

Reports to the effect that Wilbur Glean Voliva of Zion City, Ill., will come to Los Angeles are verified by Mrs. Speicher, wife of Deacon John G. Speicher, once "Elijah" Dowie's lieutenant. Mr. Speicher, who came here with his family some time ago, has just received a telegram that Voliva probably will be here March 4. Commencing Feb. 1, the retail price of milk, fixed by the milk board of trade, will be 9 cents a quart and 5 cents a pint, a reduction of 1 cent a quart from the present price. Rev. William Horace Day entertained

# Los Angeles preachers Monday morning with a talk on his recent trip abroad. Everything from the vicissitudes of a ship wreck to the four eras of the Christian religion in Japan were included in his remarks. Dr. Day was away three months, but he says it takes more than that length of time to get used to the backward method of doing things which obtain in the far east.

## ANOTHER BIG REALTY DEAL.

One of the biggest deals in South Main street, which has just been completed, The Huntington Land company has sold to a local syndicate the block on the west side of Main street, between Seventeenth and Eighteenth streets. An alley intersects the property midway in the block, making two corner lots of it, one on the southwest corner of Seventeenth street and the other on the northwest corner of Eighteenth. The total frontage in the block is 235 feet, and it has a depth ranging from 132 feet at one corner to 138 feet at the other. The consideration involved is announced as \$200,000.

## WOULD USE THE CHAPEL.

Bundit (Dr.) U. Krishna, P. S. D., of Bombay, India, called at local mission headquarters last Tuesday and requested that he be allowed to use the mission church here to deliver a lecture on the "Political, Social and Economic Conditions in India." In explaining his object the political missionary stated that he had arrived in California by way of Salt Lake City and Ogden, having first reached America from England and Europe. The applicant was given no answer to his request in the absence of President Robinson. He was very bitter in his comments against English domination in India.

## MANY UTAHNS HERE.

Sabbath services at the Tenth Street church were largely attended Sunday. Aside from a full local attendance the gathering was further augmented by the large number of Utahns visiting here. Many are still here who came on a recent excursion and as many more visitors are expected to arrive next month, when the second excursion from Salt Lake City arrives.

President Robinson made a hurried trip to Sacramento, San Francisco and Oakland this week to secure belated matter in connection with records he is compiling preparatory to submitting his annual report, which will be ready next week.

One of the pleasant events of the year here was a social held last Friday night in honor of the choir organization. Light refreshments were served and besides a splendid program, games were indulged in. The program rendered was under the direction of Choir Conductor M. J. Greenwood. It follows:

- Vocal solo.....Charles Pike
- "The Value of Music".....Pres. J. E. Robinson
- Violin solo.....Paul Keifer
- Vocal solo.....Miss Lucian Noyes
- Piano duo.....Jacobson Sisters
- Vocal solo.....Miss Elsie Best
- Mandolin selection.....Harry Thomas
- Vocal solo.....Miss Lucian Noyes
- Selection.....Choir

As each invited guest was allowed the privilege of bringing a friend, the church was comfortably filled. Among the guests were: Mrs. F. D. Platt and daughter of Salt Lake City; D. C. Adams, Salt Lake City; C. A. Graeber, Salt Lake City; Rosslyn-A. Frewin and wife, Salt Lake City; Alexandria-J. W. Keogh, Salt Lake City; Natick-J. T. Wilcox, Salt Lake City; Nadeau-A. Rosenblatt, Salt Lake City; M. Rupertus, Salt Lake City; H. K. SILVERSMITH.
