

EVENING NEWS.

PUBLISHED DAILY, SUNDAY EXCEPTED, AT FOUR O'CLOCK.

Tuesday, August 21, 1890.

EDITORIAL NOTES.

For him who does everything in his proper time, one day is worth three.

The mind is weak when it has once given way; it is long before a principle restored can become as firm as one that has never been moved.

The largest rattlesnake ever seen in Washington arrived at the Smithsonian Institute the other day from Florida. It is about eight feet long, measures twelve inches around the body and has twelve rattles and a button on the end of its tail.

Orray, the Ute chief, had great influence with the tribe now at issue with the government, and his death is unfortunate at this juncture. He was an intelligent Indian, much in advance of the savages with whom he was associated. It will be difficult to find a chief to fill his robe and moccasins.

The death of Herschel V. Johnson leaves Senator Hamlin and ex-Senator Lane as the only living representatives of the presidential tickets of 1856. Lincoln, Douglas, Breckenridge, Bell and Everett have all passed away, some of them dying before the close of the war which followed the canvass in which they were engaged.

The *International Review* for September, contains fine articles on "Money," "The Myth of the Virgin in Painting and Sculpture," "George Whitfield," "Lammens," "Nubar Pacha and the Armenian Christians," "Henry Timrod," and the "The Presidential Election," as well as notes on contemporary literature. This is a well conducted and valuable magazine. It is published by A. S. Barnes & Co., New York, and can be obtained at James Dwyer's.

Ogden City Council has appointed a committee to receive President Hayes and party on their arrival at the Junction City. Will the private committee of citizens here also try to gobble up the municipal arrangements of Ogden? If the visit of the President is to the Federal officials only, why do they not rise in their little might against the City Council of Ogden for presuming to take an official part in the reception. Has Governor Murray prepared a "snub" for Ogden also?

New York is a nice place to live in. Not only are people occasionally throttled in their beds by burglars and robbed in the streets by day and night, but the bold ruffians of "Christian" Gotham now board the street cars and clean out the passengers. On Sunday, August 23d, thieves climbed on to a Third Avenue car, robbed the driver, struck the passengers and took their watches and money, and when a policeman was hailed, they saluted him with "All right, Jackson," and he did not interfere. New York is advancing in the "civilization of the age."

IMPORTANT TO ALL CITIZENS.

We find it necessary to recur to a subject which we have recently treated on two or three occasions. The election for Delegate to Congress will take place in the coming November. It is desirable that the vote polled on that occasion shall be a fair representation of the political force of the Territory. At present there are many persons, otherwise qualified to vote, who cannot take part in any election because they have not complied with the provisions of the registration law. It is the duty of all such to avail themselves of the opportunity afforded to register in time for the approaching election.

In consequence of the double registration in this city, some confusion has arisen in the minds of citizens, and at the August election not a few who thought that they had fully complied with the requirements of the law found themselves unable to exercise the suffrage. It should be clearly understood that the registration required by the city ordinance as a qualification to vote at a municipal election, does not confer the right to vote at a precinct, county or territorial election. It is not enough to have one's name upon the Registry List of the city alone; every citizen's name should also be on the county Registry List. If a voter's name is on the county list, in all probability it will also be on the city list. But the rule will not hold good, reversed. For while the City Assessor may copy from the county list, the County Assessor is not authorized to copy from the city list. The safest way for each citizen, is to satisfy himself beyond doubt that his name is on both lists.

Under the law no citizen who is properly registered can vote in any other precinct than that in which he is registered. So if a voter living in a given precinct when registered, has since removed to another, his name must be transferred, or he must be registered anew, before he can cast his vote. These rules that apply to male voters apply equally to female voters.

There still seems to be a misunderstanding in regard to the time when errors or omissions in the county Registry Lists may be corrected. Section Five of the Registration law says:

"The Clerk of the County Court shall deliver to the Assessor the Registry Lists whenever necessary for the revision thereof, or adding names thereto, and the Assessor, in person or by deputy, shall, during the week commencing the second Monday in September in the year 1878, and every second year thereafter, enter names of voters on the Registry List in the manner provided for in section three of this Act, etc."

The second Monday in September is on the 13th inst., one week from next Monday, and from that day till Saturday in 1891, citizens who are not registered, and are prepared to take the necessary oath,

may have their names added to the list, and those who have removed from the precinct wherein they were registered, may have their names transferred by appearing at the office of the Assessor, which, in Salt Lake County, is the County Court House, corner of Second West and Second South Streets in this city.

Those whose names are not found on the county Registry List, after the time we have mentioned, will not be able to vote at the November election. Therefore every male citizen who is over twenty-one years of age and a tax payer, and has resided in this Territory six months and in the precinct one month next preceding the time appointed for registration, should be assured that his name is duly registered, and every woman over twenty-one years of age, having the same residence, who is a native born or naturalized citizen, or the wife, widow or daughter of a citizen, should do the same.

After the passage of the Registration law, few of the opponents of the People's Party availed themselves of the privileges of the law and were in consequence disqualified to vote. The absence of opposition has superinduced apathy, and our elections have been void of excitement and deficient in public interest. But the so-called "Liberals" are awaking to a sense of their folly in ignoring a law which, in spite of all their outcries and misrepresentations, put forth with a view to obtaining its repeal by Congress, they are forced to acknowledge is as fair, equitable and honest a measure as any election law in the country. They now propose to register and vote. This commendable on their part, and shows much more good sense than holding back and grumbling without reason. If they can fairly elect a Delegate they have a perfect right to do so. And if they cannot they have the right to try.

We have no word of blame for them for exercising their political rights. On the contrary, we are pleased to see their activity because we know it will stir up corresponding or greater activity in the People's Party, and that is what is needed. But we do find fault with their endeavors to misrepresent their opponents and, in a vain attempt at argument against the aims of the People's party, to falsify its principles and malign its leaders. However, that is all the better for our cause. While they take this course they will fail to win from our ranks the few faithful or discontented, who, instead of being led away by such attacks, will be roused to union with their friends, feeling a common indignation at the libels uttered and a common contempt for those who make and publish them.

We anticipate a large vote in November. We hope that each party will come out in its strength. There is little chance for an attempt at fraud. The returns will measurably show the voting strength of both sides. Now let the People's party do its level best. Let the polling list be a true record of the number of its supporters. Let every man and woman entitled to vote go to the polls and let the total vote cast for our Delegate bear a respectable ratio to the census of the Territory. That this may be possible, do not forget, friends, to see that your names are placed on the county Registry List, and in the proper precinct, before Saturday, September 18th, in the year of our Lord, 1890.

AMERICAN.

Minnesota's Wheat Yield.
NEW YORK, 31.—The *Times*' St. Paul correspondent claims 40,000,000 bushels of wheat as the lowest aggregate at which conservative men place the yield of Minnesota this year. He says: "This is several millions less than has been produced in any year since 1881, when it was returned in a single year in a State where an exact system of recording and statistics prevailed. California, which up to this time has been the heaviest wheat producing State, grew 39,000,000 bushels to Minnesota's 31,000,000. The acreage in California has not increased as it has here, and though San Francisco papers claim a large increase, through the heavier yield of the fields, it is hardly likely that the whole amount will exceed what is grown in Minnesota. Dakota, north and south, and Wisconsin, will probably produce one-tenth of the wheat grown in the United States this season, calling the whole amount 48,000,000 bushels."

Panama Canal Stock.
There is good reason to believe that De Lesseps' Panama canal stock will be placed on the market by a syndicate of American bankers in a few days who will act under the protection of the American government.

California for Hancock.
The *Express* prints an interview with A. H. Dibble, of San Francisco, who declares that California will give her electoral votes to Hancock. Two-thirds of the ward presidents of the city, he claims, have declared for him. Kearney has no following. Three-fifths of the workingmen are Democrats.

Good News to the Republicans.
The *Tribune's* Maine advice says: From all parts of the State come most cheering reports. The interest of temperance, engineering and carried on by democratic capital and for democratic ends has resulted in sinking its movers in disgrace and stirring up more earnest and profound feeling among the honest temperance men for the support of the republican cause. The announcement of Mr. Gove, fusion executive of State, is having a powerful effect upon the republican greenbackers. His letter rings like a trumpet over the State, calling upon the greenbackers to beware of the democracy and rally to the republican standard. The quiet, but sure work among the voters is producing grand results. The present week will be one of unparalleled effort in the State as the voters begin to realize that the election will sound the key note of the national struggle. They have become sincerely interested.

A Long and Fatal Fall.
The *Times* says: A citizen of Grand Rapids, Mich., thinking he had cancer of the stomach abstained from food for 85 days and died of starvation. A necropsy examination showed his brain to be the only diseased part of his body.

No Yellow Fever.
The five sick men put off an upward bound river steamer at Vicksburg were ill with ordinary malaria fever, quite common at this time of year.

Vermont Politically.

The *Herald* concedes Maine to the republicans and forecasts undivided republican majority in Vermont. It adds, if the fame and loyalty of Hancock captures no republican voters in Vermont there will be little to fear on that score in the other States.

The *Times* announces the conversion to republicanism in Vermont of Hon. Smith Ely, a life long wealthy and influential democrat who has large capital invested in mining interests and whose monthly pay roll embraces over 11,000 men.

Lesseps' Prestige.

The *Bulletin* says: Our private information confirms the cable dispatch announcing the definite formation of De Lesseps' Canal Company. It is probable moreover that the syndicate will embrace the support of the banking houses in this city and San Francisco. The bankers appear to have concluded that the prestige of Lesseps as a successful promoter of the Suez Canal will insure sufficient subscriptions for the first issue of about 500,000,000 francs.

Miners at Work.

SCRANTON, Pa., 31.—All the coal miners in this region resumed work on full time.

Ouray's Successor.

LOS ANGELES, 31.—The grand council yesterday elected Saponari Ouray's successor; he had the confidence of Ouray, to whom, however, he was inferior. The Utes killed five of Ouray's best hunters, and a party him to the happy hunting grounds.

A New Railroad Bridge over the Missouri.

PLATSMOUTH, Neb., 31.—For more than a year the Chicago, Burlington and Quincy R. R. has been building a railroad bridge over the Missouri river a few miles below this point, the object being to have a crossing independent of the toll bridge at Omaha. The structure was tested to-day in a most thorough manner, 400 tons weight of locomotives going over each span. There the bridge stood the test easily. There is no doubt as to the safety of the structure to such a height that steamers readily pass beneath it. It is made of steel. The inspecting party was composed of about 60 prominent railroad engineers and railroad officials from different sections of the country, and a miserable number of communists. All these gentlemen express themselves thoroughly satisfied with the test. This new departure in railroad building is regarded as highly important in this part of the country, as it may lead to results beneficial to the public.

Grant and his Son.

CHICAGO, 31.—The *Inter-Ocean's* Galena special says: General Grant positively says he has refused the presidency of the Vega Mining Company, which was recently tendered him.

Jesse R. Grant, of New York, is here for three or four days, and does not deny that he is shortly to marry the daughter of John S. Chapman, of San Francisco, J. S. Chapman, and will start west soon.

Correspondence.

WASHINGTON, D. C., August 25th, 1890.

Editors Deseret News:

General Albert J. Myer's death was officially announced yesterday by the Secretary of War. The General was very popular here, and he had become so widely known throughout the country that his death will excite attention. If entitled to the credit for most of the progress of the "Weather Bureau," as I think he was, the loss was a serious one. To dwellers upon land and sea, and lake, his bureau was of great and growing benefit. An effort has been made to show that what is really of importance in the bureau was suggested and explained by another, and that General Myer was appointed to partition the property awarded to said heirs, under the decree of distribution.

Said heirs and those interested in said estate will therefore take notice that Monday, the 18th day of September, A.D. 1890, at 11 o'clock a.m. of that day, at the Court Room, in Tooele City, Utah Territory, will be the time and place set by the Court for the hearing of said petition.

Dated August 25th, 1890.
F. M. LYMAN, Clerk.
By L. GEE, Deputy.

What People say about Williams' Lightning Cure.

South Cottonwood, June 30, 1890.

Dear Sir—My son had a very severe attack of Putrid Sore Throat. Mr. Williams' Lightning Cure, and he was cured in a few days.

South Cottonwood, July 10, 1890.

Mr. Williams—Your Lightning Cure is the best I ever used for Croup, Colds, Headache and Toothache. I would not be without it to my family.

State Road, Salt Lake.

I was very lame in my knee for some time; I purchased a one dollar bottle of your Lightning Cure, and had it rubbed on my knee since MARY J. RICHES.

Draper, June 10, 1890.

Mr. Williams—Your Lightning Cure can do its own blowing and make no noise.

MRS. J. STOKER.

Provo City, June 6, 1890.

Mr. Williams—Your Lightning Cure can't be beat for Toothache and Headache.

ALINE GRAVER.

South Cottonwood, August 23, 1890.

Mr. Williams—Dear Sir—I have been a sufferer more or less for about eighteen years, from overeating and indigestion. I have been entirely free from pain. Two of my grandchildren were afflicted with diphtheria, and were completely cured in a short time by the use of two one dollar bottles. I cannot too highly recommend it.

MARIA FLAKE.

Alpine, June 9, 1890.

Dear Sir—I wish to let you know that your Lightning Cure has given me satisfaction in every case that I have tried it for Headache, Toothache, Croup, Colds; and it can't be beat. I believe that if I had not had it on hand, I should have lost one of my children with croup.

MARIA ADAMS.
