LAST NIGHT'S NEWS.

The Yellow Fever is Being Spread by by Refugees from the Infected District.

Parnell Gains Some Advantage Before the Commission—Neither Side Satisfied.

Great Destruction to Life and Property by a Cyclone in Cuba.

Senator Beck Ill from Overwork, and Forced to Take a Long Rest.

By Telegraph to the NEWS.]

Parnellite Comdission.

LONDON, Sept. 17.—Both sides profess to be not satisfied with the preliminary tussle before the commission. The Parnellites are able to claim an important success in enforcing the production of the *Times* letters, including those of Parnell and Egan, and one written by Campbell, Parnell's secretary. Sir Charles Russell demanded all other letters connected with the inquiry that are in possession of the *Times*. This wide demand has been met by arranging for the inspection only of such of these letters as may be specified by the Parnellites' counsel. The Parnellites again scored a point in getting the court to direct the *Times* to formulate the definite charge it is prepared to prove, as well as the allegations falling short of definite charges.

The decision relating to the discovery of documents, combined with the court's expression of its determination to make a thorough inquiry into the whole matter, tends in favor of the *Times*. The first result of the decision was Graham's getting the power of access to the bank books of the league, involving the right to inspect the accounts and minutes of both the Land and National Leagues. The court's declaration that the widest scope will be given to the inquiry opens up an interminable vista of contention. The question of the appointment of a commission to examine Egan and others in America was only touched upon. It will be raised definitely when the commission resumes Probably the suggestion of Graham that Egan come to London will be approved.

Sir Charles Russell stated that Parnell deemed Egan's evidence absolutely necessary, and in this view the *Times* concurs. As soon as the commission resumes both sides will apply to the court to grant a certificate of indemnity to Egan and other Irish-Americans under ban, in order that they may be heard as witnesses.

Sale of Fine Horses.

NEW YORK, Sept. 17.—The Central Park Riding Academy was crowded today on the occasion of the sale of the Montana millionaire John D. Morrissey's racing stables. In addition to Morrissey's stables a number of other racers, the property of W. Gratz and Edward Kelly, the owners of Preakness stable, were disposed of. The event of the day was the sale of French Park to Dave Gideon for $12,000. A bay filley by Iroquois out of Imported Blairgowrie, was sold to J. K. Walcott for $1,500, and thirteen other yearlings of C. Fernclife's stock sold from $170 to $500.

The second lot put up were Algeria yearlings, the property of W. L. Scott. The first was Nashota, full brother of Gipsy Queen by imported Rion D'Or of Lalunatt. This colt is entered in all the important two-year-old stakes of 1888, and was sold to B. A. Carsons for $1,000.

The following are some of the important sales in the Morrissey stables: French Park, bc., by Imp. King, dam Low Pipe, to D. Gideon for $12,500; Sam Wood, two-year-old, by Longfellow, dam Lucy Jackson, to D. Gideon for $3,700; Miss Cody, bf., by Imp. Billet, dam Bell Palmer, to W. Haviland for $3,800; Philip D., by Longfellow, dam Sylph, to E. Purcell for $3,400. Locust, three-year-old, bc., by Virgil, dam Mrs. Gramming, to Gen. Wallace for $3,100; Bamburg, four-year-old bc., by Imp. King, dam Rosaline, to George Forbes for $1,800; Kaloolah, five-year-old bm., by Longfellow, dam Sylph, to Hankins & Campbell for $4,500. The total was $40,150, an average of $2,361.50.

Lutheran General Council.

MINNEAPOLIS, Sept. 17. — At the Lutheran Council the day was given up to the subject of home missions. Greetings were received from the Danish Lutheran Church in America, now in session at Elkhorn Academy, Iowa.

Rev. S. P. Lindhat read a report of the Swedish home missionary work The seven conferences as such carry on an extensive work of over 150 missions in all parts of the Union. The synod cares directly for those in California, Oregon, Washington and Idaho, also for the German mission in and near Salt Lake City, for which three new missionaries have been appointed, and immigrant and seamen's missions at New York, Boston and Chicago. The work has been signally blessed of God. Dr. Schmucker, secretary of foreign mission work at Rajahmundry, in Telugu county, India, read the committee's detailed report on churches, villages, schools and Mohammedan schools. It included a report from Rev. William Groening, inspector of schools, also minutes of the India missionary conference.

Transcontinental Rates.

CHICAGO, Sept. 17.—The trouble over the transcontinental freight rates has broken out afresh. Chairman Loeds, when waited upon by a committee of merchants in this city two weeks ago agreed to issue a new commodity tariff removing discriminations against Chicago. The supplementary tariff arrived today and it was found that out of a hundred articles on the list presented to Mr. Leeds, the rates have been allowed on just sixteen. On the rest of the articles the discriminating rates have not been removed. At the same time special rates have been granted to St. Louis on no less than eighty of these commodities, so that now the discrimination is not only in favor of new York but also in favor of St. Louis as against Chicago. Manufacturers say this is adding insult to injury, and they propose to take some action at once. A meeting of the Chicago freight bureau will be held to consider the advisability of lodging a complaint with the Inter-state Commission and also of bringing suits against the railroads in the United States courts.

Shooting in a Court Room.

INDIANAPOLIS, Sept. 17.—The *Journal's* special from Kokomo reports a bloody affray in the court room in that place this morning. An action for divorce was pending between Samuel Pruett and wife, and both parties were in court waiting for the case to be called. Pruett drew a revolver and fired two shots into the body of his wife and the third into J. W. Blackledge. The woman is shot in the left breast near the heart, and in the right shoulder, and will properly die. Blackledge is shot in the breast, but his injuries are not fatal.

The Bantam Championship.

NEW YORK, Sept. 17.—In a prize fight for $1,000 and the bantam championship of the world at Lands Point tonight, Eugene Hornbacker, of New York, the present champion, lost to Chas. McCarthy, of New Jersey, on a foul. Twenty-one bloody rounds were fought.

SPREADING THE CONTAGION.

Yellow Fever Refugees Carry the Disease North.

WASHINGTON, Sept. 17.—The Marine Hospital Bureau has received resolutions adopted by the Philadelphia Permanent Relief Committee, which recites the fact that a great number of persons are leaving the fever-infected districts and are carrying the yellow fever to northern cities. It urges the government to enforce the strictest quarantine to prevent the fever from spreading, and if necessary to establish a military cordon.

A REFUGEE SPREADS IT.

NASHVILLE, Tenn., Sept. 17.—It is claimed by the officials at Wildwood, a town nine miles from Chattanooga, that a yellow fever refugee from Decatur, Ala., died there of the dread disease; that the state board of health has been asked to investigate the matter, and will be asked at once to send physicians for that purpose.

IN ST. LOUIS.

ST. LOUIS, Sept. 17.—A family of emigrants of Pensacola, Fla., consisting of Jee L. Davis, wife and two small children, and Mrs. McLaughlin, have been taken charge of by the city health authorities and sent to the city hospital, where they were placed in an isolated ward. Mrs. McLaughlin is sick with fever, and her jaundiced appearance is not inviting, although the city physicians say it is not yellow fever.

DEATHS IN JACKSONVILLE.

JACKSONVILLE, Sept. 17.—The official report today shows fifty-two new cases and seven deaths. This does not include the report of the medical bureau of visiting physicians which came in just after the official list was closed, and embraced fifty-four new cases, many of which were duplicated. Only seven deaths were reported up to 6 o'clock this evening, but it is certain that there have been several others during the past twenty-four hours The irregularity and want of system among the physicians in making reports rendered correct figures tonight impossible.

Quite a number of unacolimated nurses have reached here from various places, and it is expected more than a dozen will be returned to Cam Perry en route tomorrow. Weather wet and unfavorable.

A DENIAL.

CHATTANOOGA, Sept. 17. — The case of Wilson, reported as having died from yellow fever at Wildwood, was not one of yellow fever, so proved by a thorough investigation.

FUNDS FROM PHILADELPHIA.

PHILADELPHIA, Sept. 17.—The citizens' relief committee today telegraphed to Jacksonville an additional $2,500, making a total of $10,000.

A Murderous Self-Destroyer.

CHICAGO, Sept. 17.—Henry Thude attempted to murder his divorced wife and stepdaughter this afternoon, after which he shot himself, dying instantly. The stepdaughter is not hurt, but the wife received a bullet wound in her right temple, and is supposed to be fatally injured.

The Chicago Dynamiters.

CHICAGO, Sept. 17.—The cases of the alleged dynamite conspirators Hronek, Sevic, Chapek and Chleboun, charged with the plot to murder the officials here, were called up and continued till the October term of court on the assertion of Hronek and Sevic, that at the proper time they would show evidence to prove their innocence.

The Mexican Congress.

CITY OF MEXICO, via Galveston, Sept. 17.—President Diaz in a message to Congress refers to the relations with the United States, to the treaty of July 11 regarding the grazing of cattle, to the punishment of officers who crossed to Eagle Pass and Nogales, violating United States territory and to the fact that the United States Congress had again taken up the Weil-Bra claims. He says the Mexican government has taken precautions against an incursion of Indians who fled from the San Carlos reservation. He recommends that the Senate arrange a new extradition treaty with the United States as the present one is too limited, the crimes on the frontier requiring a more ample extradition treaty.

Terrible Cyclone.

NEW YORK, Sept. 17.—A letter to the *Tribune* from Havana, dated September 8th, gives the particulars of the recent cyclone. For 15 hours it raged and wreaked fearful havoc to life and property throughout the island. It demolished the principal buildings of the large cities, wiped out whole towns situated near the seaboard. The water flooded over large districts of fertile lands richly planted with sugar, tobacco, fruit and vegetables, destroying valuable machinery of plantations and ruining crops. On the seaboard the heavy seas broke down the wharves and occasioned great losses to shipping and commerce and loss of life to crews on board vessels in the harbor. In some instances vessels were carried half a mile into the cities, whole blocks of houses and trees being battered down as vessels cut passages through the streets. Havana presents a novel sight. Its streets and public squares, piled high with ruins, demolished buildings and debris of every kind, gives it the appearance of a bombarded city. Many streets in the northern part of Havana are submerged. The number of lives lost throughout the city and country is variously estimated at from five to twelve hundred. The loss to crops, buildings and shipping amount to many millions.

Washington News.

WASHINGTON, Sept. 17.—The physician who attended Senator Beck up to the day he left for Fortress Monroe, says of his condition: "The senator has been unwell for two or three weeks—run down in fact by severe and continued labor. Finally he suffered from intercostal rheumatism and there was some heart failure, though nothing that indicated any immediate danger; nothing organic. I advised him to leave the city and rest from the hard work of the session, which was accumulating upon him, and I have heard from him that he is recuperating. I do not consider his case anything but a case of overwork." Private talk around the capital, however, indicates that Senator Beck's illness is more serious than reported. It is said by Senators who knew Beck very well, that his case is similar to that of General Sheridan, and that they fear he will never return to the capital.

LIBRARY BUILDING.

The special committee investigating the charges preferred by Representative Kelly against Representative Stahlnecker of New York, in regard to materials for the new library building, met again today and the cross-examination of Smithmeyer was resumed by Wilson. Wilson is counsel for Representative Stahlnecker. He endeavored to secure an express statement from Smithmeyer of some particular occasion when he was wrongfully approached. Witness, however, said that there was no such an occasion. It was the general tendency of all the meetings. Adjourned till tomorrow.

INDIAN HOSTILITIES.

Senator Stewart has reported favorably from the committee on military affairs the bill to authorize the Secretary of War to ascertain the amount of money which has been expended, and the obligations assumed by the State of California growing out of Indian hostilities not heretofore reimbursed by the United States.

ROSECRANS.

The bill to authorize the President to appoint George S W. Rosecrans Brigadier-General on the retired list of the army, was introduced by Senator Manderson today.

Emperor William to Visit Vienna.

VIENNA, Sept. 17.—Extensive preparations are being made for the visit of Emperor William. All the streets through which the Emperor will pass on his way from the railway station to the Hofburg will be lined with infantry. The programme for his entertainment includes a state dinner and a grand concert. An Austrian fleet will go to Naples.

Bold Robbery.

CHICAGO, Sept. 17.—About 2 o'clock this afternoon Mrs. Pedrick, of California, who is on a visit to friends in this city, was knocked down in the heart of the business district in the presence of a hundred people by a thief, who snatched her pocket book and escaped. Mrs. Pedrick is not dangerously hurt, but suffers from the nervous shock.

Speaker Carlisle.

CINCINNATI, Sept. 17.—Speaker John G. Carlisle, whose home is in Covington, Kentucky, is in this city tonight. His constituents arranged to give him a distinguished reception. A salute with cannon echoed along the hills from the Kentucky shore, beginning soon after dark. At 8 o'clock nine uniformed clubs assembled in Covington, and with bands began the march to Cincinnati, bearing brilliant torches. On the Ohio side they were joined by a large detachment of torch-bearers, who gave unusual brilliancy to the pageant by colored lights for their torches. The display was the first of the kind during the campaign, and it attracted much comment. About half past 9 o'clock an escort left the Grand Hotel with Carlisle and crossed the river to the Kentucky Club House. Carlisle was cheered enthusiastically upon the route.

Speaker Carlisle did not stop at the Democratic Club House in Covington, but drove by at the head of the procession, which pursued a long route through that city. Carlisle did not speak. He desired to reserve himself for his speech before the convention tomorrow.

Thurman Speaks.

COLUMBUS, Sept. 17.—"The Old Roman Guard" was tonight presented with a silk banner by the Democratic ladies of the city. Speeches were made by Hon. T. F. Powell, Major Bruck and Hon. Allen G. Thurman. Judge Thurman said:

"It was over one hundred years ago that Thomas Jefferson declared the principles that wiped slavery from our fair land. The shackles were stricken from all slaves in that memorable year 1776. It is true we had black slavery, but it had to go. It was the inevitable result of the principles espoused by Jefferson and embodied in the Declaration of Independence. You cannot name one good cause in the last hundred years that has not been fostered by the democratic party. One hundred years ago the nations of Europe were ruled by intolerable despots. Its men were sent off to fight battles in which they had no sympathy or interest. It is not so now. Democratic principles have penetrated even the oldest despotisms and have wrought wonderful reforms. You, my young friends, are engaged in the noble cause—to sustain the principle of equal rights."

An Exaggerated Report.

BOSTON, Sept. 17. — Investigation goes to show that the report of the alleged asphyxiation of workmen in the Hoosac Tunnel Saturday was greatly exaggerated. Out of about eighty at work some four or five were affected and the whole matter arose from a disobedience of orders on the part of some train hands. The Hoosac Tunnel is acknowledged to be the best ventilated of any of its size in the world, and it is on rare occasions only that a trace of gas is noticed. For many years traffic through it was conducted without any special attention being paid to the matter, but as a special precaution about a year ago, President Phillips gave orders that all engines should use coke only in the tunnel, and this has been the rule ever since. But in an emergency it appears that the crew on a heavy freight train, having omitted to take enough coke to take them through, used coal very freely to avoid getting stuck in the tunnel and had to call for an extra engine from North Adams, as they could have done at the telegraph office located at the center. Before the strong draft always pouring up the central shaft could carry off the smoke, the gas so generated that some of the men working near by were rendered sick by the fumes which just at that point were unusually dense owing to the freight train having come almost to a standstill. It was a singular and unprecedented experience and extremely unlikely ever to occur again. All the men affected have fully recovered from the effects of the mishap and are at work again as usual.

[Continued on Fourth Page.]

Their Business Booming.

Probably no one thing has caused such a general revival of trade at A. D. Smith & Co.'s Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size $1. Every bottle warranted. (3)

Brace Up.

You are feeling depressed, your appetite is poor, you are bothered with Headache, you are fidgetty, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whisky, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alterative that will purify your blood, start healthy action of Liver and Kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at A. C. Smith's Drug Store. (3)

DEFECTIVE EYESIGHT

Improved by a New and Perfect Method.

Eye, Ear,

—AND—

CATARRH

SUCCESSFULLY TREATED.

JUDGE CARLTON'S LETTER.

SALT LAKE CITY, August 7, 1888.

Dear Doctor:—Before leaving for the east I wish to express my appreciation of your treatment of a complicated case of the eyes. I have tried for several years to get far-seeing glasses, and I had concluded that I could get none that would be of any benefit to me. But after I saw the wonderful benefit of your system, I take pleasure in saying that the glasses furnished by you have restored my vision both for reading and far-seeing to the same condition as in my boyhood. I resolved to have you furnish me glasses after I witnessed your system applied to a beautiful young lady of 16 years, from Summit County, afflicted with a complicated condition of the eyesight. She told me she had never been able to distinguish one's face at a distance of six feet. With Dr. Prentice's glasses she could see as well as any one. As she looked up and down the street, and for the first time in her life saw the distant mountain tops, she was greatly delighted, and inquired with childish simplicity, "Do other people see this way?" It seemed that a new world was opened to her view, as novel and beautiful as "Eden's rosy bowers," appeared to our first parents.

Yours truly,

A. B. CARLTON,
Chairman Utah Commission.

DR. PRENTICE,
Salt Lake City, Utah.

The following are a few of the many cases of cross eyes Dr. Prentice has straightened in this city in less than one minute:

Geo. A. Smith, Salt Lake City.
Susie M. Shettler, Salt Lake City.
Frank J. Hocking, Salt Lake City.
Florence Peppers, Salt Lake City.
Lester Riggs, Salt Lake City.
Sarah Wilder, Salt Lake City.
Joseph McRae, Salt Lake City.
David M. Cambell, Providence, Cache County.
Catherine Bivens, eye turned outward.
P. Pugsley's grandson, totally deaf in one ear, restored to hearing, and many others.

PILES.

I have been tortured with Piles for many, many years, and have tried a great number of so called cures without any benefit. About two months ago Dr. Prentice treated me just once and has effected a perfect cure, and I feel confident from the condition I am now in they will never return.

DAVID S. DAVIS.
Spanish Fork.

For twenty years I have suffered very much with Piles. I have often been obliged to quit work, and had become discouraged of ever being cured. Two months ago Dr. Prentice gave me one treatment, and I consider myself entirely cured. My health is better than it has been for years.

HUGH MOORE.
Spanish Fork.

I have been afflicted with Hemorrhoids (or Bleeding Piles), for the past twenty-five years. For several weeks past the pain has been so intense that I was forced to quit work. I found no relief either day or night, and was frequently compelled to walk the floor all night long, as it was impossible for me to sleep. In this condition I called on Dr. Prentice at the Continental Hotel, who, after a painless operation of less than one minute, relieved me from all pain, and I have been able to sleep and rest well ever since.

I consider myself perfectly cured, and unsolicited offer this testimonial for the benefit of those who may be similarly afflicted. HENRY GREGORY,
149 N. West Temple Street.

MADE HANDSOME.

Mr. B. H. Shettler, of Zion's Savings Bank, has a bright and intelligent little daughter nearly nine years old, but she has suffered the unfortunate disfigurement all her life of being badly cross-eyed. Susie M. Shettler's parents were very loath to trust any one to operate on her eyes. But they had faith enough to trust Dr. Prentice, and he has made the eyes perfectly straight, which was done in less than a minute, and Susie Shettler is now a handsome little girl, while her parents are well pleased.

SATISFIED AT LAST.

Geo. A. Smith of Salt Lake City is a young man favorably known throughout Utah. He has been troubled with a bad case of cross-eyes all his life. Several years ago he had an operation performed by an oculist, but it was not successful and did no good, consequently his faith was very much shaken about its ever being made straight. But at the Continental Hotel on Monday of this week Dr. Prentice made it straight in less than half a minute. Mr. Smith is delighted with the result and his friends astonished. Mr. Smith said it caused him practically no pain.

At Continental Hotel, Salt Lake City, until Sept. 25.

CURE FOR SICK HEADACHE.

Food For Reflection.

Some time since the scientific heads of the Great Universities of the country took up the subject of baking powders, subjecting every brand on the American market to a chemical inquisition that nothing known to the adulterator's art could possibly escape. A feature of their findings, a feature that has food for reflection in it, is that Dr. Price's Cream Baking Powder was found to be free from all adulterants. The most perfect made. 6

The CARY, OGDEN & PARKER CHICAGO

CEMENT PAINT.

It will resist the mediately after application, which distinguishes it from all other paints. It is the Best and Cheapest paint known, taking into consideration its covering capacity, durability, and powers of resistance to Fire, Cold, Frost and Dampness. It does not peel, blister or crack off, and produces a hard, glossy surface.

IDEAL BROILING.

Broiling can be done in the oven of the Charter Oak Range or Stove with the Wire Gauze Oven Door, more perfectly than over the live coals.

Lay the steak, chops, ham or fish on a wire broiler or meat rack, placing it in an ordinary bake pan to catch the drippings. Allow it to remain in the oven with the door closed 15 or 20 minutes. No turning is required. At the end of this time it will be found nicely cooked ready to serve.

THIS IS THE IDEAL WAY TO BROIL MEATS.

There is no taint of coal-gas or smoke, and the meats are more tender and better in flavor than those broiled over the coals. The convenience of broiling in the oven will be appreciated by every housekeeper, and adds another to the many reasons why the Charter Oak Range or Stove with the Wire Gauze Oven Door should be preferred to all others now in the market.
