Will Enter Pocatello-The Inde pendent Telephone company will shortly ask the Pocatello city council for a local franchise as that field is considered very promising.

Prices Tend Downward-M. K Porsons has returned from a trip to Denver where he sold at advantageous prices a trainload of steers. He reorts the live stock market as in very fair shape, but with prices tending downward.

Electrical Exhibition-An exhibition of electrical devices, similar to the one of a year ago, will be given in this city, in October under the aus-pices of the local electrical supply firms. The display of 1906 was very instructive.

On Tour of Inspection—Inspector F. E. Clark of the state board of health will leave next week on a trip of sanitary inspection through the southern part of the state, to be away four weeks. Special attention will be given the Otter Creek reservoir which was erected at a cost of \$300,000.

Barbers in Trouble-Perley A. Hill. Barbers in Trouble—Periey A. Hill, secretary of the state hoard of bar-ber examiners, has sworn to com-plaints against Fred J. Bartel and Charles Burns charging them with violating the state barber law. It is claimed that Bartel is following his trade without first securing a barber's uccess and that Burns is giving him license, and that Burns is giving him employment.

Musician Transferred — Musician Hoyt J. McInityre of the Twenty-ninth infantry band has been trans-ferred to the band of the Seventh in-fantry, stationed at Detroit. Mich., and left for his new post today. The bass tuha artist of the band deserted two weeks ago, but his place has been filled by another man from this city, named Smith. Narrow Escape of R. Leonard-Word from Los Angeles states that Robert Leonard, son of the late Bish-op Leonard of this city, came near losing his life last Sunday afternoon. The electric car he was on short cir-cuited, which was followed by an explosion which threw Mr. Leonard off the car. His head struck a pole, and he dropped so close to the rails that one of the car wheels cut off the toe of his shoe. He was badly bruised and cut, but no bones were broken. Mr. Leonard was removed to his home and cared for. to his home and cared for.

Street Railway Company Prevented Montana May Become Strike Center From Extending Lines by Dilatory Tactics of Majority Members.

People residing in several outlying districts of the city who have been clamoring for extensions of the streetcar system to their locality and for better service have only the dilatory tactics of the "American" administration to blame for not getting the needed improvements. For several months the representatives of the Utah Light & Railway company have urged the committees on streets and municipal laws of the city council to take some laws of the city council to take some action on the franchise granting the company permission to make exten-sions to several of its lines and to make certain improvements in the sys-tem, but as yet the committees have taken no definite action on the matter. A week ago the committee requested Atty, P, L. Williams for the company to draw up a franchise covering the extensions desired and it would be re-ported upon favorably to the council. The franchise was drawn up in a form which was considered satisfactory to the "Americans" and was ready to be sumbitted to the committees last night but when Mr. Williams asked that the franchise be considered he was inform-

HINDERS IMPROVEMENTS.

Mr. Williams tried to impress upon the chairman the importance of the im-provements proposed and declared that the failure of the counch to act on the franchise was hindering the com-pany in spending several millions of dollars in improving the system and givig the public a first class streetcar service. He stated that the company wanted to know what was going to be done in the matter and urged that a date be sent for the members of the committee to be taken over the pro-posed extensions and improvements. Crabtree still insisted that the com-mittee had other important matters to consider, but finally consented to cali the committee together to accompany the representative of the company over the company of the company over Mr. Williams tried to impress upon the representative of the company over the system next Thursday afternoon.

A BLOCKING GAME.

Another illustration of the slow move-

ment of the committee came to light when A. M. Wrench and several others interested in the new Federal heights addition asked that some action be taken on the ordinance which makes water scrip negotiable. Mr. Wrench heights addition asked that some action be taken on the ordinance which makes water scrip negotiable. Mr. Wrench explained to the committee that his company was spending about \$18,000 in putting in watermains in the new ad-dition and that under the present or-dinance the scrip was of no value to the company. If it should be made negotiable as he asked then it could be sold to advantage. The waterworks committee considered the matter last week and decided to recommend the passage of the ordinance but Crab-tree succeeded in having the report referred to the municipal iaws commit-tee where it is being held up. Crabtree promised last night that his committee would make a favorable re-port on the ordinance Monday night but that he wanted to see it first. It is very probable that he will not be able to find time to look over the or-dinance before the next council meet-ing which may mean another delay.

The house was tastefully decorated in sweet peas,mar The strike has dragged along on a weary course for two months, and seems to refuse to get in condition for settlement. The vote in the Salt Lake union last night was almost unanimous against settlement, and it is probable that other cities besides Butte will see sympathetic strikes on the part of operatives, provided the locals of the electrical workers are strong enough to call them out. This is the plan which was talked over at the meeting of the electrical workers here last night, and it was decided not to make a test of strength in Utah, but in some other state where the chances to win are more certain. Montana will probably become the center of strike agitation from now on, unless the Bell company concedes a point and submits another proposition on which the mentake different action than on that submitted as a result of the series of conferences which ended with this offer. Mr. Jones re-ports that experiments in breeding are proving successful. He has 100 head of sturdy hybrids, the result of interbreeding Polled Angus and Gal-loway cattle with 15 head of buffalces. His experiments with Persian sheep more than pleased him. He has ar-ranged with Navajo Indians to weave the wool into blankets and rugs and he believes atricles which will surpass the costly Persian rugs will be produced right in Utah. The government is watching Mr. Jones' work with interest and is rendering all aid possible.

small deterrent effect on the musical contests at Wandamere last evening, for the pavilion was well filled when the first of the numbers was called by the chairman of the board of ad-judicators. The contestants had many friends interested in their performance who watched the proceedings of the ev-ening with great zest, for the compe-ition was keen, and all who had entered the lists, did their level best. There was no monotony, as sev-eral entries in each class furnished a gratifying variety, although each con-testant in the different classes was re-quired to sing or play the same selec-tion. It was remarked that the pe-culiarities of the various local instruc-tors were brought out in a marked manner so that they were readily rec-ognized. Seven classes were heard dur-ing the evening, each having a different set of adjudicators, with Prof. A. C. Lund of the B. Y. academy at Provo added to the board.
