DAVID O. CALDER.

EDITOR AND PUBLISHER.

OUR SUBSCRIBERS in the country can at any time ascertain the date on which their subscription expires by referring to the numbers attached to their name on their paper, i. e., 1-9-3 means first day, ninth month, third year, or October 1st, 1873, 15-2-4 means February 15, 1874, &c.

Those names having no numbers close with the end of the volume.

Subscribers understanding this will be able to renew their subscriptions prior to the time of expiration, so that their papers may continue without interruption.

LOCAL AND OTHER MATTERS.

FROM THURSDAY'S DAILY, SEPT. 11.

REMOVED.—Mitchell and James have moved from their old stand, First South Street, to their new two story building, West Temple Street, opposite the city meat market.

WEST POINT.—The Official Register, for June, 1873, of the Officers and Cadets of the U. S. Military Academy, at West Point, is before us. From it we learn that Cadet Willard Young, of Utah, stood sixth in the order of General Merit in his class—the third or second year's class, which is composed of fifty-six members.

GONE WEST.—Dr. Henry M. Storrs, D. D., one of the secretaries of the American Home Missionary Society, of New York, left yesterday for the West. One of the results of Dr. Storrs's visit to Utah will be the appointment of a resident minister to take charge of the interests of the members of the Congregational Church in this Territory.

NO TRACE.—The whereabouts of Morgan, the escaped prisoner from Provo, for whose capture \$200 has been offered, has not been traced. It is believed he was seen going north a few days after he made the break, as a man was observed traveling in that direction who answered the description given of Morgan in every particular, save that he had a moustache and Morgan had none. It is probable, however, that he might have either bought or borrowed one. An easy matter in this age of false hair.

NARROW ESCAPE.—Runaways are now as plentiful as shooting scrapes were a short time since. A small boy was driving a one-horse wagon near the Townsend House to-day, when one of the shafts fell, probably from the breaking of a strap, and struck the animal on the lower part of the legs. This made him plunge and dash forward, but the little fellow in the vehicle was equal to the emergency, and manipulated the reins like a veteran at the business. A man finally rushed up and seized the horse, and in doing so accidentally cut his hand. Others assisted and the matter was soon put right.

THAT ACCIDENT.—As the runaway accident with the team and wagon of Mr. Charles B. Taylor occurred just before we went to press yesterday we were unable then to give details. The parties who were in the wagon were a lad named Parley Burrows, who was driving; Mr. Cook, a blacksmith, of Butcher's; two ladies, named Pouch, and a small child. In coming towards town the staple of one of the horses and rendering the team unmanageable. As the vehicle was crossing the street railroad track Mr. Cook was dumped out upon the road. The team then

made for B. H. Young's place, near which the wagon dashed against a shade tree, causing the other four occupants to be thrown out, the driver reaching the ground first and the ladies and child piling out on top of him. All the parties were more or less bruised and shaken, but we are pleased to be able to state that no bones were broken. The wagon and harness were very much demoralized.

ANOTHER ROBBERY.—Mr. Abram Taylor keeps a small store in the 12th Ward. Last night somebody entered his premises burglariously and stole from his cash drawer about \$25, of denominations ranging from five cent pieces to \$5 bills, of which latter there were two. Two silver watches, one a patent lever and the other a rare old English "turnip" watch, about half a pound in weight, were also stolen from where they were hanging up in the back kitchen.

Mr. Taylor thinks the thief must have entered by one of two windows. Anyhow he could not have done so by the door, the key being in the lock inside. He states that he will give a reasonable reward to any person who will give information that will lead to the apprehension and conviction of the party or parties who committed the robbery.

The number on one of the watches is 47,024, and it has the name of Ulysses Peritt, Loelle, on it, and on the other is M 1995.

PROBATE COURT.—Wednesday, Sept. 10, 1 p. m. The jury was sworn to try the case of the People, etc., vs. John Welch and Henry Roberts, for larceny. Three witnesses examined for the prosecution, none for the defence, which took about three hours. The case was argued and submitted by the respective attorneys. The court then instructed the jury, who retired to their room in charge of the bailiff. The jury re-entered court in about one hour, returned a verdict of guilty and fixed the punishment at six months in the Penitentiary, at hard labor. The defendants' attorney gave notice that he would file a motion to set aside the verdict, on the ground of its being contrary to the evidence.

THURSDAY, Sept. 11, 9 a. m.—The court met pursuant to adjournment. The People, etc., vs. Butcher, et al, indicted for murder. The counsel for defendants withdrew the motion for a separate trial. The case was set for trial on Wednesday next, Sept. 17.

The People, etc., vs. Athen McCabe, Charles Crawford and J. G. Jones, for larceny. A motion for a separate trial, hearing set for tomorrow morning at 9 o'clock.

The People, etc., vs. Robert Mellem, and Robert Mitchell, for robbery; the motion was argued to put on the indictment the names of sundry individuals, and was granted. The case was set for Friday at 2 p. m.

The People, etc., vs. Wm. Bean, for stealing eight head of mules; jury was accepted and sworn to try the case. Six witnesses were sworn and examined on the part of the prosecution, and as the defence had no witnesses the court adjourned till two p. m.

THE GAMBLERS.—The following were arrested and fined yesterday on charges, some for gambling and others for keeping gambling houses:

L. Dohlman, \$100; John Wright, \$100 (paid); Lewis Engles, \$100 (paid); James Hogle, \$100; Frank Connelly, \$100 (paid); Rodebank, \$100 (paid); Julius Levi, three charges, \$300; W. Lufflin, two charges, \$200; C. Woods, three charges, \$300; Chas. H. Douglas, two charges, \$200; Harry Levi, \$100 (paid); Wm. McClelland, \$100; John Kreamer (paid).

Those after whose names the word paid does not appear stated to Justice Clinton that they intended to appeal their cases. The Justice placed their bonds at from \$500 to \$10,000, according to the amount of fine, which they did not produce, and they were taken into custody by the officers and placed under confinement in jail. In a few minutes afterwards Deputy Territorial Marshal R. W.

McAllister received a writ of *habeas corpus*, issued by Judge McKean, and directed to officer W. Phillips, requiring him to take Charles H. Douglas, one of the gamblers, before the Judge. Robertson and McBride are attorneys for Douglas, and the grounds of application for the writ are that the applicant for release was arrested without a warrant, and that the ordinance under which he is charged with the offence alleged against him is void. A similar writ was also issued by Judge McKean in the case of C. Woods, another of the gamblers. The writs required the returns to be made forthwith, but the City is somewhat embarrassed at present, in attending to such matters, owing to Judge Z. Snow being busily engaged at the Probate Court and the absence of Judge Hoge at Provo. Up to two o'clock no further steps had been taken in the matter.

Since the above was in type, Douglas and Woods were taken before Judge McKean, and on their depositing the amount of their fines they were released until Saturday, till which time the matter was continued.

FROM FRIDAY'S DAILY, SEPT. 12.

THE GAMBLERS.—The gamblers who were imprisoned yesterday for non-payment of their fines soon got tired of their confinement and paid the amounts assessed against them, except Douglas and Woods, in whose cases writs of *habeas corpus* were issued. The fines, which amounted to \$700 in the aggregate, were paid under protest.

THAT DELICATE CONCERN.—The delicate affair brought up in the District Court the other day, alleged to involve serious charges of impropriety of conduct against a member of the bar and an officer of court was brought up to-day. The name of the complainant is Mr. Brown and the officer of court referred to was Marshal McAllister, but all charges against him were withdrawn this morning. The attorney referred to will make his answer to the complaint in writing, and the matter will come up again for hearing on Monday.

THOROUGHLY REPAIRED.—No. 2 engine of the Utah Southern has lately undergone a thorough overhauling and repairing at the depot works. New wheels were turned for it, on the recently imported large lathe, and the brass castings were all produced at the foundry. The almost new engine went out this morning.

It is expected that the new iron foundry at the depot will be sufficiently advanced to commence operations within four or five weeks.

NARROW ESCAPE.—On Wednesday, A. T. Case, an aged gentleman, was at work threshing grain, near his residence in the 9th Ward, when he was caught by what is known as the tumbling bar of the threshing machine. He received somewhat severe injuries in his side, being very much bruised. His nether garments were torn into shreds. Had the machine not been instantly stopped by others who were present nothing could have saved him from being killed. We understand he is recovering nicely from the effects of his hurt.

MILK WEED.—This plant grows in vast quantities around this city. In the head or bulb which contains the seed is a soft fleshy substance, which is very beautiful. It is sometimes used for stuffing beds and pillows, being considered the next best thing to feathers for that purpose.

It is probable, however, that this lovely substance might be put to much more valuable uses than that. The fibre is pretty strong, is of exquisite texture and whiteness, and has a gloss far surpassing that of the most beautiful silk. If this substance could be used in the manufacture of fabrics, the clothes made from it could not fail of being very fine. Those who are competent judges of such things might give the matter a little attention.

ALARM OF FIRE.—Last night, between eight and nine o'clock, the

fire alarm bell at the City Hall was sounded. The members of the fire companies were soon at that building and the engine and other apparatus were brought out upon the street.

The fire was at H. Dinwoodey's saw and planing mills, 7th Ward. As soon as it was discovered the proprietor sent a boy on horseback to the City Hall, that the alarm might be given, and soon afterwards sent another messenger to say the fire was out. The members of the Fire Brigade, including the Wasatch Company, from the 20th Ward, then returned their apparatus to the engine houses and dispersed to their homes.

The fire was caused by one of Mr. Dinwoodey's workmen placing a box of shavings too near the furnace, in the engine room. The door of the engine house was consumed, beyond which but little damage was done.

CRICKET MATCH.—The match yesterday resulted in another victory for the English eleven. There was some good playing, the batting and fielding of Mr. H. Walker, of the Salt Lake eleven, being especially good; also the bowling and fielding of Wilton, Parker and Coburn, and the fielding of Platt, Cushing and Gordon.

Of the English eleven Gordon, Barnett, Lucas and Steward did good work, the first in batting and fielding; the second, batting and bowling; third, fielding; fourth, bowling.

The following is the score, showing the English eleven one ahead, and they also had four wickets standing when the game closed:

SALT LAKE ELEVEN.

Total..... 63 28

THE SUNDAY ORDINANCE.—C. W. Kitchen, of the Walker and Clift Houses, was before Justice Clinton yesterday afternoon, charged with selling liquor on Sunday. The evidence showed that he had instructed the bar tender not to sell on the Sabbath, and he was discharged, but the bar man was fined \$100, which was handed over.

Lawrence & Mann, of the Salt Lake House, were fined \$100 for a similar offence. The fine was paid.

J. D. Lamb, druggist, is also charged with selling liquor on Sunday, and will have a hearing at 9 a. m. to-morrow.

BEAVER MILITARY POST.—We learn from a gentleman just up from Beaver, that the work of building the new military quarters at the post there is going ahead. A brief description of the post as it is and as it is proposed to make it may be interesting to some of our readers.

The parade square, which is 540 feet each way, is surrounded by an avenue lined on each side with trees. This drive is fifty feet wide. Mr. Joseph Smith is the contractor putting up the buildings, which will all be composed of volcanic rock. There will be a two-story hospital, 47 x 99 ft., one story 12 ft and the upper one 14 ft. between the floors. A large brick cistern will be connected with the hospital, from which the water will be forced to the top of the building. There will be a guard house 24 x 15 ft. 6 in., with prison room attached 20 x 20 ft. The walls of the

latter compartment will be 2 ft. thick, while those of the other buildings will be 1 ft. 6 in. The storehouse and commissary buildings, which will have a basement 28 x 100 ft., head quarters, 35 x 41 ft.; set of quarters for commanding officer, 36 x 41 ft., with wing in the rear 17 x 26 ft., two stories high; five sets company officers' quarters, 36 x 48 ft. 6 in. each, with wing in the rear 26 x 32 ft., the main buildings two and the wings one story.

The above named buildings are yet to be constructed, while the following are already up:

Four sets of company quarters, main buildings 33 x 103 ft. each, with wings 33 x 41 ft. 6 in.; bakery, 20 x 39 ft., with oven, 11 x 13 ft.

General Ord has stated that the Beaver post is the finest, in point of situation and general appearance, in his command.

PROBATE COURT.—Thursday, Sep. 11th, 2 p. m. The Court resumed its sitting in the case of the People vs. W. Bear. John O'Brien was sworn on the part of the defendant and gave his testimony, which was considerably muddled. The attorneys then addressed the jury a short time, when the jury retired and soon returned with a verdict of not guilty.

The People, etc., vs. George Stacy and Bernard Morris, for breaking into a saloon on Little Cottonwood and taking therefrom a can of oysters and a bottle of fire-water, which seemed to have had a bad effect on one of the parties, as his face was badly bruised. Three witnesses on the part of the defendants and three on the part of the prosecution were sworn and examined, whereupon the Court assessed a fine of \$30 each and costs, or to be kept in jail in default of payment.

The People, etc., vs. John Welch and Henry Roberts, indicted for larceny. H. Stout, attorney for defendants, withdrew his motion to set aside the verdict. The prisoners were brought into court, and, upon being arraigned, the court pronounced the following sentence: "You, John Welch and Henry Roberts, having been tried and found guilty by a jury of your countrymen and sentenced to be imprisoned for the term of six months, it is the order and judgment that you be so confined and that you also pay the cost of this suit."

FRIDAY, SEPTEMBER 12, 9 A. M.—Court met pursuant to adjournment. Naylor vs. Naylor, in divorce. The case was called and, no return having been made of the summons, on motion of plaintiff's attorney, case was continued until Monday next, at 9 a. m.

In the case of the People, etc., vs. Arthur McCabe, Charles Crawford and J. G. Jones, for larceny, a jury was empaneled and sworn to try the case. Three witnesses were sworn on the part of the prosecution. James Andrews was placed on the stand and kept there until the respective attorneys asked an adjournment till 2 p. m., which the court, with some reluctance granted.

STAR DISTRICT.—We learn that mining in Star District, near Beaver, goes on briskly. Two smelters have been in operation there for a couple of weeks, from which several tons of bullion have been produced and shipped to this City. There are about ten mining districts in that locality, exclusive of coal and iron mines. It is expected that increased developments will make it a second Ploche, in point of richness.

STAGE ROBBERY.

We are indebted to the courtesy of Mr. Hibbard, division superintendent of the Western Union Telegraph line, for the following:

PLEASANT VALLEY, 9.

A coach going south was stopped at 11:30 last night, by two masked men, at the crossing of Big Dry Creek, twenty-five miles south of this place. Wells, Fargo & Co's treasure boxes were broken open, the contents taken, and the boxes returned.
