DREAD DISEASE IS CURABLE.

autritious Food and Expensive Drugs. Hard for Lepers to Get. Are Necessary.

pector Gives Statistics Showing an Alarming Number of Lepers in Colombia and Venezuela.

Washington, Sept. 12 .- After displayor mire heroism by the devotion of a stune to a study of leprosy, Eugene Pumacher, American consul at stractibo, Venezuela, had decided that strad malady is not contagious, but reditary to a degree not reached in meher disease. He has made an exwhere report to the state department. wint of his personal attendance upon matheted in the most revolting is a second in dicates that leprosy is able but that there is little hope is made or other Latin-American is where nutrious foods and exstedrugs rarely are provided.

NOK MANY PHOTOGRAPHS.

» Plumacher was appointed to sho in 1878, where in connection is no in 15%, where in connection is its duties as consul he has con-suly observed leper cases and their smeni and where he experimented is small way. In this he has had the stat correspondence with the most while correspondence with the most mated scientists of the United tes and Europe and it was through a forts that the "tua tua" plant, a forts that the disease, is now ed in all countries which have set stations. At the request of these setists, Dr. Plumacher took many way allowed to visit secretly many evers in Maracaibo concealed by their inflies to avoid their being sent in repetual hanishment to the Island. Us hrasseret medicine which he obtained trough Dr. S. C. Bothwell, now mar-nal of the supreme court of Porto Rico, he experimented with it on these private cases. Ten lepers were given into his special charge. These cases em-braced both classes of the disease, the dry class where extremities become calinized so that fingers and toes may be brokes off without pain to the patient and the other class known as wet or soft kprosy where every part becomes purified and rots away, leaving at last softing but a trunk of a human being.

South Vallejo, discovered in an out-house the body of a young man who had hanged himself. The body was very well dressed and was that of a man about 35 years old with a sandy mustache and hair: 5 feet 7 inches high. In the pockets were a purse mustache and markets were a purse with \$12 in coin, a gold watch and several letters, two being addressed to A. Kelling. Golden Gate avenue, San Prancisco, and one with the name T. Bard. The man had tied a cloth around his neck, fastened it to a beam five feet high, knelt down and strang-led to death. led to death

A THUNDERBOLT'S WORK.

Five Men Injured, Two Fatally and Brick Plant Destroyed.

Chicago, Sept. 13 .- Five men were in-

jured, two fatally, six horses were killed, and the entire plant of the Illinois Brick company practically destroyed last night when a thunder bolt crashed into two of the largest buildings of the South Evanston plant. Sixty men were about the premises, and not one escaped without injury. Many were pinned beneath the rafters of the buildings as it collapsed. Others were rendered unconscious when the stable was struck and three were in-

stable was struck and three were in-jured when an attempt was made to stop the progress of the flames which were devouring the wreckage. The shock was one of the most sc-vere experienced in Chicago for years. The electric cars of the Chicago and Evanston line were put out of business for several hours. Telephonic communication along the north shore was injured, and on account of the fact that the time lists of the frms were in the

wrecked building it was impossible to obtain a full list of the injured. The fatally injur d are Chas. Bauman and Fred I sze.

Monday, September 24-Comes as a Big Surprise. U. S. Marshal Spry and his deputies

were out bright and early this morning serving subpoenas on prospective witnesses who are called to appear before the interstate commerce commission, which will hold sessions in the federal building, Sait Lake, beginning Monday,

Sept. 24. In all some 20 subpoenas were received by the United States marshal yesterday from Washington. In practically every case they are for local tallroad officials and employes of the Utah Fuel company, past and present. The

subpoenas are for two different cases. One is for oil and coal transportation matters; the other, coal lands, Beyond the fact that there have been 20 or more subpoenas received in Salt Lake, no details are forthcoming from the marshal's office, Marshal Spry hav-

ing been expressly instructed not to give out the names of witnesses, Witnesses themselves have not been informed of the names of others who have been subpoenaed. This morning, however, Marshal Spry served a subpoena on J. A. Reeves, general freight agent of the Oregon Short Line, and

the marshal was also seen in the vicinity of the Rio Grande offices. Asst. General Freight Agent F. N. Derrah is

out of town, and it is probable that the I Rio Grande subpoena would go to him. D. J. Sharp, a local coal merchant, formerly in the employment of the Utah Fuel company, was also served. It transpired this afternoon that service was made upon others, nearly a week ago. Among those who were found at that time was Ex-Mayor R. P. Morris, bresident and manager of the Citizen's Coal company, who, it is understood, is wanted to give testimony as a dealer, as Ed O'Brien, local agent for the Diamond Coal company.

ALVA ADAMS

It appears that there has been a change in the original suit filed in New

Jersey, the papers being amended to I regarding the acquisition of lands in

clamation.

include some more names. An effort include some more names. An effort fraudulent entry. The object of the transportation phase the investigation, however, is bethe Utah Fuel company. General Mansee wallams of the company, how ver, declined to accept service as the paper was very indefinite and, as he said to the official: "I am willing to be served at any time but I cannot take ipon myself the responsibility of ac-

epting that paper." "To the "News" this afternoon Mr. Williams said: "Personally I am per-Williams said: ectly willing to appear before the com-mission and will do all in my power to issist the authorities in any investigation or business they may undertake. Every one of the employes of the company is at their disposal at any time and no straws will be placed in the way. Deputy Marshal Smith agreed with me that the papers he was assign-ed to serve this morning were in such form that I could not very well accept service.

As previously stated the one batch of papers received are in connection with the land fraud charges filed against the Utah Fuel company; the other appar-ently is in connection with the investigation row under way on the rebates illeged to have been received by the Standard Oil trust from the various railroad companies of the country for years past to the exclusion of the independent shipper.

All kinds of ramors were prevalent today regarding the scope of the pend ing investigation in this city on Monday week next. It is generally conceded that while the commission is here there will be a number of additional grievances brought to the attention of the members and the fact the D. J. Sharp, the local coal dealer, is among those subpoenaed, led to the story that his case would be one of those taken up. Mr. Sharp, it is alleged, was recently forced practically out of business by the Utah Fuel company which corporation, so the story goes, refused to sell him coal because recently he cut the price of fuel. The general sentiment, however, is that Mr. Sharp, being a former employe of the coal company has been subpoenaed in tell what he knows

acclamation was adopted with cheers

Gov. Adams then addressed the con-vention, pledging himself to earnest, active support of the platform. The governor spoke for about 30 min-

ates, devoting most of his speech to denunciation of political corruption by corporations. When he concluded the

convention took a recess until 2 o'clock this afternoon.

TRADE WITH PORTO RICO.

Washington, Sept. 13 .- In a state-

ment given out by the department of

commerce and labor concerning the

growth in Porto Rican commerce it is

"The value of merchandise sent from

STATISTICS REGARDING

stated:

The object of the transportation plane of the investigation, however, is be-lieved to be to ascertain the inner workings of the Utah Fuel company, and the Pleasant Valley Coal company, substitiary corporations of the Rio Counch Western and the Union Pacific Grande Western, and the Union Pacific Coul company, which is to all intents and purposes part and parcel of the Overland Route.

Just what the outcome will be is uncertain and the investigation is being awaited with keen interest here. If the new railroad rate law, which went into effect Aug. 28, is carried out to the letter these railroad corporations must sever their connection with the coal companies or else cease to do business outside of the state wherein their properties are located.

In other words it means that the Rio Grande will be in a position to supply fuel to the State of Utab to the exlusion of the Harriman lines.

Here is the section of the law which wers this point: "From and after May 1, 1908, it shall

unlawful for any railroad company to transport from any state, territory or the District of Columbia to any other state, territory or the District of Columbia, or to any foreign country, any article or commodity other than timber and the manufactured products thereof, manufactured, mined or produced by it, or under its authority, or which it may own in whole or in part, in which it may have any interest direct or indirect, except such articles or commodifies as may be flecessary and intended for its own use in the conduct of its business as a common carrier.

The independent coal companies are halling this phase of the pending investigation with keen joy, for it will place them all on the same footing.

It is anticipated that the full board of the interstate commerce commission will be present at the investigation, including Chairman Martin A. Knapp of New York and Commissioners Jud-son C. Clements of Georgia, Francis M. Cockrell of Missouri, Charles A. Prouty of Vermont and Franklin Lane of California.

made it clear that only perfectly healthy beef could be used in the prep-aration of canned roast beef, although the product is not of the highest grade of cattle. No preservatives of any kind will be used in the preparation of the product and the label must state just how it is prepared. The decision was entirely satisfactory to the packers,

MITCHELL ON MINERS.

Organization at Present Has Less

Trouble Than Ever Before,

Pittsburg, Sept. 13.-John Mitchell prived today to confer with the offi-ials of the Pittsburg district. Asked as to the general conditions of mine workers throughout the country, he said:

The miners have never been in bet ter condition. Our organization at the present time has less trouble on its hands than ever before. Practically all our members are working and a few strikes are now of such a character as to interfere to no material extent with the working of the international rganization." Relative to the entry of the Ameri-

can Federation of Labor into politics, which he indorsed. Mr. Mitchell said that it has been made on a non-parti-san basis, the move is one that will commend itself to the American voter

and consequently succeed. Mr. Mitchell was asked concerning the attitude of labor leaders in Illi-nois on the re-election of Speaker Can-non. All he would say was:

Joe has a pretty stiff majority behind him.'

NEW MEXICO DEMOCRATS.

Go on Record as in Favor of Joint Statchood With Arizona.

Santa Fe, N. M., Sept. 13 -- After sitting all night without agreeing upon a nomination for territorial delegate, the territorial Democratic convention adjourned this morning to meet again lat-er in the day. The convention went on record in favor of joint statehood with Arizona by a vote of 144 to 22, 10 dele-gates not voting. The convention en-dorsed Gov. H. G. Hagerman for in-vestigating and dismissing former Reublican officials, but condemned alleged extravagance of the last Republican legislature. It asks that every territorial, county and other public offi-cial be investigated by the governor.

WYOMING DEMOCRATS.

Cheyenne, Wyo, Sept. 13.-Delegates are assembling here today to al-tend the Democratic state convention called to nominate candidates for state offces. The first session will be held at 4 o'clock this afternoon. Party leaders confess difficulty in finding prominent Demografs willing to take places on the ticket. Those mentioned as likely to accept nominations are State Senator S. A. D. Keister of Lan-der and J. C. Hamm of Evanston, the former being talked of as a candidate for governor and the latter for Con-gress.

GWYNN SURRENDERS.

Alleged Defaulter Voluntarily Returns To St. Louis.

Odessa is Plastered With Proclamations Urging the Extermi-

"UNION OF RUSSIAN PEOPLE."

Jewish Town of Koopin, Kamenetz District, Burned by Peasants, Many Perishing in Flames.

Number of Dead at Siedlee Less Than First Reported, but Property Losses Greater-Quiet in Warsaw.

Odessa, Sepi, 13 .- Anti-Jewish agltation is rife. Wall space, the sides of houses and telegraph poles throughout this city have been plastered with proclamations issued by the "Union of Russian People," urging patriots to combine to exterminate the Jews. This action has aroused grave apprehension among the peacefully inclined, both Jews and Christians.

It is reported here that the Jewish town of Koopin, in the district of Kamenetz, has been burned down by peasants from the surrounding coun-try. Some of the inhabitants are said to have been killed in flight, while many perished in the flames.

SIEDLCE MASSACRE VICTIMS.

st. Petersburg. Sept. 12 .- The resumption of telegraphic communication with Sledice has enabled the press of St. Petersburg, for the first time, to present a picture of the conditions in the rayaged town. As in the case of the massacre at Bialystok, later messages greatly reduce the number of dead from that given in early reports. The property losses, however, from the fury and cupidity of the mob and the destruction by bombardment and subsequent fire are placed higher, running to \$200,000. Although it is said officially that 44 persons were killed, the correspondents enumerate 62 corpses, mostly Jews. The number of corpses buried privately or consumed in burning buildings may add another score to this number. A pitiful feature of the disas-ter was the death of many wounded persons who were abandoned by their friends in the houses from which the people were forced to flee for their lives. Firemen are searching deserted houses for bodies.

There is reason to believe that this attack on the Jews is traceable to the murder of an official on Aug. 21, and the events of Saturday supplied the necessary spark to inflame the passions of the soldiers.

Warsaw, Sept. 13 .- This city is quiet.

The authorities are suppressing every

slightest attempts to start anti-Jewish attacks. On account of the large Ger-

man interests in the banks and com-

is feared in case of serious disorder

Greater Part of His Speech Devoted to Denunciation of Political Corruption by Corporations.

Denver, Sept. 13 .- After spending two days in consideration of the contests, the principal one being that from

the naming of a state ticket. The endorsement given Alva Adams of Pueblo for re-nomination as candidate for governor in the platform adopted late last night made it certain that

he would be chosen to head the ticket. There were contests for nearly all the remaining offices and although the disposition was to give every candidate a fair show, there was an evident desire on the part of the delegates to finish the business as rapidly as possible and

Denver city and county, the Demo-

cratic state convention today began

adjourn. The only opponent to Adams who had been considered at all was County Judge Ben B. Lindsey of Denver, but the semi-official announce-ment made today that he would run independently practically put him out of the running in the Democratic convention. The Patterson delegation which was seated by an overwhelming vote yesterday, occupied the seats assigned to Denver today.

Chairman Taylor gave Robert J. Jones, a member of the Denver delegation the privilege of replying to the charges made against him by ex-Gov. Thomas yesterday. Mr. Jones said that

he would in a day or two issue a statement. In order that none might have objection he wanted to withdraw as a delegate. Gov. Thomas had charged that Jones when sheriff, used the powers of his of-

fice in consideration of a payment \$30,000 for the advancement of the Republican campaign for the election of Edward O. Welcott to the United States senate.

Mr. Thomas placed on Jones the blame for the killing of two policemca at the election that year, also of the loss of a leg by Policeman Carpenter, who was shot at the polis. The offi-cers, he said, were defending the elec-tion from thugs whom the Molcott people had employed, and who were appointed deputies by Jones in the inter

est of the Republican ticket. The convention was thrown into a frenzy of excitement by a motion of John T. Bottom of Denver that the vote adopting the platform last night be reconsidered. He explained that he wanted stricken out the provision pledging the convention's candidate for governor to remain in office during his

the United States to Porto Rico during the five years prior to 1598 averaged about \$2,000,000 per annum and in 1906 was \$19,000,000, or practically nine times as great. The merchandise sent nine from Porto Rico to the United States In the five years prior to 1898 averaged about \$2,500,000 per annum, and in 1906 was \$19,600,000, or about eight times as

"Exports from Porto Rico in the fiscal year just ended were practically twice as great in value as in any year un-der Spanish rule, and about 25 per cent greater than in any previous year under American rule, occurring chiefly in sugar and tobacco manufactures The total value of the merchaudise sent out of the island in the fiscal year 1906 was \$23,250,000 against \$18,750,000 in the immediately preceding year, while the highest figures in any year under Spanish rule was \$12,750,000, or practi-cally one-half of the figures of the fiscal year 1906."

It is Believed That at Least Two Trains Struck the Body and Dragged It Some Distance.

(Special to the "News.")

Kaysville, Sept. 13 .- The dead body of a young man believed to be Herman Gentsch, was found on the Oregon Short Line tracks north of Layton about \$:55 o'clock this morning in a horribly mutilated condition. Both arms and legs were severed, and the body was terribly cut and bruised. The young man was clean shaven, wore a dark check suit and had a hat which was purchased in Salt Lake. An inquest is now under way and the O. S. L. agent at this place has gone to identify

ify the body. It is believed that the young man fell from the train and that at least two trains struck the body and dragged it north and south.

It is believed the deceased was a brother of Theodore Gentsch, assistant cashier of the Salt Lake Security & Trust company; but Mr. Genisch could not be found this noon, and his failure to appear at the company's offices to relieve the teller during the lunch hour was explained by the supposition that he had gone to Layton to look after the remains of the unfortunate young man. The name of Herman Gentsch does not appear in the city directory, and nothing was known of him at the Trust company's offices.

The deceased was a traveling auditor of the Pacific Express company and son of General Supt. F. C. Bentsch of the company at St. Louis. It is sup-posed that in crossing between the mail and the express cars while the train was in motion, he slipped and fell, and was instantly killed. He was 22 years old and unmarried.

J. A. MOORE CONVICTED.

Indicted for Perjury in Connection

With a Homestead Application.

San Francisco, Sept. 12.-United States Dist.-Atty. Deviln has received informa-tion from the assistant United States dis-trict attorney at Eureka, announcing the conviction of John A. Moore by a jury in the United States district court now sit-ting in that city with Judge Dehaven presiding. Moore was a former supervise of Humboldt county. He was indicted for perjury alleged to have been committed in filing application for a government in filing application for a government homestead.

CANNED ROAST BEEF.

Label Will Continue to Call it That Though it is Boiled Beef.

Washington, Sept. 13 .- Canned roast beef will continue to bear the label "roast beef" notwithstanding the fact that it really is boiled beef. This was a decision reached at a conference today between Secy. Wilson and Senator Hopkins of Illinois, and Thomas E. Wilson, general manager of the Nelson

Morris Packing company of Chicago Senator Hopkins and Mr. Wilson discussed the matter yesterday at Oyster Bay with President Roosevelt and were referred by him to Secy, Wilson, Mr. Wilson explained that the method of preparing canned roast beef was to parboil the meat for 15 minutes and then put it in cans and subject it to steam heat for three hours. The term "roast beef," which was applied to this product was of particular value to the packers Mr. Wilson said, because the method had been copied by the Auswho would profit by it if the Ameri-can packers were forced to abandon it. After full consideration it was decided that the cans might bear the is-bel of roast beef but that is should be stated on the labels how the beef was prepared and cooked. Secy. Wilson ment.

tround the world, a fugitive from tice for nearly a year, Granville M. Gwynn, former cashier of the Bank of Hayti, who fled from this city leaving an alleged shortage of \$17,021, returned vesterday and surrendered to the authorities for trial.

Nov. 19, 1905. Gwynn suddenly departed from Hayti, leaving a note to the president, John L. Dorris, of the bank, stating the books and papers would be found all right and nothing would be found wrong excepting a shortage of \$17,021 in the cash.

FIRE IN EAST ST. LOUIS.

East St. Louis, Sept. 18 .- Fire starting from an unknown cause destroyed the sales stables of James Bluff early today, incinerating 32 mules, badly damaged Goldberg's furnishing store and communicated to the St hotel in which were 30 guests. A panio ensued but all the occupants were gotten out in safety.

"FLYING GROUP" ARRESTS.

Moscow Police Have Taken Ten Members Into Custody.

Moscow, Sept. 13 .- Following the recent correspondence by the agents the secret police of the Vladimir, Mazury, the leader of the Moscow sec-tion of the "Flying Group," the police have taken into custody 10 other mem. bers of this organization, eight and two in southern Russia. All were concerned in the bank robbery com mitted here last March by Belenzoff, and several are alleged to have taken part in the general slaughter of policemen in Poland as invited guests of

their Pollsh allies. The police have unearthed a false passport bureau, well provided with fficial blanks and seals stolen in the Baltic provinces and elsewhere, So many of these false passports are in So circulation that the passport system for the tracing of revolutionists has become a farce,
