

in the public schools without examination.

Principal Wm. Bradford of the Lowell school, visited the normal school on Monday.

The University summer school announcements will be issued next week. Anyone wishing copies and information regarding the courses to be given can apply to Prof. D. R. Allen, University of Utah.

Superintendent Lars E. Egerton of the Utah county schools, visited the University on Monday. Mr. Egerton says the outlook for high schools in Utah county is very encouraging. Springfield, Payson, Spanish Fork and Lehi are now doing ninth grade work and American Fork and Pleasant Grove will do so next year.

The general plan, he says, is to begin with the first year of high school work and gradually add each year as it is needed until there are six high schools of four years each in the county. The movement is very popular with the people as it will save them the expense of sending their young people away from home and will bring high schools within the reach of those who cannot afford to go away to higher institutions of learning.

This evening the author's club will give its grand ball in the museum building for the benefit of the new gymnasium. The members of the club will constitute the reception committee. Prof. Lyman and Dr. Gowans will be floor managers. A feature of the program will be a number of old-fashioned dances.

During the last week in April Dr. James E. Talmage will deliver in illustrated lecture on "The Great Pyramid." This lecture will be under the management of the Author's club, and the proceeds will be given to the University gymnasium fund. The price of admission will be 25 cents. The grand ball of the L. D. S. has been generously donated the use of the hall.

On Friday evening, April 28th, the Strollers' club will give a grand ball at Christensen's for the benefit of the University gymnasium. Mr. Christensen has donated the use of the hall for that evening.

Professors Coray and Lyman, and Principal McKnight have been appointed by President Kingsbury to arrange for the exercises of commencement week.

Next year the University will offer a college pre medical course leading to the degree of bachelor of arts. Upon completing this course a young man can get his M. D. in two years in one of the best medical schools in the United States and thus save himself the expense of doing the first two years of his medical work in eastern medical schools where tuition, and laboratory fees are so high. Professor Ralph A. Chamberlain, head of the department of biology, has been working on this course since his appointment last summer. He has been in communication with all the leading medical schools of the country and has received assurances that the credit will be given for the medical work done here. The subjects of this new course will be prescribed and full information regarding it will be printed in the current annual of the University of Utah.

can coast was as he reports, a pleasure to him, and we are certain it will be a source of lasting benefit to our institution.

We are pleased to welcome Miss Reynolds back again. She has been away for some time on account of poor health.

We commend the work done by A. C. Dramatic company in "She Stoops to Conquer," which it produced Tuesday evening in the opera house. For amateurs the representation on the whole certainly possessed merit.

Elder Karl Farnsworth, an old student, who lately returned from a Samoan mission, was a visitor Tuesday. He gave an interesting account of his labors in the mission field before the students in chapel. President Duffin and President German E. Ellsworth of the college board of trustees, was doing business at the college on Tuesday.

Mrs. Nancy Paine of St. Charles, Bear Lake state, was a visitor on Wednesday.

The class of 1905, 1907 and 1908 have taken up the matter of raising \$100 each for a new mechanical arts building. It is a determined matter that they will not start high schools next year, but will continue to have their names inscribed on the marble tablet in the main hall of the building. The class of 1908 is expected to fall in line also.

The committee appointed to arrange for the celebration of President Brigham Young's birthday in Logan on June 1 met in Major Young's office in Salt Lake last week, and outlined the general plan for the celebration. One feature which it is hoped may be arranged is to have a life-sized portrait of President Young painted by some Utah artist, to be unveiled during the celebration. The members of the Young family who will be here for the celebration will be given a cordial invitation to remain in Logan for the commencement.

At a recent meeting of the Commercial club, Ceburn, 75 and Farnsworth, 78, were appointed as a committee to visit the business department of the Ogden High school. At the club meeting last Thursday they gave a most entertaining and instructive account of their visit.

Mrs. Coffey reports that the classes attended on the student body this year in a marked degree. Miss Nichols' campaign was launched the same day with 29,100 votes, putting her second in the race.

The following missionaries have finished their course in the academy and will soon depart to their fields of labor: Clarence Barker and W. M. Alford to Australia; they sail from San Francisco on the 27th of this month. LeRoy Chadwick goes to Japan; he leaves about the first of June. Wm. J. Francis goes to the northwestern states, leaving here on the 29th of this month. Charles Shaw and Joseph E. Egan leave for Great Britain on the 19th of April. Bingham and sign others have also received their calls and will leave in the near future.

At a meeting of the athletic track team Thursday, a proposition from the L. D. S. university, namely, that the B. team should be invited to Salt Lake, L. D. S. U. arranged a meet in Ogden some time in May was considered. It was decided that if the date of the meet could be placed not earlier than May 27 and not later than June 1, the invitation. Since our team was excluded from the High School meet of the state, our track athletics have more or less given way to base ball. This is the only reason why the team desired the date to come as late in May as possible.

Cedar City Branch Normal. Cedar City—Since the Normal came on victorious in the recent debate and athletic meet with St. George, it is looking for other schools to contest. There is some talk now of challenging the University preparatory school and bringing them to Cedar City.

Principal Dicker was in Salt Lake recently to arrange for the appointment of teachers for next year. Most of the old corps are to be reappointed, their work having been highly satisfactory.

The Students' society program for Friday night will be furnished by the B. team. The program consists of a series of dramatic and humorous readings.

Asst. Principal Driggs has been appointed to give the courses in English to be offered at the University summer school in Salt Lake. Mr. Driggs has been granted a leave of absence for next year from the Branch Normal. It is his intention to continue his college work in one of the eastern universities.

The special class will give "An Evening with Longfellow" next Tuesday evening.

Mr. Tollestrup is working up several musical numbers for a concert to be given in the Cedar City bazaar to-night.

Saltair—Dancing tonight, 8 o'clock.

NEW LIBRARY BOOKS.

The following 40 volumes will be added to the library Monday morning, April 17, 1905.

MISCELLANEOUS.

Allen and Sachtleben—Across Asia on a Bicycle.

Bourne—Narratives of De Sota, 2 vols.

ENGLISH LADY FIREMAN.

In America we often hear of millionaire volunteer firemen, but we do not rejoice in the possession of a fire brigade composed entirely of women. In England, in connection with great landed estates, there are several such companies. They are usually made up of the ladies of the house and the female domestics. Such companies have a number of times given good records of their abilities as fire fighters.

L. D. S. UNIVERSITY.

Salt Lake City—J. A. Goss, one of the northland students, has just taken possession as stenographer in the office of the Utah Light & Ry. Co.

Prof. James Jensen of the Agricultural college at Logan, and a former teacher at this institution, was a visitor here on Monday.—Sara Jensen.

On Monday morning, Elder Jas. G. Goss, of the Central States mission, officiated at the fourth year theology class on the subject of the rebuilding of Zion.—Charlotte Wetzel.

On Tuesday morning the second year quartet club sang two sets of songs, "The Olden Days" and "The Olden Days." The pieces were rendered in a very effective manner.—J. Evans.

Miss Anna Grant, a member of the senior class, will leave next Monday for Europe, where she will join her father and mother, who have been laboring there for some time in the mission field.—Jessie Parkett.

Beginning Monday next, recitation periods will be forty-five minutes instead of one hour, as they have hitherto been. This change, which has been made, many students have found it difficult to keep up in their studies, and it is thought that the change, by increasing the recitation periods and by leaving the time for study, will really aid them.—Seymour Wells.
