AMERICAN.

Wired from Washington.

WASHINGTON, 12.—The steamers of the China Steam Navigation Company, which were transferred to the house of Russell & Co. at the breaking out of hostilities between France and China, have been transferred. The American flag has been hauled down and the Chinese flag hoisted.

LEASING POSTOFFICES.

At the last session, Congress passed an act authorizing the Postmaster-General to lease buildings occupied by third-class postoffices. The amount of the appropriation was only $450,000, or just about enough money to defray the expense of leasing buildings for the offices of first and second-class. Consequently the Postmaster-General has been unable to carry out the provisions of the act authorizing the leasing of third-class offices. There are 1,728 third-class offices, and it is estimated that $250,000 will be required annually to defray the expenses of leasing suitable quarters for them.

Secretary Manning to-day declined to make any statement whatever in regard to the alleged silver compromise on the ground that he had not had any time to read the newspapers, and consequently did not know what had been said on the subject.

The Battle of North Point.

BALTIMORE, 12.—To-day is the seventy-first anniversary of the battle of North Point, where General Ross, at the head of the British Army, was killed and his forces repulsed. The American survivors of that battle have annually for many years attended a banquet in commemoration of it. Their number has been gradually reduced until to-day but one man sat down to an elaborate course dinner at Rennert's. The last man of the Old Defenders' Society who is able to leave his home is James Morford, aged 90. Five of the veterans are still alive. Morford is one of seven who participated a year ago. The remnant of the City Guard, a military organization founded before the late war, celebrated the day by a dinner at the Govanstown armory. The survivors are those who wore the blue and the gray in that conflict out who long since have re-united, and only reminiscences anterior to 1861 are spoken of in their annual reunions. The day being a municipal holiday, all the city offices were closed.

Railroad Accident.

GALVESTON, 12.—A special from Sherman, Texas, to the *News* says: A serious accident occurred to-day, four miles and a half west of this town, on the Texas Pacific railroad. Two coaches on the passenger train left the track and were overturned. Relief parties visited the scene of the accident and brought the wounded passengers here. Mrs. Wolff, Dodge City, died of her injuries shortly after the accident. The injured are as follows: Mrs. G. Fontee, Sherman; Mrs. W. W. Purdom, Henrietta; Mrs. Young, Tioga; J. E. Vallfid and son, J. W. Vallfid, H. M. Robinson, Bells Station; J. Shiftell, Brookton; Fanning Courton and Rev. J. Harris, Morgan, Basque County. Mr. Shiftell was severely bruised about the head and had his teeth knocked out. It is not thought that any of the above wounded sustained fatal injuries, but all were more or less painfully hurt. The accident is believed to have been caused by a broken axle.

More Discharges.

PHILADELPHIA, 12.—As the employes of the mint were departing for their homes yesterday afternoon eleven more of them were discharged, each one discharged receiving a note to the effect, as he or she passed out. This morning ten of the cutters having formed themselves into a committee, waited upon Chief Coiner Steele and said that being Republicans they were afraid of receiving summary notice of their removal. There were no charges against them, they said, and they had under them new hands recently appointed in the mint for instruction. They desired some protection that they would not be interfered with unless for cause. Chief Coiner Steele told them he would communicate with Superintendent Fox, which he did. The men in the meantime returned to their room but not to work until they heard from the superintendent. About noon each one of the ten received a note from Superintendent Fox, which read:

"Sir: You are discharged from the mint this instant for insubordination and conspiracy to embarrass the business of the institution."

SUNDAY'S DISPATCHES.

The Yacht Race To-day.

NEW YORK, 13.—Indications are not wanting that there will be another large crowd to attend a meeting of the yachts again to-morrow. The *Puritan* was hauled out on the crew dock, foot of Market Street at 10:30 o'clock last night and put overboard again, two hours later. Twenty men thoroughly cleaned her bottom and pot-leaded it where the bilge blocks had been when she was hauled out before. The tug *Indian* towed her to an anchorage off Clifton, Staten Island, soon after daylight this morning, where she has laid all day surrounded by boat loads of spectators anxious to see the American representative yacht. Gen. Paine and Mr. Burgess took a sail down to Sandy Hook in Mr. J. R. Burk's sloop *Michief*, the others with the exception Mr. Welch were at the Brevoort House. Sir Richard Sutton and party remained on board the *Genesta* off Tompkinsville all day. The race will be over the club course 38 miles, to-morrow. Start will be at 10:30 o'clock, sharp.

News from South America.

SANTIAGO DE CHILI, via Galveston, 13. The Parliamentary committee held its first sitting last night and decided to name a commission of four deputies from different political parties. This commission will discuss the basis for the proposed convention of departure.

Dynamiters Run Down by Detectives.

NEW YORK, 13.—The windows of the dry goods store of Garry Bros., on Grand and Allen Streets, were shattered by an explosion of dynamite on the 1st of February, and the explosion was supposed to have been instigated by disaffected dry goods clerks. Detectives have been at work on the case ever since, and their labors have resulted in the arrest of Peter Daley, aged 23, residing in Teller Point, Melrose, Thomas Fitz Patrick, 27 years old, bookkeeper, living at 268 Monroe Street, and David Naughton, aged 36, salesman, at No. 98 Monroe Street. A combination of dry goods clerks known as the Equality Association holds its meetings at Orchard Hall Saloon, kept by Morris Kersten, at 98½ Orchard Street. It was suspected that one or more members of the landlord's family knew much about the crime. Sometime after the explosion a stranger began to frequent Kersten's saloon and finally obtained from sons of the proprietor the fact that they had heard threats that "Garry Bthers should be blowa up the same as the dynamiters in London blew up the Parliament House." On the night of the explosion a man entered the saloon and handed one of the Kresten boys a package and asked him to give it to David J. Naughton, who was one of the men then in secret session. Presently Naughton came down stairs accompanied by Doley and Fitzpatrick. Naughton asked if a parcel had been left for him, and the package was handed over. Naughton and his companions then went out, followed, however, by David and Frank Kersten. Naughton and his companions proceeded to Garry Bros' store, where Kersten saw them place something beside the window sash, after which Doley and Naughton ran away, while Fitz Patrick walked from the spot and was knocked down by the terrific explosion that immediately followed. These details resulted in the arrests of the men who have waived examination. The penalty upon conviction is ten years.

Uprising in Vera Cruz.

CITY OF MEXICO, via Galveston, 13.—A Communistic uprising in the Canton of Cordova in the State of Vera Cruz, is giving great concern to the planters of that section. The governor of the State professes ability to put down the rebels without the aid of federal troops. The planters have armed the peons in the affected locality. The rebels demand a division of all property.

Arch-Deacon Farrar.

RIMOUSKI, Que., 13.—The steamer *Sardinia* has passed inward. Among her passengers is Arch-deacon Farrar, the eminent English divine.

Suit for $30,000.

GALVESTON, Texas, 13.—A special to the *News* from Fort Worth says: The will of John Nichols, late vice-President of the City National Bank, was probated yesterday. Mrs. Nichols being qualified as executrix. A. M Britton, President of the Bank immediately began a suit against the executrix for the recovery of $30,000, the amount of Nichols' defalcation. The Nichols estate is rated at $60,000.

Another Raid on Chinamen.

SEATTLE, W. T., 13.—A large building occupied by Chinese laborers at Coal Creek mines, twenty miles from here, was attacked by a mob about 1 o'clock yesterday morning. The Chinamen, about fifty in number, fled into the woods. The Chinese lodging house and cook house were burned. The buildings burned belonged to the Oregon Improvement Company. The attacking party were all masked. None of the Chinamen were killed or wounded. This, coming so so soon after the Squak Valley massacre, has created an uneasy feeling here and trouble at the Newcastle mines is apprehended.

Stage Robbers take $600.

MILES CITY, Mont., 13.—A stage robbery is reported near Forty-Mile Rauch on Friday night. Three masked men stopped the stage and secured Wells, Fargo's treasure box, containing $600, en route from Fort Custer to Fort McKinney. Government money for the troops, twelve thousand dollars, had been sent through only a day or two before.

Yellow Fever Increasing.

GUAYMAS, Mexico, 13.—There have been seventeen deaths here from yellow fever, twelve soldiers, two Americans, (names unknown,) and three natives. The number of new cases is rapidly increasing. Consul Willard informed the state department at Washington on the fourth instant that yellow fever prevailed here and the board of health declared the port infected. Heavy rains causing washouts have delayed trains three days. The days are hot, the nights cool.

Indian Trail.

SAN FRANCISCO, 13.—Deming, N. M. special; A band of Indians crossed the railroad seven miles east of here this morning going north. It is not known whether they are Indian scouts following the renegades or another band of hostiles which the troops have run out of Mexico, but it is generally believed they are hostiles who are following the route of those who passed north last week and did the killing near Lake Valley. From signal fires seen in the mountains, the hostiles evidently have scouts in advance and find no trouble in evading the troops and passing safely from one section of the country to another.

Irish-American Council.

CINCINNATI, 13.—A large meeting of Irish American citizens was held here this evening. Judge Fitzgerald presided. Seven hundred dollars were subscribed and $5,000 more pledged. The meeting instructed its president to send the following dispatch to Charles Stewart Parnell and associates at Dublin:

"Mass meeting of Irish-Americans held here to-night pledge immediate assistance to Parliamentary fund and Home Rule.

(Signed) J. W. FITZGERALD, Chairman."

Sullivan the Slugger Arrested.

CLEVELAND, Ohio, 13.—Four thousand people were at Brooklyn Park to-day to see John L. Sullivan pitch for the Forest City in the game with the Sanduskys. Both clubs are composed of good amateur players and the game which resulted in victory for the Sanduskys by a score of two to nothing, was watched with interest. At the close of the game and as the champion was leaving the grounds, he was placed under arrest by Constable Jones, the smallest officer in the city, who was armed with a warrant charging Sullivan with violating Sunday law by playing ball. Sullivan offered no resistance, but going before Justice Hart gave bail in the sum of $500 for his appearance at 2 o'clock to-morrow. The warrant was sworn out, it is said, at the request of John D. Rockafellow of the Standard Oil Company, representing the law and order league. It was the intention to arrest Sullivan before the game began, but owing to delay in issuing the warrant the officer did not reach the ground until the players were leaving.

Clearing the Reservation.

KANSAS CITY, MO., 13.—A *Times*, Little Rock special says: Cattle men are rapidly removing their stock from the Crow reservation in accordance with the order of Indian Agent Armstrong. Several owners of herds were slow to obey, but Armstrong informed them that he would call on the President and have them forcibly ejected by troops, and the exodus became general. Several thousand head of cattle have been driven out, and by the 15th it is believed the reservation will be cleared.

Shot Dead.

Rev. Andrew D. Hunter, an itinerant preacher from Charleston, S. C., was shot and killed yesterday in the Chickasaw Nation by a man named White. The latter had persuaded Hunter's daughter to elope with him. Hunter followed and was slain while trying to force White to make the girl his wife. White escaped.

The Counterfeiters.

GALVESTON, 13.—Special of *News* from Waco, Texas says: Lucius a White, the alleged principal in the Brazilian counterfeit scheme, arrived here this evening from St. Louis, to testify at the trial of his brother, Joseph H. White, who is held as one of the confederates to the plot. The brothers met cordially and after five minutes conversation in the presence of the officers, were locked in separate cells. Lucius is talkative but Joseph is reticent. The former is confident of acquittal and says he acted innocently in the counterfeiting scheme which was planned to defraud the Brazilian government out of $231,000, but is aware it will be difficult to establish his innocence as he is entirely dependent upon the testimony of the man whom he is to appear against as a witness to acquit him of criminal knowledge. He seems to have no desire to conceal anything connected with the counterfeiting scheme and his testimony tomorrow will probably be very full and minute.

FOREIGN.

Suffering of the Czar.

LONDON, 12.—At the royal family reunion to be held by King Christian of Denmark at Frederica next week there will be present the Czar and Czarina, the Prince and Princess of Wales, King George of Greece and the Duke and Duchess De Chartres. The occasion will be the formal betrothal of Marie, daughter of the Duc De Chartres, and Prince Waldemar, the youngest son of King Christian. During the visit of the Czar the greatest precaution will be maintained to keep him safe from any evil designs which may be entertained against him by the Nihilists. It is stated that the Czar's morbidness concerning Nihilism is increasing daily, and that as a result his mind is almost unhinged with dread. He gives no credence at all to the persistent assertions of his police that Nihilism is crushed out. It is related now that during the recent Imperial conference at Kreunsier, the Czar and Czarina had different sleeping apartments prepared for their use each night, and that they never occupied the rooms thus set apart for them, but used others, in order to avoid all possibility of being "located" by the enemies, whom the Czar believed were perpetually following him. His Imperial Majesty, it is declared, continues to follow this precaution, and allows no one to know beforehand where he will pass any particular night, and never permits any of his attendants but his necessary body servants to know where he is sleeping.

SUNDAY'S DISPATCHES.

Rev. Henry Ward Beecher sends the following to the Rochester *Post-Express* from Peekskill, N. Y.: "I am decidedly in favor of a high license plank in the platform of the Republican State convention, because absolute prohibition was an absolute impossibility. High license is feasible and equitable, and the moral sense of the community will sustain the demand. The result will be a greater protection to society from the evil of liquor selling than by another method that cannot be enforced."

A Pittsburg dispatch says: William M. Riddle, ex-president of the defunct Pennsylvania Bank, was discharged from custody to-day under the insolvent laws. He was subjected to a rigid examination, but the opposition failed to show that he had a single dollar left.

Somewhat of a sensation has been caused by the development of certain scandals in the management of the Inventions exhibition in London. It appears that a number of speculators have been allowed by the managers to take large spaces in the halls and to then retail these valuable spaces out to the highest bidders. The Liver at its Work.

As the blood goes on its rounds through your body, it passes through the liver to be cleansed. In each of the little cells or chambers of the liver its leaves a deposit. The liver picks this up and makes it into bile, sending it in that form to do its work in other parts of the body. If the liver neglects work, Brown's Iron Bitters will correct it and set everything right. Mr. D. Fitzpatrick, Jackson, Miss., says: "I used Brown's Iron Bitters as a blood purifier, and it has make me well."
