

THE SEMI-WEEKLY NEWS

Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

Meet in Provo.—There was a meeting yesterday at Provo of the state insanity board. It was attended by the governor, state treasurer and state auditor.

Mayor Signifies Approval.—All the matters passed upon by the council on Monday night at the regular weekly meeting were approved by Mayor John S. Bransford yesterday.

Parvill Sermon.—Next Sunday Rev. Dr. A. Brown of the First Baptist church will preach a parvill sermon. On Monday, Dr. Brown and family will leave for Manitou, Colo., for an outing and will then go to Kansas City.

World Colonize Utah.—Gov. John C. Cutler is in receipt of a letter from the "Bone-Westerdahl" company, Council Bluffs, Iowa, asking for information regarding the possibilities of colonizing Utah. The letter has been referred to the M. and M. Real Estate associations by the governor.

Carpenters Get Busy.—The work of preparing for the international convention of carpenters and joiners, which will be held in Salt Lake Sept. 21, is being conducted by committees of the local union. They are preparing for 700 delegates and friends, making the total number here about 1,200. Funds are being solicited to assist in their entertainment.

Butter Price Raised.—Butter in Salt Lake is up again to 35 cents, a figure which once was marked for the coldest of winter weather when feeding conditions were most expensive. The wholesale price is 30 cents, although the summer rains have kept the condition in unusually good condition, and no feeding is being done. The result of the present price is that there is considerable agitation to determine whether the market is controlled jointly with the big coast markets.

SPEAKS IN FAMED ABBEY

Bishop F. S. Spalding Signally Honored in London—English Auditors Pleased With Sermon.

The distinction of preaching in famed Westminster Abbey has come to a respected citizen of this state, Bishop F. S. Spalding, of the Episcopal church. That gentleman has spent the summer in Europe, and is now on his way back to the Pan-Anglican congress and to the International Peace congress, the latter being under appointment of Governor John C. Cutler.

Few divines aside from those actually residing in Great Britain are privileged to speak within the halls of Westminster abbey, a fact which has made the visit of Bishop Spalding to the Pan-Anglican congress and to the International Peace congress, the latter being under appointment of Governor John C. Cutler. The bishop's sermon was a most remarkable one, and it is expected that it will be a landmark in the history of the church. Disagreeable at Home.—Lots of men and women who are agreeable with others, get "cranky" at home. It is not disposition, it is the liver. If you find yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Kidney and Bladder Pills. You and everybody around you will feel better for it. Price 25 cents per bottle. For sale by Z. C. M. I. Drug Dept., 112 and 114 South Main Street.

Notices to Taxpayers.—A number of extra clerks in the office of County Treasurer Grovesbeck are busy getting out the notices to taxpayers, a duty that must be performed on or before the first Monday in September. The law requires that each taxpayer be notified in writing, and it is officially advised as to the amount he is required to pay, but failure to receive notice is no exemption for any one who has been assessed. Taxes are due on or after the first Monday in September, and if not paid become delinquent Nov. 15. As a rule 80 per cent of taxes of Salt Lake county are paid before the first Monday in September, and finally made up to 98 per cent of the entire assessment.

Baby Morphine Fiends.—Are made by all soothing syrups and baby medicines that contain morphine. McGehee's Baby Elixir contains no injurious or narcotic drugs of any kind. It cures colic, flatulency, indigestion, stomachic, bowels and fretfulness—splendid for teething infants. For sale by Z. C. M. I. Drug Dept., 112 and 114 South Main Street.

Alleged Chicken Thieves.—Last night Officers Clough and Kast arrested Joe Smith and William Gaylor and locked them in the city jail on the charge of burglary. It is alleged that the two stole six chickens from the home of William J. Shaw, 820 Fourth East street, Monday night. Gaylor's mother went to the police station with him and tried to get the southern of jail. She declared that if she could not get her son out of jail, she would take him to Europe. She finally left the station with a view to securing bail.

SUCCESS ASSURED WEST SIDE PEOPLE

Legal Advisers Say Injunction Proceedings Will Stop Redlight Plans.

Will Fight Through Courts

Sufficient Funds Available to Begin Action—Additional Contributions Sought to Carry It Through.

The mass meeting held at the Fifteenth ward meetinghouse last evening, in protest of the movement to locate the redlight district in the west side, was largely attended and much enthusiasm prevailed.

The situation was discussed by men and women who have taken a leading part in opposition to the scheme, and from the progress reported it is evident that the evil will never be tolerated by the west side, and it will be permitted to have abiding place there, unless the highest court in the land grants permission.

The principal speaker of the evening was J. J. Meyers, secretary of the executive committee. Mr. Meyers has made a careful study of the situation, being fully informed as to the plans of the people behind the removal scheme. In strong language he scored the people responsible for the movement.

Projectors Not Strong.—Mr. Meyers also paid his respects to Mayor Bransford, who, he said, had assured him that "many educated people and leading citizens of the city would protect from the swarm of vampires that would infest a district inhabited by 700 families, should the removal be consummated."

A plea for united effort on the part of the west side was made by J. W. Ure. Sufficient means are available, he said, to institute injunction proceedings and more would be forthcoming as required, and a talk along similar lines was made by Mrs. Alice Butterworth.

The meeting was presided over by Atty. E. C. Ashton, who stated that two leading legal firms had advised the committee that the proposed injunction proceedings would be entirely feasible and would prove effectual, without any court.

Active at 87.—This would be unusual news if men and women would keep themselves free from rheumatism and all aches and pains as well as keeping their muscles and joints in good condition. For sale by Z. C. M. I. Drug Dept., 112 and 114 South Main Street.

Wanderers of the Scene of Notable Gathering Yesterday—Members Play Baseball.

Members of the family of President John R. Winder, to the number of 78, assembled at Wandamers yesterday for their annual reunion. Last year steps were taken to make the event an annual affair, but only a small gathering was held at that time. This year, however, a very enjoyable time was had.

Early in the afternoon the family sat down to a long table for luncheon, and while seated were photographed. A picture was taken of President Winder and his grandchildren, and another with three or four great-grandchildren. During the day baseball and basketball games were played between the married and single members of the family. The baseball game was taken by the married men by a score of 12 to 10, while the unmarried ones won the basketball game with a score of 11 to 9. President Winder was right among the boys in the athletic sports, and enjoyed the events immensely. It is expected an organization of the family will be effected at once, and the reunions made a feature each succeeding year.

Stolen Jewels Found.—"This is certainly a streak of good luck," remarked Police Lieutenant Shannon at headquarters last night as he fondled a small box containing

Watches and Jewelry. A few nights ago an Ogden residence was robbed and about \$500 worth of jewelry and clothing were stolen. Some of the articles in the box were identified as the property stolen from Ogden.

It's funny the way these things were recovered, said Shannon. "Some kids were playing ball on south Fifth West street and the ball was knocked under a porch. A son of William A. Hilton crawled under the porch to get the ball and found this box. I heard about it and set out the boy. The jewelry proved to be some stolen from Ogden and we succeeded in locating other articles in pawnshops."

A Weakening.—Is the only way to describe the poor child that afflicts with worms. No matter how much or how often it eats, the worms get all the nourishment from the food, the child gets practically none. White's Cream Vermifuge gets rid of the worms quickly, easily and with no bad after effects. Price 25 cents a bottle. For sale by Z. C. M. I. Drug Dept., 112 and 114 South Main Street.

GUARDING EVERY TRAIN

Railway Officials Take No Chances With Robbers—Fears Stirred By Stage Holdup.

Since the stage coach held up on the Lone Star cross road in Yellowstone park, the Short Line has been compelled to add another coach to the Yellowstone train out of this city every evening. No happening of recent history has stirred up the interest throughout the country as has this robbery, and everybody seems anxious to visit the scene of the holdup.

The railroad authorities have recognized the necessity for action in regard to the matter, and all Union Pacific passenger trains running out of Ogden have had armed guards placed on all of them as a precaution against holdups. The several reports from the northwest of the several robberies have caused the railroad company to take this precaution. Special Agent Canadiah has just completed a trip over the system, supervising the organization of the special detail of guards.

Chronic Diarrhoea Cured.—My mother has been troubled with chronic diarrhoea, and tried very means to effect a cure, without success. I saw Chamberlain's Colic, Cholera and Diarrhoea Remedy advertised in the Deseret News, and decided to try it. The result is one bottle cured him and he has not suffered since. It is a most interesting and reliable remedy. He is now sound and well and is doing as much work as a young man. Sold by all druggists.

Horses Play Football.—One of Many Features With Buffalo Bill's Wild West Show.

Football on horseback bids fair to rival polo as a game for horseback riders in this country. It has been a popular form of amusement in England for the past season, and there is reason to believe that our own horsemen will take it up. The Buffalo Bill Wild West show is demonstrating this sport this year as one of the features of that popular exhibition. It is played by a group of horsemen, trained to expertness in the new "fad," mounted on the lively shagreened horses, which are equipped with the wild west.

A large ball, standing half as high as an ordinary horse, is used as the "football." The knees of the players are padded and by running into a ball is thus propelled from goal to goal. Aside from the interest which the game creates, there is a strong element of quaint comedy in the exhibition of the horsemen, who are dressed in the costume of the wild west scenes and the reproductions of historic events add materially to the distinctive entertainment of which Col. Wm. F. Cody, the original and founder, The battle of Summit Sprin presents striking illustrations of barbaric methods of warfare; the great train of the Buffalo Bill show, the "T-E" ranch presents an idea of the pleasures of the cowboys and plainsmen, and in other scenes vistas of western life are pictured in sharp relief.

In all that is presented during the Wild West performance, realism and truth prevail. Everything is real and actual. The show is a department of the entertainment, the real genuine and only Buffalo Bill appears at every performance, rain or shine.
