It advertises for sale the notorious "Hand Book on Mormonism," and in some of its issues the advertisement of this vile and libelous production appears ou two different pages of the pious Chris-tian (?) Advocate. In a late issue it says: "On the 9th day of this month the Salt Lake City Council, which is a strictly 'Mormon' body, and composed mostly of leading officials of that or-ganization, granted a renewed license to not less than thirty-one saloon-keepers in this city." Those who granted the licenses are "Mormons," while those to whom the licenses are granted are non-"Mormons;" nearly everyone of them anti-"Mormons" at that. Why did not this pious print state that those who petitioned for license to sell intoxicants were non-"Mormons?" If its aim is faltness and it wants to pest its readers truth-fally, why withhold some of the most pertinent facts in the premises: At this writing there are 3 broweries, 40 liquor and beer saloons, 1 bowling clicense to and this pious print state and the premises in the premises in the saloon for the most pertinent facts in the premises in the second for the most pertinent facts in the premises in the premises in this writing there are 3 broweries, 40 liquor and beer saloons, 1 bowling which it requires. At this writing there are 3 broweries, 40 liquor and beer saloons, 1 bowling alley, about 40 billiard tables and 7 gambling houses in this city. Yow, if a "Mormon" Elder should go into Tennessee and do anything contrary to the laws of the State, does not Hamburg and Bremen keep up a 'reguknow well enough that the officers of the law there would only be a glad to vindicate the law against Mormon?" And is not the fact that no infraction of the law has even been harred against our missionaries, proof that no such overt acts have been committed by them?
