THE SUBGEON'S KNIFE.

A Better Way Now Discovered, Which Cures Every Form of Piles Without Pain or Inconvenience.

Many people suffer the pain, annoyance and often serious results from piles, for years, and after trying the nany lotions, salves, ointments and socalled cures without cure or relief, give up the hope of a final cure, rather than submit to the intense pain and danger to life which a surgical operation involves.

Happily all this suffering is no longer necessary, since the discovery of the Pyramid Pile Curc: a remedy which is approved by the medical profession, as being absolutely safe, free from any trace of aniat trace of opiates, narcotic or mineral poisons and which may be depended upon as a certain cure (not merely re-lief) in any form of Piles, whether itching, blind, bleeding or protruding. Some of the hundreds of cures re-cently made are little short of marvel-

ELIZABETH CADY STANTON'S COMMENT.

A number of prominent women were interviewed today by Evening World reporters on the subject of Miss Anthony's views.

Elizabeth Cady Stanton, who has fought women's battles for fifty years, the root of polygamy in Utah and minusness in the east is the same, said:

"I indorse every word Mrs. Anthony says. We will never have the right social relation until we have established

"Abraham, Isaac and Jacob were all polygamists, and the Pentateuch says nothing against it. It have charity for the Mormon, for he has the law of God on his side, as he interprets it. As Miss Anthony says, the Mormon lives up to his religious idea. The question is, does the Gentile do the same? "Social purity leagues and societies

It is all nonsense to talk of social purity until they put the mother, the builder of the race, in her proper place. Residents of Perkin's Addition Protest

The Woman's Home association is getting disheartened in the work connected with the Rescue Mission. Ever since the committee proposed to move, the home from the present site on C street, it has encountered difficulties in its path. Such a strong protest was registered against its melntenance on the proposed Twelfth East location that the ladies abandoned the Loofbourow residence and under the storm bourow residence and under the storm of objections which were raised by the residents in the vicinity, the contract with Judge Loofbourow was annulled. Then the ladies, nothing daunted, turned their attention to a large house in Perkins' addition which they rented for the around numerical of converting

Residents and property owners, how-ever, once more made their presence feit in the form of indignation meet-ings, and the sentiment was voiced that the establishment of the Rescue Home in their midst was not to be tolerated. A committee was appointed to wait on the ladies and to ask the Home Mis-sionary association not to carry out its plan of moving to Perkins' addition, and pressure brought to bear in that direction generally, with the result that the ladies will regard the request although they have already paid the rent upon the house for a quarter in advance.
