

## DECIDED TO MAKE THE INCREASE.

Nurse, Steward and Cook at Isolation Hospital in Luck.

## THEIR SALARIES ARE RAISED.

Argument Over Report of Claims Committee Recommending Payment For a Dead Horse.

A week ago the city council refused to increase the salary of the nurse at the isolation hospital from \$75 to \$100 per month, and Mr. Mulvey was in opposition to the proposed increase. Last night he stated that he had changed his mind on that proposition, and was now not only in favor of increasing the salary of the nurse, but also that of the steward and the cook, as contemplated in an amended ordinance introduced by O'Donnell. All three increases were made.

## SALARIES ARE RAISED.

The amended ordinance provided for increasing the salary of the nurse from \$75 to \$100 per month, that of the steward from \$30 to \$35, and that of the cook from \$40 to \$50 per month. Fernstrom opposed the increase, and stated that a number of first-class nurses in the city would be glad to get the job for \$10 per month. He also said that the nurse at the hospital during the last administration was satisfied with the salary, and would take the job now at the present salary. O'Donnell and other members of the sanitary committee explained that the recommendations were the result of explanations made to them yesterday by Deputy County Clerk C. S. Buckwater as to the condition of affairs at the hospital. Mr. Buckwater was recently confined in the isolation hospital, and is acquainted with the amount of work which the employees of the institution are now required to do. The ordinance was passed by vote of 13 to 1, Fernstrom casting the only negative vote.

## WANT PATIENTS TO PAY.

Fernstrom also opposed the report of the sanitary committee recommending the payment of a bill of \$70 for hauling patients to the isolation hospital. He stated that he did not want to vote against the bill but he did object to the recommendation of the committee that in the future the city pay for the transportation of all patients to the isolation hospital. He contended that there were plenty of patients who were able to pay for a hack to take them to the hospital and the city should not be compelled to pay in such cases. Black and others argued that the city should charge of patients for the protection of the general public, and it should pay the expenses of taking them to the hospital. The report was adopted, and the bill ordered paid.

## \$150 FOR DEAD HORSE.

There was quite an argument over the report of the claims committee recommending the payment of \$150 to A. F. Lawson for a horse which he loaned to the land and water commissioner's department and which was killed by being run over by a street car. Lawson and Tuddenham opposed the report on the ground that the claim was not presented to the city until 18 months after the horse died, and it had been rejected by the former council, and also because the horse was borrowed by Lawson's brother without the knowledge of former Land & Water Commissioner Luce. Ferry, Crabtree and several others said that Mr. Lawson's brother was an employee of the land and water department at that time, and Mr. Luce had made it plain that the horse was borrowed by the city at the time it took sick and died. The report was adopted by a straight party vote, all of the Democratic voting against it.

A large number of property owners on Ninth East street petitioned the council to at once take action towards macadamizing that street from South Temple street south to the city limits. The matter was referred to the streets committee for consideration.

A petition, largely signed by property owners, was also received asking that a new cement sidewalk district be created for the construction of a four-foot cement walk on the following streets:

Eleventh East from Ninth South to the city limits, Ninth East from Ninth South to the city limits, Ninth South from Ninth East to Eleventh East, Tenth South from Seventh East to Eleventh East, Eleventh South from Ninth East to Eleventh East, Seventh East from Ninth South to Tenth South, Lake street from Ninth South to Tenth South, Eighth East from Ninth South to Tenth South, Belmont avenue from Seventh East to Ninth East, Windsor avenue from Ninth South to a point half way between Ninth and Tenth South. This petition was also referred to the streets committee.

The council adopted the report of the committee on public grounds recommending the sale to Dr. A. J. Hosmer and C. L. Road for \$4,000, a strip of ground containing 334 rods fronting on Douglas avenue near the corner of Second and Thirteenth East streets.

## BOOKS DESTROYED.

Chairman J. D. Spencer of the public library recommended that the city pay for books destroyed by the health department out of the general fund. The board of health has ordered that all books in homes infected with contagious diseases shall be destroyed, and Mr. Spencer asks the city to pay for the library books thus destroyed. The matter was referred to the sanitary committee.

Under a suspension of the rules the council unanimously passed an ordinance providing for levying a tax upon the property on both sides of Second South street from Third to Tenth East for the purpose of grading, curbing and paving that street. Ordinances were also passed levying a tax upon the property on the south side of South Temple street between Fifth and Sixth East for the construction of a cement sidewalk and levying a tax on the property on both sides of First South street between Second and Third West for the construction of a sewer.

## RECOMMENDED METER RATES.

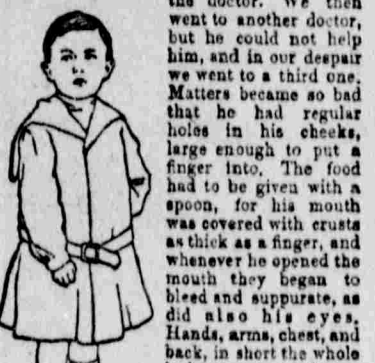

Supt. Hines of the waterworks department recommended that meter rates be charged for all water used by the city and county jails, the county side of the joint building and also

## TERRIBLE ECZEMA ON LITTLE BOY.

Mouth and Eyes Covered With Crusts—Face Itched Most Fearfully—Hands Pinned Down to Prevent Scratching.

## MIRACULOUS CURE BY CUTICURA REMEDIES.

"When my little boy was six months old, he had eczema. The sores extended so quickly over the whole body that we at once called in the doctor. We then went to another doctor, but he could not help him, and in our despair we went to a third one. Matters became so bad that he had regular holes in his cheeks, large enough to put a finger into. The food had to be given with a spoon, for his mouth was covered with crusts as thick as a finger, and whenever he opened the mouth they began to bleed and suppurate, as did also his eyes. Hands, arms, chest, and back, in short the whole body, was covered over with eczema. Whenever he was laid in his bed, we had to pin his hands down, otherwise he would scratch his face, and make an open sore. I think his face must have itched most fearfully."

ALFONSO HONERTS, make an open sore. I think his face must have itched most fearfully."

"We finally thought nothing could help, and I had made up my mind to send my wife with the child to Europe, hoping that the sea air might cure him, otherwise he was to be put under good medical care there. But, Lord be blessed, matters came differently, and soon saw a miracle. A friend of ours spoke about Cuticura. We made a trial with Cuticura Soap, Ointment, and Resolvent, and within ten days or two weeks we noticed a decided improvement. Just as quickly as the skin had appeared it also began to disappear, and within ten weeks the child was absolutely well, and his skin was smooth and white as before." F. Honert, President of the C. L. Hohrath Company, Manufacturers of Silk Ribbons, 4 to 20 Rink Alley, June 6, 1905. South Bethlehem, Pa. Cuticura Soap, Ointment, and Resolvent, the world's famous skin cures. Write for a free trial. "How to Cure for the Skin."

## WANT PATIENTS TO PAY.

Fernstrom also opposed the report of the sanitary committee recommending the payment of a bill of \$70 for hauling patients to the isolation hospital. He stated that he did not want to vote against the bill but he did object to the recommendation of the committee that in the future the city pay for the transportation of all patients to the isolation hospital. He contended that there were plenty of patients who were able to pay for a hack to take them to the hospital and the city should not be compelled to pay in such cases. ## JAPS KILLED ON SALT LAKE ROUTE.

Three Men Blown to Pieces While Blasting out the Rock Slide.

## NEAR TUNNEL NUMBER SIX.

Their Bodies Brought Into Salt Lake For Burial—Tourist Dies on Train.

During the operations yesterday in cleaning up the rock slide at tunnel No. 6 near Caliente, a big blast was touched off and after the smoke, dirt and rock settled it was found that three Japanese section hands had been blown in to eternity and several others had been hurt. The bodies of the unfortunate men were brought into Salt Lake on the delayed train this morning and turned over to the local Japanese colony here for burial.

Passengers coming in this morning over the Salt Lake Route report that the rockslide was a big proposition but it has now been cleaned up sufficiently to permit the passage of trains. At the places where the rock washouts occurred trains proceed at snail's pace. A big force of available laborers is at work and it will be some time before repairs of a permanent nature will be completed. To add to the embarrassment of the operating department, one of the trains while passing a soft spot had the misfortune to ditch two cars and in consequence trains due to arrive from the west this afternoon and tomorrow morning will be late.

The body of James A. Owen, a tourist who was accompanied by his mother, was shipped from this city last night to Port Amboy, N. J. The gentleman was traveling for his health and while returning home got caught in the washout below Caliente and succumbed before the train could be released.

## WOOL MEN ARRIVE.

Two More Eastern Buyers Come Here For the Season.

Two more eastern wool buyers have arrived in Salt Lake and are now registered at the Knutsford in the persons of W. C. Donald, representing Judd & Root of Hartford, Conn., and William Burke of Bradford, Smith & Bro. of Philadelphia. Both are prepared to stay throughout the season, and today are visiting the railroad offices and getting in touch with the local conditions. As a result of these investigations they report that in Utah, Wyoming and east of Mountaineer, Ida., 80 per cent of the entire clip has already been contracted for, while in Nevada 90 per cent of this season's wool has been contracted.

From a conservative correspondent it is learned that the sheep losses following the big storm in Nevada are decidedly heavy. Those who had hay and corn available did not suffer any great losses but among the "tramp" herds the losses are estimated from 15 to 75 per cent in some cases.

Indications are that the wool clip will be a good one this season and owing to numerous storms and considerable snow the wool will be free from dirt and grease than for several years.

## LAS VEGAS & TONOPAH.

President J. Ross Clark Tells of Plans Of the Road.

J. Ross Clark, vice president of the Salt Lake Route and president of the Las Vegas & Tonopah railroad, who has been inspecting the work on the new feeder now building towards the Nevada goldfields, has been tendered a banquet by the board of trade of Rhyolite, Nev. Accompanying him on the trip are C. Whitmore, counsel for the road, Engineer McGuire and other officials.

In a speech delivered at the banquet Mr. Clark is quoted as saying: "The Las Vegas & Tonopah railroad will be completed to Beatty about the middle of May, and the Rhyolite as soon thereafter as men and means can put it in. Rhyolite will be the temporary terminus, at least for a year or so, until the company decides to push the road to Tonopah.

"I am exceedingly optimistic in regard to the Bullfrog district, and I am fully convinced that the prospective tonnage justifies the undertaking. Bullfrog, I am convinced, will be the leading gold camp of the world."

## C. D. PATTEN PROMOTED.

Former Salt Lake Now T. P. A. For The Clark Road.

Clarence D. Patten, who was the ticket man of the Salt Lake Route here prior to the removal of headquarters to Los Angeles, has been promoted to the position of traveling passenger agent for the Clark road, with headquarters at Los Angeles. The announcement is also forthcoming that C. D. Pike has been appointed city passenger agent for the same road in the city of the Angels.

## SOUTHERN PACIFIC WINS.

Secures Decision Against Western Pacific Oakland Terminal Proposition.

San Francisco, March 19.—United States Circuit Judge Morrow today handed down a decision in the case of the Southern Pacific Railroad company against the Western Pacific Railroad company, generally known as the Gould line, which is seeking to obtain terminal facilities on the eastern or Oakland side of the San Francisco bay. Every contention of the Southern Pacific company as to rights of way and precedence along the bay shore was sustained by Judge Morrow. The judge also granted an interlocutory decree of injunction restraining the Western Pacific from interfering in any way with the work of the Southern Pacific company in the extension from its bulkhead to navigable water. A cross bill filed by the Western Pacific company was dismissed.

Notice of appeal was given by the attorneys for the Western Pacific and a stay of execution for ten days was granted.

## SPIKE AND RAIL.

Webb Greene, local agent for the Rio Grande at Mt. Pleasant, Mo., secured a leave of absence to visit his old home in Illinois, and Wisconsin.

With the introduction of the two-cent fare in Ohio the Baltimore & Ohio in that territory has discontinued the practice of selling tickets on Sunday at one fare plus 10 cents, for the round trip.

The New York Commercial, the Standard Oil organ, swiped the Gould, Moffat and Santa Fe alliance story which was printed in the Deseret News two weeks ago bodily and verbatim, bringing it up to date by the simple process of raising the date and making it read as a special dispatch from Salt Lake.

## PILES

Cured After 50 Years. We Can Cure Piles And Prove It.

Sample Package Free By Mail So That You Can Prove It On Yourself. No Surgery.

Piles (or hemorrhoids) rarely kill, but they cause more exquisite agony in a few minutes than much more serious and painful diseases. It is the case of those who are ever so slightly constipated. It means the certain renewal of the agony every morning. It is inevitable and unavoidable. Piles can now be quickly and perfectly cured, without pain, cutting or operation from business or occupation. It has already been demonstrated in thousands of cases, in both sexes, at all ages and in the very worst as well as the ordinary ones.

Here, I propose to let you try it yourself. You have probably been bitterly disappointed by many so-called Pile Cures.

This is why we want you to try our remedy before you pay a penny for it. When you will know certainly and absolutely whether it will do for you what it has done for so many others. It is for sale in every drug store because people must have it.

No one who has not suffered the torments of itching, painful or bleeding piles can appreciate, for one moment, the marvelous sense of relief that follows the use of the Pyramid Pile Cure. You can go to the toilet without dread or fear, you can cure yourself at home without the slightest trouble, inconvenience or difficulty.

Follow a few easy and simple directions and get well and stay well. Go to your druggist at once and buy a box of Pyramid Pile Cure for 50 cents.

Here, for instance, is a sample of the kind of letters we get every day and we don't have to ask for them:

"Friend, I write to tell you what good your Pyramid Pile Cure has done for me. I used your sample, and it did me so much good I went and got two boxes, and I used one and I am another customer. I have no pain, no piles, and I have been troubled with them for over 50 years, and could find no relief till now, thanks to your timely remedy. Use my name if it will do you any good. Isaac Smith, Wharton, New York."

For Free Samples send to the Pyramid Drug Co., 1841 Pyramid Building, Marshall, Mich.

## FRANKLIN'S OLD PRESS.
