EASTERN.

Unfortunate If True.

NEW YORK, 9.—A Brooklyn evening paper, much given to sensations, says that it is understood that new and important evidence, bearing directly upon the issue in the great trial, has been unearthed. Some facts gathered have been submitted to certain lawyers in Brooklyn, and they declare that it is of great significance as affecting the main charge brought by Theodore Tilton against Henry Ward Beecher. An investigation is now in progress, and it is not improbable that the case may be re-opened, or another suit commenced on the basis of the newly discovered evidence.

Cable Completed.

It is officially announced that the laying of the direct U. S. cable is completed.

Direct Cable Laid.

The superintendent of the direct U. S. Cable Co. reports that the new cable is working well, and that the signals transmitted are perfect. The line is still in the hands of the contractors.

Wool.

BOSTON, 9.—Wool is in steady demand, at unchanged prices, manufacturers buying in small lots. No indications as yet appear of an improvement in the immediate future. It is believed that wool is held altogether too high in the interior, and manufacturers and dealers will hesitate to buy at the rates now generally asked. The only wool for which a good range of prices can be looked for are desirable lots of medium fleeces, and combing and delaine fleeces, but it is questionable if the prices demanded for these grades are not also higher than will be sustained. Sales of Ohio and Pennsylvania fleeces have been at 50 @ 54 as to quality; Wisconsin and Michigan fleeces at 48 @ 50, combing and delaine fleeces 56 @ 58, as to quality; New Kentucky combing is held at 50, but buyers pay this price reluctantly; in super and X pulled the sales have been at 35 @ 36; California continues in fair demand, and has been selling at 22 @ 38.

Typographical Convention.

The International Typographical Convention, to-day, named Philadelphia, and July 1st, 1876, as the place and date for holding the next annual convention.

Raiders Entered Texas, &c.

CINCINNATI, 9.—The *Gazette's* New Orleans special says that a dispatch from Brownsville says that the sheriff there has official information that twenty armed Mexicans crossed into Texas on Saturday night, eight miles below Brownsville.

Jefferson Davis will accept the presidency of the Texas Mechanical and Agricultural College, at Bryan.

Geological Party.

CHICAGO, 9.—The *Inter-Ocean* special says that the Black Hills geological party arrived last Thursday on the east fork of Beaver Creek, and fixed a permanent camp; they have as yet found no minerals, and have not been disturbed by the Indians.

Motion Overruled.

WASHINGTON, 9.—The Secretary of the Interior has overruled the motion for a rehearing of the case of the Red Pine mine, Utah.

The Black Hills Affair.

The officials of the Interior Department do not consider that the late visit of the Indians to Washington was a failure in regard to the Black Hills. The department had no thought of effecting a treaty with them here, knowing that they had no power to do so. The object was to discuss the matter with them, to prepare them for some arrangement after the return of the expedition which had been sent out to determine whether there is gold there or not. As to the relinquishment of the hunting grounds of Nebraska, the department has hopes that it will yet be accomplished.

WESTERN.

Dead—Matters Political.

SAN FRANCISCO, 9.—Ex-Mayor Thos. H. Selby, died this afternoon of pneumonia.

A dispatch from Sacramento says that, to-day H. T. Page was nominated for Congress by the second, and C. B. Denio, of Vallejo, by the third, congressional district republican conventions. The republican State convention meets at Sacramento to-morrow. A rumor prevails that Sargent and Gorham will break with the Central Pacific, and denounce the company in the convention.

News from China and Japan.

The Pacific Mail steamer *City of Tokio* arrived this evening from Hong Kong, *via* Yokohama.

Hongkong, 15th May, Shanghae, 15th May.—The chief topic of interest continues to be the murder of McMargary, and there is a strong disposition to fix the principal responsibility upon the government of Burmah, the king of which is accused of instigating the deed. There is much dissatisfaction with the appointment, by China, of an inferior officer named Pang to accompany the British commission of investigation. The selection is regarded as proof of an intention to treat the affair with indifference. Several English and Russian ships of war are about starting on river voyages of exploration to the interior. The troubles in Formosa continue between the Chinese and the aborigines, and they are now extending to the east and north of the island. An embezzlement of sixty thousand dollars, from the house of Jardine, Matheson & Co., has been discovered in Hongkong; a clerk named Chambers is accused and has been fully committed for trial. There was an attack, May 1, upon the American Methodist Episcopal church in Kuikiang, in consequence of a quarrel arising from the superstitious belief of the natives that children were maltreated by the missionaries.

Yokohama, May 23.—The Japanese financial estimate for the first half of the current year, shows a surplus of some four million dollars. Several new commissioners have been dispatched to Peking, for a further discussion of the Lewchew and other affairs in dispute between the two governments. Within the last month several additional defalcations have been discovered in leading Yokohama houses, mostly committed by Chinese. The Dutch bank suffered to the extent of twenty-eight thousand dollars; Walsh, Hall & Co., six thousand; and the Free Public Library twenty thousand.

The general supervisor of contributions to the Philadelphia Centennial has been placed in the hands of Okubo Toshiiti, minister of the Interior. Several additional miles of the Osaka Railway were opened May 1st. Great activity continues in regard to Corean affairs, but no result has yet been made public. New and valuable lead mines have just been discovered in the province of Satruma. The first lot of the new trade dollars was issued from the Osaka mint, April 24th, and they are already in circulation. Judge Goodwin, visiting Kobe for the purpose of investigating the complaints against the decisions recently rendered in the British Consular Court, has found it necessary to reverse a number of the judgments. United States Consul Turner is seriously ill at Hiogo. Dr. Fisher, attached to the United States consulate at Nagasaki, is about to make a statistical investigation of the tea produce throughout the Island of Kinsin. The United States Legation now advises the appointment of Americans to offices of trust in the Japanese service, in consequence of permission to that effect having been received from the Washington State Department.

FOREIGN.

FRANCE.

A Terrible Storm.

PARIS, 9.—A violent storm passed over this city to-day, causing immense damage; there were many accidents, and traffic was wholly suspended in the streets. The storm extended to the south of France, and from the Pyrenees comes a report that a house was prostrated and eleven persons killed. The damage done in Paris alone is estimated at 11,000,000 francs.

The French ultramontane journals publish a telegram from Carlist sources, announcing that Gen. Galmundi has captured Caniners and taken 800 prisoners.

GREAT BRITAIN.

Sultan of Zanzibar in London—The Ascot Races.

LONDON, 9.—The Sultan of Zanzibar landed at Westminster this afternoon, and was received by a guard of honor.

At the Ascot meeting, to-day, the race for the Royal Hunt Cup was won by Thurlingian, Prince Whitebait second, Lady Patricia third. The Coronation Stake was won by Maud Victoria, Lady of Urrard second, Regalade third. The Ascot Derby Stakes was won by Gilbert, Spinaway second, Earl of Dartrey third. For the Ascot Biennial Stakes there were only two starters, and the race was won by Balfe, Camballo second.
