

DEBATE ON THE BOOK OF FORMS

Rev. Dr. Robert Johnstone of Montreal Declares That "It Smells of Priestcraft."

DR. VAN DYKE CHAMPIONS IT.

Dr. McCauley Thinks Adoption Would Prevent Union With Cumberland Church.

Des Moines, Ia., May 22.—The much-talked about debate upon the adoption of the book of forms and services recommended by a special committee of the Presbyterian general assembly, materialized late this afternoon, debate continuing for two hours. No conclusion was reached and further discussion is to be made a special order at a later session.

Not in many years has an assembly been so stirred as it was today over this issue. Rev. Dr. Robert Johnstone of Montreal, vying a copy of the book in the air as he spoke, and declared that "it smells of priestcraft." The request was made by the moderator that all applause be discontinued, but when Dr. Johnstone, stretching himself to his full six feet four inches, waving his hand frantically, declared that the book smelled of priestcraft, applause came out in a tremendous roar.

Dr. Van Dyke, chairman of the committee, opened with a witty allusion to the psalm of David, which he said he had repeated. "For what we are about to receive makes me truly thankful," he said. "There seems to be two extreme opinions," he said. "Some want it put out and strangled under foot, others want it adopted. Your committee stands where I do stand."

He then took up the book and explained its adaptability to the service. He said that the committee had only carried out the instructions of the general assembly.

Dr. William F. McCauley of Cincinnati was the principal speaker for the opposition. He declared that the question was the most important that will come before the assembly. He based his assertions principally upon the ground that the authorization by the general assembly would be interpreted by the churches everywhere that the assembly wished its adoption, although that such an authorization might prevent the union with the Cumberland church.

Mr. McCauley offered a resolution excluding the committee from further work and thinking it, and declaring it inexpedient to make any recommendation on the matter; and that in case of adoption of the book of common worship, he heretofore issued they shall omit any statement of authorization by the general assembly. This resolution was referred to the clerk. Rev. Dr. Edward R. Young of Pittsburgh and Dr. Jessup of the presbytery of New York spoke for the book, and Dr. Johnstone and Rev. M. Galloway of Oregon against it.

Today's sessions of the general assembly were devoted largely to home missions and in adopting the report of the home missions board the assembly voted that \$1,000,000 be set aside for the work next year, an increase of \$100,000. The assembly gave a vote of intercession to the Platt bill in the United States senate for the suppression of polygamy.

Clerk Roberts of the Presbyterian general assembly interrupted tonight's session to make an announcement of the dissolution of the injunction proceedings against the union with the Cumberland Presbyterians. The news was received with tremendous applause.

NELLIE DAVIS ARRESTED.
She is Charged With Being a Diamond Thief.

Portland, Or., May 21.—The police today arrested Mrs. Nellie Davis, alias Davidson, alias Dewey, alias Granger, on a charge of larceny from a dwelling. The woman is alleged to be a diamond thief, and when apprehended had about \$1,000 worth of diamonds and other jewelry ornaments concealed about her clothes.

Search of her apartments by the police disclosed another \$1,000 worth of jewelry. At intervals during the last three months residences of prominent Portlanders have been entered and jewelry taken, and though the local detectives have been suspicious of Mrs. Davis, they were not certain until recently, when photographs of the woman were received here from Tacoma and San Francisco.

During these three months the police assert that the woman made a trip to Tacoma, where she was arrested, but because the Tacoma authorities had no evidence on which to hold her, she was liberated. She then passed through Portland, going to San Francisco, returning here shortly after the disaster. The woman was accompanied by her 12-year-old daughter when arrested. The child was later liberated, and placed in custody of the landlady of the lodging-house in which Mrs. Davis was arrested. Mrs. Davis is a striking brunette and looks anything but the perpetrator of the crime with which she is charged.

DR. MINOT J. SAVAGE RETIRES.
New York, May 22.—A business meeting of the congregation of the church of the Messiah (Unitarian) will be held tomorrow night to take action upon the resignation of Dr. Minot J. Savage. The pastor's letter of resignation, received from Redlands, Cal., was read Sunday. The pastor's retirement is due to ill health.

DR. A. E. KITTREDGE RESIGNS.
New York, May 22.—After 28 years of service as pastor of the Madison Avenue Reformed church, Dr. Abbott E. Kittredge has offered his resignation to take effect in September, when he will set out upon a year's trip around the world. Among those suggested to succeed him is Rev. Dr. Carter of Kansas City.

Before he entered upon his present pastorate Dr. Kittredge was for 16 years in charge of the Third Presbyterian church of Chicago.

MABEL PAGE'S MURDERER.

Tucker for the murder of Mabel Page at Weston in March, 1904. The petitioners include 80,000 men and 35,000 women.

SICK ALL THE TIME

UNTIL SHE TOOK DR. WILLIAMS' PINK PILLS.

Then She Ceased to be an Invalid and Has Been a Well Woman Ever Since.

"I suffered all the time, practically, from sickness of the stomach, dizziness or swimming in my head and pain in my back. Now I am entirely free from discomfort of that sort. I am not only able to keep on my feet, but to do my work as a teacher, and to enjoy the pleasures that come through the possession of good health."

That is the statement of Mrs. B. B. Ford, of Pushmataha, Miss., who continues as follows: "I am glad to tell others who have had similar troubles, that they must be adapted to the needs of my case. After using them for a short while longer I was thoroughly convinced of their helpfulness. I ceased to be an invalid. I became a well woman and have since remained a well woman, and the reason why is simply that I took Dr. Williams' Pink Pills."

The pills which Mrs. Ford so justly praises cure the chief ailments of women by thoroughly renovating the blood. They make functional action regular and painless, banish headaches, languor, nervousness, create appetite, promote digestion, purify the complexion, build up strength and in a word enable women to reach and maintain full physical perfection.

Dr. Williams' Pink Pills actually make new blood and give strength and tone to every part of the body. In this way they have cured serious disorders of the blood and nerves, such as rheumatism, neuralgia, anæmia, nervousness, headaches, partial paralysis, locomotor ataxia, St. Vitus' dance and many forms of weakness in either sex.

Every woman should send to the Dr. Williams Medicine Co., Schenectady, N. Y., for a valuable booklet, entitled "Plan Talks to Women." It will be mailed free in sealed envelope to the address of any applicant. Dr. Williams' Pink Pills are sold by all druggists or sent, postpaid, on receipt of price, 50 cents a box, six boxes \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

SAN FRANCISCO BANKS.
Anticipated Run on Them Yesterday Did Not Materialize.

San Francisco, May 22.—The anticipated run on the banks yesterday did not materialize. When the commercial banks opened in their downtown quarters yesterday they did so expecting a rush on the part of depositors and were fully prepared to meet it. Instead of heavy demands for payments, there was a much larger stream of depositors, and the receiving teller was far busier than the paying teller.

The Wells Fargo National bank had over \$20,000,000 in its vault available for the expected rush. It was stated that there were no heavy withdrawals, and in view of confidence being restored, some of the banks decided that the assistance they were to receive from other sources is now unnecessary.

AGNEW HOSPITAL VICTIMS.
Besides Those Injured There Were a Hundred and Eight Killed.

San Francisco, May 22.—Besides the scores of employees and patients injured in the collapse of the Agnew's state hospital on the morning of the earthquake, there were 108 killed. After considerable research a definite list has for the first time been completed. The list shows that 11 employees and 97 patients were killed amid the falling brick and huge timbers, also those who died later of their injuries.

The complete list of employed killed, as reported by Medical Supt. Leonard Stocking is as follows:
Officers and employees—Dr. E. A. Kelly, H. A. Jordan, Miss A. Leeto, John Lynch, Miss E. H. Holmes, Miss L. L. Lutz, Dr. J. Dell, Mrs. A. Thaine, Mrs. R. Walker, E. H. Cruse, Miss M. Fennell.

SO-CALLED REPUBLICAN MACHINE DENOUNCED.

Washington, May 22.—The so-called Republican "machine" was the subject of a scathing denunciation in the house of representatives today at the hands of Mr. Randall of Texas, who said that the leaders of the house who constitute and run the "machine," had done absolutely nothing except to make hypocritical pretense as to some things and to unblushingly advocate "the stand pat" doctrine and other things.

"The completeness with which the Republican party has deserted the people's interests is apparent in its treatment of every vital question before the Congress," said Mr. Randall. He said the attitude of the Republican party toward the territories is another proof that it is unworthy to rule.

"The sisterhood of states," he said, "should make common cause in rebuking the cruel and outrageous crimes committed by the Republican party, impelled by fear, the machine may yet admit one state, but the people will understand their motive and should not stay the hand of retribution."

"These machine leaders have been and are deceiving the great mass of voters who put them in power. The rank and file of the Republican party would justify, and if only they would examine the record of their representatives the average hand of an outraged constituency would strike down these stand-pat statesmen and have a new deal as well as a square one."

FORT NIOBRARA.
To Be Abandoned and Troops to Be Sent to Various Posts.

Washington, May 22.—Sec. Taft has approved an order sending the headquarters and two battalions of the Tenth infantry to Alaska to replace the Third infantry. The Tenth infantry will be scattered among all the present Alaskan posts, none of which will be abandoned, as was once suggested. Upon its return from Alaska the Third infantry will be stationed at Forts Wright and Lawton, Wash., where the Tenth infantry now is.

Headquarters and the two battalions of the Twenty-fifth infantry now at Fort Niobrara, Neb., will be transferred to Fort McIntosh, Brown and Bliss, Texas. Fort Niobrara will be abandoned.

Two battalions of the Twenty-sixth infantry now at Fort McIntosh and Brown will be transferred to Fort Sam Houston, Texas.

A battery of siege artillery now stationed at Fort Adams, R. I., has been ordered to Fort Leavenworth, Kan.

AGRICULTURAL BILL.
As Reported to Senate Carries An Appropriation of \$7,715,000.

Washington, May 22.—The agricultural appropriation bill was reported to the senate today. It carries \$7,715,000, an increase of \$25,000 over the amount carried by the bill as it passed the house. Items of increase include \$3,500 for the bureau of animal industry, \$1,500 for the bureau of plant industry and \$2,500 for experiment stations, \$100,000 additional for public roads, and \$100,000 additional to exterminate the gypsy moth.

Regarding feed seeds the report says: "A decision of the committee expressed themselves informally as opposed to the distribution of common seeds, but deemed it inadvisable at this session to recommend a change, believing that such could not be secured the desired result, but trust at the next session a liberal appropriation for the distribution of rare and valuable seeds may take the place of the present very objectionable system."

THE GREAT LIFE INSURANCE CO'S.

They Are Not Autocratic or Oligarchic But Democratic, Says Atty. Hughes.

OFFICERS MUST REALIZE THIS

No Reason Why Companies Should Band Together to Control Legislation.

New York, May 22.—Charles E. Hughes, former counsel of the Armstrong insurance investigating committee, spoke at the annual dinner of the Life Underwriters' association at the Hotel Savoy tonight, given in honor of the executive committee of the organization. Among those present were representatives of life insurance companies in nearly all the prominent cities of the country.

"Even great life insurance companies," Mr. Hughes said, "are not autocratic or oligarchic. They are democratic, and nothing is of greater importance, than that every one connected with a mutual company should realize first and always his responsibilities to the policyholders who are the beneficiaries of his work. It has been forgetfulness of that responsibility, and a sense of autocratic and despotic power which has created the evils which it has been the endeavor of the legislature to end."

"I believe it will be found that under the conditions that are enforced by the legislature recently enacted, conservatism will prevail; that those only will be entrusted with the important duties who are worthy of confidence. In no other way can I conceive the choice to be made when those who are voted for stand exposed to public criticism for a period of several months. By limiting the votes to those which are cast for duly nominated and publicly proclaimed candidates we have every assurance that the business of these great companies will be put in the hands of those who will duly conserve them."

"The line of safety for the life insurance companies is the line marked out by the law; the line of prudent investment; the line of maintaining the life insurance business as life insurance business; the line which will be followed by those who have an eye single to that business and not to other undertakings which promise larger benefits for themselves."

"There is no reason why the life insurance companies should be banded together in a systematic effort to control a large part of the legislation of this or any other state."

"There is no reason why efforts should be made by political contributions or by the purchase of those who are supposed to have influence in political affairs to safeguard the interests of policyholders."

"I believe we are entering upon a new era in this business. I believe most confidently that what has been done has not been destructive but constructive, and that the emotion and excitement which have been forced upon have been converted into a powerful correction of evil."

SUNDAY SALOONS FOR SEATTLE.
Seattle, Wash., May 22.—Mayor Moore announced this morning that he would

not order the saloons to close on Sunday. He declared that he had more important work for the police department to do and that he could not afford to allow the department to devote its time to Sunday closing.

A mass meeting to urge Sunday closing of saloons was held in the grand opera house yesterday.

PERSIA AND TIBET.
German Interests in Bagdad Railway Must Be Considered.

Berlin, May 21.—A semi-official statement was issued today concerning the agreement which possibly may be arranged between Great Britain and Russia regarding Persia, Tibet and Afghanistan. It says that Germany does not wish to stand in the way of Russia or Great Britain, but so far as the Bagdad railway is concerned, German interests must, beyond doubt, be considered.

The Deutsche bank has been granted a concession for the construction of the Bagdad railway, which is guaranteed by the German government and neither Russia nor Great Britain would be able to dispose of the railway without consulting the German company owning it.

VENGEANCE ON PEASANTS.
Libau, May 21.—In the district of Tadiatsk today a peasant couple were killed and their 6-year-old son was wounded and their home set on fire by a band of frevolutionists. The crime was an act of vengeance because the peasants had led a Cossack patrol.
